Agenda

- Class Welcome & Introductions
- Why is data important to the Coast Guard and the Auxiliary?
- Overview of Course Schedule
- Overview of UAT Environment
- AuxDirectory
- Overview of AUXDATA II System, Navigation and Terminology.

Welcome to AUX-10

Introduction of Instructors and Students

Name?

Flotilla?

How long in the Auxiliary?

Favorite Auxiliary Activity?

How did you get involved in IS?

Course Overview

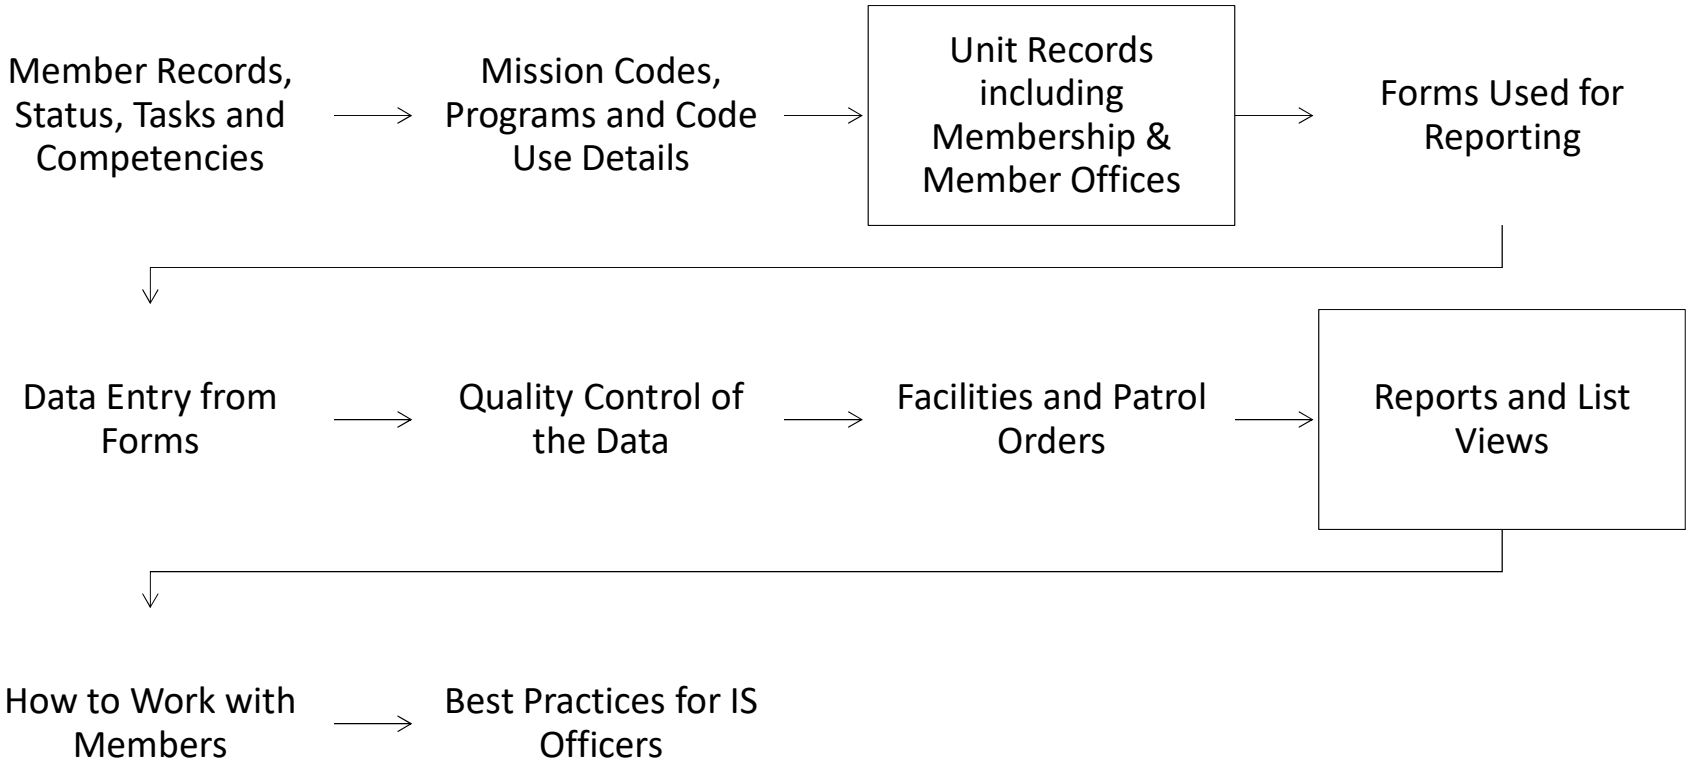
The IS Officer's objective is to collect and report high quality information, in a timely manner, to the Coast Guard, the Auxiliary Leadership and our members.

The data we collect (hours, costs, etc.) is used by:

- The Coast Guard to report to Congress.
  - This directly affects the funding received from Congress to fund our missions.
- Auxiliary Leadership and members to:
  - Keep track of member information
  - Keep track of member tasks and competencies
  - Keep track of mission activities (hours and counts)
  - Ensure recognition (Awards) for member achievement

Course Overview

During class we will cover:



Course Overview

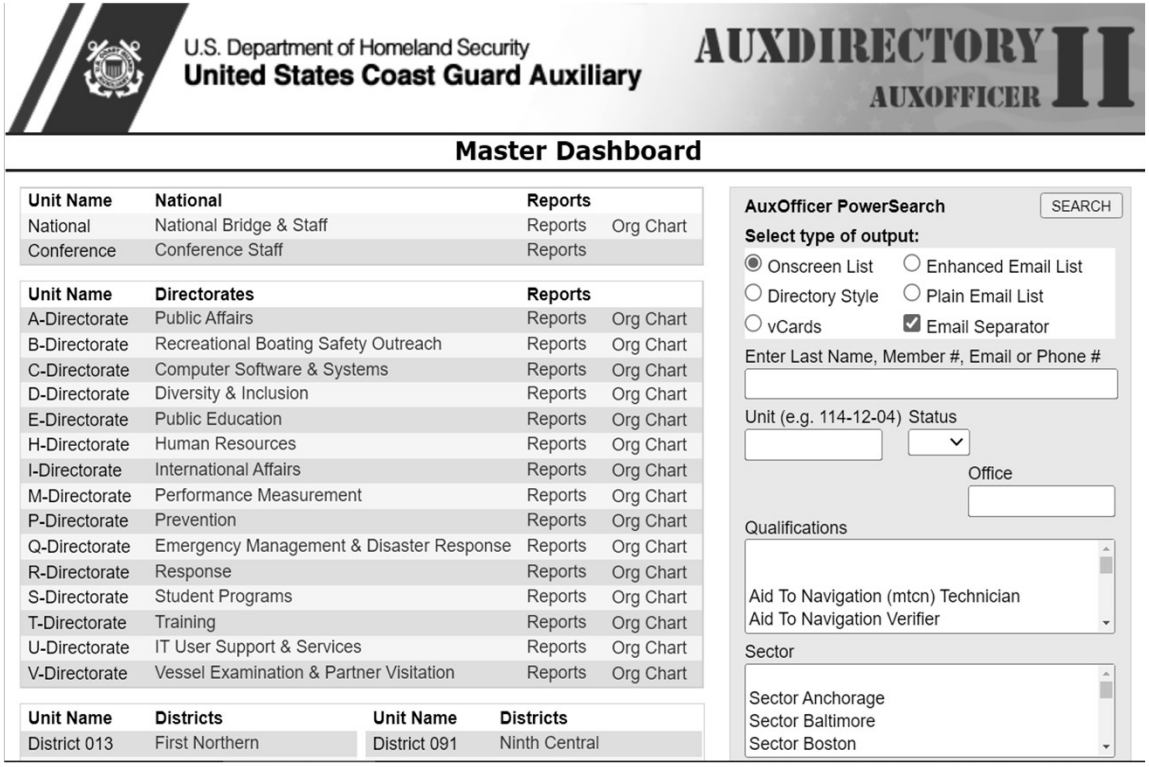
- There will be:
  - A Mentor assigned to each person
  - Class Exercises
  - Homework
  - Final Exam
    - The exam is take home and open book. You must score 90% or better to pass this course.

Assignment

- Create a list identifying, by member number, as well as by name, at least one member who is currently qualified as:

Vessel Examiner	Program Visitor (Marine Dealer Visitor)	Instructor
TCTAUX – Facilitator for Risk Management/TCT Refresher)	AUXCA-1 (Auxiliary Culinary Assistant)	AUXCS (Auxiliary Clergy Support)
Dentist	CFVE (Commercial Fishing Vessel Examiner)	UPVE (Uninspected Passenger Vessel Examiner)
AV (Aids Verifier)	Watchstander	QE (Qualifications Examiner)

AuxDirectory



https://auxofficer.cgaux.org/auxoff/

AuxDirectory is a quick and easy way to:

- Find Members by Competency
  - Only those certified are shown
- Find Members by Unit
- Find Members by Office
- Create Staff Officer Email Lists
- Find Unit Information
  - Meeting date, time and location

AUXDATA II UAT (Sandbox)

You will receive a login welcome email to the AUXDATA II – User Acceptance Testing (UAT) database (also knows as the "Sandbox"

Follow the instructions to login to the Sandbox.

Write down your password.

If you have any trouble logging into UAT, send an email to terry.hickox@cgauxnet.us and indicated that you are having trouble accessing UAT

PII in AUXDATA II UAT

Personally Identifiable Information (PII) about members is scrambled in UAT! Your address, phone number, email address and even your spouse will not be correct.

Don’t panic! This is by design. The Coast Guard Cyber Unit requires that your personal information be protected. This is done in the Sandbox by scrambling all personal information.

Members hours, tasks and competencies are not scrambled and are current as of April 2024.

Login– Live Demonstration

LIVE DEMONSTRATION

AUXDATA II How To Guides

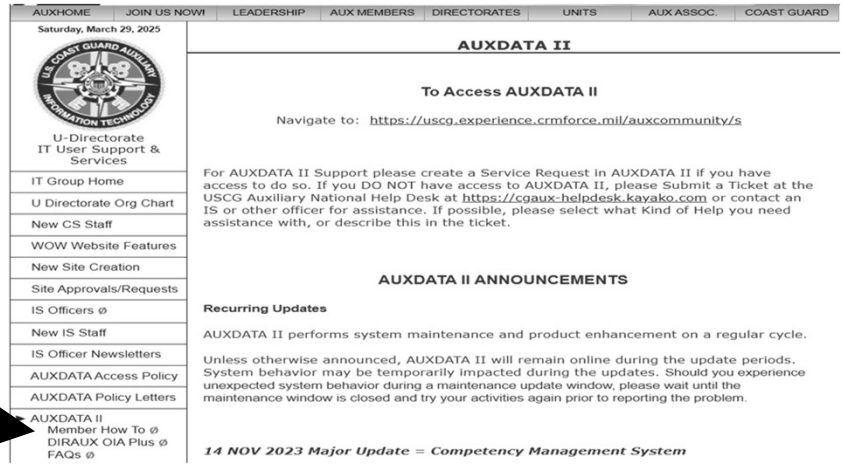
How To Guides are available to guide members through entering the various missions.

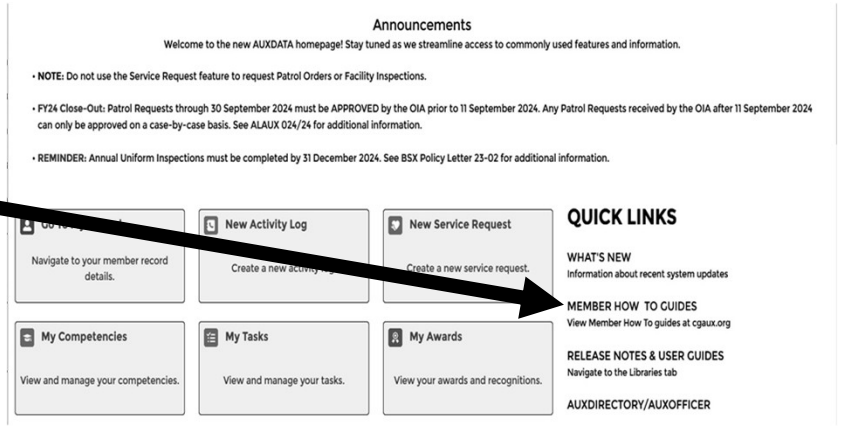
They can be found on the AUXDATA II page on the National website

www.cgaux.org	This site requires logging in with your Member Zone password

There is also a Quick Link available on the ‘Home’ page in AUXDATA II

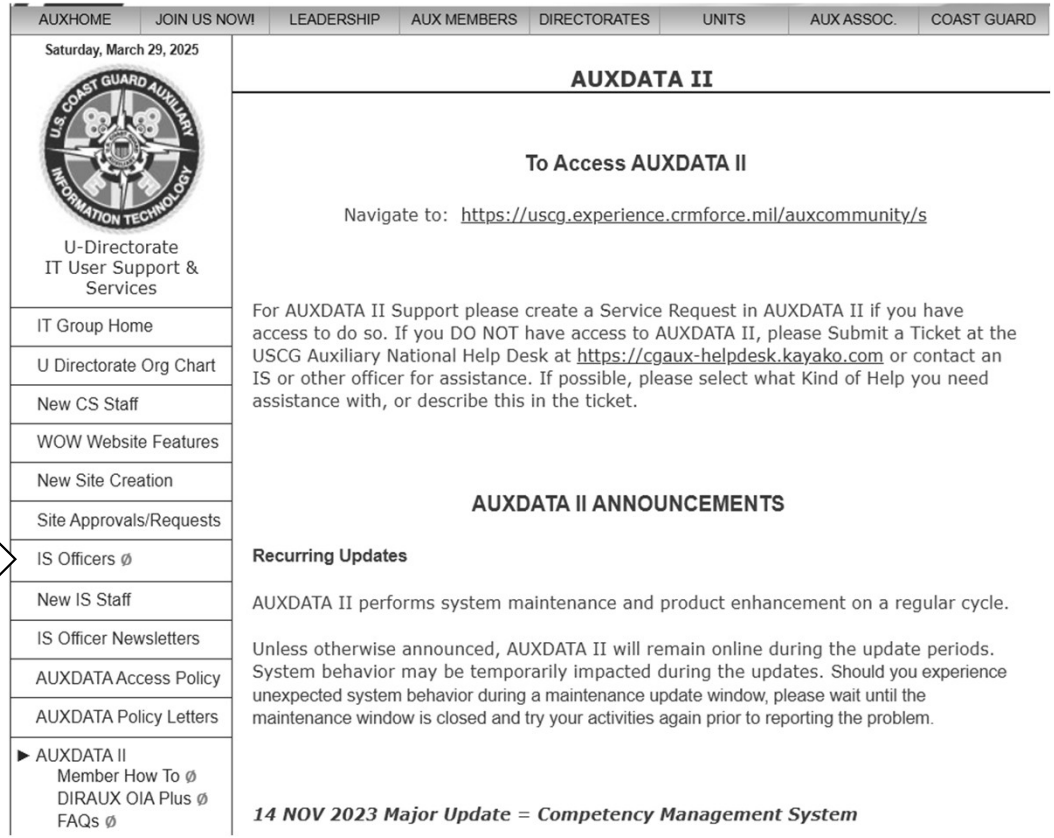
You will need to be logged into AUXDATA II to access the link





AUXDATA II How To Guides

- Members who are listed in AUXDATA II as IS Officers (at any level) have access to additional How To Guides
- These guides are accessible only to IS officers.
- Your Member Zone password is required



Additional Class Resources

- Note Taking Guides
- IS Officers Guide
- Handouts
  - Code Matrix
  - Operations Code List
  - Quality Control Check List
- Your Mentor
- Your Classmates

Responsibilities of an IS Officer

What is it that IS Officers do?

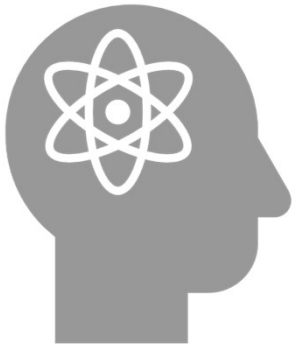
Responsibilities

Information Services (IS) Officers are responsible for the accurate collection and recording of all member information and mission activity.

Responsibilities

Information Services (IS) Officers are responsible for training officers and members on the proper use of mission codes and forms.

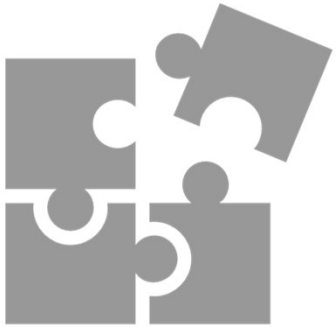
Responsibilities



Information Services (IS) Officers must strive to be “Subject Matter Experts” to keep officers and members advised on information needed to manage auxiliary units.

Responsibilities

To properly support officers and members, IS Officers must have a thorough understanding of mission codes and reporting policies.



Responsibilities

IS Officers must use their “magnetic personalities” to encourage officers and members to come to them for information and assistance.

Responsibilities

IS Officers should attend flotilla and division meetings to:

- Get to know fellow members
- Be informed of unit and member activities
- Provide timely reports for decision making by leaders
- Provide feedback to members

Responsibilities

As an IS officer you will be asked a multitude of questions which have nothing to do with IS, such as:			
The proper uniform to wear	How to access member training	The location of the DIRAUX office	What they must do to earn the competency they are interested in
You are the Information Services Officer! It follows that you must have all the information.			

Roles of IS Officers

FSO-IS (Flotilla Staff Officer)	• Works with the Flotilla Commander, Flotilla Staff and Flotilla members on all matters pertaining to IS.
SO-IS (Division Staff Officer)	• Works with the Division Commander and Division Staff on all matters pertaining to IS
DSO-IS (District Staff Officer)	• Works with the District Commodore and District Staff on all matters pertaining to IS
ADSO-IS (Assistant District Staff Officer)	• Works for the DSO in a region or program specialty

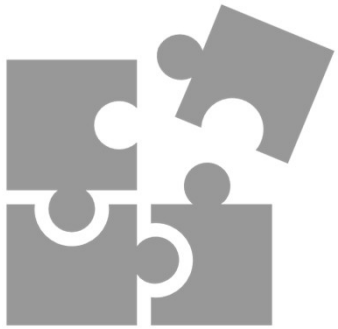
Roles of the DIRAUX Office

DIRAUX
Director of Auxiliary

- Enter information on new members
- Update or change member status (AP, IQ, BQ, etc.)
- Assign Competencies
- Update Competencies
- Other duties vary by District
  - For Example: Entering Tasks (Completed Courses)

Role of the DIRAUX Office

It is important to know what your DIRAUX office does and does not want you to do



Many Districts have written policies

Work with your SO and DSO to understand how information should flow from the member to the IS officer and to the DIRAUX office

Ensure that your members know and follow rules established by your DIRAUX office

Responsibilities

IS Officers do not have the authority to create or to change policy.

Only the Chief DIRAUX (CHDIRAUX) and the National Board (NEXCOM) have the authority to make policy changes.

Responsibilities

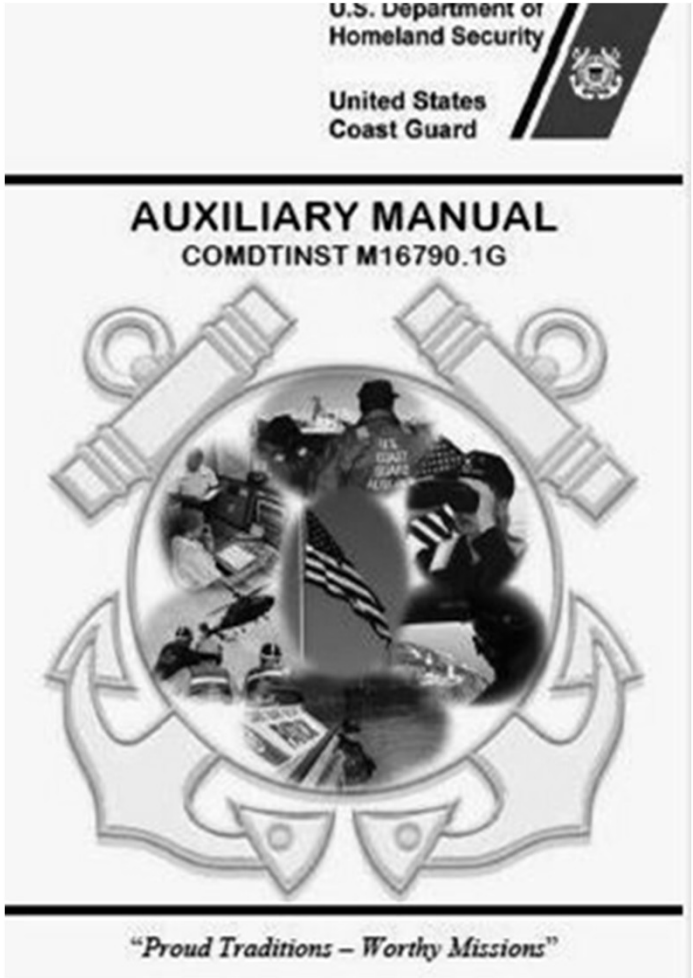
IS Officers cannot:

- Announce all hours or forms be submitted by an arbitrary date or the activity will not be entered
- Insist that members enter their own hours
- Insist that members cannot enter their own hours

We do not have the authority to do this!

Responsibilities

- The Coast Guard Auxiliary Manual is the source of all authority for the missions we engage in.
- ALAUX
- Policy Letters
- Guides and Handbooks

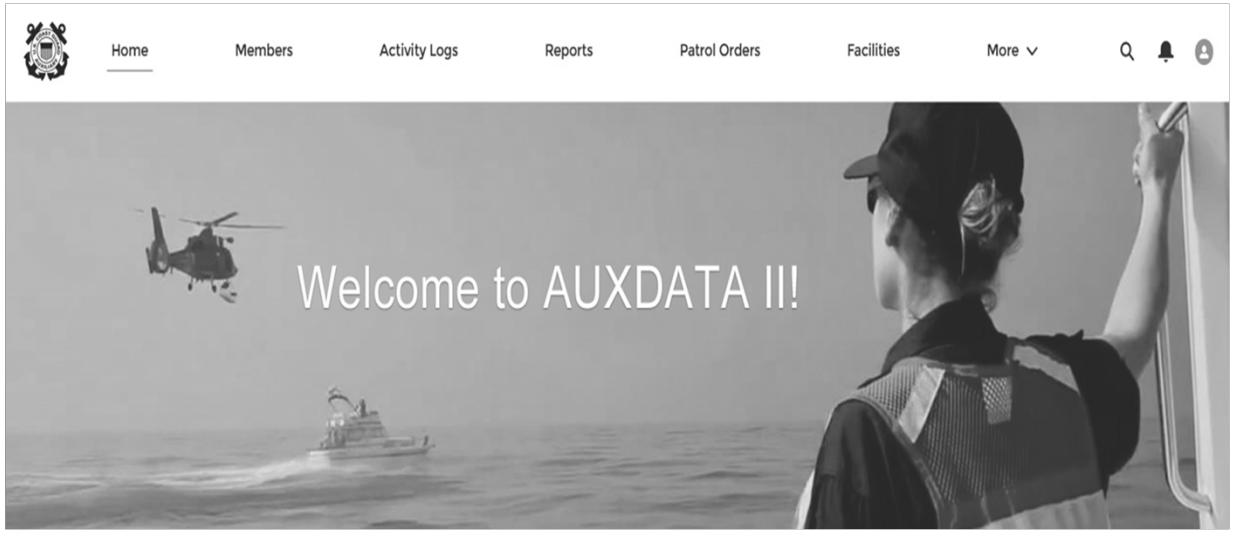


Questions

Questions?

Module 1B

AUX-10
C-School



Assignment to Duty

Assignment to Duty

Assignment to Duty provides protection under the Federal Tort Claims Liability Act and the Federal Employee Compensation Act.

This requires the Auxiliarist to be acting within the scope of employment.

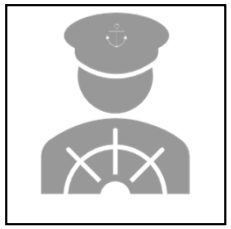
Assignment to Duty

The Auxiliarist's assignment to duty is a requirement before any statutory protections are available.

If the Auxiliarist is not assigned to duty, then the Auxiliarist cannot be characterized as a Federal Employee and, therefore, cannot be acting within the scope of employment.

AUXMAN Chapter 5, J.3

Assignment to Duty



An Auxiliarist performing Coast Guard support missions is only considered to have been assigned to duty when the activities have been authorized and clearly communicated verbally and/or in writing by appropriate Coast Guard Authority.
(AUXMAN Chapter 5, Section J Intro)

Only a Coast Guard Unit Commander may assign any Coast Guard Unit duty, title or responsibility to an Auxiliarist.
(AUXMAN Chapter 2, B.21.C)

At a small boat station this may be a Senior Chief Petty Officer

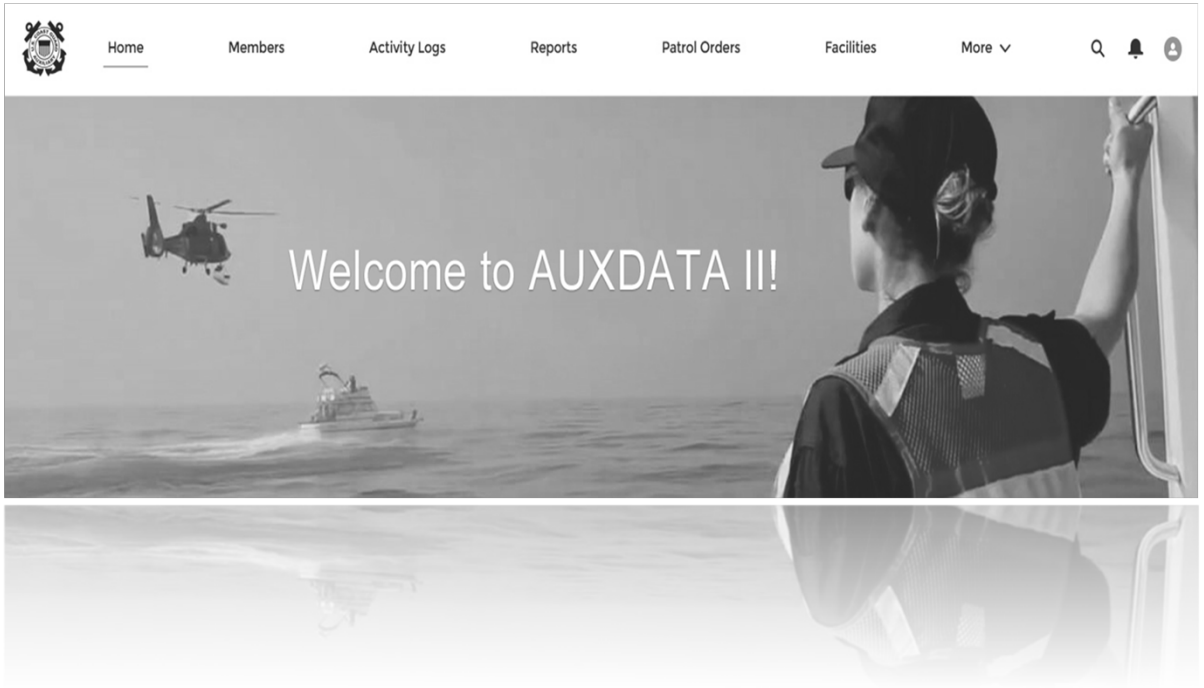
Assignment to Duty

An Auxiliarist is considered implicitly assigned to duty when performing activities such as, however:

- Public Affairs
- Public Education
- Recreational Boating Safety Visitor
- Vessel Safety Checks

“Members have the responsibility to seek assignment before beginning any duty, and the assigning officer must make and preserve documentation of that assignment.” (Flotilla Procedures Guide March 2023)

(AUXMAN Chapter 5, J.6)



Member Status

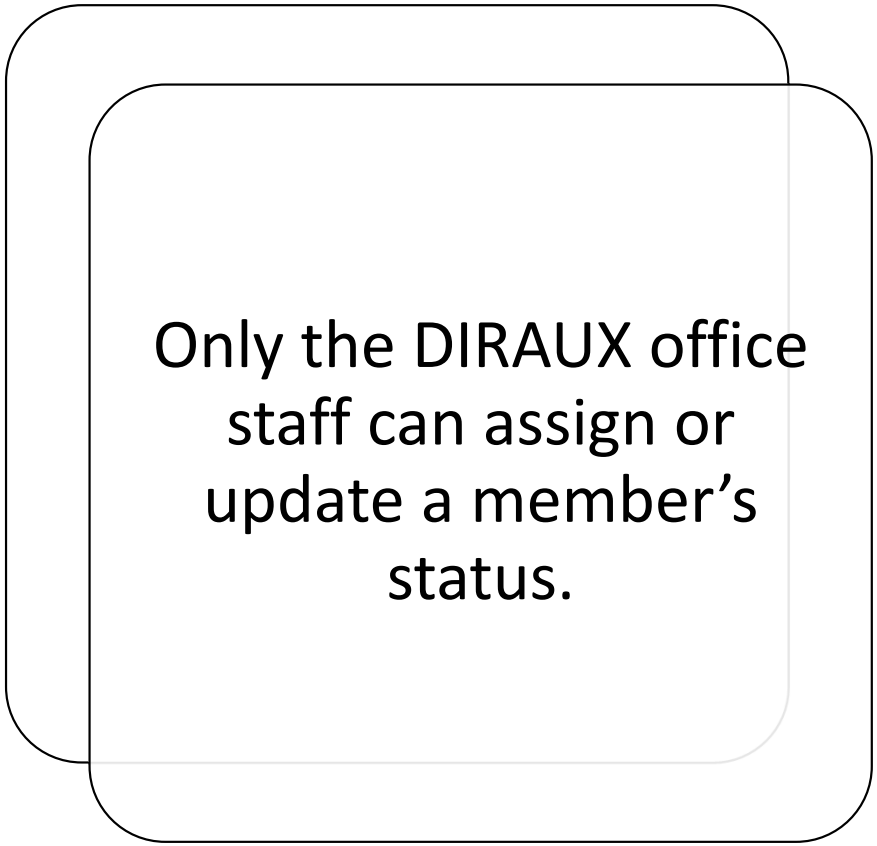
Member Status

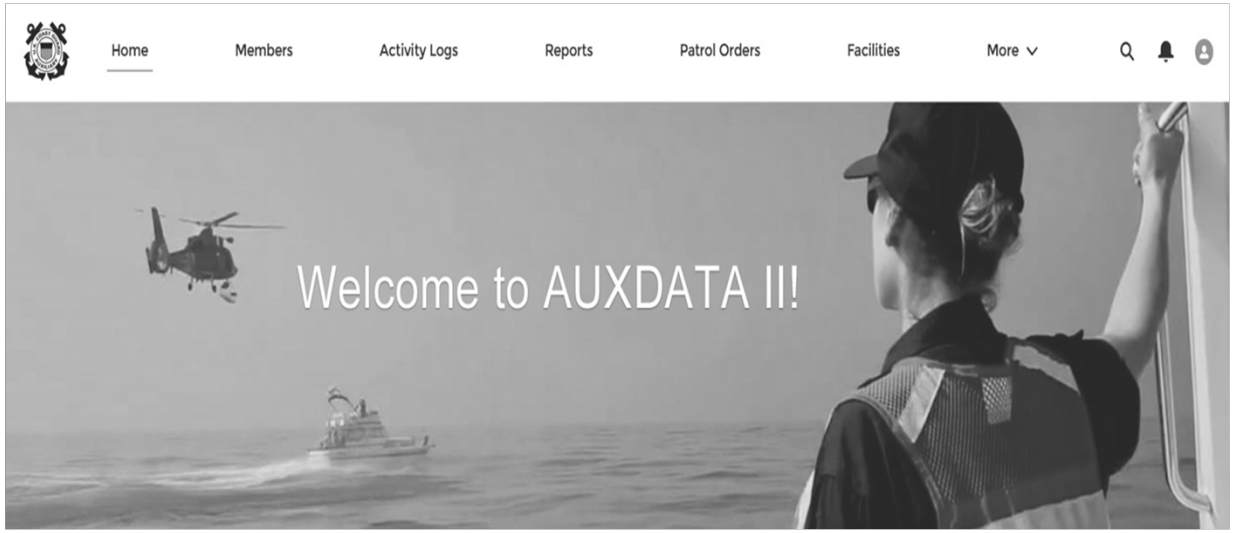
AP – Applicant Status	• Assigned when a new member record is created and a member number is generated and assigned. The member has received a positive security review.
IQ – Initially Qualified	• Member has completed all requirements of membership except for a Boating Safety Course.
BQ – Basically Qualified	• Member has met all membership requirements including an approved Boating Safety Class.
AX – Operational Auxiliarist (AUXOP)	• Member has met all the educational requirements for AUXOP • The AX-2 status was retired in 2022. All AX-2 members now have the AX status.

Member Status

RET	• Retired
MREQ	• Member has requested disenrollment.
FDUE	• Member was disenrolled for non-payment of dues.
DTH	• Member is deceased

Member Status





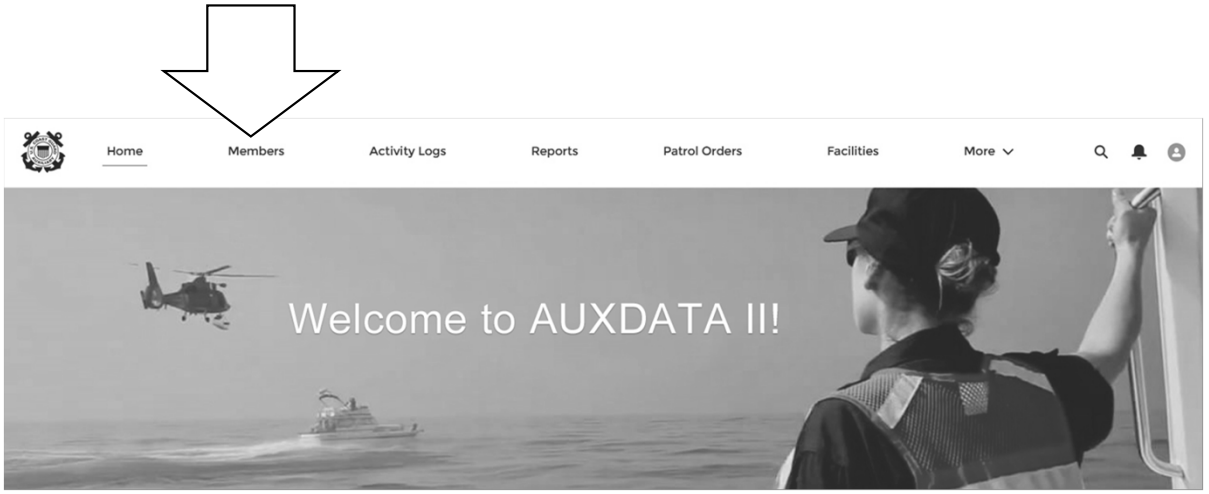
Member Object

A Look at the Member Object in AUXDATA II

Member Object

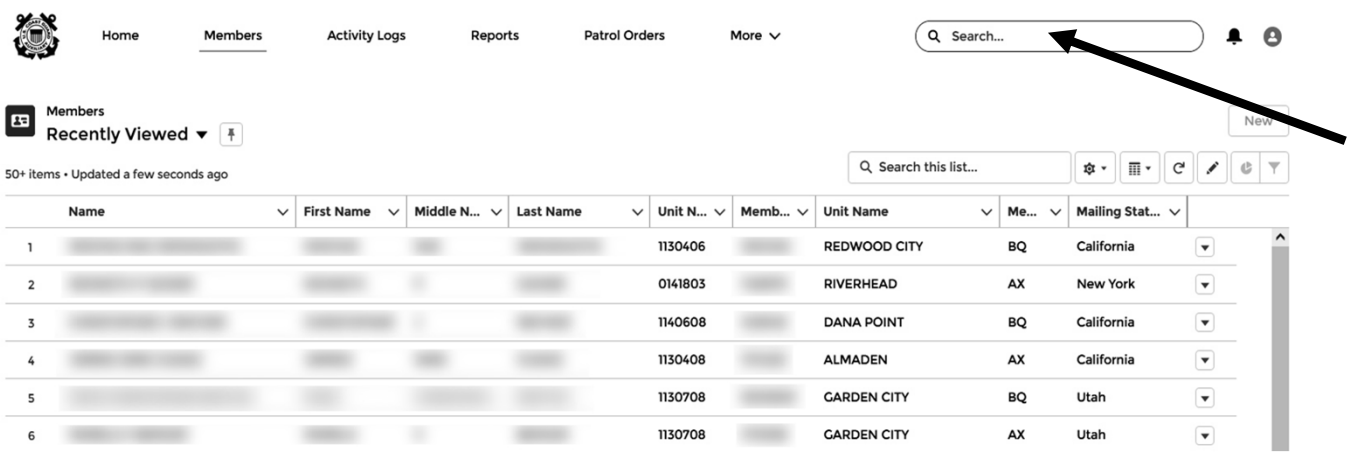
Log into AUXDATA II

Click ‘Members’ to open the Member object



Member Object – Recently Viewed

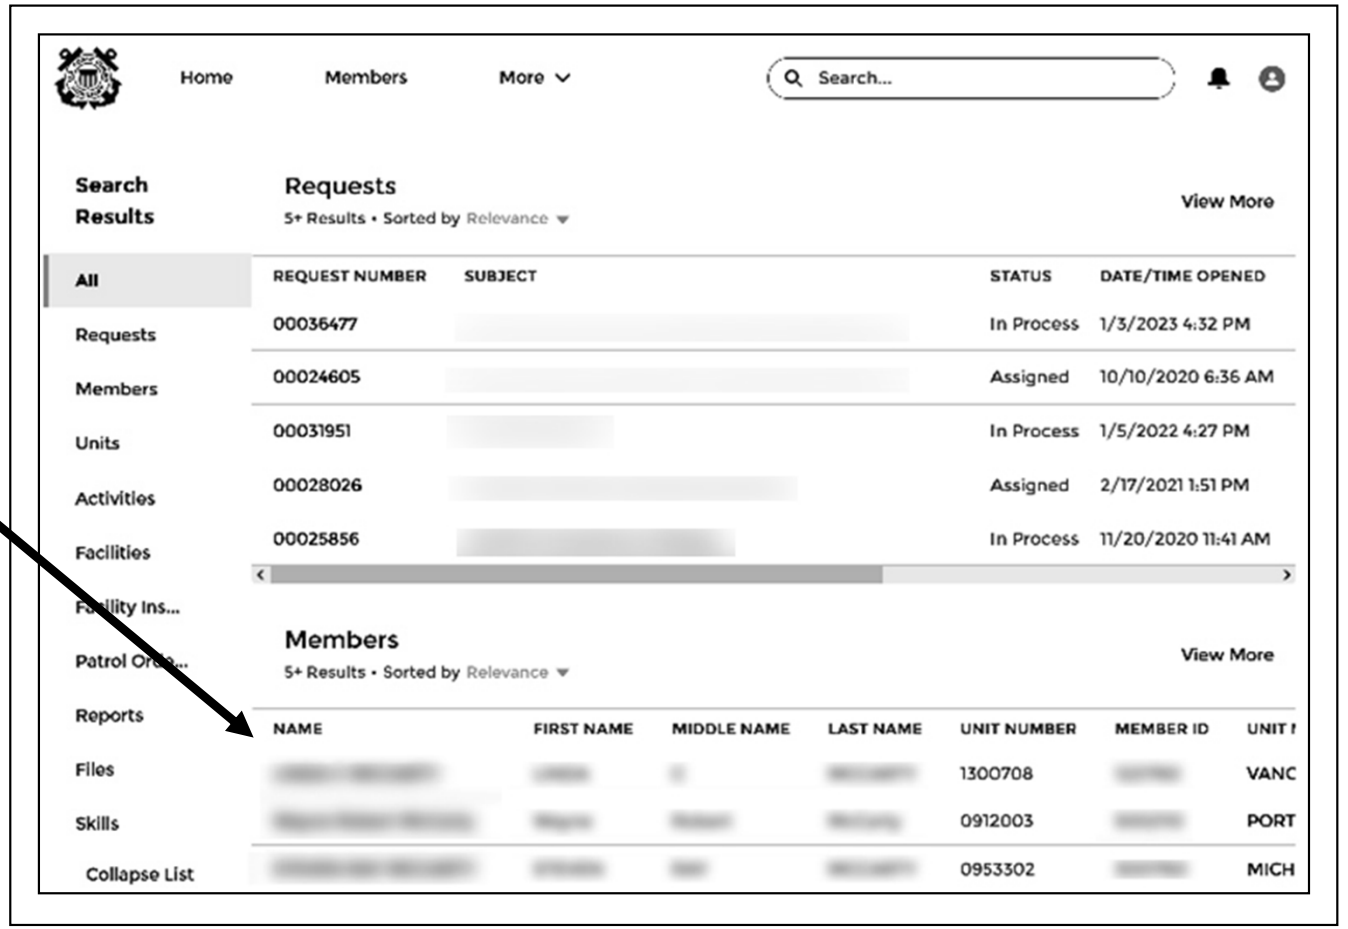
This screen is showing you a list of members you have recently viewed. If this is your first time viewing the Member Object, you will see a blank screen because you have not viewed any records.



Enter a name in the Global Search Box and press 'Enter'

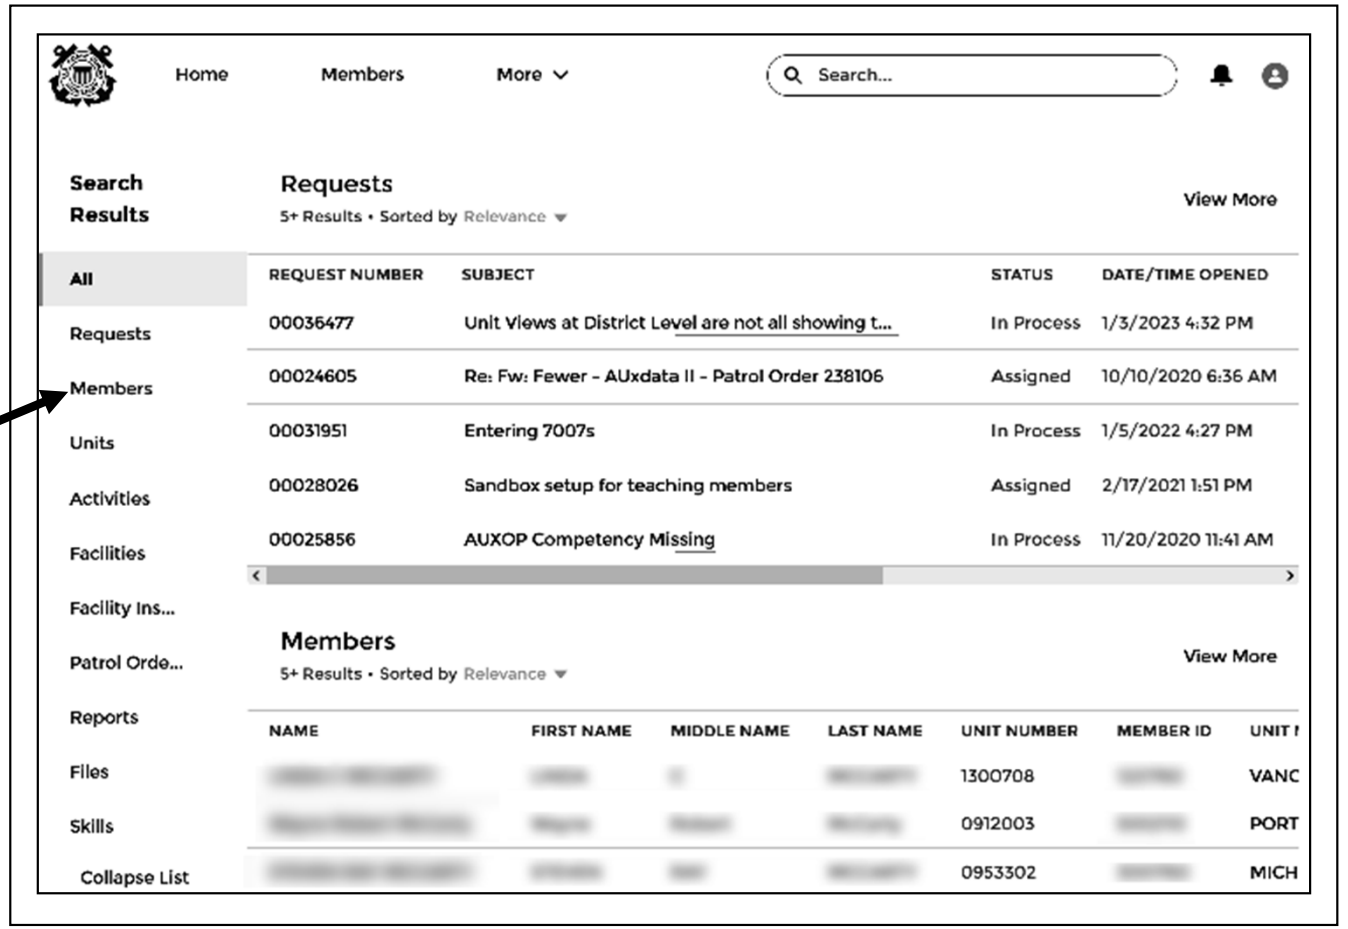
Member Object – Search Results

You can now select the name from the available list.

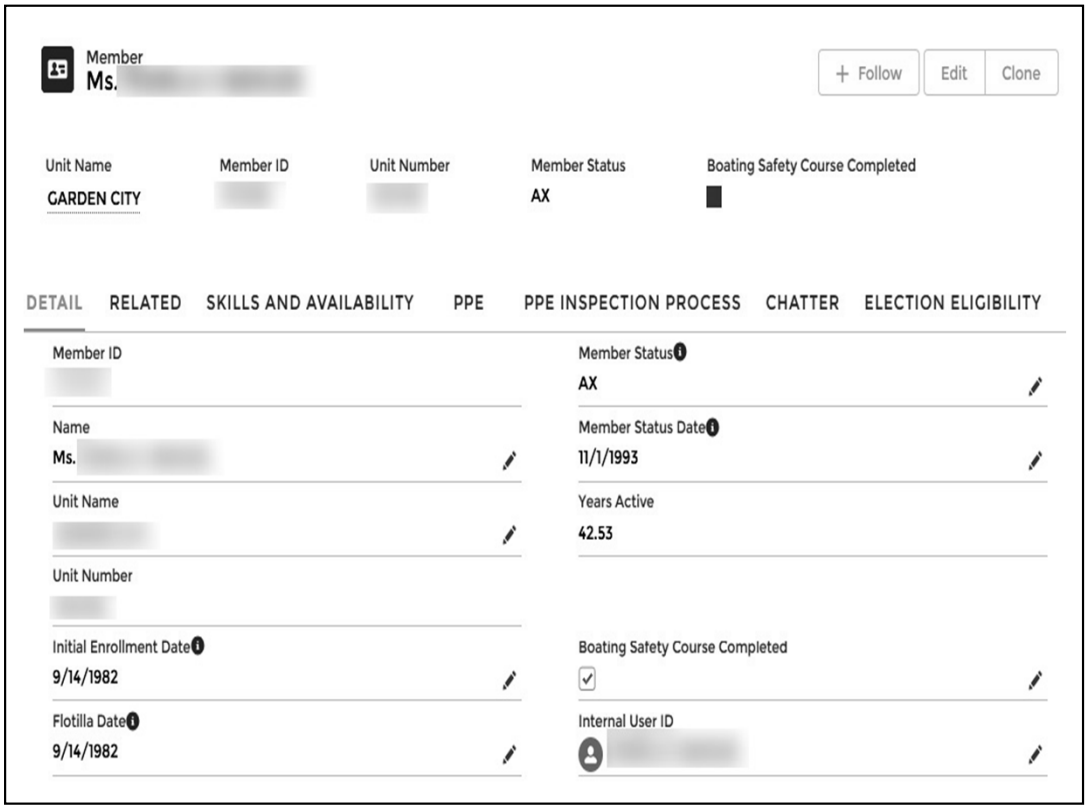


Member Object – Search Results

If the name is a common one and does not appear near the top of the list, you can refine the search by clicking on the 'Members' object under Search Results on the left side of the screen, then adjust the filters.



Member Object – Detail Page



It is important to have members check their detail page to see that the information is correct and up-to-date.

Some information can be changed by the member or IS officer, but some can only be changed by DIRAUX staff.

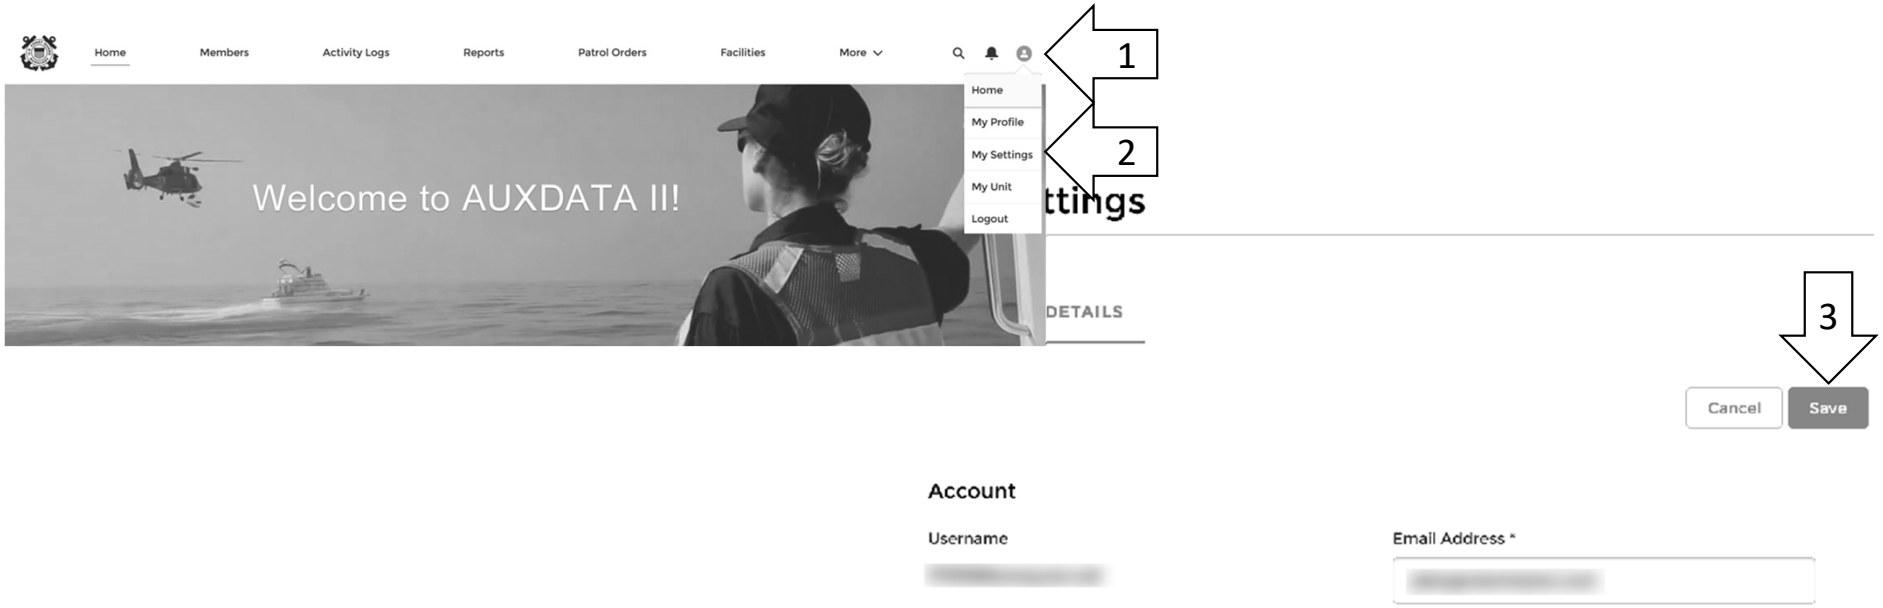
Member Object – Change Email

Only the member or DIRAUX staff can change an email address.

1. Click on the Member Avatar

2. Click on ‘My Settings’

3. Change Email address and click ‘Save’



ANSC 7028 Change of Member Information

Members can change information directly in AUXDATA II, but you will still receive the 7028 when member's want you to change information for them.

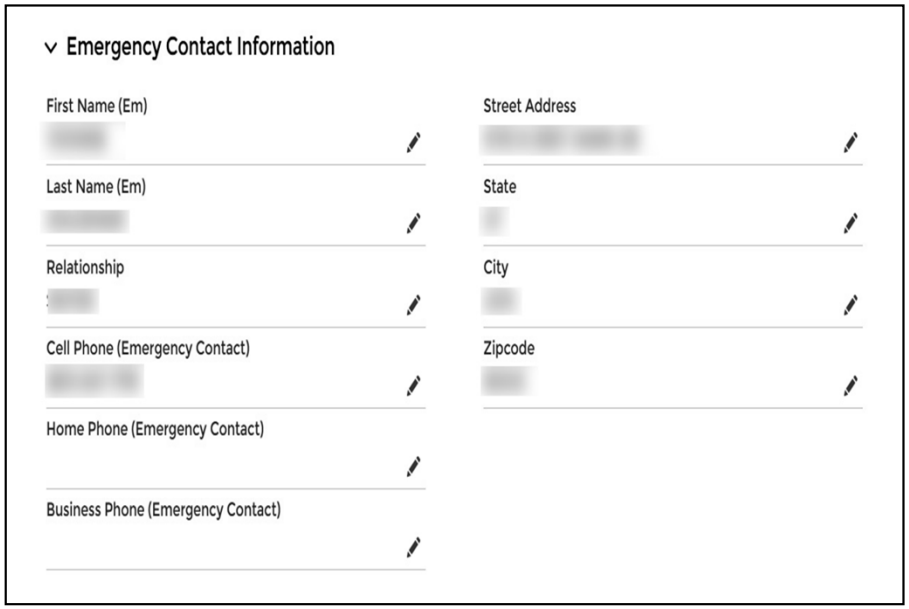
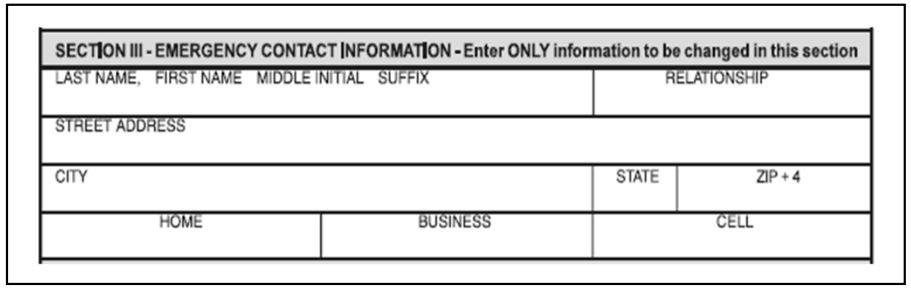
COPY 1 - MEMBER

Emergency Contact Information





Emergency Contact Information is available for each member in AUXDATA II. It is important this information is kept up-to-date. This information can be updated by:

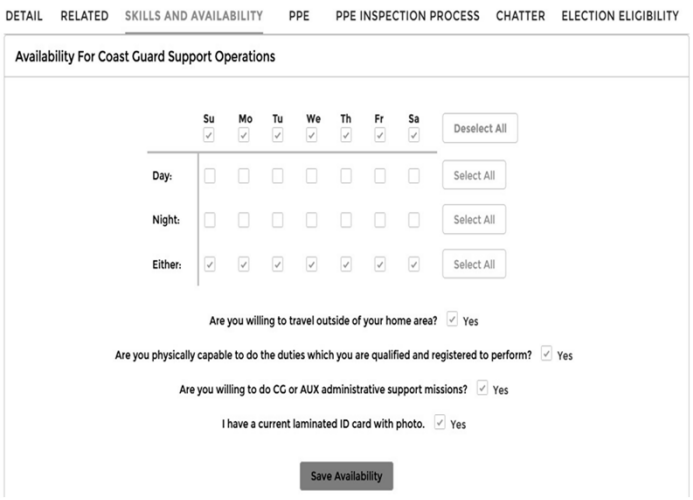
The member can update their Emergency Contact information directly in AUXDATA	The member can submit the 7028 form with the new Emergency Contact information.	The IS Officer can update the information in AUXDATA II upon receiving the 7028 or other means of communication.

Click on the pencil icon to change data, then click ‘Save’

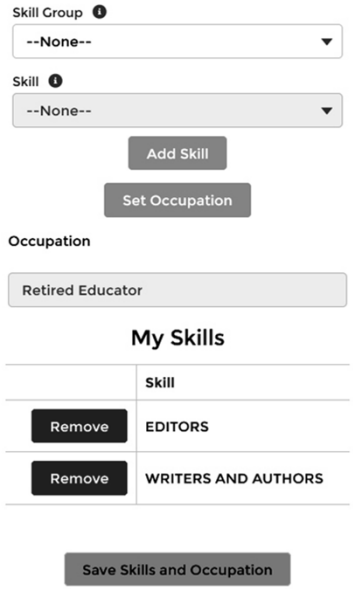
Skills and Availability

This section of the member record is used to indicate a members Skills and Availability for Coast Guard Support Missions.

Check the boxes in the Availability section to indicate what days and time the member is available to support the Coast Guard.



Check or uncheck the box to answer the four questions.



Use the pull-down menus to select the ‘Skills Group’ and ‘Skill’. Add multiple skills, click ‘Add Skill’. Select occupation and click ‘Set Occupation’.

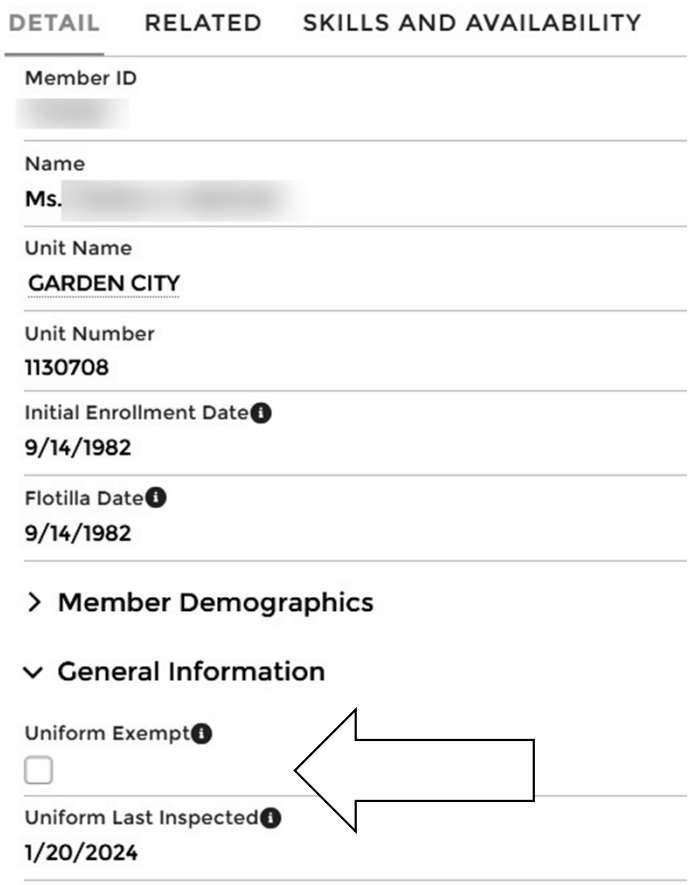
Uniform Inspections

Uniform inspections are required annually for all members. Must be entered into AUXDATA II each year by 31 December.

Elected Officers conduct the uniform inspection and can enter the inspection into AUXDATA II or assign the entry task to the FSO-IS for entry.

The Elected Officer or the IS officer cannot enter their own inspection.

Members without a uniform can be recorded as ‘Exempt’ in AUXDATA.

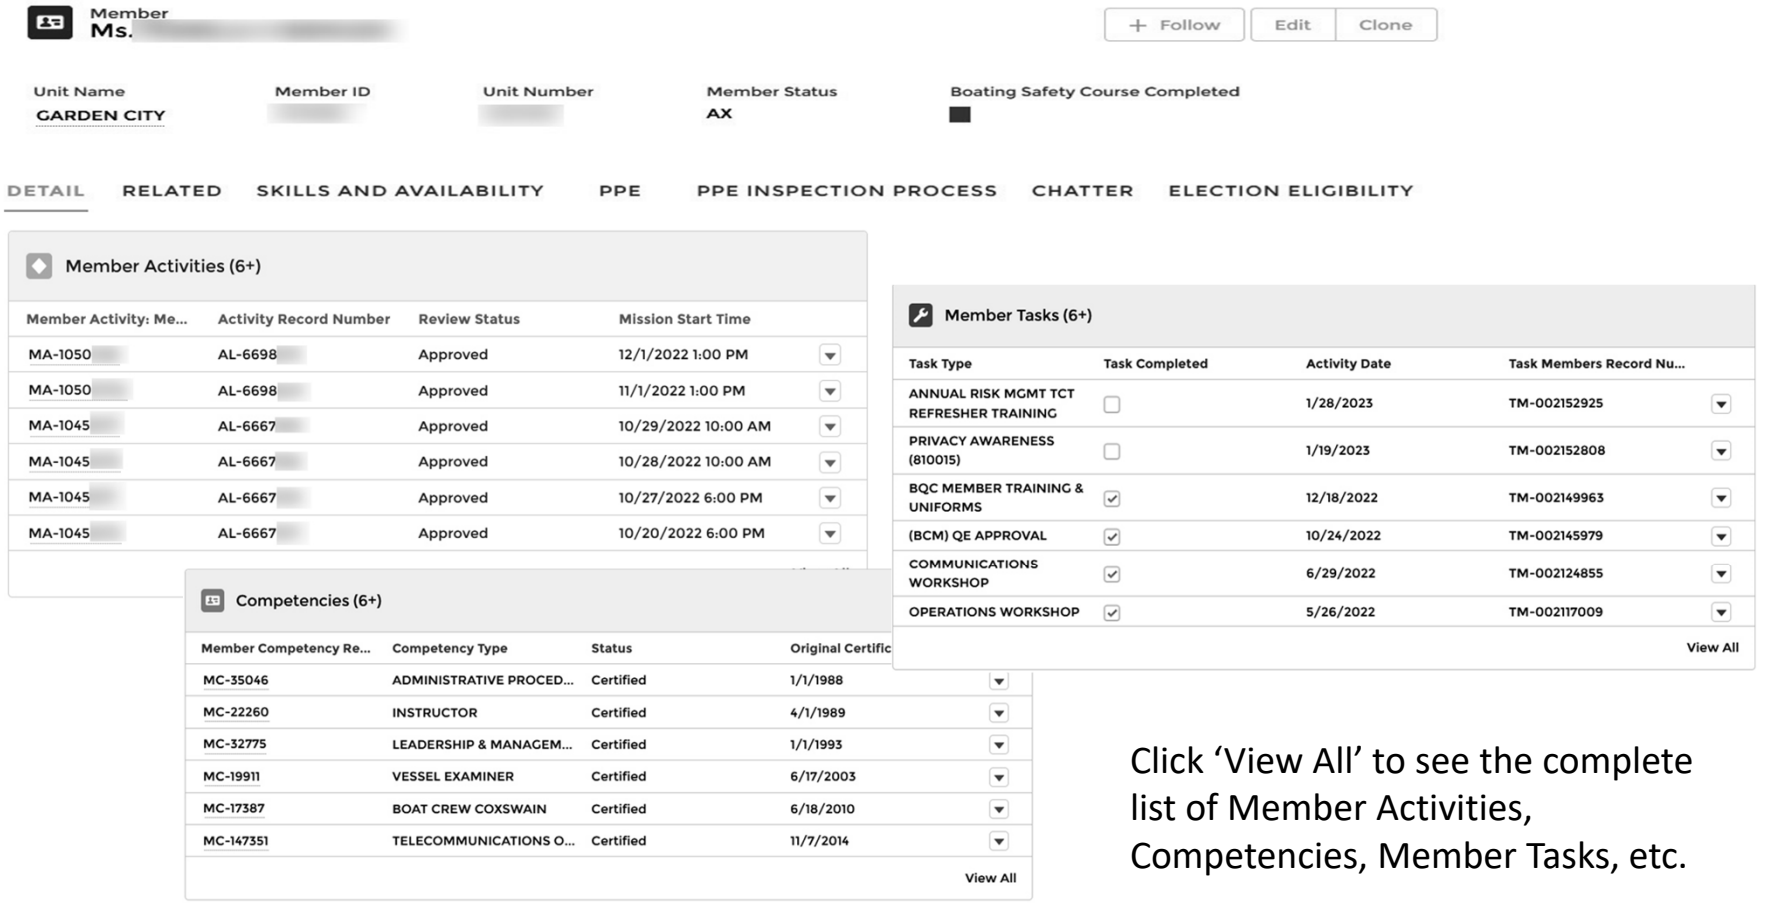


Member Object – RELATED Tab

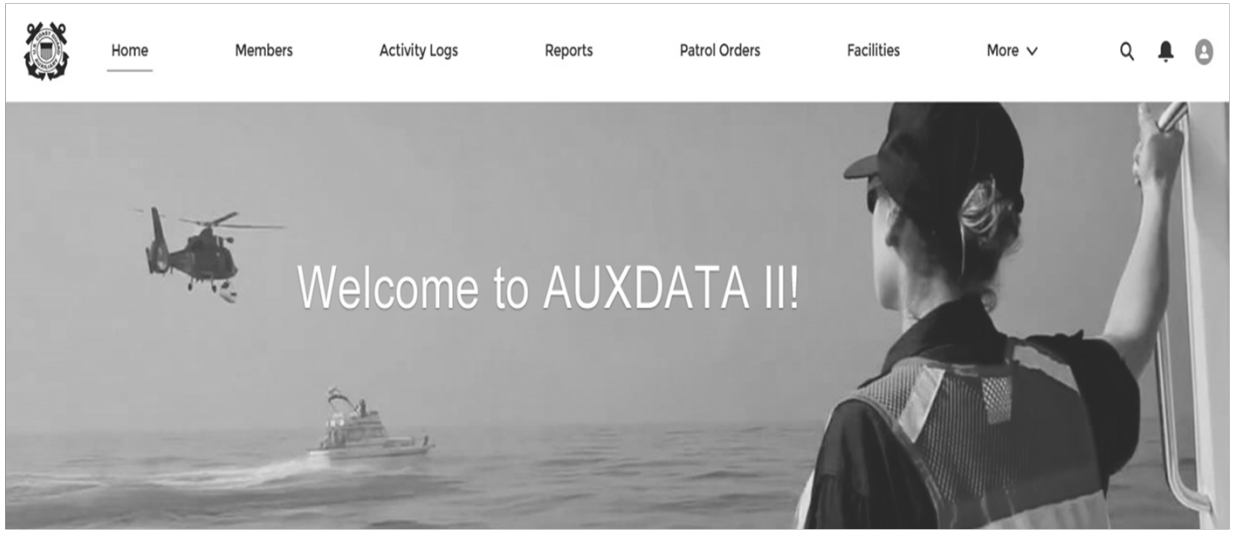
The RELATED tab of the member record includes:

Member Activities (Activity Logs)	Competencies	Member Tasks	Awards
Member Offices	Facility Ownership	Member Locations	Patrols
	PPE	Members History	

Member Object – RELATED Tab



Click ‘View All’ to see the complete list of Member Activities, Competencies, Member Tasks, etc.



Member Competencies

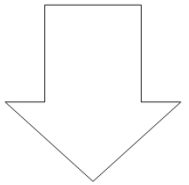
May also be known as Qualification
in manuals and other documents

Competencies

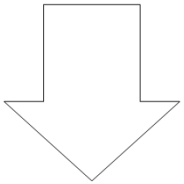
First Pilot	Air Observer	Instructor	Boat Crew
Vessel Examiner	Coxswain	Public Affairs Specialist	Commercial Fishing Vessel Examiner
Program Visitor	Culinary Assistant	Marine Environmental Education Specialist	And many more!

Competencies

Each Competency has a list of requirements that the member must accomplish before obtaining the initial qualification in that competency.



Members should consult with program leads (FSOs and Mentors) to clarify and complete requirements.



Only the DIRAUX office can assign a competency for a member, and only after all training requirements have been completed, documented, and submitted, according to the procedures defined by the DIRAUX office for the member's district.

Initial Competency Assignment

Culinary Assistants must receive Hepatitis B shots

Pilots must submit medical information

Radio Watchstanders must have DO (Direct Operational) Security Status

Many competencies require FEMA ICS courses

Most require in-person demonstration of a skill

Initial Competency Assignment

EXAMPLE:
Initial Requirements
for Vessel Examiners

- Must be in BQ or AX status
- Must have completed and be current in AUXCT
- Must take Introduction to Risk Management
- Must pass the open book Vessel Examiner exam
- Must satisfactorily complete five vessel safety checks under the supervision of a qualified vessel examiner. Per COMDTINST M16796.8A Page 1-8, must be reported on a 7012

Competency Currency

Once qualified, many competencies require a member to complete annual activities to maintain the currency (Currency Requirements)

These Currency Requirements may include a certain level of activity (so many hours or tasks performed annually) and/or may require completion of annual workshops

Maintaining Currency

EXAMPLE:
Currency Requirements
for Vessel Examiners

- Must be current in AUXCT
- Must conduct a minimum of 5 VSC's a year
- Take VE workshop in any year it is required
- Uniform Inspection

REWK Status

REWK (Required Workshop not met)

Failure to complete a required workshop by June 30.

The member is no longer certified to perform the mission until recertified.

If the workshop is not completed by December 31, the Competency is set to REYR.

REYR Status

REYR (Required Yearly not met)

Failure to maintain annual currency

The member is no longer certified to perform the mission until recertified.

If in REYR for five years, the competency is ‘Archived’. The member must start at the beginning to qualify in the program.

Re-certification of Competency

Complete “make up” activities (missing tasks, inspections, hours etc.)

Document and apply to DIRAUX office for reinstatement of competency.

AUXCT – Core Training

If an Auxiliary Member does not take the required Auxiliary Core Training courses every five years

EVERY Competency the member holds will be set to REYR

They are no longer eligible to hold an elected or appointed office.

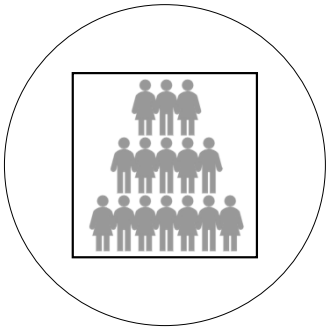
Uniform Inspections

Uniform inspections are required annually for all members. Must be entered into AUXDATA II each year by 31 December.

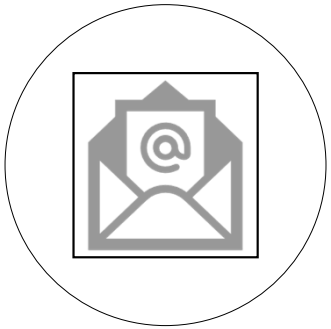
Members without a uniform can be recorded as ‘Exempt’ in AUXDATA.

The annual inspection is an annual currency maintenance task. Failure to get an annual uniform inspection will result in all competencies being set to REYR for the following year.

Assigning Competencies



ONLY THE DIRAUX OFFICE CAN ASSIGN OR UPDATE A COMPETENCY FOR A MEMBER.



THIS IS NOT AN AUTOMATIC PROCESS! YOUR DIRAUX OFFICE MUST BE NOTIFIED VIA YOUR DISTRICT POLICY.

Member Object – Live Demonstration

LIVE DEMONSTRATION

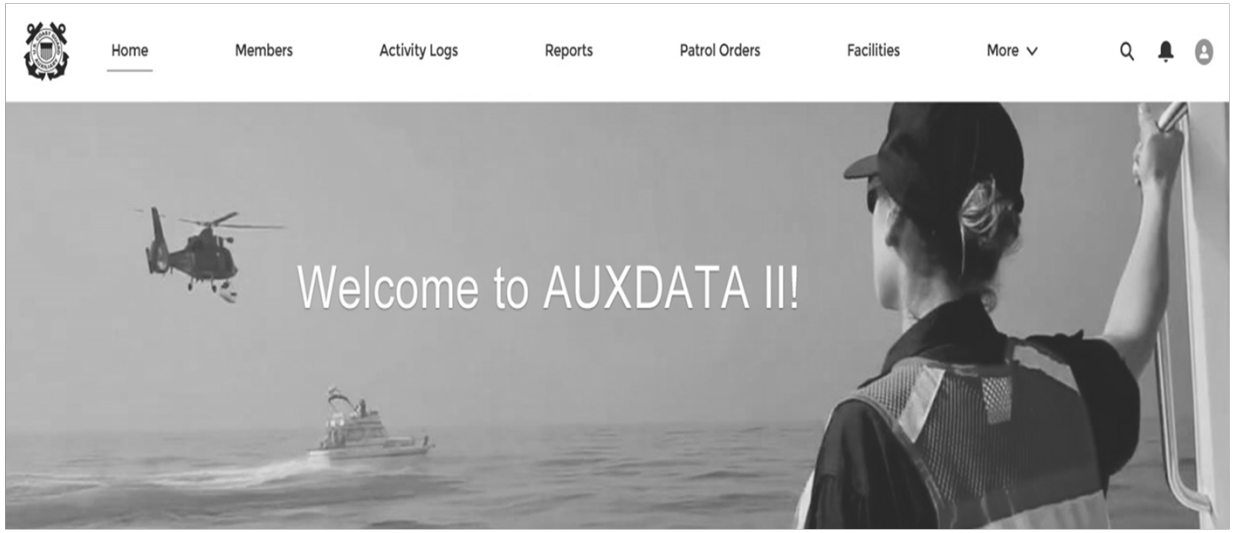
Module 2A

AUX-10
C-School

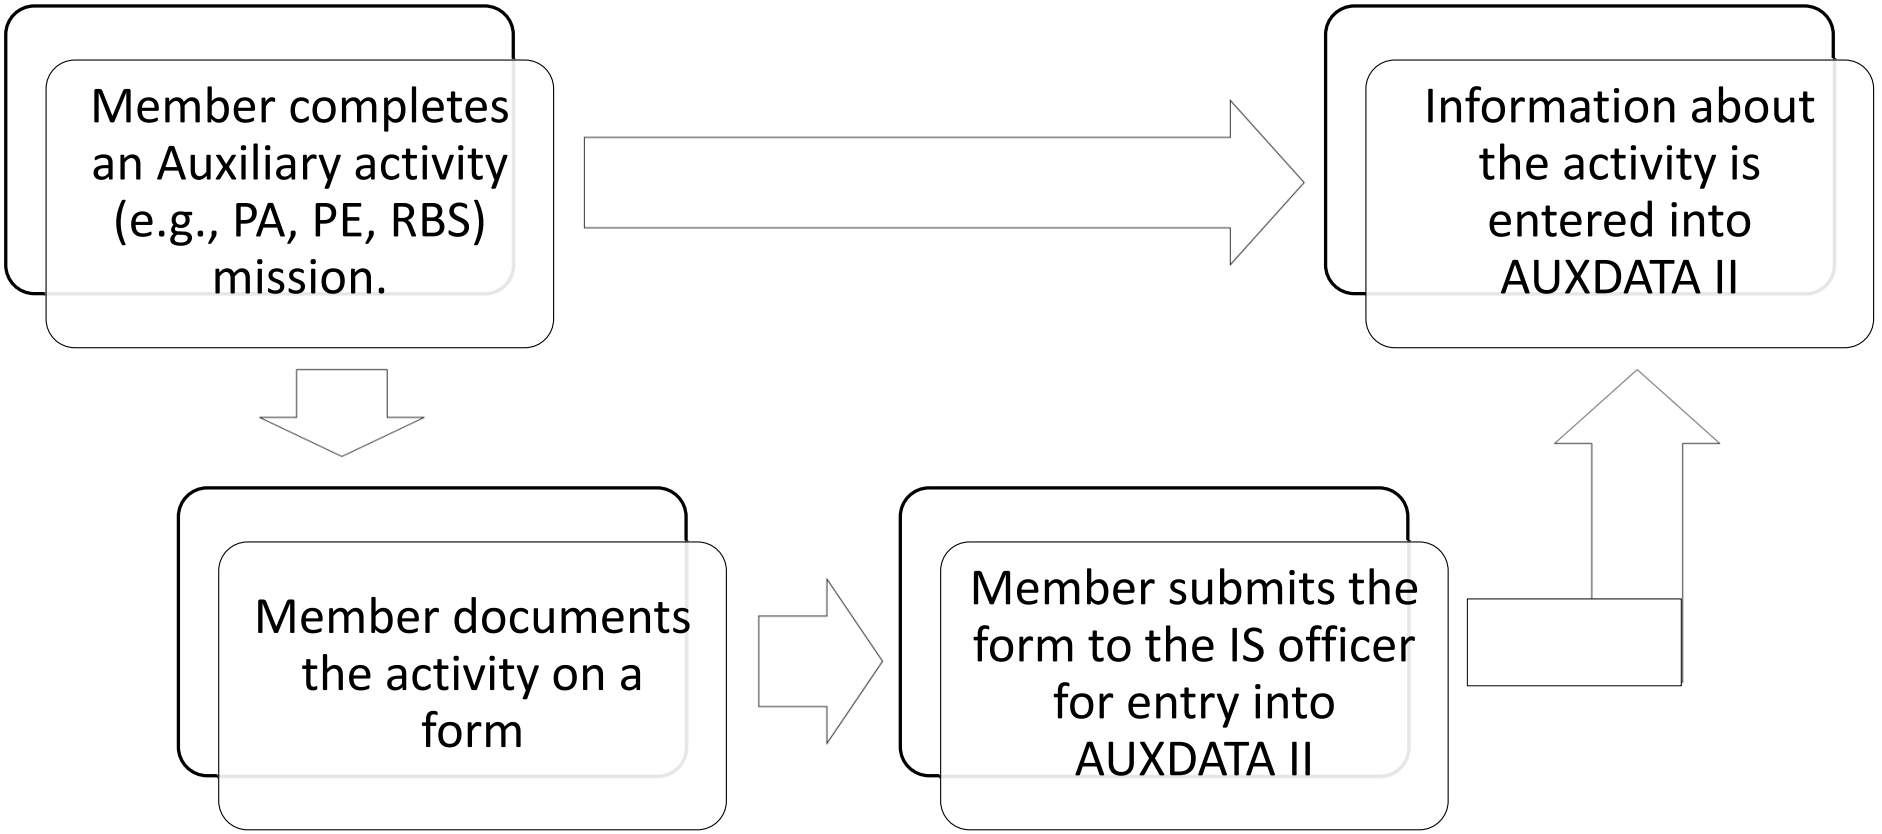


Collecting Data and Reporting

Forms

How Forms Play a Role

An activity is not complete until the paperwork is submitted!



Using Forms to Report Activities

The preferred method of submitting activity is directly into AUXDATA II.

However, some members will continue to use forms and submit the forms to IS Officers for entry into AUXDATA II.

The role of the IS Officer is to assist the member with training to enter the activity onto AUXDATA or assisting the member to select the correct form and properly complete and submit the form.

FORMS

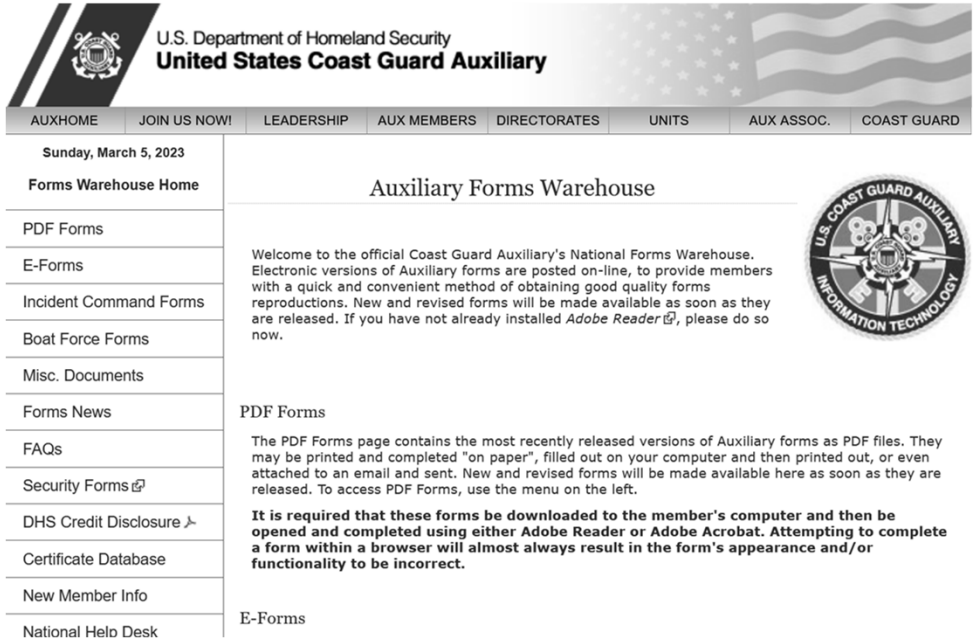
All the National forms can be found on the National website (www.cgaux.org)- FORMS WAREHOUSE

E-Forms, PDF Forms, Web Forms

E-Forms
- Can be submitted by entering the email of the IS Officer in the appropriate location and clicking ‘Submit’.

PDF Forms
- Can be filled out, saved and attached to an email sent to the IS Officer or printed and handed or mailed to the IS Officer.

Web Forms
- Can be used daily to add activity and submitted to the IS Officer at the end of the month by clicking ‘Submit’.



Adobe Acrobat Reader is needed for the forms to fill out and save properly.

Commonly Used Forms

7029 – Member Activity Log	7030 – Mission Activity Report	7038 – Recreation Vessel Examinations Report
7039 – Workshop Mission / Attendance Report	7046 – RBS Visitation Report	7066 – Commercial Vessel Examination Report

Data We Collect

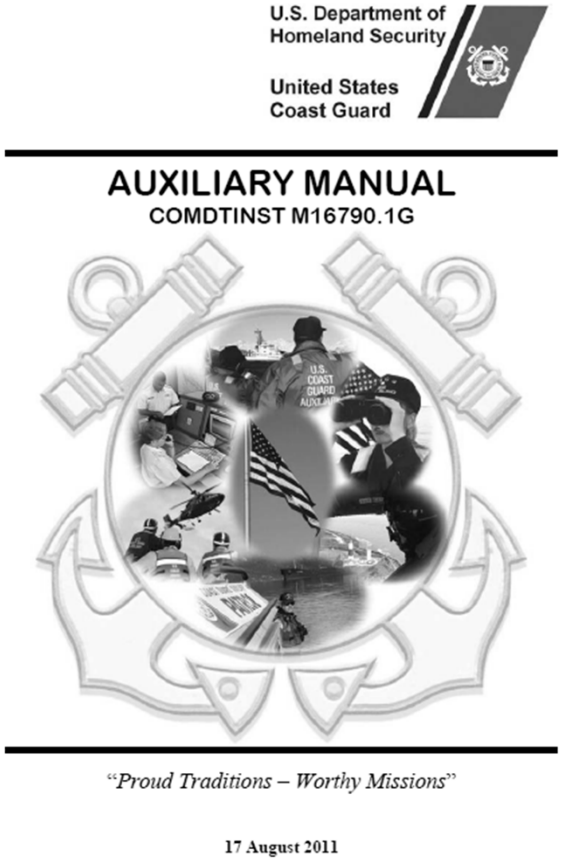
Resource	Member's Unit	Operational Control Code (OPCON)	Operations Code
Mission Code	Date & Duration of Activity	Summary of Activity	Members Participating
	Position of Each Participant	Mission Details (Students Taught, ATONs Inspected, etc.)	

Resources

The Auxiliary has four resources with which to perform its missions:

- Unit/Individual (U)
- Aircraft (A)
- Boat (B)
- Radio (R)

OPCON = Operational Control



Mission activity can generally be divided into two areas:

Coast Guard Support Missions	Auxiliary Support Missions

It is important to know which missions are Coast Guard Support and which are Auxiliary Support in order to determine the proper OPCON for the mission.

OPCON = Operational Control

Ask yourself two questions:

Who has operational control of the mission?

Who do you report to?

If the answer is the Gold side, then the OPCON needs to be changed from the default value to reflect the CG unit being supported.

OPCON = Operational Control

Anytime the Mission is in direct support of a:

- CG Station
- Sector
- Ship
- Command
- Marine Safety Unit (MSU)
- Aids to Navigation Team (ANT)

The mission is considered a Coast Guard Support mission and the CG Unit OPCON must be used to indicate which Station, Sector, Unit, Ship or Command is being supported.

Operations Codes

Operations Codes identify a specific initiative undertaken by the Auxiliary.

The same Operations Code may be reported under several different Mission Codes.

Members reporting time on standard forms may report Operations Codes using any of the Mission Activity report forms.

Operations Codes

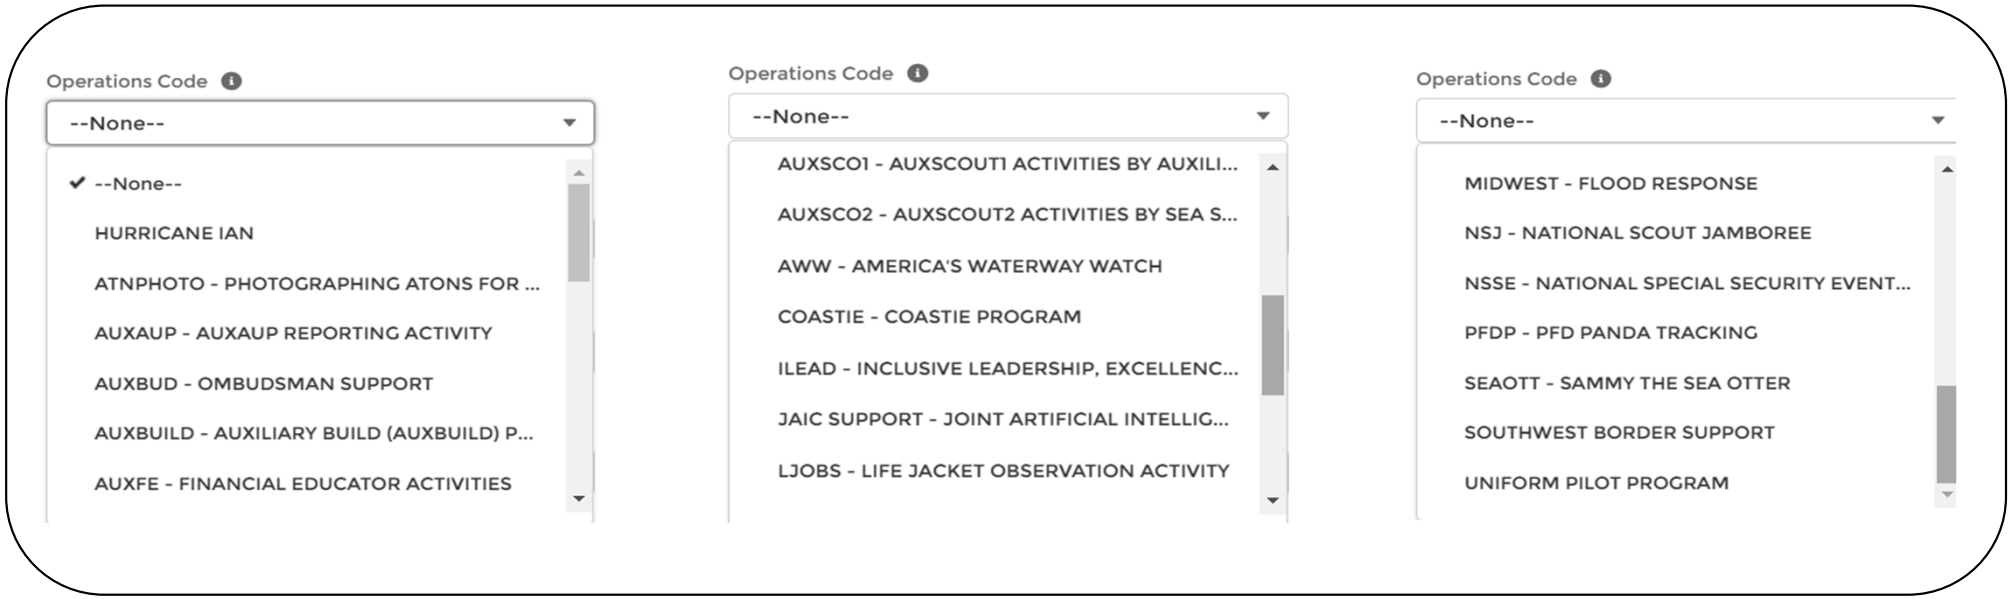
An Operations code can be used with a variety of mission codes to report support of an initiative or program.

- Use of Coastie at a PA or PE Event
- Deployment for Southwest Border Support
- Most missions do not have an Operations Code

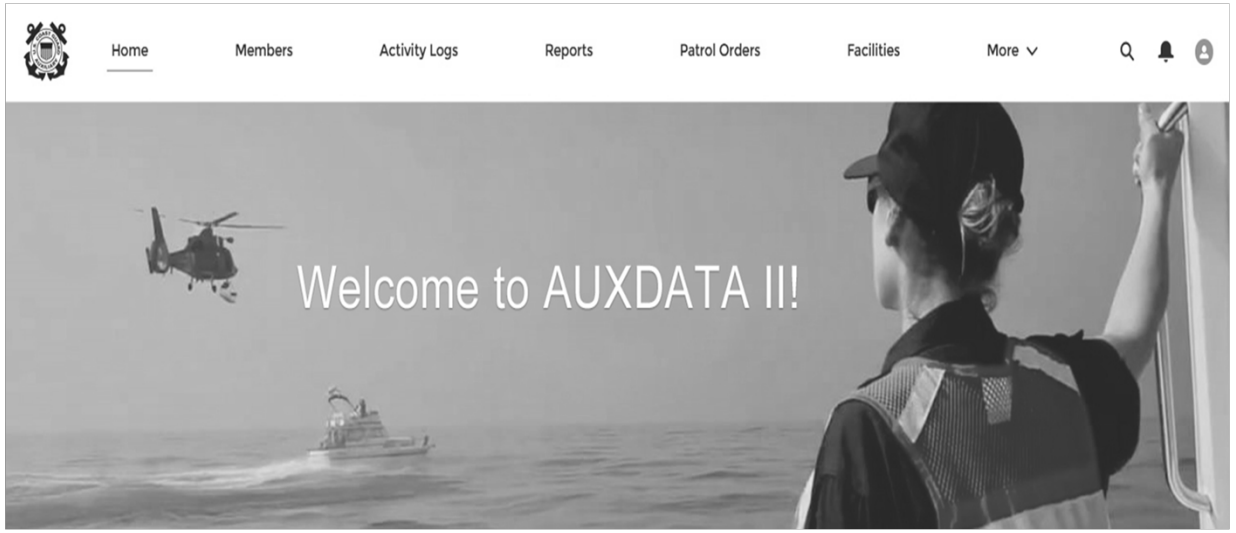
The IS Officer:

- Needs to know what his/her members are doing
- Needs to advise members about Operations Codes appropriate to the missions they are engaging in.

Operations Codes



Questions?



Mission Codes

Mission / Program Areas

Operations	Marine Safety	Navigation Systems	Government Support
Public Education	Member Training	Public Affairs	Culinary Assistance
Coast Guard Admin Support	Health Care Support	Legal Support	Chaplain Support

Mission Codes - 99

- 99A: Auxiliary Leadership
- 99B: Recreational Boating Safety
- 99C: Marine Safety Support
- 99D: Training/Training Support
- 99E: Auxiliary & Coast Guard Logistical & Administrative Support

99A – ‘A’ = Administration

99A is where, with one exception, you record time spent on your elected or staff position.

99A – Auxiliary Leadership (U)
Report all time spent by elected and appointed staff performing National, District, Division and Flotilla position duties. This includes all time spent for preparation and travel for these duties.

- Vice Commander organizing reports for a meeting
- Public Education Officer Organizing the PE class schedule
- Materials Officer ordering forms
- Operations Officer organizing training and safety patrols
- Meetings, reports, e-mails, day-to-day operations related to your elected or appointed office.

Marine Safety Officer report their administrative time as 70K (7030)

Resource Type = Unit/Individual
OPCON = Member’s District
Position = All members are Lead
Form = 7029

99B – ‘B’ = Boating Safety

99B – Recreational Boating Safety (RBS) Support (U)
Report all time spent in RBS support that is not otherwise reported on a 7030, 7038, 7039 or 7046. This includes all time for preparation and travel in support of missions reported.

99B is where you record time spent planning for, preparing for, supporting or traveling for any mission in support of Recreational Boating Safety.

- Working on your operational facility to get it ready for patrols
- Preparing for and traveling to operational patrols
- Preparing for and traveling to public affairs events
- Preparing for and traveling to public education classes

Resource Type = Unit/Individual
OPCON = Member’s District
Position = All members are Lead
Form = 7029

99C – ‘C’ = Conservation

99C is all about Marine Safety, which includes protecting the environment and preventing the spread of invasive species. Conservation, right?

99C – Marine Safety (MS) Support (U)
Report all time spent in MS support that is not otherwise reported on a 7030 or 7066. This includes all time for travel in support of Marine Safety and Marine Environmental Protection.

- Preparing for and traveling to Marine Safety Missions.
- Preparing for and traveling to Emergency Management Missions.

Resource Type = Unit/Individual
OPCON = Member’s District
Position = All members are Lead
Form = 7029

99D – ‘D’ = Dedication to Education

99D – Training Support (U)

Report all time spent in Training Support that is not otherwise reported on a 7030 or 7039. Any hours spent as a Trainee, other than attending a workshop, should be reported here. This includes all time for preparation, study, homework and travel regardless of the level of training.

99D is where, with only two exceptions, you record all your study and off-the-water training time.

- When you are taking a class, and receiving instruction
- When you are at home studying the material for a class you are taking, like this one
- A certified Auxiliary instructor preparing to teach a class for members
- You are at a C-School under orders, all your time, including sleeping

The following programs have their own mission code for training: Marine Safety, Emergency Management, Public Affairs, Aids Verifier, Health Care and Legal.

Resource Type = Unit/Individual
OPCON = Member’s District
Position = All members are Lead
Form = 7029

99E – ‘E’ = Everything Else

99E – Auxiliary Administrative/Logistical Support (U).
Report all time spent for Auxiliary and CG Support missions not otherwise reported on any other form or mission code. Include the time working on committees or attending meetings (if you are not an elected or staff officer). This includes time for preparation and travel.

99E is used to report time that is not reported in any other mission code or form

- Prep and Travel for CG Support Missions
  - Radio
  - Culinary
  - CG Admin
  - Operational Support
  - Chaplain Missions
- “Off Duty” time when working at a CG station (sleeping)
- Auxiliary members who attend a flotilla meeting but are NOT Flotilla Staff Officers.
- Unit Fellowship events, Change of Watch Ceremonies and Awards Ceremonies

Resource Type = Unit/Individual
OPCON = Member’s District
Position = All members are Lead
Form = 7029

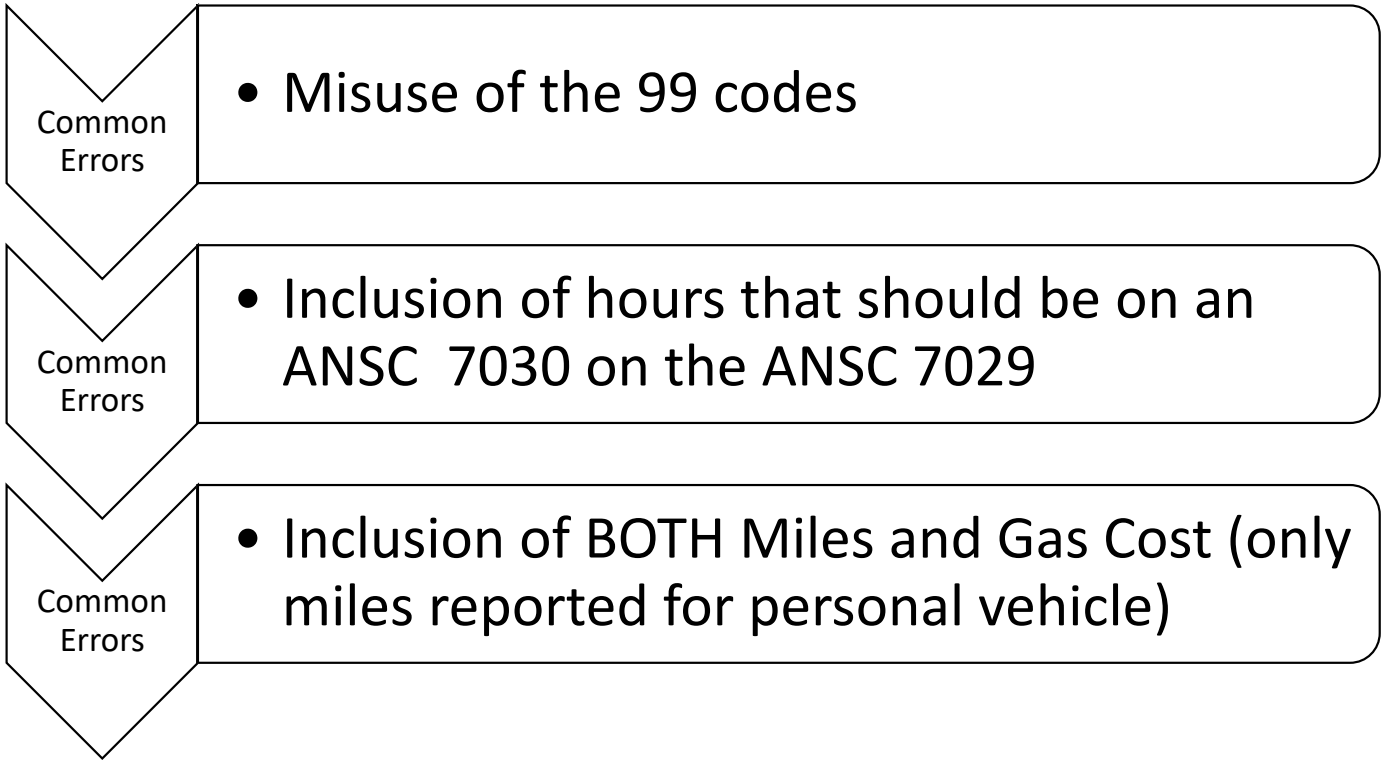
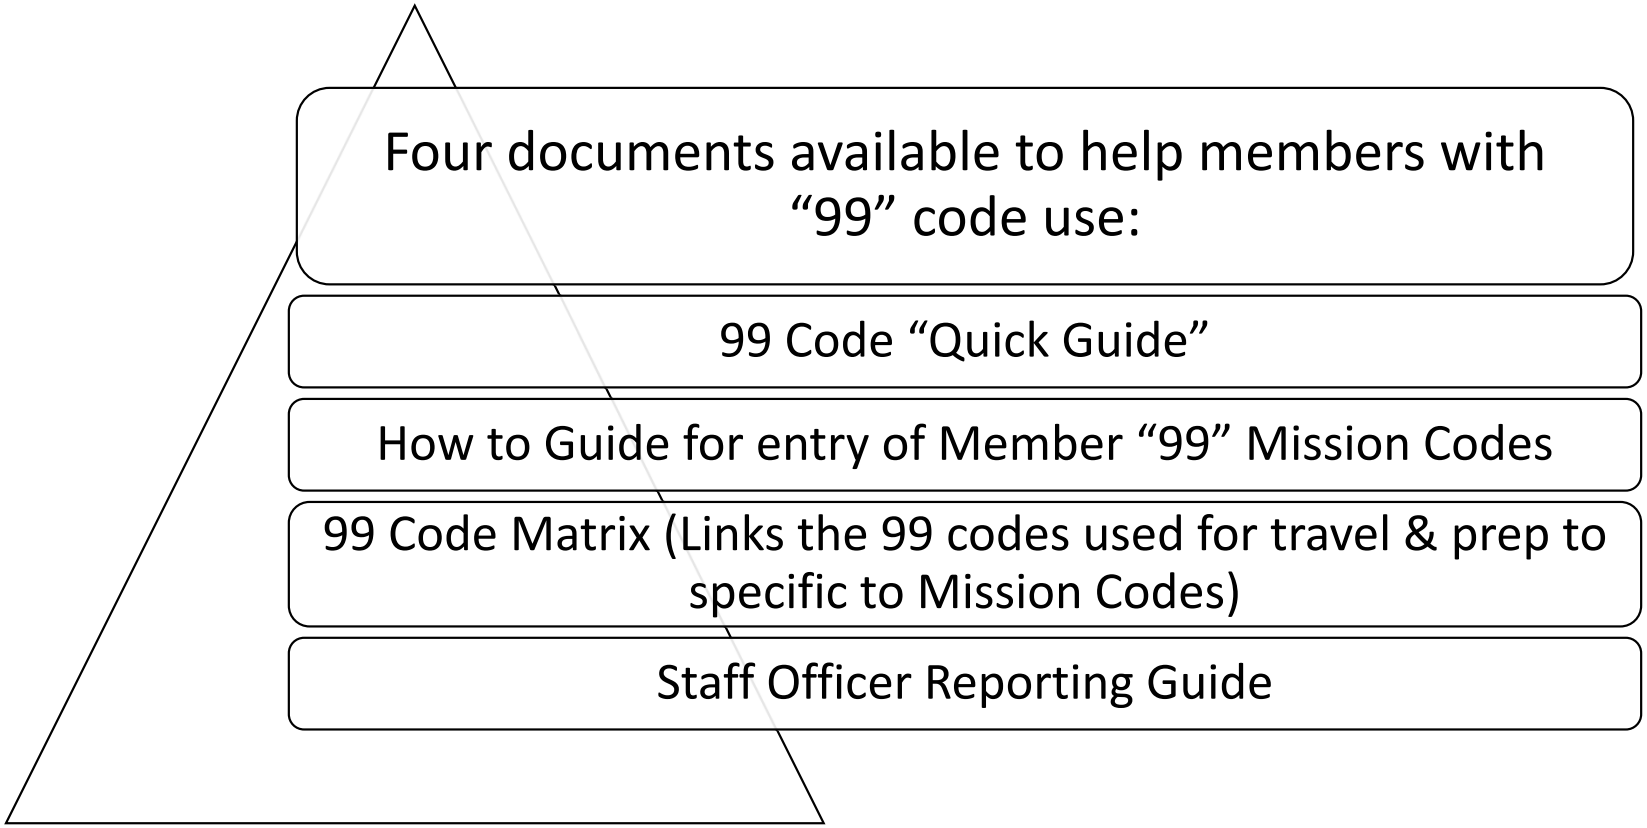
Common Errors



“99” Codes – Additional Guidance

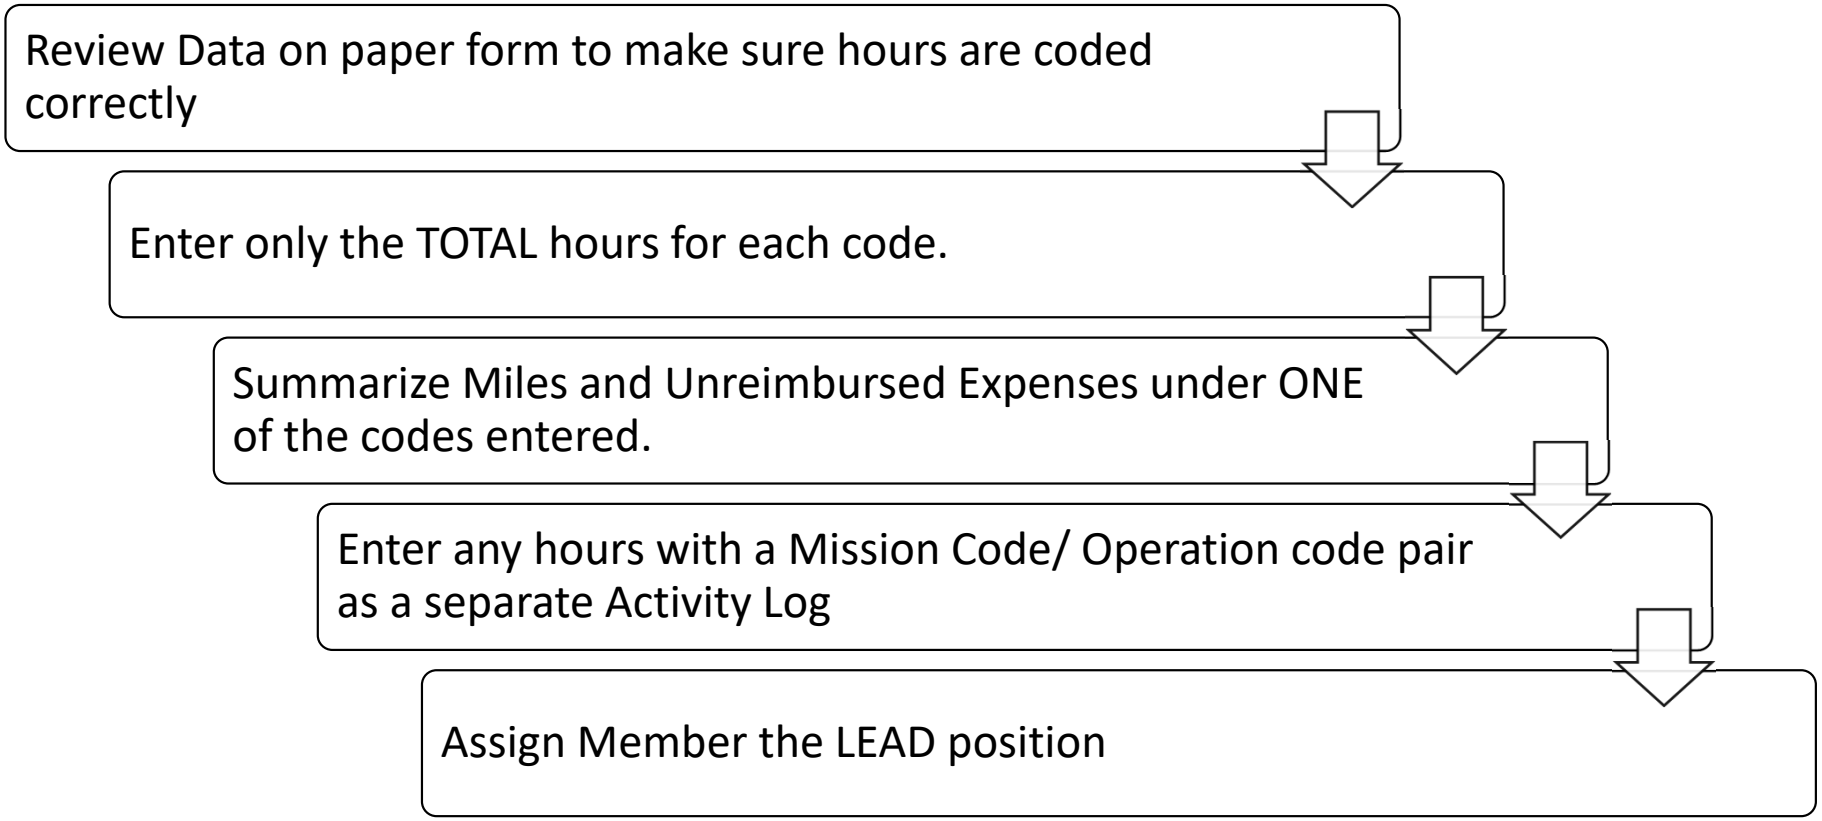


“99” Codes – Additional Guidance

Help your members to understand that the 7029 form, used to record their 99 hours, is a summary form. They can record activities on it all month and then total those hours at the end of the month to make one entry per category (i.e. 99A, 99B, etc.). Less active members may choose to record their hours quarterly.

You may encounter a member who uses AUXDATA II like a 7029, recording their activity every day. An active member may have twenty or more 99 entries in a month, which puts a lot of extra work on the IS Officer having to check and approve those entries. Gentle guidance is called for.

Mission Code 99 – Activity Log Entry



Mission Code 99 – Activity Log Entry

The same Activity Log format is used to enter the data from all our paper forms: ANSC 7029, 7030, 7038, 7039, 7046, and 7066.

Most Activity Logs require entries on only two screens or pages.

ANSC 7029 required fields include: Member Unit, OPCON, Mission Code, Date, Duration of Activity, Members involved, Position

Activity Log Entry – Live Demonstration

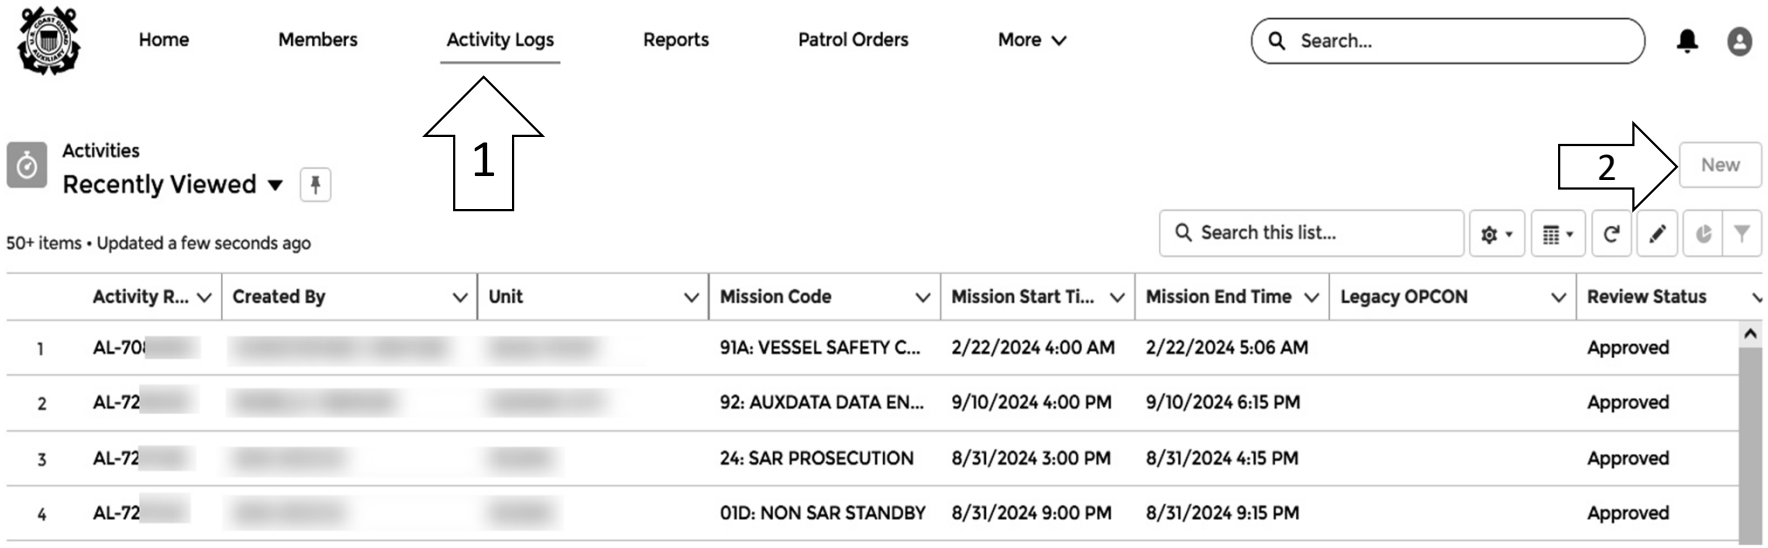
Mission Code 99 – Activity Log Entry

1. Click ‘Activity Logs’ → 2. Click on ‘New’

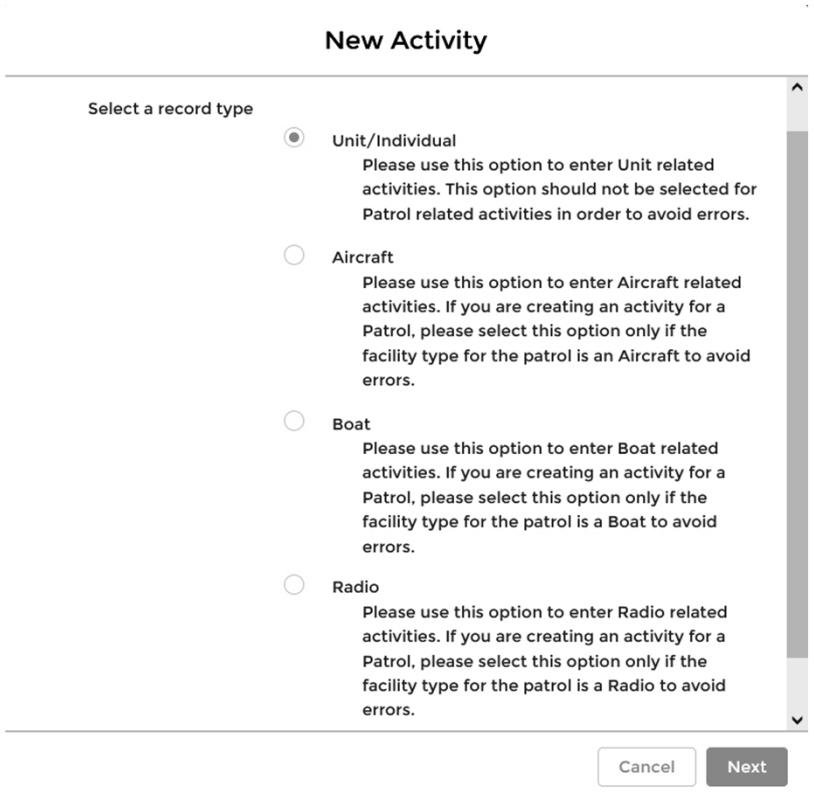


Select Resource

The Resource for Mission Code 99 activity will always be Unit/Individual.

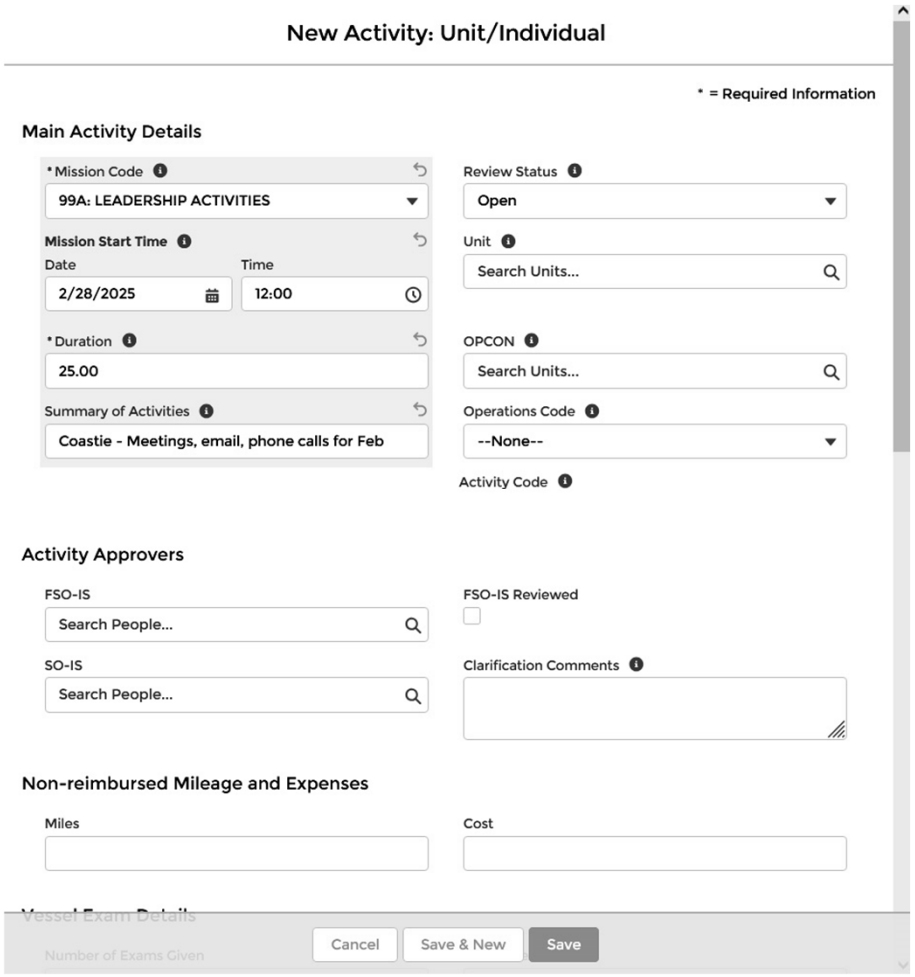
Do not make any changes on this screen

Click ‘Next’



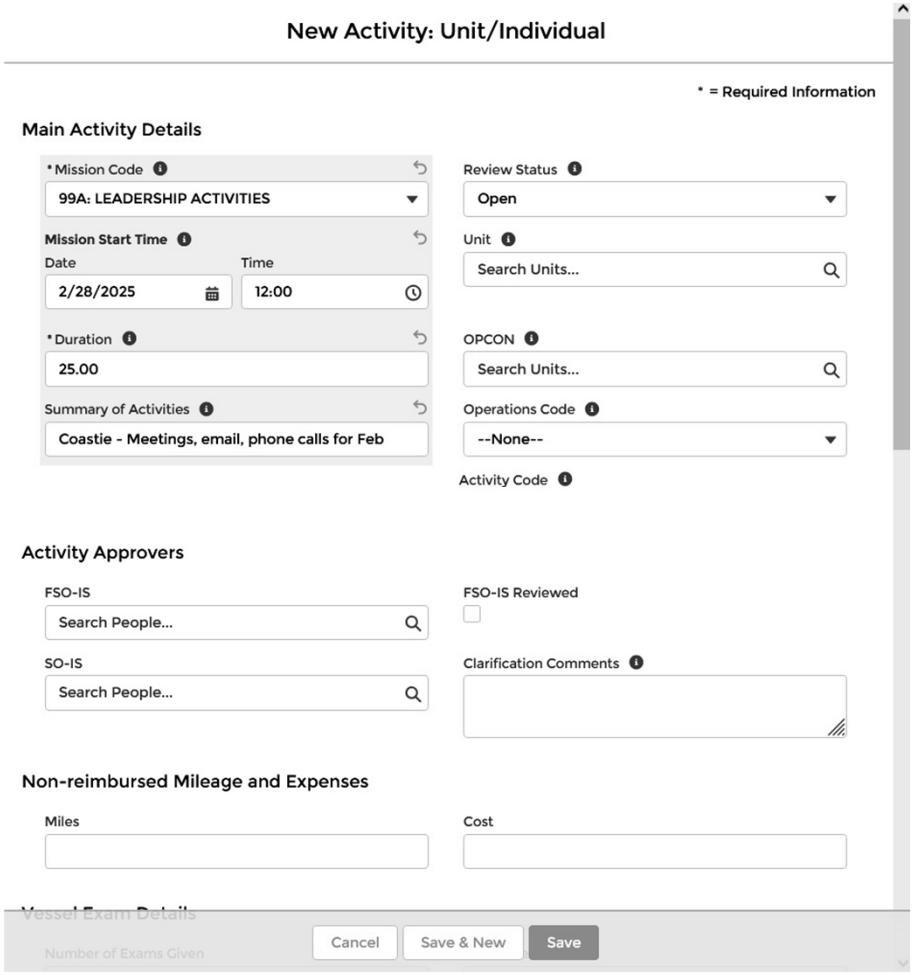
Enter Mission Information

Mission Code	Enter the appropriate Mission Code
Mission Start Time	Enter the date and time of the mission
Duration	Enter the duration of the mission
Summary of Activities	Enter the member's name and a brief description of the activity being reported



Enter Mission Information

Review Status	Leave at ‘Open’ Status
Unit	If entering for your flotilla, leave blank If entering for another flotilla, enter flotilla name
OPCON	If mission is an Auxiliary Support mission, leave blank If mission is a Coast Guard support mission, change to unit being supported
Operations Code	Enter the appropriate Operations Code Can be left blank if no Operations Code applies



Enter Mission Information - Details

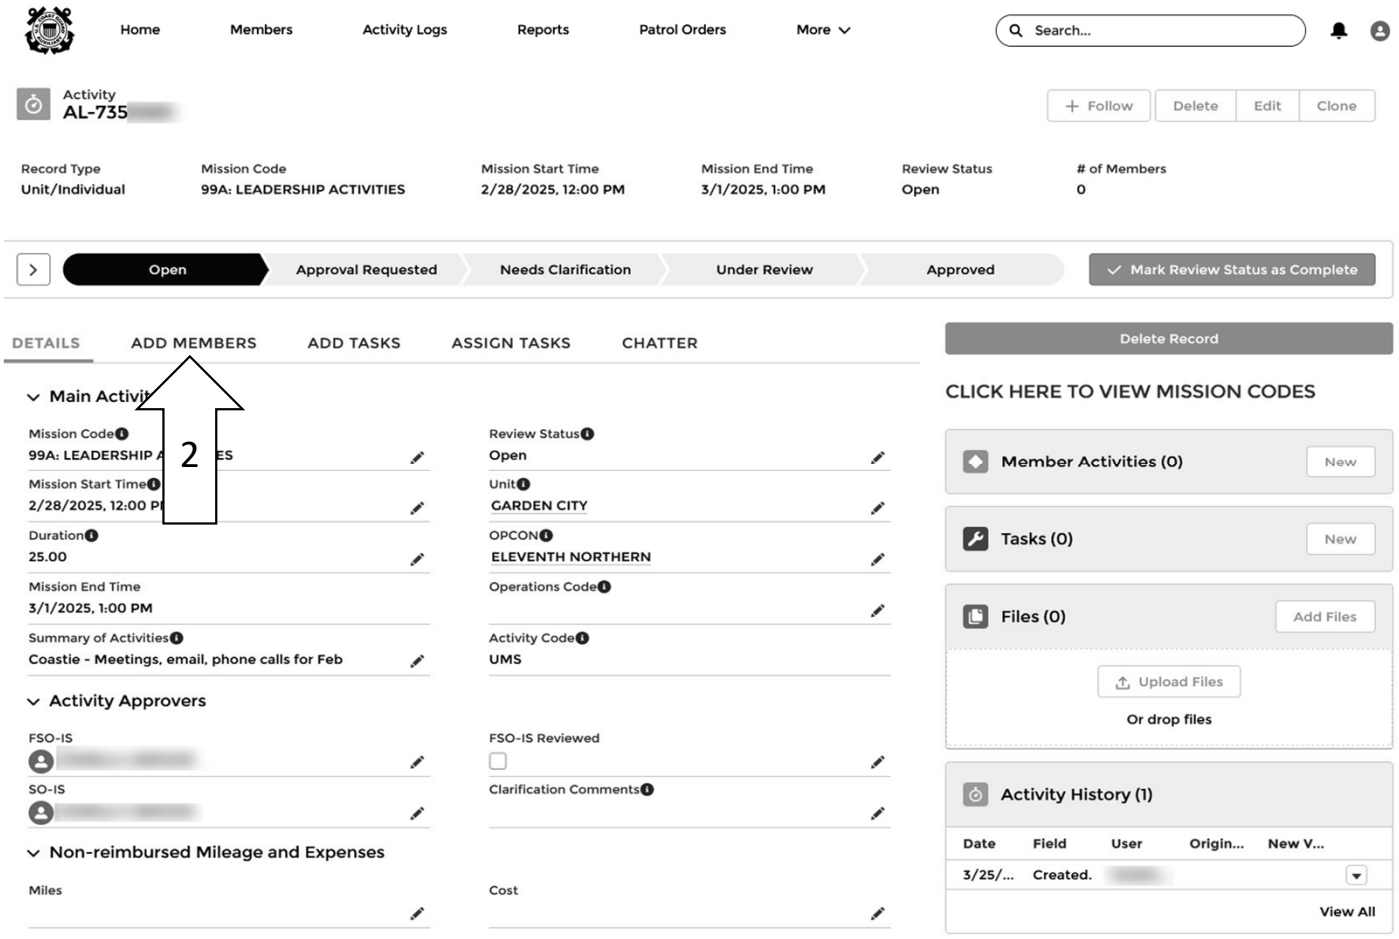
Scroll Down	Scroll down to Non-Reimbursed Mileage and Expenses
Non-reimbursed Mileage and Expenses	Miles – Enter Total miles Cost – Enter the cost May be left blank if no miles or expenses
Click ‘Save’	Click ‘Save’

Confirm Mission Information

After saving, the Activity Log Detail screen will appear

1. Review the information for accuracy.

2. To assign members to the mission, click on ‘ADD MEMBERS’



Add Members

1. Enter the member number(s) in the ‘Search User’ field. Hit ‘Enter’

2. Place a check mark next to the member(s) name to confirm.

3. Click ‘Add Members’

4. Assign the Position

5. Click ‘Update Activity Members’

Locate your flotilla members quickly by clicking ‘Get My Unit Members’

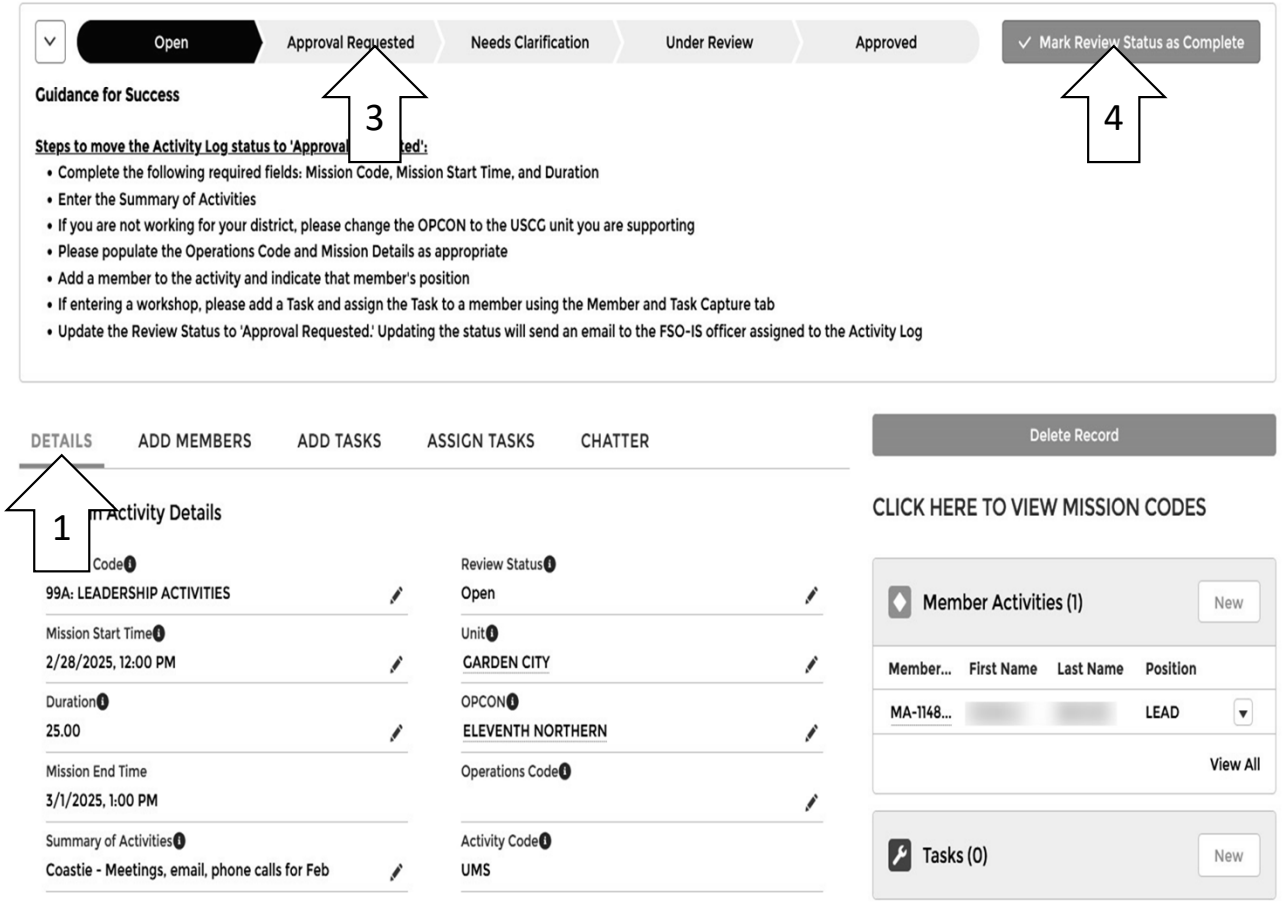
Submit for Approval

1. Click ‘Details’ to take you back to the Activity Log

2. Review

3. Select ‘Approval Requested’

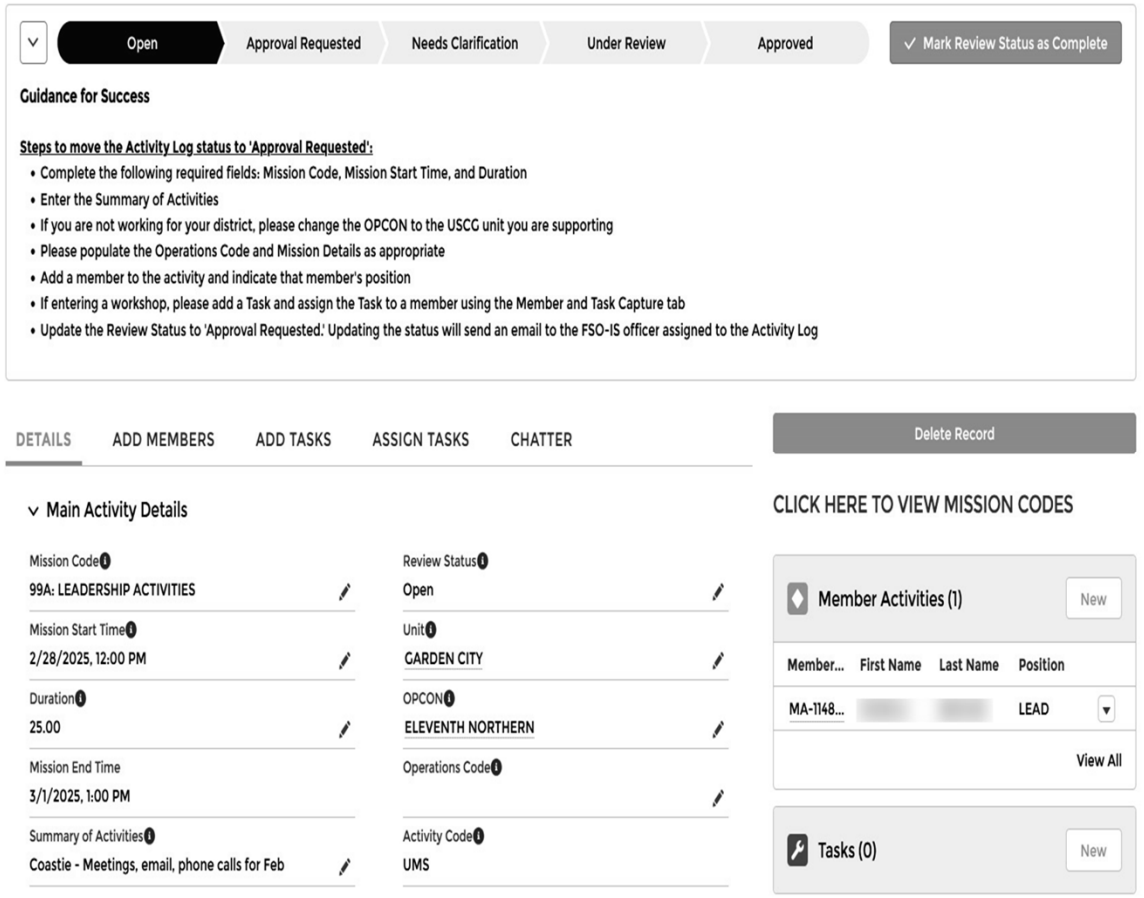
4. Click ‘Mark as Current Review Status’



Guidance for Success

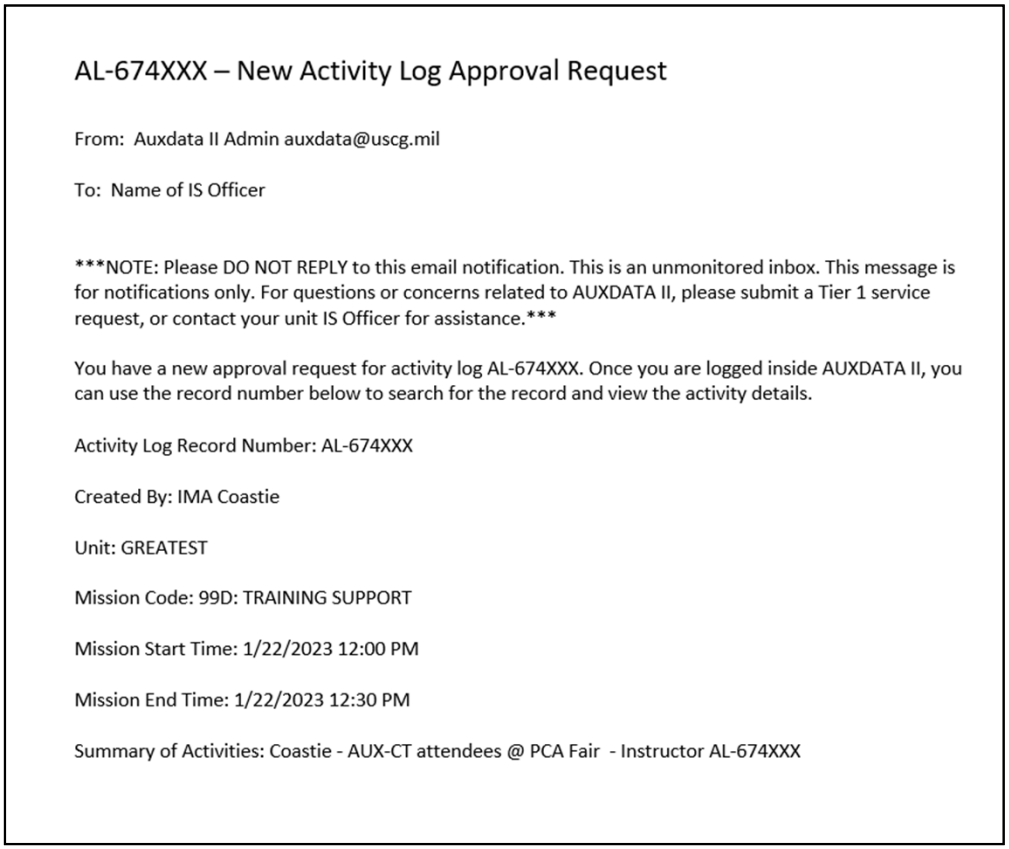
The Guidance for Success ribbon helps to determine how to move the Activity Log to the next phase of Approval.

Click the desired “Step” and click ‘Mark as Current Review Status’



Notification

The FSO-IS officer will automatically receive an email notification of an Activity Log Approval Request.



AL-674XXX – New Activity Log Approval Request

From: Auxdata II Admin auxdata@uscg.mil

To: Name of IS Officer

NOTE: Please DO NOT REPLY to this email notification. This is an unmonitored inbox. This message is for notifications only. For questions or concerns related to AUXDATA II, please submit a Tier 1 service request, or contact your unit IS Officer for assistance.

You have a new approval request for activity log AL-674XXX. Once you are logged inside AUXDATA II, you can use the record number below to search for the record and view the activity details.

Activity Log Record Number: AL-674XXX

Created By: IMA Coastie

Unit: GREATEST

Mission Code: 99D: TRAINING SUPPORT

Mission Start Time: 1/22/2023 12:00 PM

Mission End Time: 1/22/2023 12:30 PM

Summary of Activities: Coastie - AUX-CT attendees @ PCA Fair - Instructor AL-674XXX

Cloning an Activity Log

Cloning an Activity Log can save time when entering Activity Logs for the same person….provided:

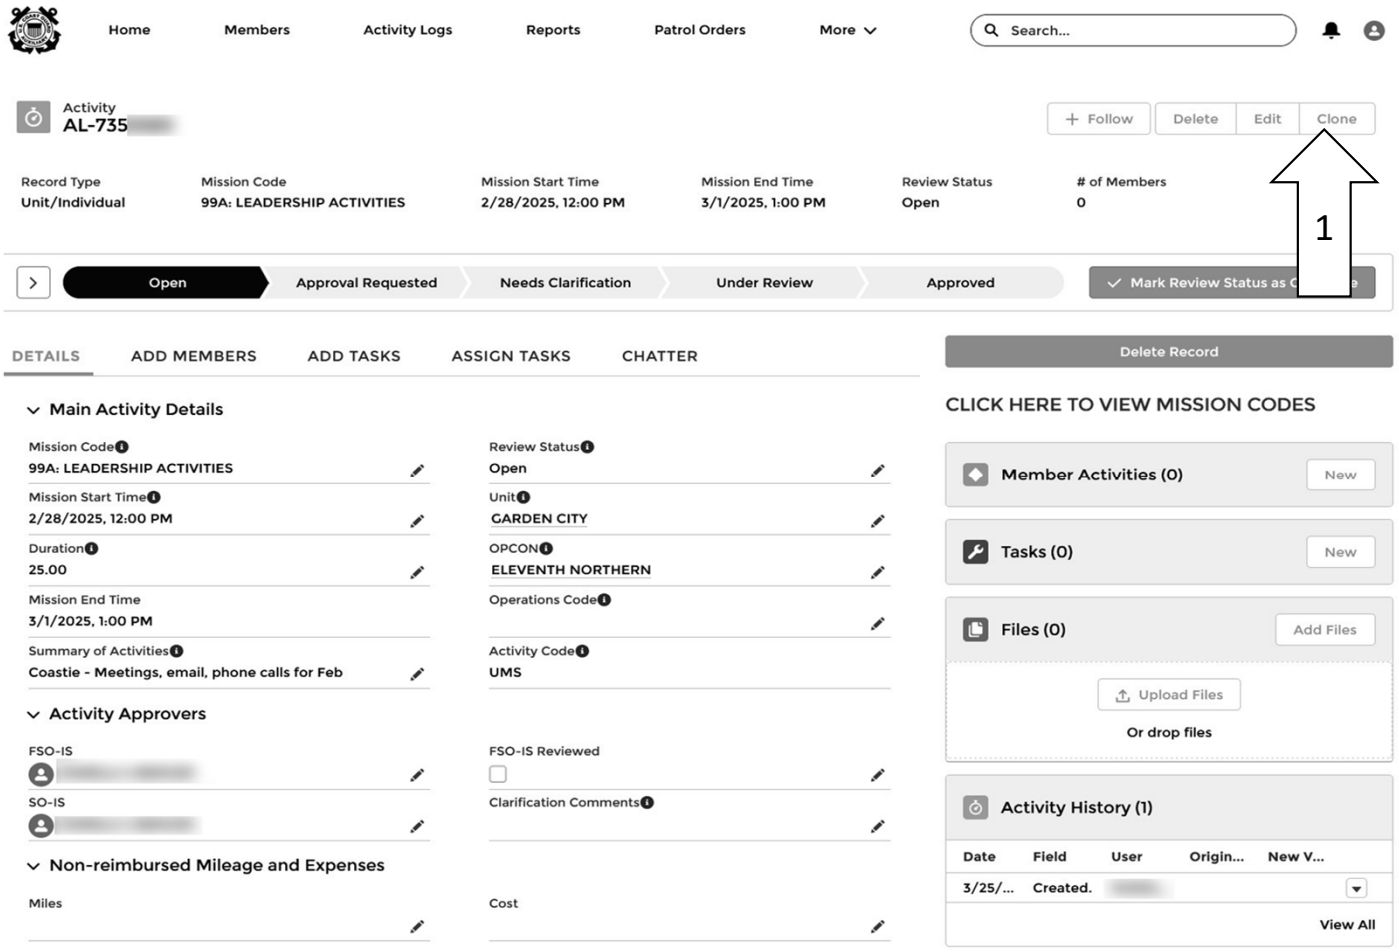
- There are no ‘Details’ associated with the Activity Log being cloned
- The Mission code does not require a competency.

Example:

- You have entered an Activity Log using a 99 mission code for a member, you can clone the Activity Log to generate a new one for a different 99 mission code.

Cloning an Activity Log

1. Click ‘Clone’



Cloning an Activity Log

When cloning an Activity Log, you must:	
Change	• Change the Mission Code
Change	• Change the Date if necessary
Change	• Change the Duration
Add/Remove	• Add/remove Operations Code if necessary
Add	• Add new ‘Summary of Activities’
Check	• Check Member Assignment
Change	• Change Status to ‘Approval Requested'

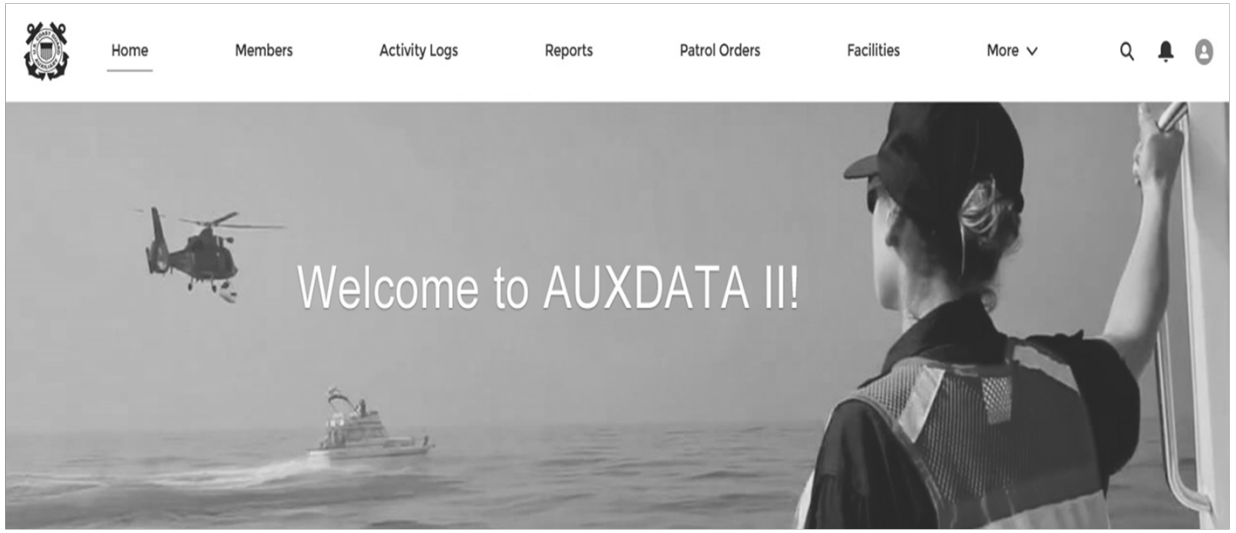
C-School



Program Visitor

Mission Code 11 and Form 7046

Mission Code 11 – Program Visits

11 – RBS Visitation Program (U) - Time spent conducting Program Visits by a Qualified Program Visitor (PV). Visitation time is only the time in the establishment updating the display or interacting with the location's management or customers.

- Lead or Trainee Positions only – No Non-Lead
- Report only the time in the establishment
- All travel time is reported as 99B
- The activity of a Trainee must be reported on a separate Activity Log (with qualified PV as lead)
- Enter total visits and hours
- If a form is submitted, enter using the date of the form

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead or Trainee
Form = 7046

Mission Code 11 – Program Visits

There are no NON-LEADS while conducting Program Visits.

If a qualified Program Visitor is assisted by another Auxiliary member, whether the other member is a qualified Program Visitor or not, the second member's time is recorded as 99B.

PV – Data We Collect and Report

- Hours
- Number of Program Visits

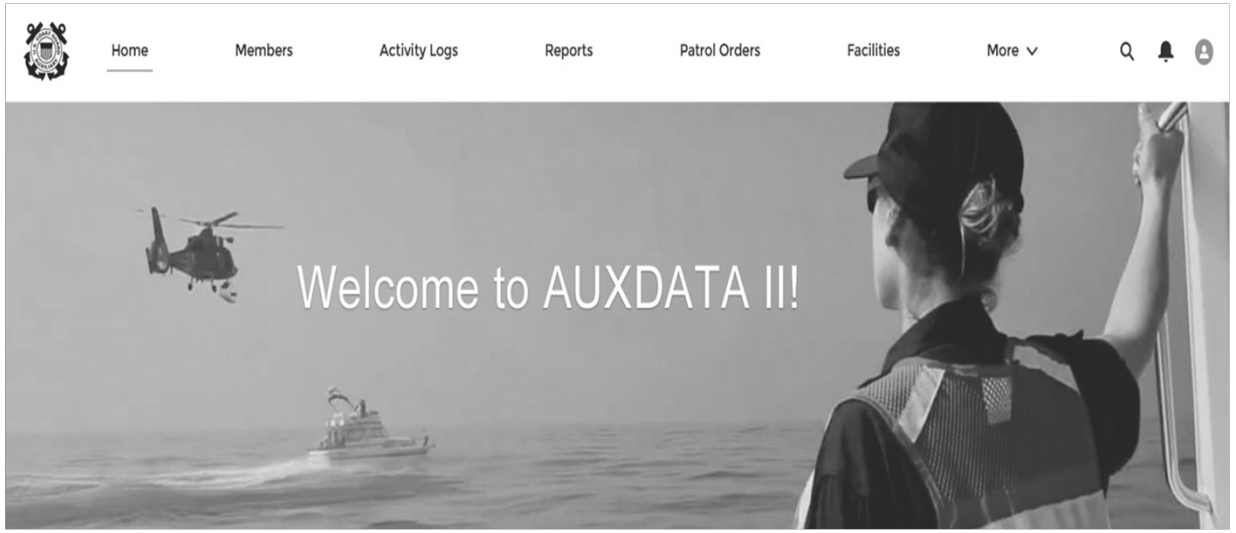
Questions?



Vessel Examiner

Mission Code 91A, 91B, 91H and Form 7038

Mission Code 91A – Vessel Safety Check

91A – Vessel Safety Check (U)
Time spent conducting Vessel Safety Checks on privately owned vessels.

- Lead or Trainee Positions only – No Non-Lead
- Report only the time conducting the VSC
- All travel time is reported as 99B
- The activity of a Trainee must be reported on a separate Activity Log (with qualified VE as lead)
- Enter total exams and hours
- If a form is submitted, enter using the date of the form

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead or Trainee
Form = 7038

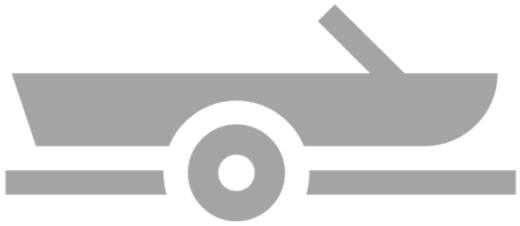
Mission Code 91B – Facility Inspections

91B – Vessel Safety Check Facility Inspection (U)
Time spent conducting Facility Inspections on operational facilities offered for use.

- Lead or Trainee Positions only – No Non-Lead
- Report only the time conducting the Facility Inspection
- All travel time is reported as 99B
- The activity of a Trainee must be reported on a separate Activity Log (with qualified VE as lead)
- Enter total exams and hours
- If a form is submitted, enter using the date of the form

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead or Trainee
Form = 7038

Mission Code 91B – Facility Inspections



If a facility offered for use does not pass a facility inspection, the exam is reported as a standard 91A VSC.

Mission Code 91H – Paddlecraft

91H – Vessel Safety Check Paddlecraft (U)
Time spent conducting Vessel Safety Checks on paddlecraft (kayaks, canoes etc.).

- Lead or Trainee Positions only – No Non-Lead
- Report only the time conducting the VSC
- All travel time is reported as 99B
- Enter total exams and hours
- If a form is submitted, enter using the date of the form

Paddlecraft Safety Checks cannot be used for the initial VE qualification

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead or Trainee
Form = 7038

Mission Codes 91A, 91B & 91H

There are no NON-LEADS while conducting ~~Vessel~~ Safety Checks.

If a qualified Vessel Examiner is assisted by another Auxiliary member, whether the other member is a qualified Vessel Examiner or not, the second member's time is recorded as 99B.

VSC – Data We Collect and Report

- Hours
- Number of Exams Given
- Number of Exams Passed
- Number of Failed Exams
- Number of 1st Time Exams
- Name of Member(s) involved in mission
- Failure Reasons

Failure Reasons

Failure Reasons Information

- Date of VSC
- State VSC conducted in
- Length of Vessel
- Type of Water
- Type of Vessel
- Primary Fail Reason 1
- Primary Fail Reason 2

- This information is tracked on the ANSC 7012 Vessel Safety Check form.
- This form is completed by the Vessel Examiner at the time of the Vessel Safety Check

SECTION III - FAILURE REASONS

DATE	STATE	POWER	LENGTH	WATER	TYPE	Primary Fail Reason 1.	PrimaryFail Reason 2.
02/08/25	CA	Gas	16' to 25'	Inland	OPEN	Fire Extinguisher	Display of Numbers
02/08/25	CA	Gas	26' to 39'	Inland	Cabin	Backfire Flame Arrestor	Sound Producing Device

COPY 1 - MEMBER

Public Affairs

Mission Codes 10A-10Q

Public Affairs Missions

The following information applies to all Public Affairs mission codes:

- All members are reported in the Lead Position
- Report only the time conducting the mission
- Enter the duration of the mission
- Enter using the mission date
- All prep and travel time is reported as 99B, unless otherwise noted

Mission Code 10A

10A – Collateral Development (U)
Time spent developing and creating articles, posters, web page content, ads, etc.

- Used to report hours working on material for the public
- Creating Posters
- Creating flyers, brochures, signs and pamphlets
- Creating material for the boat show

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code 10B

10B – Speeches/Talks(U)
Time spent researching and delivering a talk to a group.

- Used to report hours working on speeches for the public
  - Researching material
  - Writing the speech

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code 10C

10C – Broadcast Media(U)
Time spent researching, writing and participating, including interview, for a radio, TV or internet broadcast.

- Used for radio, TV, podcasts, Facebook Live, etc.
  - Researching data and information
  - Writing the script
  - Participating in an interview

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code 10D

10D – Website Maintenance(U)
Time spent researching, developing, altering or updating a USCG or CGAUX website or responding to web inquiries.

- Used for setting up and maintaining an Aux website
  - Researching
  - Developing, altering or updating
  - Responding to web inquiries

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code 10E

10E – USCG Public Affairs Augmentation (U)
Time spent augmenting active-duty public affairs activities as USCG HQ, a Joint Information Center (JIC), District, PADET, PIAT, a sector, station, USCG vessel and/or other venues or activities.

- Used for supporting the active-duty in Public Affairs
  - USCG HQ, Joint Information Center (JIC)
  - District, PADET, PIAT or Sector, Station or CG Vessel
- Conducted only at the request of the Coast Guard
- Use the OPCON of the CG unit being supported
- Requires the PA1 competency
- All prep & travel time is reported as 99E

Resource Type = Unit/Individual
OPCON = CG Unit being supported
Position = Lead
Form = 7030

Mission Code 10F

10F – Print Media (U)
Time spent researching, writing taking photographs, developing relationships and working with magazines, newspapers etc.

- Used for public access magazines and newspapers etc.
- Researching data and information
- Writing
- Taking Photographs
- Developing relationships

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code 10G

10G – Public Affairs Training (U)
Time spent researching, studying, doing OJT, oral boards, and/or practical exercises etc., leading to qualifying for any PA related training or PQS certification.

- Used to report training time that leads to a PA PQS
  - Researching
  - Studying
  - OJT (on-the-job training)
  - Oral Boards
  - Practical Exercises

PQS = Personal Qualification Standard

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code 10H

10H – New Media (U)
Time spent using New Media (interactive media, i.e., Facebook, LinkedIn, Twitter, etc.) for the Auxiliary or USCG.

- Used to report time using new media for the Auxiliary
  - Facebook
  - Instagram
  - LinkedIn
  - X (Twitter)

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code 10J

10J – COMREL (Community Relations) (U)
Time spent conducting Boat Shows, Coastie Visits, NSBW, Color Guard activities, parades, VSC blitzes and similar events.

- Used to report time at Auxiliary events interacting with the public.
  - Boat Show
  - Coastie Visits
  - NSBW (National Safe Boating Week)
  - Color Guard activities
  - Parades
  - VSC Blitzes

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code 10L

10L – Publications/Member Communications (U)
Time spent researching, writing, editing and publishing on-line or printed Auxiliary publications, including, newsletters, magazines, web content, WIKI's, blogs, etc.

- Used for Auxiliary access magazines and newsletters etc.
- Developing and creating articles
- Creating Posters
- Creating web page content

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code 10M

10M– Coast Guard Historian Office Support (U)
Time spent supporting and assisting the CG Historian's Office or for time spent on Auxiliary historian activities.

- Used for support and assisting the CG Historian's office
  - Use CG unit OPCON
- Used to report time on Auxiliary historian activities
  - Creating Aux unit photo albums or scrapbooks etc
  - Use members District for OPCON

Resource Type = Unit/Individual
OPCON = Varies (see above)
Position = Lead
Form = 7030

Mission Code 10N

10N– Auxiliary Musician (AUXMU) Performance Rehearsal (U)
Time spent by Auxiliarists who are qualified/designated as, or are in the process of qualifying/being designated as, any of the AUXMU competency levels…

- Used by Music Specialists or Pipe Band members for
  - Rehearsal for an upcoming event – not everyday practice at home
- Also used by Auxiliarists who, although not formally qualified/designated in the AUXMU program, nonetheless participate in preparation for an AUXMU performance as a result of invitation in accordance with the AUXMU SOP.

Resource Type = Unit/Individual
OPCON = Members District
Position = Lead
Form = 7030

Mission Code 10P

10P– Auxiliary Musician (AUXMU) Performance at Auxiliary Request(U)
Time spent by Auxiliarists who are qualified/designated as, or are in the process of qualifying/being designated as, any of the AUXMU competency levels, participating in an AUXMU performance at Auxiliary Request…

- Used for the time spent performing at an Auxiliary event or at the request of the Auxiliary
  - Funeral of Auxiliary member
  - Auxiliary Change of Watch or District Conference
  - Local Parades
- Also used by Auxiliarists who, although not formally qualified/designated in the AUXMU program, nonetheless participate in an AUXMU performance at Auxiliary request, as a result of invitation in accordance with the AUXMU SOP.

Resource Type = Unit/Individual
OPCON = Members District
Position = Lead
Form = 7030

Mission Code 10Q

10Q– Auxiliary Musician Performance Under Coast Guard Orders (U)

Time spent by Auxiliarists who are qualified/designated as, or are in the process of qualifying/being designated as any of the AUXMU competency levels, participating in an AUXMU performance under Coast Guard Orders…

- Used for the time spent performing at an event under Coast Guard orders
  - CG Change of Command
  - Parades at the request of the Coast Guard
- Prep and travel reported as 99E

- Also used by Auxiliarists who, although not formally qualified/designated in the AUXMU program, nonetheless participate in an AUXMU performance under Coast Guard orders, as a result of invitation in accordance with the AUXMU SOP.

Resource Type = Unit/Individual
OPCON = CG Unit being supported
Position = Lead
Form = 7030

Mission Code 10K

10K– Other PA Projects(U)
Time spent on other Public Affairs promotion or project/activity.

- Should be used as little as possible
- If a member uses this code, contact them to see if there is a more appropriate code that can be used

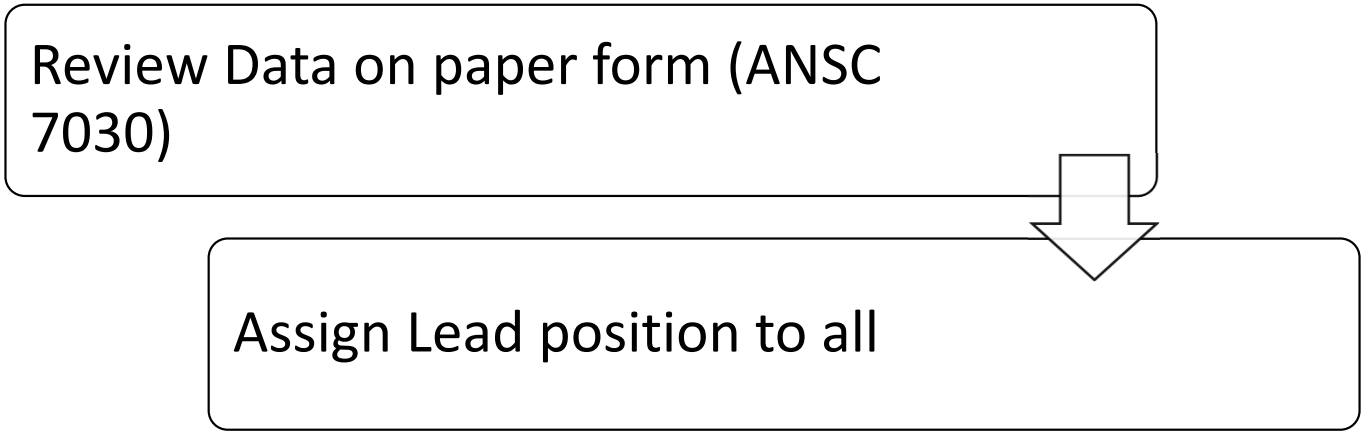
Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Public Affairs

The role of the IS officer is to carefully read the mission descriptions and help the members choose the appropriate code for the activity being performed.

It is the most important reason for encouraging members to fill in the ‘Summary of Activities’ field in AUXDATA II or the ‘Remarks’ section on the 7030. Knowing what the member did helps the IS Officer know if the correct code was chosen.

Mission Code 10 – Activity Log Entry



Mission Code 10 – Activity Log Entry

The same Activity Log format is used to enter the data from all our paper forms: ANSC 7029, 7030, 7038, 7039, 7046, and 7066.

Most Activity Logs require entries on only two screens or pages.

ANSC 7030 required fields include: Member Unit, OPCON, Mission Code, Date, Duration of Activity, PA Comments (Optional), Members involved, Position

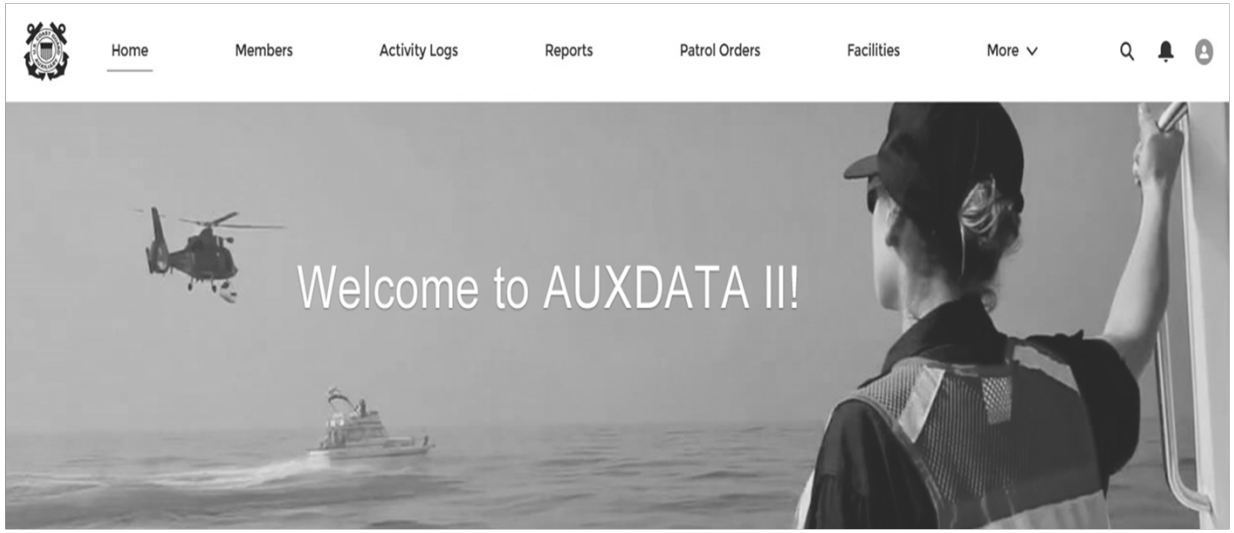
Questions?



Public Education

Mission Codes 14A-14W

Public Education Missions

The following information applies to all Public Education mission codes:

- Report only the time conducting the mission
- Enter the duration of the mission
- Enter using the mission date
- All prep & travel time is reported as 99B

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead, Non-Lead, Trainee
Form = 7030

Public Education Mission Codes

14A – Boat America *	14B – Boating Skills and Seamanship	14C – Sailing Skills and Seamanship	14D – GPS for Navigators	14E – Weekend Navigator
14F – Youth Courses	14G – Other	14H – State	14J – Paddlesports America	14K – Navegando America*
14L – Water N Kids	14M – Paddlers Guide to Safety	14N – Intro to Basic Boating Safety	14P – Suddenly in Command	14R – Waterfowl Hunting & Boating Safety
14S – Kids and Paddlecraft	14T – Boats 'N Kids	14U – Waypoints	14V – Introduccion Seguridad Navegacion	14W – Personal Watercraft Course

* = NASBLA Approved Course
(National Association of State Boating Law Administrators)

Paddle Sports

On-the-Water training is authorized to use 14J if the instructor is qualified as an AUXPAD, which requires ACA (American Canoe Association) certification.

Public Education

While presenting isolated boating safety topics to Yacht Clubs or Civic Groups is certainly a form of Public Education, it is not reported as such unless a full course is presented.

It is instead reported as Public Affairs – 10B (Speeches and Talks).

Team (Multiple Leads) Teaching

A new Activity Log entry is required every time a new Instructor takes the Lead role. For example:

#1 – From 1900 to 2000 Instructor A is Lead and Instructor B is Non-lead. An Activity Log is created for that hour listing both instructors with their positions noted.

#2 – From 2000 to 2100 Instructor B assumes the Lead and Instructor A is Non-lead. A second Activity Log is generated for the second hour, and again, both instructors are listed with their positions noted.

Additional PE Details

In addition to:	Last Class?	Instruction Method:
• Resource (U) • Unit (Flotilla of Lead instructor) • Date/Time/Duration • Members Involved • Summary of Activities	• Was this the last class of the PE course? • The last chapters were taught, and the exam given	• In Person • Virtual • Hybrid

Additional PE Details

Enrollee and Graduate information is provided at the end of a course. Click on ‘Section V’ to activate and enter the information.

Position = Lead
Form = 7030

Mission Code 08B

08B – CGIS Support (U)
Time spent assisting CGIS in support of their programs, projects, and activities Can be at CGIS HQ, a CGIS field office, a CGIS investigative site, or conducted remotely.

- At the request of the Coast Guard
- Training time should be reported as 99D
- Prep and travel time should be reported as 99E

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

Mission Code 08C

08C – Coast Guard Task Force Investigation Support (U)
Time spent assigned to a Coast Guard sanctioned task force. The Auxiliarist must be assigned to the task force and authorized by CG leadership to provide investigatory support on behalf of the task force.

- Must be authorized by CG leadership.
- Training time should be reported as 99D
- Prep and travel time should be reported as 99E

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

Mission Code 08D

08D – Personnel Security Investigation Support (U)
Time spent conducting or supporting the conduct of PSIs on any member of the Coast Guard or Coast Guard Auxiliary…

- The Auxiliarist must be assigned and authorized in writing (email acceptable) by the Coast Guard to conduct such PSIs.
- Authorization from the CHDIRAUX office; a DIRAUX office; a CGIS office; the Coast Guard Security Center (SECCEN)
- Training time should be reported as 99D
- Prep and travel time should be reported as 99E

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

Mission Code 08E

08E – Auxiliary Investigation Support (U)
Time spent conducting or supporting the conduct of authorized investigations on any member or activity of the Coast Guard Auxiliary…

- The Auxiliarist must be assigned and authorized in writing (email acceptable) by Coast Guard or Auxiliary Leadership to perform such activity.
- e.g., a Flotilla Commander; a District Captain; a DIRAUX; a Sector Command)
- This includes time spent conducting, assisting, reviewing, analyzing, and reporting on information and documentation of an investigation and/or its findings.
- Training time should be reported as 99D
- Prep and travel time should be reported as 99E

Resource Type = Unit/Individual
OPCON = Member's District or CG Unit Supported
Position = Lead
Form = 7030

Mission Code 92

92 – AUXDATA Data Entry (U)
Time spent entering data into AUXDATA II as an FSO/SO-IS authorized user.

- Only used by IS Officers
- Only when entering or approving Activity Logs
- Other IS duties are reported as 99A.
  - Generating reports
  - Checking competencies
  - Assisting members with interpreting codes

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code 07A

07A – Watchstanding (U)

Use for any type of watch, other than radio watch, at a CG Unit.

- **NOT to be used for Radio Watch which is 22B**
- Gate Watch
- Phone and reception
- Welcoming visitors on boat/cutter tours
- Welcoming visitors to base for Open House activities such as Coast Guard Day
- At the request of the Coast Guard
- Can be either ashore or aboard a CG boat or Cutter

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

Mission Code 07B

07B – QE Shore Side Checks (U)
All QE's (Qualification Examiners) are to use this entry for performing shore side check-offs and oral boards.

- Used only by Qualification Examiners (QE) when conducting shore side check-offs and oral boards for Coxswain, Crew or PWC Operator

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code 07C

07C – QE Underway Checks (U)
All QE's (Qualification Examiners) are to use this entry for performing underway evaluations/checkrides. To include Operational Excellence evaluations.

- Used only by Qualification Examiners (QE) when conducting underway evaluations/checkrides for Coxswain, Crew or PWC Operator
- Also used for Operational Excellence evaluations.
- Time counts towards the underway requirements for the QE's Coxswain competency.

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code 07D

07D – CG Operational Support (U)
Any CG Support mission not otherwise reported by another Mission Code, including but not limited to:

- Coast Guard support missions including:
  - Working at CG ATON units and DPW
  - Logistics Support
  - Area familiarization by a non-facility
  - Front End Analysis
  - Officer of the Day duties
- At the request of the Coast Guard
- Exception: MS or MEP support use 70C

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

Mission Code 20A

20A – CG Communications Augmentation (AUGCOM) (R)
Time spent in providing Global Maritime Distress and Safety System (GMDSS) and contingency operational radio support utilizing an accepted Auxiliary Radio Facility...

- Missions must by authorized by CG COMMCOM or a CG Sector or Unit.
- Operators must be TCO certified
- Lead Operator must have AUGCOM mission approval
- Mission time is only reported for when the facility is manned and ready for operator intervention.

Resource Type = Radio
OPCON = CG Unit Supported
Position = Lead
Form = 7030

Mission Code 20B

20B – Radio Watchstander (U)
Time spent as a CG certified Watchstander at a Coast Guard unit when specifically assigned to duty by the Coast Guard.

- Must receive training for Radio Watchstander and a Letter of Designation from the specific unit being supported
- Only at the request of the Coast Guard
- The CG OIA, by name, shall be noted in the 'Remarks' or in the 'Summary of Activities' field in AUXDATA II.

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

Mission Code 20C

20C – Auxiliary Radio Operations/Net(R,U)
Time spent as a TCO at an Auxiliary fixed land, land mobile, transportable or portable radio station. Time on an authorized Auxiliary Net is also reportable.

- Radio Guard for facilities on patrol
- Authorized Radio Net
- Must be assigned to duty by the Coast Guard or appropriate Auxiliary officers.
- If multiple TCO operators are authorized, one shall be designated Lead and all others as Non-lead
- The CG OIA, by name, shall be noted in the 'Remarks' or in the 'Summary of Activities' field in AUXDATA II.

Resource Type = Radio or Unit/Individual
OPCON = CG Unit Supported / Default District for Net
Position = Lead or Non-lead
Form = 7030

Mission Code 20D

20D – Communications Equipment Setup and Maintenance (R,U)
Time spent obtaining, delivering, setting up, installing, maintaining, and demobilizing Auxiliary radio facility equipment.

- Transport and set up of Mobile Communications units
- Configuring High Frequency Radios

Resource Type = Radio or Unit/Individual
OPCON = Member's Default District
Position = Lead
Form = 7030

Mission Code 20M

20M – Auxiliary Communications Monitoring (AUXMON)(R,U)
Time spent at a Coast Guard Auxiliary authorized radio facility, monitoring specified Coast Guard or other communications as AUXMON program participants.

- This facility must be continuously manned or monitored during the period reported.
- Monitoring High Frequency CG Marine broadcasts for accuracy.
- Must have Letter of Designation
- Only at the request of the Coast Guard

Resource Type = Radio or Unit/Individual
OPCON = CG Unit being supported
Position = Lead
Form = 7030

Mission Code 22C

22C – Instructor for CG Courses (U)
Time spent as an instructor for any Coast Guard active-duty, civilian or reserve courses. All instructors must be fully qualified as an Auxiliary Instructor.

- Risk Management/TCT Refresher Course
- First Aid/CPR Class

Resource Type = Unit/Individual
OPCON = CG Unit being supported or Member's Default District
Position = Lead or Non-Lead
Form = 7030

Mission Code 22C - Continued

If both Coast Guard (active-duty, civilian or reserve) and Auxiliary personnel are students in the course being taught, the mission code will vary:

Mission Code 22C	Mission Code 06 (A or B)
• If the Coast Guard initiated the course. The course is being presented at the request of the Coast Guard and Auxiliary members are invited to participate	• If the Auxiliary has initiated the course and has invited Coast Guard participation. • Mission Code 06A or 06B as appropriate
OPCON = CG Unit being supported	OPCON = Member's Default District

Mission Code 22D

22D – Sector Coordinator (U)
Time spent in performing the duties of an Auxiliary Sector Coordinator.

- Represent the Auxiliary at Sector meetings
- Liaison between Coast Guard and Auxiliary
- Usually one coordinator per Sector per District
- Each day requires a separate Activity Log

Resource Type = Unit/Individual
OPCON = CG Unit being supported
Position = Lead
Form = 7030

Mission Code 26

26 – CG Crew Augmentation or Non-Augmentation (U)

Time spent airborne as a certified Auxiliary Pilot, Air Crewmember, or Air Crew Observer onboard a CG Aircraft in a non-augmentation role or time spent underway as an Active Duty certified Boat Crewmember or Engineer onboard a standardized CG small boat (i.e. 45 RBM, 29 RBS, TANB) in an augmentation role…

- …Or as a certified Auxiliary Coxswain or Auxiliary Crewmember underway onboard a standardized CG small boat (i.e. 45 RBM, 29 RBS, TANB) in a non-augmentation role
- Member must hold Coast Guard Boat Crew or Air competency or an Auxiliary Boat Crew or Air competency.
- DO NOT use for CG Cutter or Shore support (use 07D).
- All time is to be reported as non-lead or trainee.
- Not used to report AUXCA (Culinary Assistant) time.
- Getting a ride on a Coast Guard vessel is NOT 26 time!

Resource Type = Unit/Individual
OPCON = CG Unit being supported
Position = Non-Lead, Trainee
Form = 7030

Mission Code 27

27 – SR-UAS (U) (Short Range-Unmanned Aircraft Systems)
Time spent as an AUXUAS-SRRP or trainee conducting operations or training for the Active Duty Short-Range Unmanned Aircraft Systems (SR-UAS) program.

- Operations and/or training must be approved by the SR-UAS Active Duty unit.
- Member must pass the FAA Part 107 knowledge test and obtain a Remote Pilot Certificate.
- This is not flying your personal drone!

Resource Type = Unit/Individual
OPCON = Sector
Position = Lead or Trainee
Form = 7030

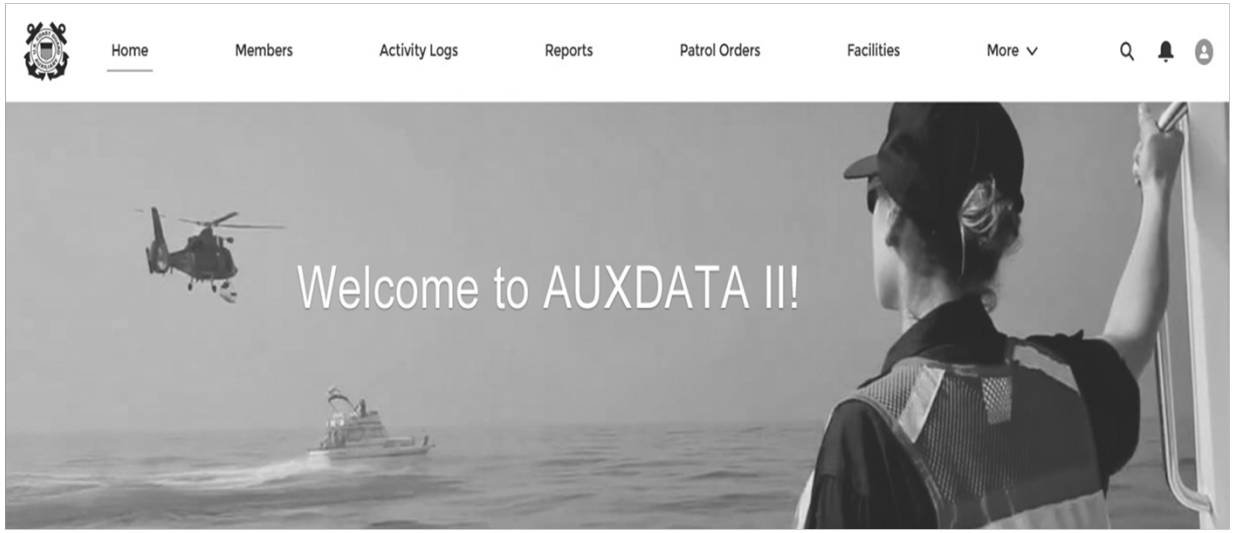
Mission Code – Activity Log Entry

The same Activity Log format is used to enter the data from all our paper forms: ANSC 7029, 7030, 7038, 7039, 7046, and 7066.

Most Activity Logs require entries on only two screens or pages.

ANSC 7030 required fields include: Member Unit, OPCON, Mission Code, Date, Duration of Activity, Members involved, Position

Questions?



Culinary Assistance

Mission Codes 96A & 96B

Culinary Assistant Missions

The following information applies to all Culinary Assistant mission codes:

- Report only the time conducting the mission
- Enter the duration of the mission
- Enter using the mission date
- All prep & travel time is reported as 99E
- Each day requires a separate Activity Log

Mission Code – 96A

96A – Auxiliary Culinary Assistant (AUXCA-1) Support to Coast Guard Unit(U)
Time spent by Auxiliarists who are qualified as an AUXCA-1 performing authorized culinary assistant support to a Coast Guard unit…

- Cooking at a Coast Guard unit or aboard a CG Cutter
- Record only the actual Culinary Assistant duties
- Prep and Travel is reported as 99E

- To be used by Auxiliarists who are qualified as AUXCA-1 or are in the process of being qualified as an AUXCA-1 and are under supervision of a qualified AUXCA-1, AUXCA Instructor (AUXCA-IT) or Coast Guard Culinary Specialist (CS2 or above).

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead, Trainee
Form = 7030

Culinary Assistants – CA-1

Reporting time ashore or aboard a ship:	
Ashore Time No more than 19 hours a day can be recorded.	Ship Time When serving on a CG Cutter that is underway, up to 24 hours a can be recorded.

Mission Code – 96B

96B – Auxiliary Culinary Assistant (AUXCA-1/2) Support to Auxiliary Unit(U)
Time spent by Auxiliarists who are qualified as an AUXCA-1 or AUXCA-2 performing authorized culinary assistant support to an Auxiliary unit…

- Cooking at an Auxiliary Event (Flotilla or District meeting)
- Record only the actual Culinary Assistant duties
- Prep and Travel is reported as 99E

- To be used by Auxiliarists who are qualified as AUXCA-1 or AUXCA-2 or are in the process of being qualified as an AUXCA-1 or AUXCA-2 and are under supervision of a qualified AUXCA-1, AUXCA Instructor (AUXCA-IT) or Coast Guard Culinary Specialist (CS2 or above).

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead, Trainee
Form = 7030

Mission Code 96A & 96B – Activity Log Entry

The same Activity Log format is used to enter the data from all our paper forms: ANSC 7029, 7030, 7038, 7039, 7046, and 7066.

Most Activity Logs require entries on only two screens or pages.

ANSC 7030 required fields include: Member Unit, OPCON, Mission Code, Date, Duration of Activity, Members involved, Position

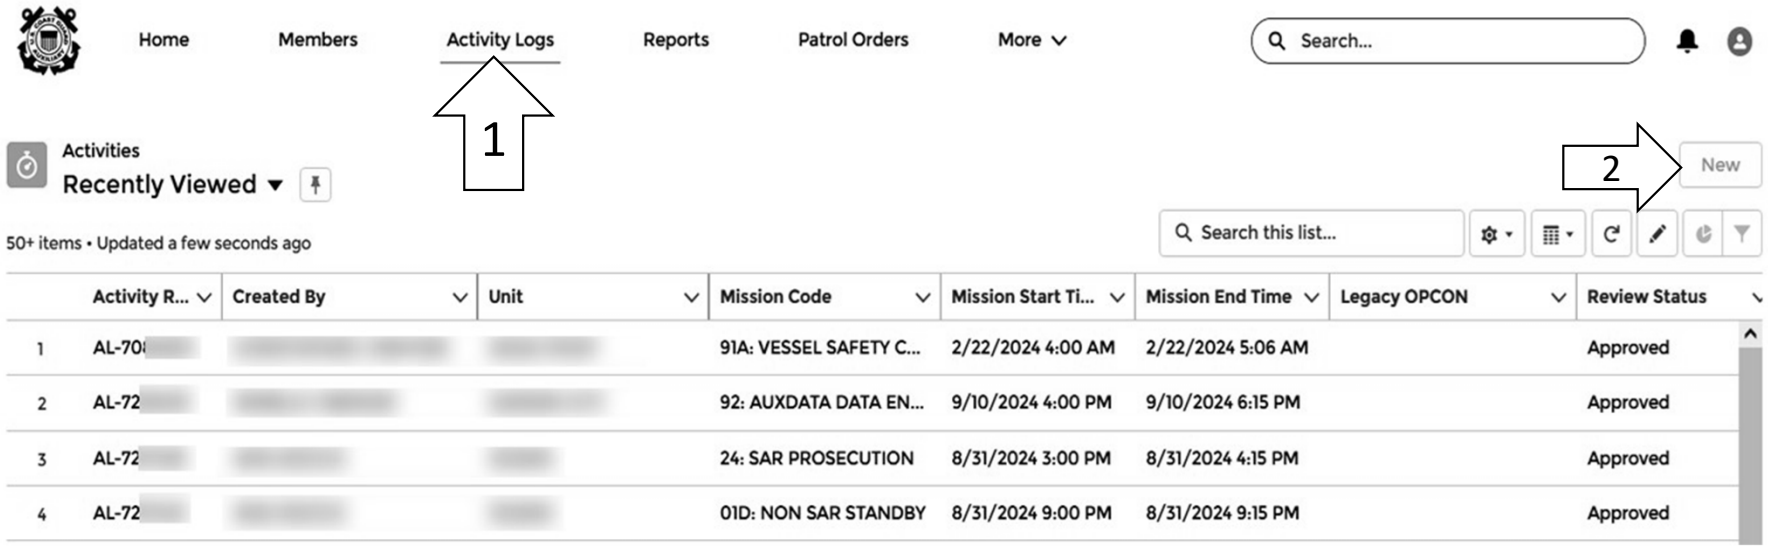
Activity Log Entry – Live Demonstration

LIVE DEMONSTRATION

Mission Code 96A – Activity Log Entry

1. Click ‘Activity Logs’

2. Click on ‘New’

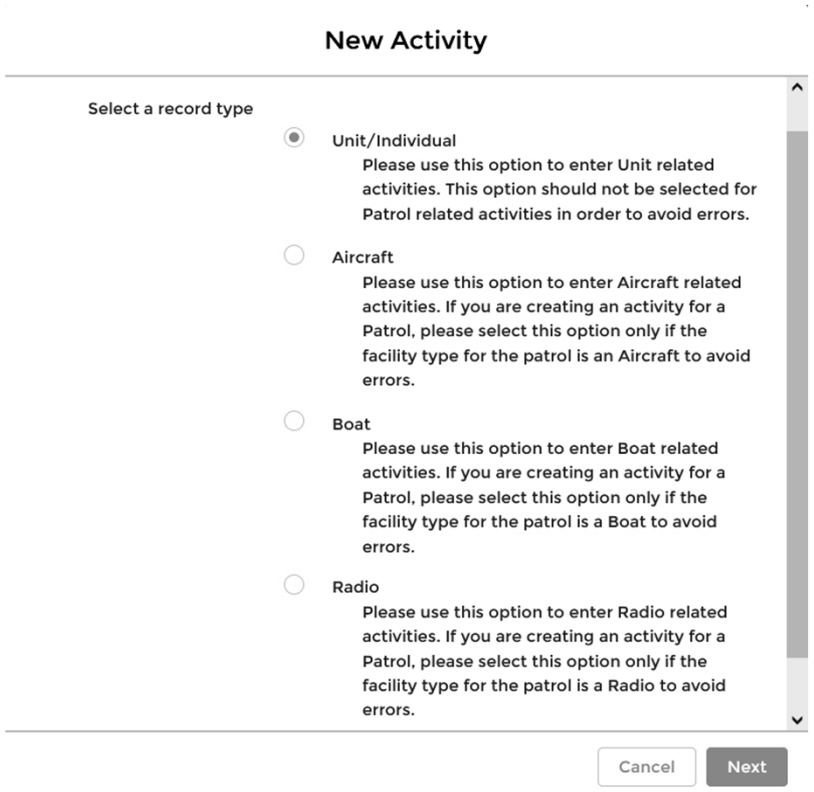


Select Resource

The Resource for Mission Code 96A activity will always be Unit/Individual.

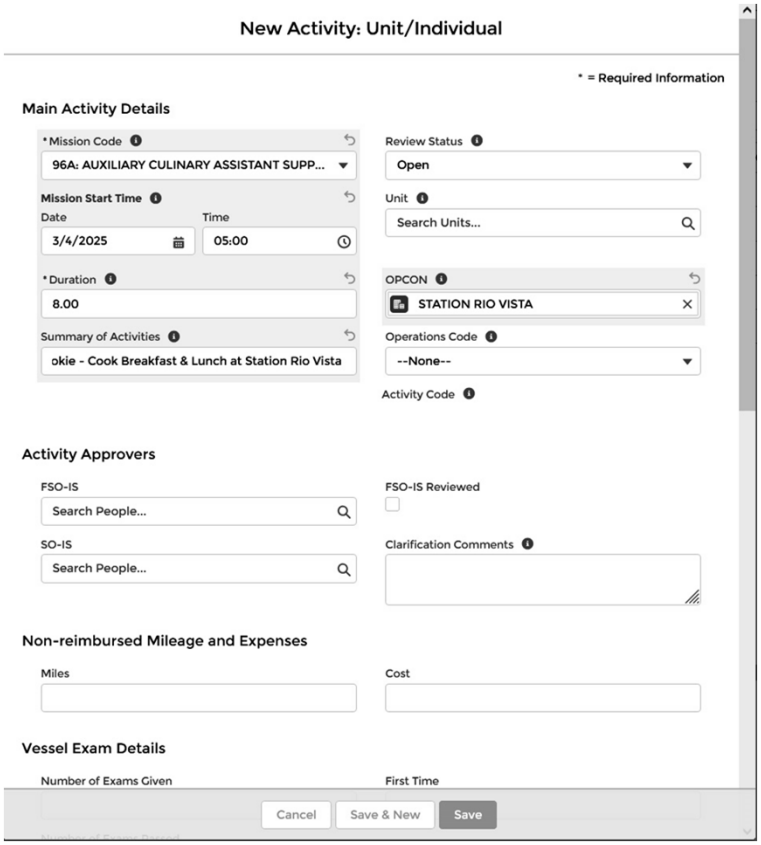
Do not make any changes on this screen

Click ‘Next’



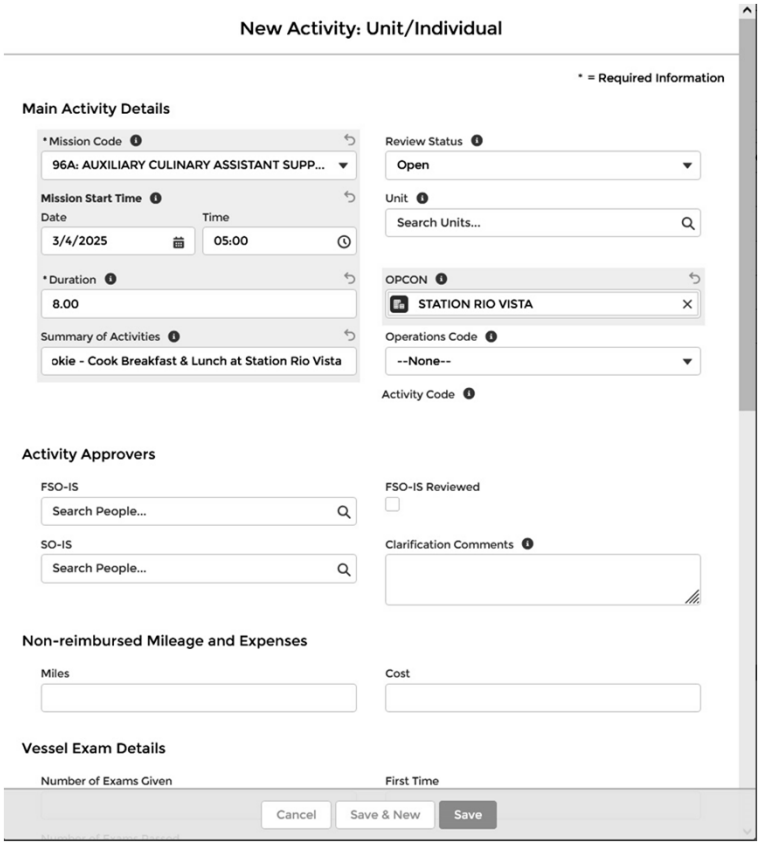
Enter Mission Information

Mission Code	Enter the appropriate Mission Code
Mission Start Time	Enter the date and time of the mission
Duration	Enter the duration of the mission
Summary of Activities	Enter the member's name and a brief description of the activity being reported



Enter Mission Information

Review Status	Leave at ‘Open’ Status
Unit	If entering for your flotilla, leave blank If entering for another flotilla, enter flotilla name
OPCON	96A is a Coast Guard support mission, change to unit being supported
Operations Code	Enter the appropriate Operations Code Can be left blank if no Operations Code applies

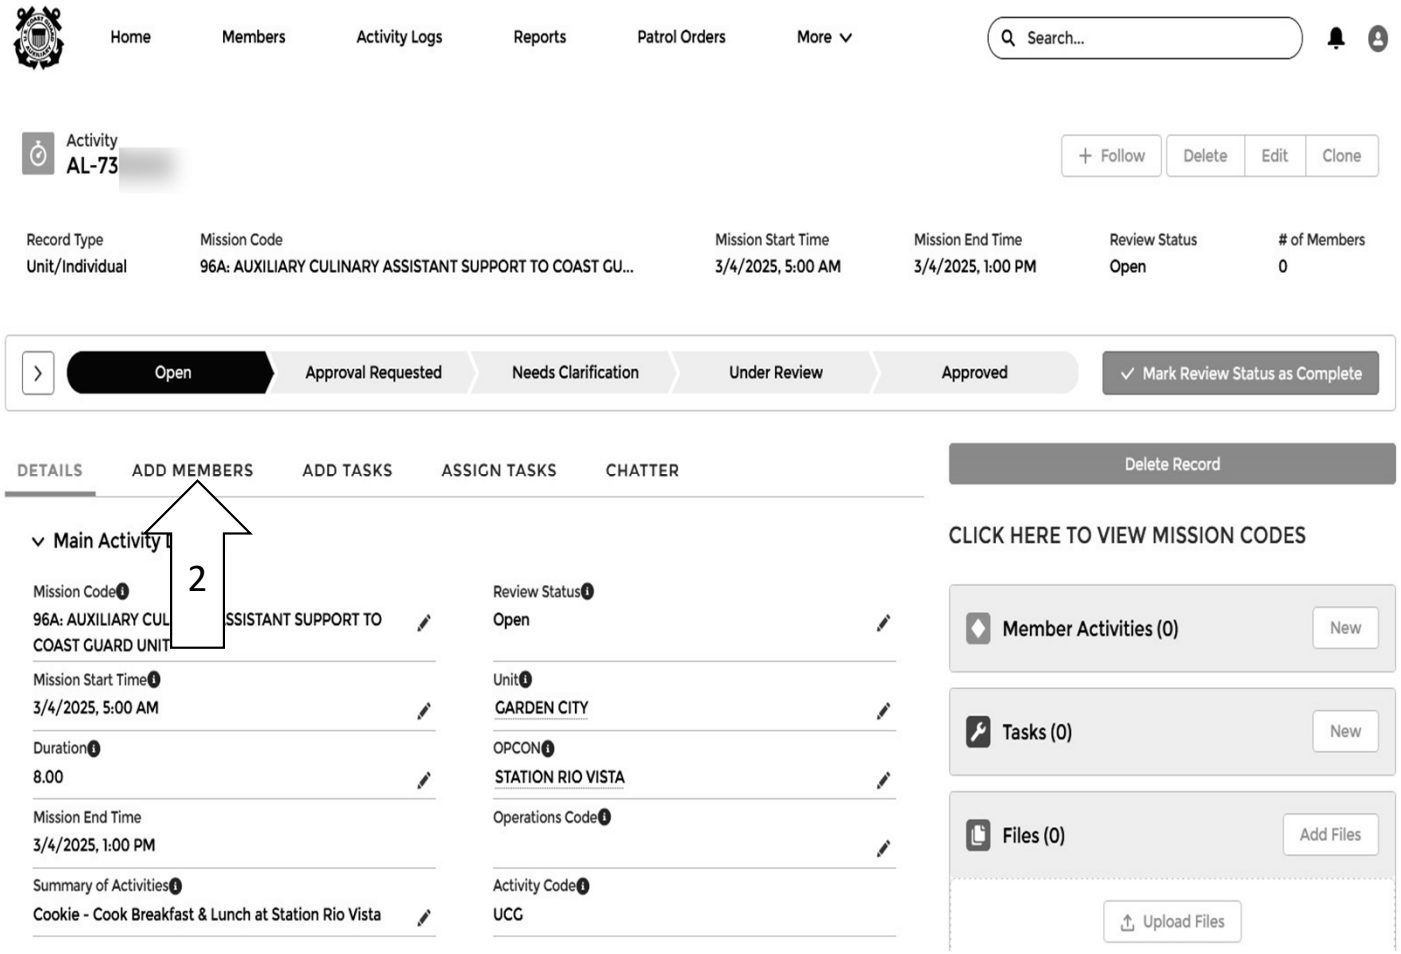


Confirm Mission Information

After saving, the Activity Log Detail screen will appear

1. Review the information for accuracy.

2. To assign a member to the mission, click on ‘ADD MEMBERS’



Add Members

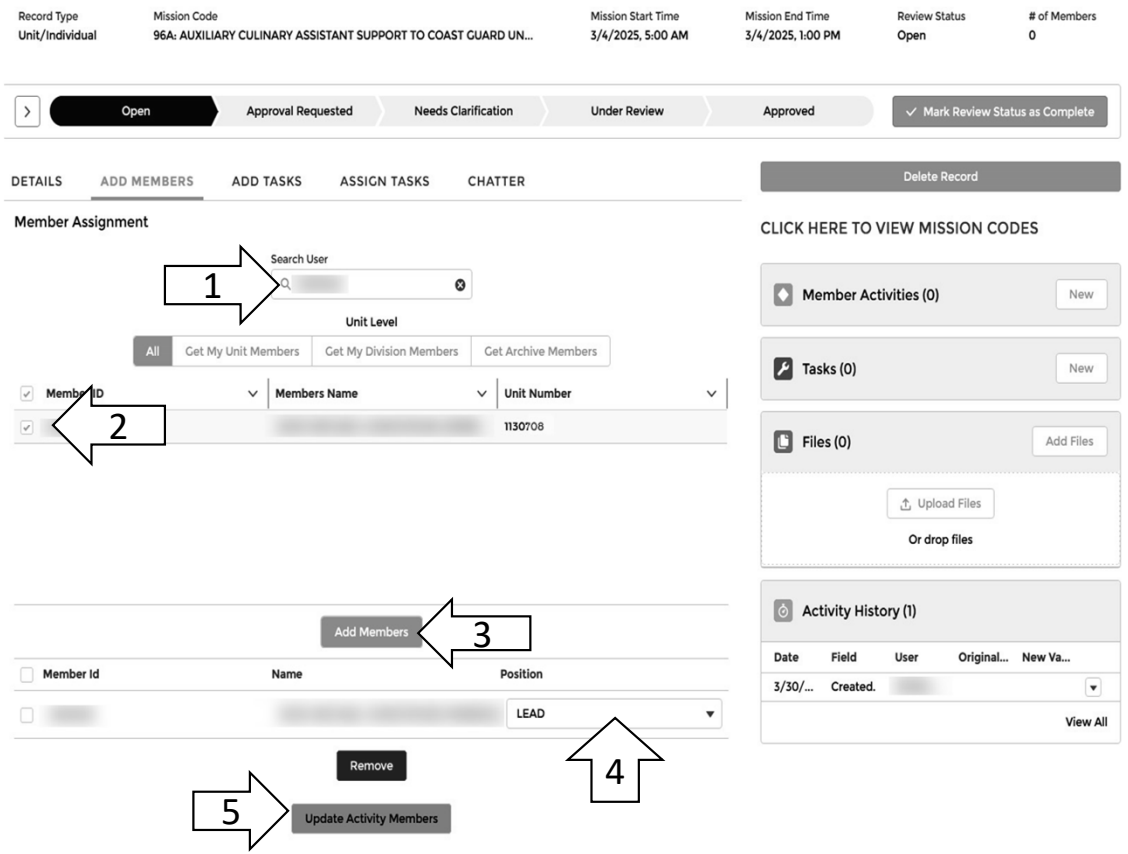
1. Enter the member number(s) in the ‘Search User’ field. Hit ‘Enter’

2. Place a check mark next to the member(s) name to confirm.

3. Click ‘Add Members’

4. Assign the Position

5. Click ‘Update Activity Members’



Locate your flotilla members quickly by clicking ‘Get My Unit Members’

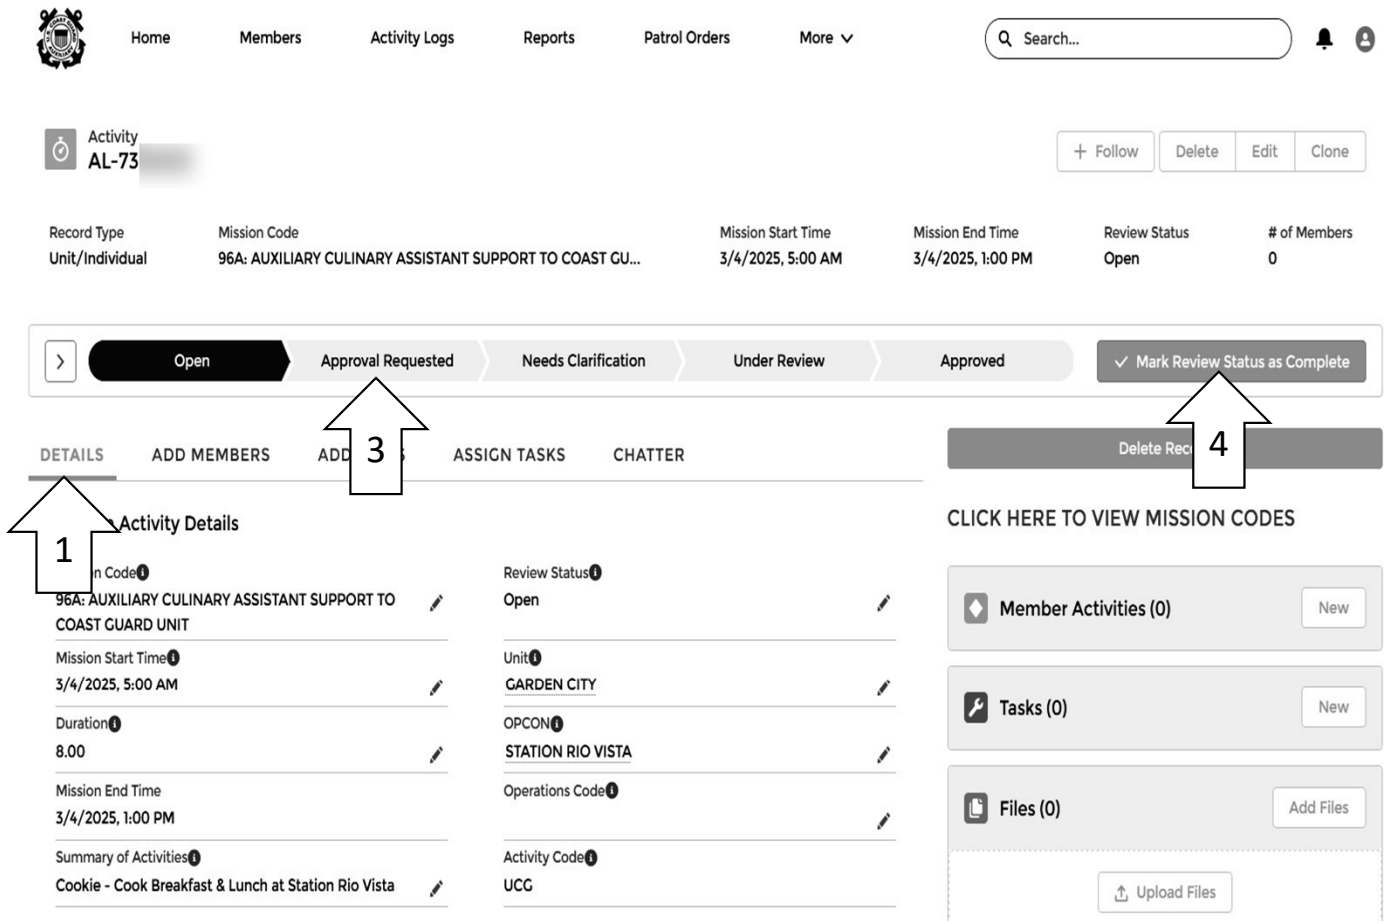
Submit for Approval

1. Click ‘Details’ to take you back to the Activity Log

2. Review

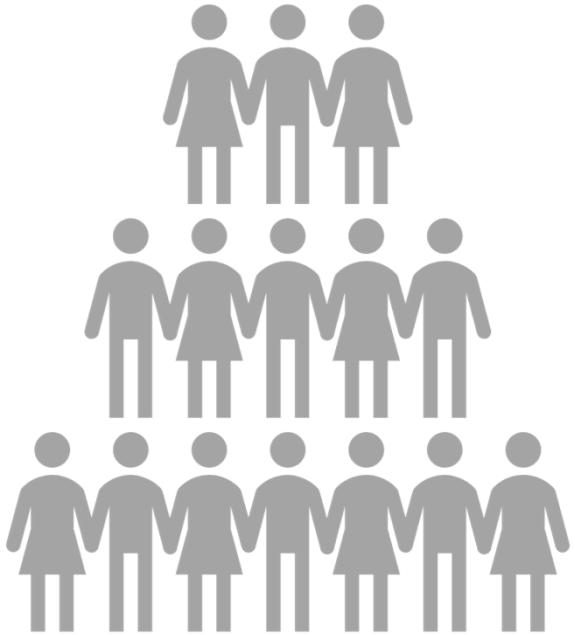
3. Select ‘Approval Requested’

4. Click ‘Mark as Current Review Status’

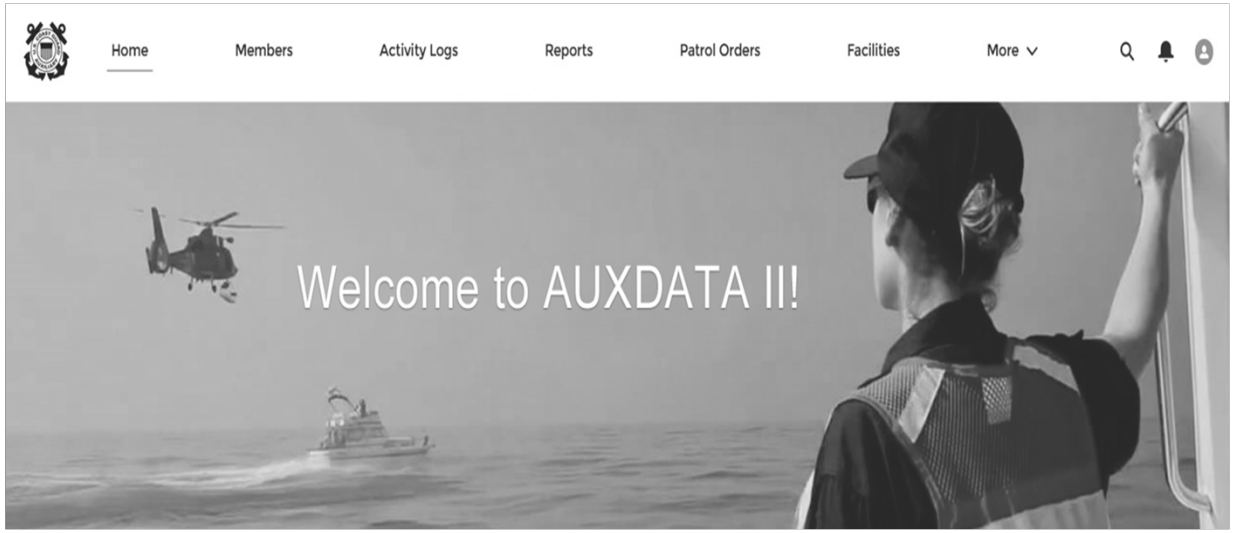


Mission Code 96 – Activity Log Entry

Repeat this process for each mission code (96A or 96B)



Questions?



Chaplain Support

Mission Code 97A

Mission Code – 97A

97A – Auxiliary Chaplain Support (ACS) (U)

Time spent by Auxiliarists who are designated Auxiliary Lay Leaders or who are designated Auxiliary Chaplain Support (ACS) and actively training for, preparing for, or performing authorized on-site support.

- Counseling Active Duty
- Conducting Bible Study Groups
- Funeral service for Auxiliary members
- Prep and Travel is reported as 99E

- Auxiliarists must be designated Auxiliary Lay Leaders or who are designated Auxiliary Chaplain Support (ACS).

- Each day requires a separate Activity Log

Resource Type = Unit/Individual
OPCON = CG Unit Supported or Member's District
Position = Lead, Trainee
Form = 7030

Government Support

Mission Codes 41, 42 and 43

Government Support Missions

The following information applies to all Government Support mission codes:

- Report only the time conducting the mission
- Enter the duration of the mission
- Enter using the mission date
- Prep and Travel is reported as 99E
- Each day requires a separate Activity Log

Mission Code – 41

41 – Federal Government Support (A, B, R, U)

Time spent providing operational/non-operational support to other federal agencies, such as Customs or Corps of Engineers, as requested and authorized by the Coast Guard.

- Operational and/or non-operational support
- Southwest Border Support (with Operations Code)

Resource Type = Air, Boat, Unit/Individual, Radio
OPCON = Member's District or CG Unit supported
Position = Lead, Non-lead, Trainee
Form = 7030

Mission Code – 42

42 – State Government Support (A,B,R,U)
Time spent providing operational/non-operational support to state agencies, such as the Department of Natural Resources, State Police and Marine Patrols, as requested and authorized by the Coast Guard.

- Support State Agencies
  - Department of Natural Resources
  - State Police
  - Marine Patrols

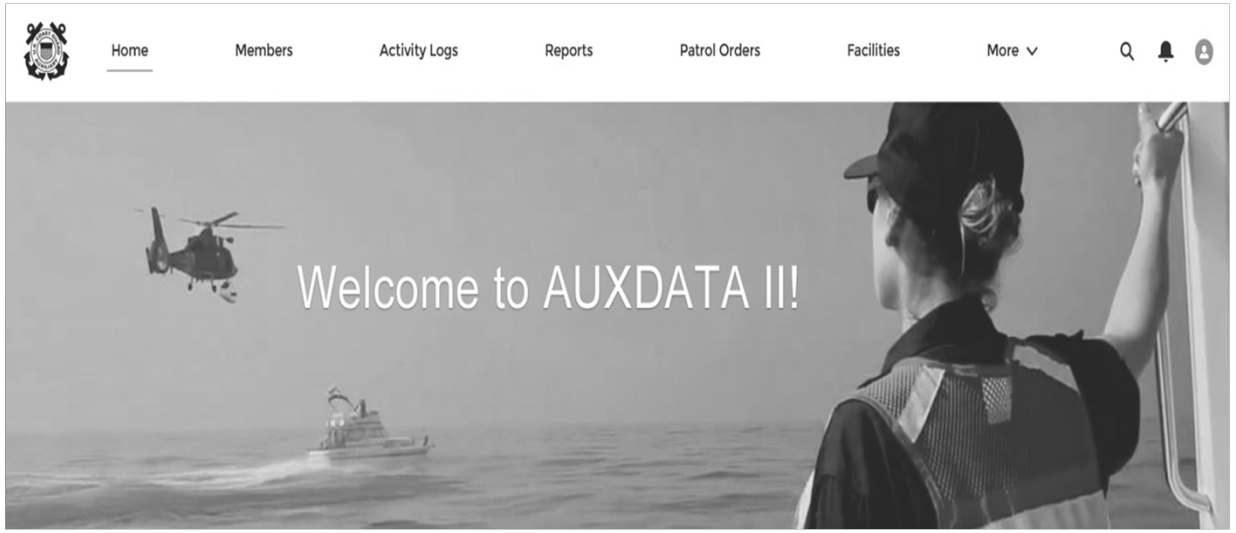
Resource Type = Air, Boat, Unit/Individual, Radio
OPCON = Member's District or CG Unit supported
Position = Lead, Non-lead, Trainee
Form = 7030

Mission Code – 43

43 – Local Government Support (A,B,R,U)
Time spent providing operational/non-operational support to local agencies such as local police, sheriff's offices, fire/rescue and harbormasters, as requested and authorized by the Coast Guard.

- Support Local Agencies
  - Local Police or Sheriff's Office
  - Fire/Rescue
  - Harbormasters

Resource Type = Air, Boat, Unit/Individual, Radio
OPCON = Member's District or CG Unit supported
Position = Lead, Non-lead, Trainee
Form = 7030



Health Services

Mission Codes 93A, 93B, 93C, 93K and 93W

Health Services Missions

The following information applies to all Health Services mission codes:

- Report only the time conducting the mission
- Enter the duration of the mission
- Enter using the mission date
- Prep and Travel is reported as 99E
- Each day requires a separate Activity Log

Mission Code – 93A

93A – Health Services Admin Support(U)
Time spent in administrative support to the health services program.

- Administrative support to the health services program
  - Administrative
  - Clerical

Resource Type = Unit
OPCON = CG Unit supported
Position = Lead
Form = 7030

Mission Code – 93B

93B – Clinical Operational Support(U)
Time spent in support of any Coast Guard healthcare facility….

- …Only to be used by licensed medical professionals whose credentials have been examined an accepted by the Coast Guard's Health Safety and Work-Life (HSWL) Service Center (SC) Credentials Verification Office, to work at a Coast Guard healthcare facility.
- Clinical support to the health services program
  - Doctors, Nurses etc.
  - May also be used for on-line or telemedicine.

Resource Type = Unit
OPCON = CG Unit supported
Position = Lead
Form = 7030

Mission Code – 93C

93C – Healthcare Training (U)
Time spent in training to learn the administrative and/or operational procedures for working at a Coast Guard healthcare facility or units performing Safety and Environmental Health Support missions.

- Used to report time for learning the processes and procedures for working at a CG healthcare facility.

Resource Type = Unit
OPCON = CG Unit supported
Position = Lead
Form = 7030

Mission Code – 93K

93K – Safety and Environmental Health Support (U)
Time spent by Auxiliary safety officers and engineers, whose credentials have been examined and accepted, to support safety and environmental health missions.

- Safety officers and Engineers must have credentials examined and accepted by the Coast Guard's Health Safety and Work-Life (HSWL) Service Center (SC) Safety and Environmental Health Division, to support safety and environmental health missions.

- Used to report time by Auxiliary safety officers and Engineers

Resource Type = Unit
OPCON = CG Unit supported
Position = Lead
Form = 7030

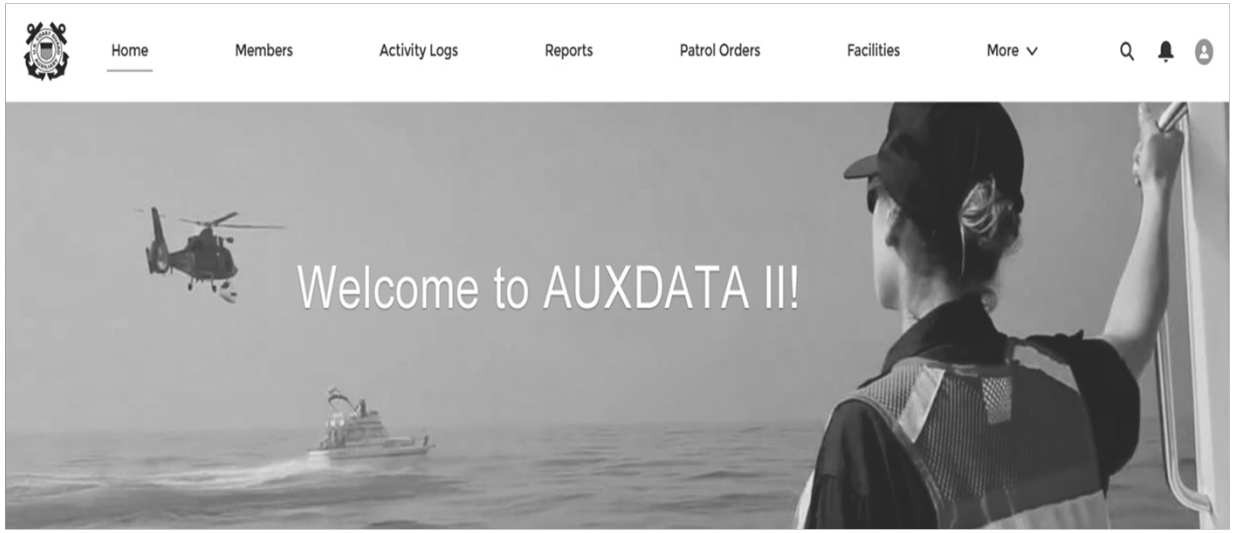
Mission Code – 93W

93W – Work Life Support (U)
Time spent by Auxiliarists, whose credentials have been examined and accepted, supporting the programs of the Coast Guard's Office of Work Life.

- Auxiliarists must have credentials examined and accepted by the Coast Guard's Health Safety and Work-Life (HSWL) Service Center (SC) Work-Life Division.

- Family Counseling
- Suicide Prevention

Resource Type = Unit
OPCON = CG Unit supported
Position = Lead
Form = 7030



Legal Services

Mission Codes 94A, 94B, 94C and 94D

Legal Services Missions

The following information applies to all Legal Services mission codes:

- Report only the time conducting the mission
- Enter the duration of the mission
- Enter using the mission date
- Each day requires a separate Activity Log

Legal Services

The Legal Services Mission Codes may only be used by those holding the following positions:

National Chief Council (ANACO-CC)

Deputy Chief Council (CCd)

Assistant Chief Council (CC-AXX)

District Legal Officer (DLO)

Assistant District Legal Officer(ADLO)

Mission Code – 94A

94A – Legal Services Administrative Support to the Auxiliary (U)
Time spend providing administrative support to Auxiliary legal services programs including review of and advice pertaining to the Coast Guard and Coast Guard Auxiliary.

- Commandant Instructions
- Unit Standing Rules
- Or other law, rule or regulation
- Prep and Travel is reported as 99A

Resource Type = Unit
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code – 94B

94B – Disciplinary Support (U)
Time spent researching, reviewing or advising upon disciplinary matters.

- Researching, reviewing or advising the DIRAUX or DCO on disciplinary matters.

- Prep and Travel is reported as 99A

Resource Type = Unit
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code – 94C

94C – Legal Education and Training (U)
Time spent in education and training regarding laws and procedures applicable to the Auxiliary.

- Used to report time spent in education and training regarding laws and procedures applicable to the Auxiliary
- Prep and Travel is reported as 99D

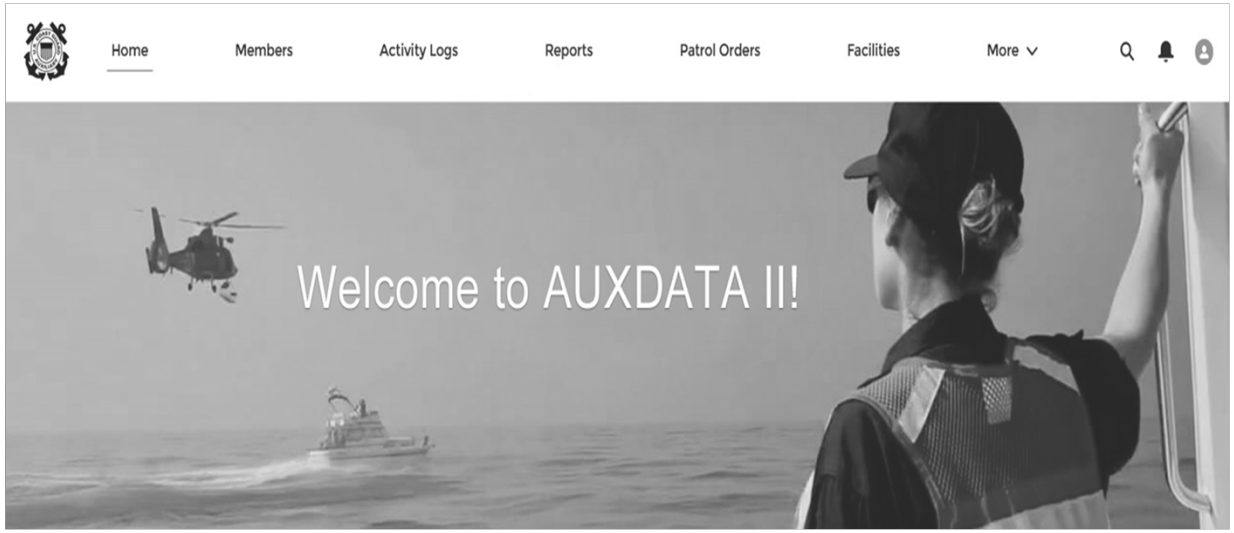
Resource Type = Unit
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code – 94D

94D – Legal Support to the Coast Guard (U)
Time spent in support of legal assistance to Coast Guard units and offices.

- Used to report time spent supporting Coast Guard units and offices with legal matters
- Prep and Travel is reported as 99E

Resource Type = Unit
OPCON = CG Unit being supported
Position = Lead
Form = 7030



International Affairs

Mission Codes 60A and 60B

Mission Code – 60A

60A – Interpreter Assistance (U)
Time spent serving the Coast Guard as an interpreter.

- Time can be ashore or onboard a CG facility (surface or air)
  - Interpreter during SAR missions, or Law Enforcement missions (fisheries etc.)
  - Document Translation
- Prep and Travel is reported as 99E
- Each day requires a separate Activity Log

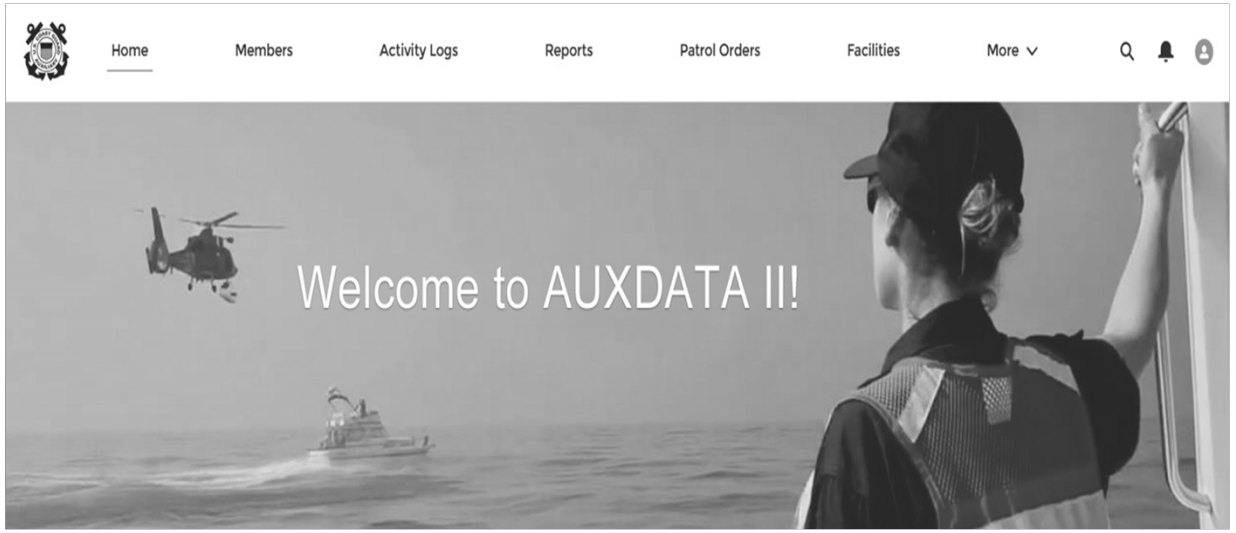
Resource Type = Unit
OPCON = CG Unit supported
Position = Lead
Form = 7030

Mission Code – 60B

60B – Partnership Activities (U)
Time spent serving the Coast Guard and Auxiliary with International organizations in promoting, assisting and organizing volunteer identities promoting recreational boating safety.

- Specialized training is required
- Only at the request of the Coast Guard
- Prep and Travel is reported as 99E
- Each day requires a separate Activity Log

Resource Type = Unit
OPCON = CG Unit supported
Position = Lead
Form = 7030



Legislative Outreach

Mission Codes 65A, 65B and 65C

Mission Code – 65A

65A – Federal (U)
Time spent serving in the Auxiliary Legislative Liaison program in dealing with federal legislative issues.

- Consultation on proposed laws regarding boating safety
- Only at the request of the Coast Guard
- Prep and Travel is reported as 99A
- Each day requires a separate Activity Log

Appointed Position

Resource Type = Unit
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code – 65B

65B – State (U)
Time spent serving in the Auxiliary Legislative Liaison program in dealing with state legislative issues.

- Only one member per state is assigned to this position
- Only at the request of the Coast Guard
- Prep and Travel is reported as 99A
- Each day requires a separate Activity Log

Appointed Position

Resource Type = Unit
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code – 65C

65C – State BLA Meetings (U)
Any time spent in meetings with a state BLA or state BLA staff.

- Only one member per state is assigned to this position – State Liaison Officer (SLO)
- Prep and Travel is reported as 99A
- Each day requires a separate Activity Log

BLA = Boating Law Administrator

Resource Type = Unit
OPCON = Member's District
Position = Lead
Form = 7030

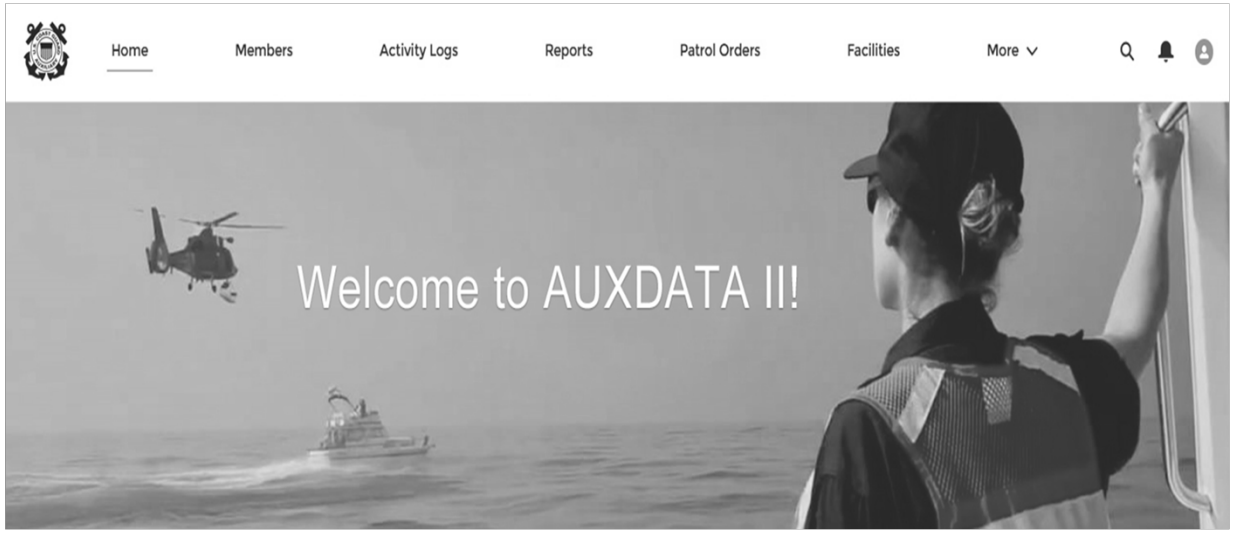
Mission Code – Activity Log Entry

The same Activity Log format is used to enter the data from all our paper forms: ANSC 7029, 7030, 7038, 7039, 7046, and 7066.

Most Activity Logs require entries on only two screens or pages.

ANSC 7030 required fields include: Member Unit, OPCON, Mission Code, Date, Duration of Activity, Members involved, Position

Questions?



Emergency Management

Mission Codes 28A, 28B, 28L, 28P and 28T

Emergency Management Missions

The following information applies to all Emergency Management mission codes:

- Report only the time conducting the mission
- Enter the duration of the mission
- Enter using the mission date
- Prep and Travel is reported as 99C
- Each day requires a separate Activity Log

Mission Code – 28A

28A – EM/ICS Support (U)

Time spent supporting Coast Guard command post activities in a defined Incident Command System (ICS) role in response to an actual or potential event, other than as an EM Liaison Officer (LNO).

- Work at an Incident Command System post in response to an actual or potential event.
  - Except Liaison Officer

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

Mission Code – 28B

28B – EM/ICS Exercise (U)

Time spent supporting Coast Guard practice/exercise command post activities or response drills in a defined Incident Command System (ICS) role, other than as an EM Liaison Officer (LNO).

- Supporting CG practice/exercise command post exercises
  - Except Liaison Officer

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

Mission Code – 28L

28L - EM Liaison Support(U)

Time spent as an EM Liaison Officer (LNO) or Coast Guard Agency Representative (AREP) to another Federal Agency or a State, County, or Local Emergency Operations Center/Incident Command Post (EOC/ICP) in support of EM/ICS missions and training.

- EM Liaison Officer (LNO) or CG Area Rep to another Federal agency or a State, County or Local Operations Center or Incident Command Post in support of an EM mission or EM training.

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

Mission Code – 28P

28P - EM Planning Support (U)

Time spent writing all-hands emergency plans and supporting procedures in support of Coast Guard Incident Management, including: Sector Incident Management, Area Contingency Planning, and support to Sector emergency management planning activities…

- …Exception – Marine Safety Contingency plans are not included in this mission. Use 70E instead.

- Time spent writing Emergency plans and supporting procedures of CG Incident management.
  - Sector Incident management plans
  - Area Contingency plans

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

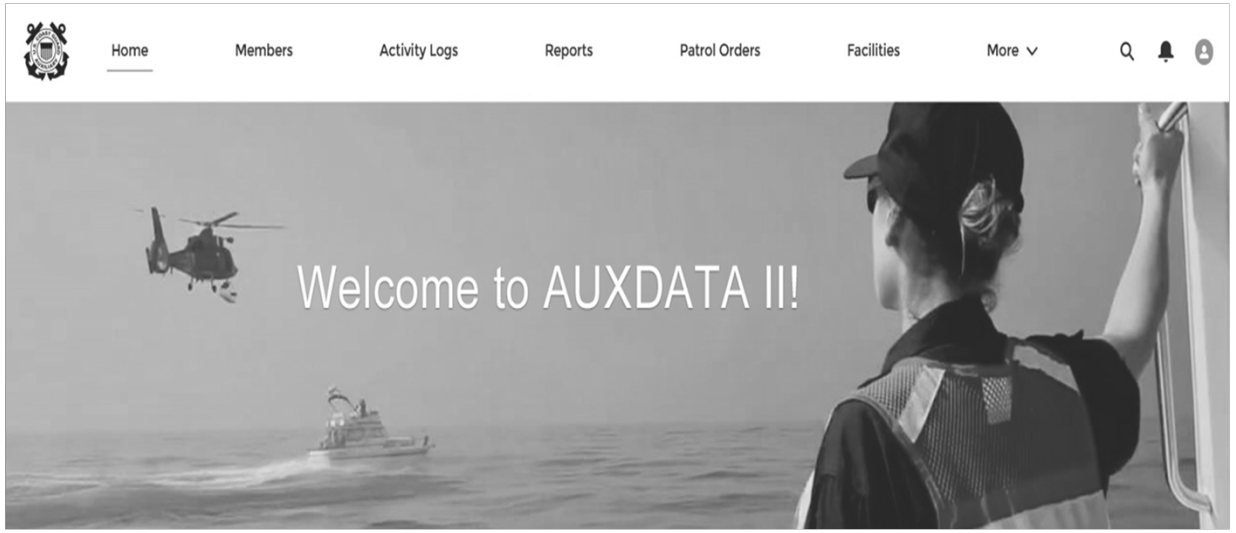
Mission Code – 28T

28T – EM/ICS Training (U)

Time spent in emergency management training courses, including any preparation, study, or activities leading to emergency management qualifications or completion of an Incident Command System PQS.

- Time spent taking ICS 100, 200, 700, 800 would NOT be reported, use 99D to report the time taking these courses.

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030



Marine Safety (MS) & Marine Environmental Protection (MEP)

Mission Codes 28G, 70's and 80's

MS & MEP Missions

The following information applies to all MS & MEP mission codes:

- Only at the request of the Coast Guard
- Report only the time conducting the mission
- Enter the duration of the mission
- Enter using the mission date
- All prep & travel time is reported as 99C
- Each day requires a separate Activity Log

Training time for MS/MEP missions use 70U with the lead position. If the mission is conducted under patrol orders, then use trainee position

Mission Code – 28G

28G – Initial Pollution Response (A, B, R, U)
Time spent assisting or working as an Initial Pollution Response Specialist under orders or at the direction of the Coast Guard.

- Requires training and a PQS
- At the discretion of the Coast Guard

Resource Type = A,B,R,U
OPCON = CG unit supported
Position = Lead, Non-Lead, Trainee
Form = 7030

Mission Code – 70B

70B – MEP Response/Detection (A, B, R, U)

Time spent working on locating, identifying and reporting abandoned vessels and barges from the air, water or land; and any activity, water, air or land-based, related to the ANS Mitigation program, any activity related to the verification of EPIRB registration; or activity involving the testing and logging of EPIRBS…

- Locating, identifying and reporting abandoned vessels and barges
- Activity related to the Aquatic Nuisance Species (ANS) Mitigation program including:
  - Multi-mission patrols
  - Educating the boating public
- Activity pertaining to the protection of:
  - Marine Mammals
  - Protected species and fisheries
  - Habitats on oceans, coastal and/or inland waters
- Activity related to the verification of EPIRB registration
- Activity involving the testing and logging of EPIRBs

Resource Type = A,B,R,U
OPCON = CG unit supported
Position = Lead, Non-Lead, Trainee
Form = 7030

Mission Code – 70C

70C – CG Support (U)
Time spent in any activity related to….

- Activity related to inspection of life rafts and their associated equipment
- Any administrative support of RBS factory inspections program
  - Actual participation in inspections is prohibited
- Assist any activity related to visiting life raft facilities to view the inspection of life raft repacking process
- Assist any activity involving free testing of EPIRBS outside normal vessel examinations process
- Any activities in support of domestic vessel inspections, including actual boarding's and administrative support of the T-Boat, K-Boat and Barge inspection program
- Also includes time spent in response and support of any Sector prevention or DPW activities not otherwise listed.

Resource Type = Unit/Individual
OPCON = CG unit supported
Position = Lead
Form = 7030

Mission Code – 70D

70D – Vessel Verification (HARPAT) (A,B,U)
Time spent in any activity involving the verification of a vessel's location, loadline, name, hailing port or other information.

- Verifying a vessel's location, loadline, name or hailing port

Resource Type = A,B,U
OPCON = CG unit supported
Position = Lead, Non-Lead, Trainee
Form = 7030

Mission Code – 70E

70E – Marine Safety Contingency Planning (U)

Time spent in any Marine Safety planning activities in support of CG Incident Management, including Sector Incident Management, Area Contingency Planning, response Drills and response to actual disasters or other major incidents (excluding pollution responses)…

- …Time spent planning or participating in exercises related to the National or Area Contingency Plans for mitigating or preventing oil or hazardous substance discharges from vessels and/or onshore facilities.

- Planning activities in support of CG Incident Management
- Sector Incident management
- Area Contingency Planning
- Response Drills
- Response to Actual Disasters or other major incidents (Excluding pollution responses)

Resource Type = Unit/Individual
OPCON = CG unit supported
Position = Lead
Form = 7030

Mission Code – 70F

70F – Waterway Management Support (A,B,R,U)

Time spent in any activity supporting waterways management including Harbor Safety Committees, VTS, ice patrols, support of safety & security zones etc.

- 70F Ice Patrol is by vehicle only.
- Do not confuse with mission code 53 Ice Recon.

Resource Type = A,B,R,U
OPCON = CG unit supported
Position = Lead, Non-Lead, Trainee
Form = 7030

Mission Code – 70G

70G – Containers (U)
Time spent in performing structural inspections and the administrative support of container inspections.

- Activity performing
  - Structural Inspections of Containers
  - Administrative Support of Container Inspections

Resource Type = Unit/Individual
OPCON = CG unit supported
Position = Lead
Form = 7030

Mission Code – 70H

70H – Assist Port State Control Activities (U)
Time spent in any activities in support of Port State control boardings, including actual boardings and administrative support of the boarding program.

- Activity supporting Port State Control Boardings
  - Actual Boardings
  - Administrative Support of boarding program

Resource Type = Unit/Individual
OPCON = CG unit supported
Position = Lead
Form = 7030

Mission Code – 70K

70K – MS/MEP Admin Support (U)

Time spent in any administrative "M" activities that are conducted in support of MS/MEP goals and activities through your participation as a staff officer at any level.

- Used by MS staff officers (at any level) for recording their administrative hours
- Mission Code 99A cannot be used for reporting MS admin time.

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code – 70M

70M – MS Observation Mission (A,B,R,U)

Time spent conducting Marine Safety (Prevention) patrols under USCG orders of…

- Anchorage Areas
- Oil and Hazardous Materials Transfers
- Designated Waterfront Facilities
- Liquefied Natural Gas (LNG) Facilities
- Liquefied Hazardous Gas (LHG) Facilities
- Bulk Liquid Transfer Facilities (BLTF)
- Mobile Bulk Liquid Facilities
- MARPOL Reception Facilities
- Passenger Terminals
- Commercial Fishing Facilities
- Recreational Boating Facilities environmentally sensitive areas

- Activity related to port safety activities including:
  - Safety and Security Zones
  - Administrative Activities (including MISLE entries for patrol)

Resource Type = A,B,R,U
OPCON = CG unit supported
Position = Lead, Non-Lead, Trainee
Form = 7030

Mission Code – 70N

70N – Sea Partners/Environmental (A,B,R,U)

Time spent in any activity relating to…

- Conducting or assisting in the preparation or presentation of the Sea Partners Programs
- Teaching or conducting public outreach activities related to aquatic nuisance species and ballast water programs
- Conducting or assisting the National Debris Monitoring Program, including coastal and inland waterway cleanup activities
- Working with State and/or Federal agencies in establishing and/or participating in any Clean Marina Program

- Activity supporting the environmental protection programs of the USCG and/or the Auxiliary, any activity, water, air or land-based, related to the ANS Mitigation program including:
  - Multi-mission patrols
  - Educating the boating public

- Activity pertaining to the protection of marine mammals, marine protected species and fisheries, and habitats on oceans, coastal and /or inland waters which are not specifically included or covered in any other mission/activity.

Resource Type = A,B,R,U
OPCON = Member's District or CG unit supported
Position = Lead, Non-Lead, Trainee
Form = 7030

Mission Code – 70R

70R – Regional Exam Center Support (U)
Time spent in any activity in support of the Regional Examinations Centers (RECs), including data entry, administrative activities, remote licensing activities and marine course audits.

- Activity supporting the Regional Exam Centers
  - Data Entry
  - Administrative Activities
  - Remote Licensing Activities
  - Marine Course Audits

Resource Type = Unit/Individual
OPCON = CG unit supported
Position = Lead
Form = 7030

Mission Code – 70T

70T – Facilities (U)
Time spent in any aspects of supporting the inspections of port facilities; assisting or supporting the implementation of the Waterfront Facility Compliance Programs.

- Activity supporting the inspections of port facilities
- Activity supporting the implementation of the Waterfront Facility Compliance Programs

Resource Type = Unit/Individual
OPCON = CG unit supported
Position = Lead
Form = 7030

Mission Code – 70U

70U – MS/MEP Training (U)

Time spent in preparing for, studying, doing On-the-Job Training (OJT), oral boards and/or practical exercises, etc., leading to qualification for any M-related training or Personal Qualification Standard (PQS) certification.

- Training for any M-related training or PQS including:
  - Preparing for
  - Studying
  - On-the-Job Training (OJT)
  - Oral Boards
  - Practical Exercises
- Time spent on ICS 100, 200, 700 and 800 must be reported as 99D.
- Instructors must use 06B to earn instructor hours.

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code – 70V

70V – America's Waterway Watch Program (U)
Time spent in support of the America's Waterway Watch Program that has not been reported in any other program using the Operations Code of AWW.

- Used to report time in support of America's Waterway Watch Program.
  - Time must not be reported in any other program using the AWW Operations Code.

- Do not confuse with mission 70F Waterway Management Program.

Resource Type = Unit/Individual
OPCON = CG unit supported
Position = Lead
Form = 7030

Mission Code – 80A

80A – Commercial Fishing Vessel (CFV) Outreach (U)

Time or activities spent at the discretion of the CG not otherwise shown including, but not limited to, assisting, teaching, or conducting public CFVS outreach activities; time spent Dockwalking and speaking with CFV owners, operators and crews…

- Outreach activities to CFV owners, operators and crews informing them of the CFVS program benefits and educating them and the general boating public about the CFVS program.
- Assisting, teaching or conducting public or private CFV safety training drills, public appearances including attending public or private CFV workshops, seminars, meetings or committees.
- Excluding time spent performing CFV exams.

Resource Type = Unit/Individual
OPCON = CG unit supported
Position = Lead
Form = 7030

Mission Code – 80B

80B – Commercial Fishing Vessel Training and Qualifications (U)

Time or activities spent at the discretion of the CG not otherwise shown including, but not limited to, time spent in preparing for, studying, performing OJT, oral boards, advanced training, and/or any practical exercises, etc., leading to qualifying or recertifying for any certifications within the CFV program missions.

- Training for qualifying or requalifying for any certification within the CFV program.
  - Preparation for
  - Studying
  - OJT
  - Oral Boards
  - Advanced Training

- At the discretion of the Coast Guard.

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Codes – 80C

80C – Uninspected Passenger Vessel (UPV) Outreach (U)

Time or activities spent at the discretion of the CG not otherwise shown including, but not limited to, assisting, teaching or conducting public UPV outreach activities; time spent Dockwalking and speaking with UPV owners, operators and crews…

- Outreach activities to UPV owners, operators and crews informing them of the UPV program benefits and educating them and the general boating public about the UPV program.
- Assisting, teaching or conducting public or private UPV safety training drills, public appearances including attending public or private UPV workshops, seminars, meetings or committees.
- Excluding time spent performing UPV exams.

Resource Type = Unit/Individual
OPCON = CG unit supported
Position = Lead
Form = 7030

Mission Code – 80D

80D – Uninspected Passenger Vessel Training and Qualifications (U)
Time or activities spent at the discretion of the CG not otherwise shown including, but not limited to, time spent in preparing for, studying, performing OJT, oral boards, advanced training and/or any practical exercises, etc., leading to qualifying or recertifying for any certifications within the UPV program missions.

- Training for qualifying or requalifying for any certification within the UPV program.
  - Preparation for
  - Studying
  - OJT
  - Oral Boards
  - Advanced Training

- At the discretion of the Coast Guard.

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code – 80E

80E – Uninspected Towing Vessel (UTV) Outreach (U)

Time or activities spent at the discretion of the CG not otherwise shown including, but not limited to, assisting, teaching, or conducting public UTV outreach activities; time spent Dockwalking and speaking with UTV owners, operators and crews…

- Outreach activities to UTV owners, operators and crews informing them of the UTV program benefits and educating them and the general boating public about the UTV program
- Assisting, teaching or conducting public or private UTV safety training drills, public appearances including attending public or private UTV workshops, seminars, meetings or committees.
- Excluding time spent performing UTV exams.

Resource Type = Unit/Individual
OPCON = CG unit supported
Position = Lead
Form = 7030

Mission Code – 80F

80F – Uninspected Towing Vessel Training and Qualifications (U)
Time or activities spent at the discretion of the CG not otherwise shown including, but not limited to, time spent in preparing for, studying, performing OJT, oral boards, advanced training and/or any practical exercises, etc., leading to qualifying or recertifying for any certifications within the UTV program missions.

- Training for qualifying or requalifying for any certification within the UTV program.
  - Preparation for
  - Studying
  - OJT
  - Oral Boards
  - Advanced Training

- At the discretion of the Coast Guard.

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Code – 80G

80G – CG Commercial Vessel Support (U)

Time or activities spent at the discretion of the CG not otherwise shown including, but not limited to, entering CFV data into the CG MISLE system, perform analysis of data and the compiling of data based on the data captured, provide CFV instructors and/or mentors to train and certify,…

- Provide administrative support at all levels
- Assist as liaisons in CG CFV programs and missions
- Provide and support public or private CFV workshops, seminars or meetings or participate on CFV committees
- Support CFV pilot programs
- Support PDA training, instructions and usage
- Support utilization of CFV remote location workstations
- Support increased CFV resources as force multipliers, etc.

- At the discretion of the Coast Guard

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

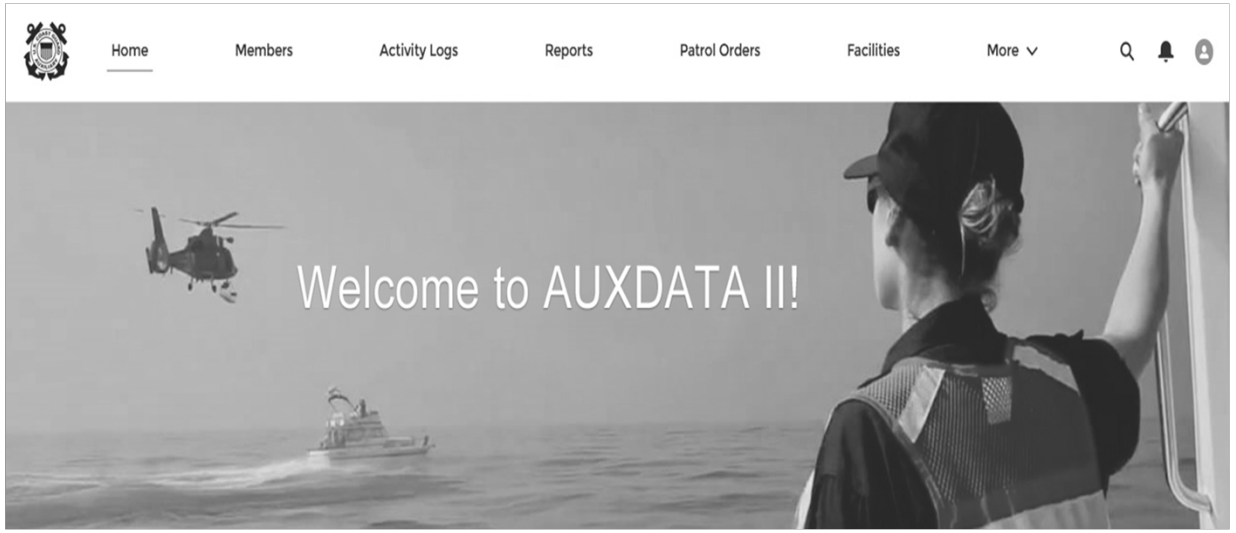
Mission Codes 70 & 80– Activity Log Entry

The same Activity Log format is used to enter the data from all our paper forms: ANSC 7029, 7030, 7038, 7039, 7046, and 7066.

Most Activity Logs require entries on only two screens or pages.

ANSC 7030 required fields include: Member Unit, OPCON, Mission Code, Date, Duration of Activity, Members involved, Position

Questions?



Navigation Systems

Mission Codes 30, 31, 32, 33 and 34

Navigation Systems Missions

The following information applies to all Navigation System mission codes:

- Only at the request of the Coast Guard
- Report only the time conducting the mission
- Enter the duration of the mission
- Enter using the mission date
- All prep & travel time is reported as 99E
- Each day requires a separate Activity Log

Mission Code 30

30 – Federal Navigation Systems (U)
Time spent by a Certified Aid Technician “NE” servicing Federal Short Range ATONs and Lighthouses. It also includes the time spent by a currently certified Aid Verifier “AV-PQS” checking and reporting any Federal Short Range aid at the direct request any CG Unit.

- Servicing Short Range ATONs and Lighthouses
- Activity for Checking and Reporting on any Federal ATON
  - At the direct request of the CG
  - This includes time to complete and submit the required 7054 form.
- Discrepancies of any ATON that is casually observed
- Time spent on an authorized patrol is not reported as part of this mission.

Resource Type = Unit/Individual
OPCON = CG Aids To Navigation Team (ANT)
Position = Lead
Form = 7030

Mission Code 31

31 – Private Navigation Systems (U)

Time spent on verifying and reporting all Private Short Range Aids to Navigation by a currently certified Aid Verifier "AV-PQS" at the direction of the Coast Guard (dpw) or any ATON unit, including the reporting of all Non-Permitted PATONs.

- Activity for Verifying and Reporting on any Private ATON, including the reporting of all Non-Permitted PATONs
  - At the direct request of the CG
  - This includes time to complete and submit the required 7054 form.
- Discrepancies of any PATON that is casually observed
- Time spent on an authorized patrol is not reported as part of this mission.

Resource Type = Unit/Individual
OPCON = CG Aids To Navigation Team (ANT)
Position = Lead
Form = 7030

Mission Code 32

32 – Bridge Navigation Systems (U)

Time spent on observing and reporting on bridge discrepancies and bridge surveys. The time spent casually observing and reporting any discrepancies to the Coast Guard by an Auxiliarist are included as part of this mission.

- Activity for Observing and Reporting on any Bridge
  - At the direct request of the CG
  - This includes time to complete and submit the required 7054 form.
- Discrepancies of any Bridge that is casually observed
- Time spent on an authorized patrol is not reported as part of this mission.

Resource Type = Unit/Individual
OPCON = CG Sector
Position = Lead
Form = 7030

Mission Code 33

33 – Chart/Coast Pilot Updates (U)

Time spent on observing, researching, and reporting corrections or updates to National Oceanographic and Atmospheric Administration (NOAA) or U.S. Army of Corps of Engineers (USACE) nautical charts and/or to NOAA'S Coast Pilot. ..

- …The time spent casually observing and updating of charts and Coast Pilot Updates to the Coast Guard by an Auxiliarist are included as part of this mission.

- Time spent while on authorized Patrol Orders is not reported as part of this mission code.

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

Mission Code 34

34 – ATON Program Training (U)
Time spent completing ATON program training. Below are some examples of ATON Program Training:

- P/ATON Workshop
- AUX-06 C-School
- Any P/ATON program approved training

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Reporting ATON Information

When to report an ATON?	
Discrepancy Anytime a discrepancy is observed.	Verification Only at the request of the Coast Guard. Examples: After a major storm, striking, vandalism.

Reporting ATON Time

Aid Verifier who is also Coxswain, Crew or Crew Trainee, on Patrol, under orders	**Aid Verifier who is NOT Coxswain, Crew or Crew Trainee, on Patrol, under orders**	**Aid Verifier conducting land based observations**
• The time spent underway on a Navigation Systems (03) patrol, is reported by the coxswain • Mission code 30, 31 or 32 would be used to report the time needed to complete and submit the 7054 form. .	• The time spent underway on a Navigation Systems (03) patrol is reported as 99B. • Mission code 30, 31 or 32 would be used to report the actual time spent observing and photographing the ATON, PATON or Bridge • Mission code 30, 31 or 32 would be used to report the time needed to complete and submit the 7054 form.	• Use mission code 30, 31 or 32 to record the actual time observing the ATON, PATON or Bridge • Also use 30, 31 or 32 to report time to complete and submit the 7054 form

Report all prep and travel time as 99B

Mission Code 30, 31 & 32 – Activity Log Entry

The same Activity Log format is used to enter the data from all our paper forms: ANSC 7029, 7030, 7038, 7039, 7046, and 7066.

Most Activity Logs require entries on only two screens or pages.

ANSC 7030 required fields include: Member Unit, OPCON, Mission Code, Date, Duration of Activity, ATON, PATON or Bridge Details, Members involved, Position

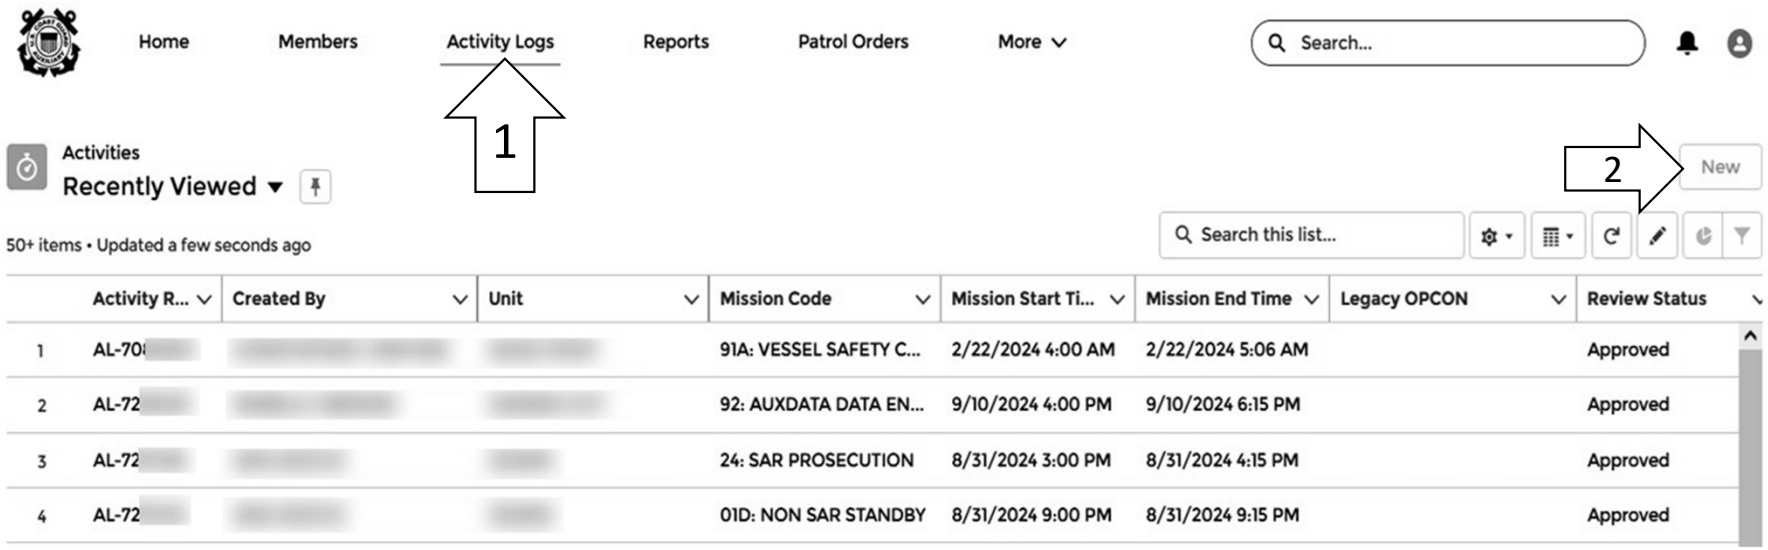
Activity Log Entry – Live Demonstration

LIVE DEMONSTRATION

Mission Code 30, 31 & 32 – Activity Log Entry

1. Click ‘Activity Logs’

2. Click on ‘New’

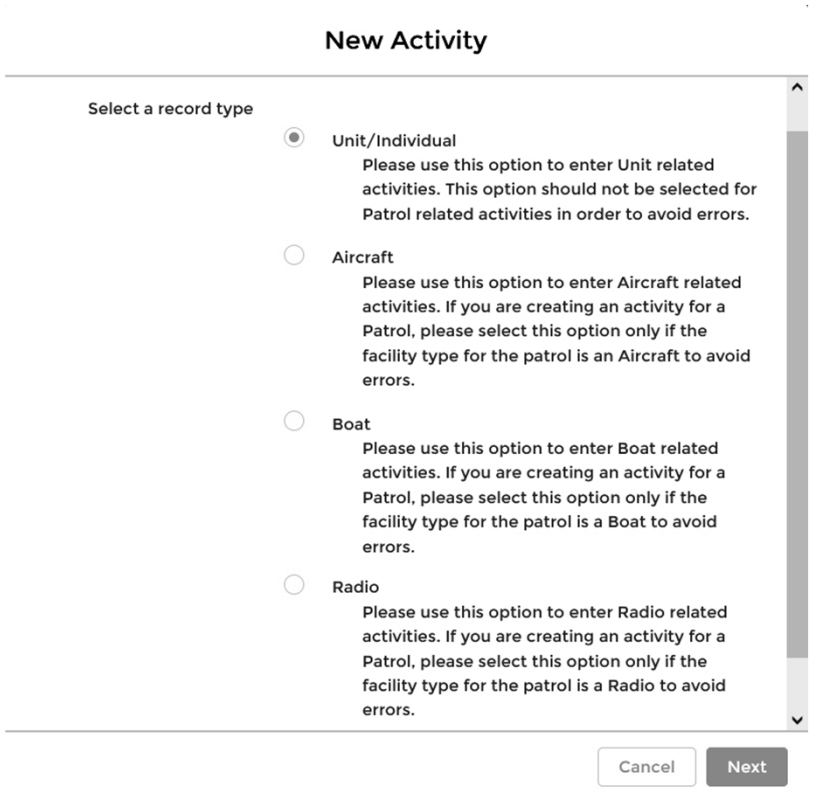


Select Resource

The Resource for Mission Code 30, 31 or 32 activity will always be Unit/Individual.

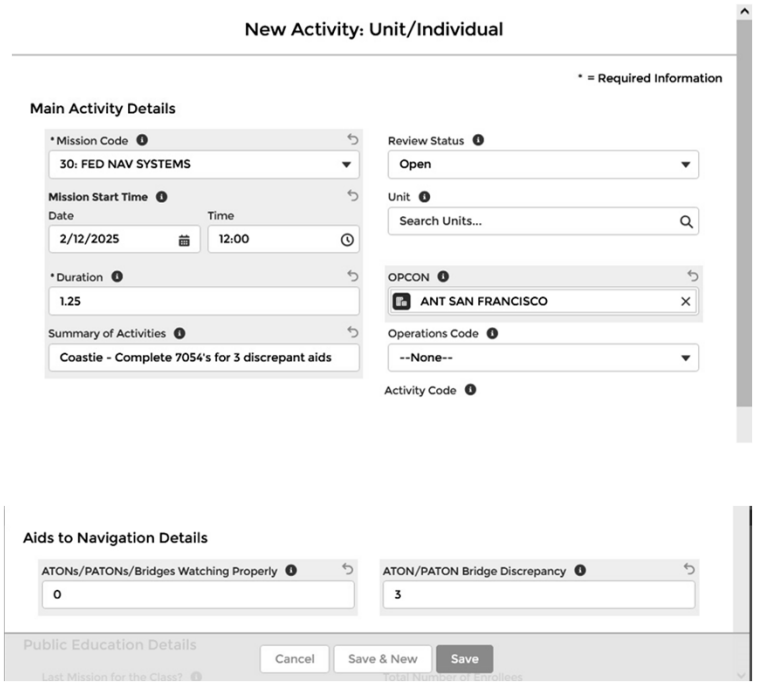
Do not make any changes on this screen

Click ‘Next’



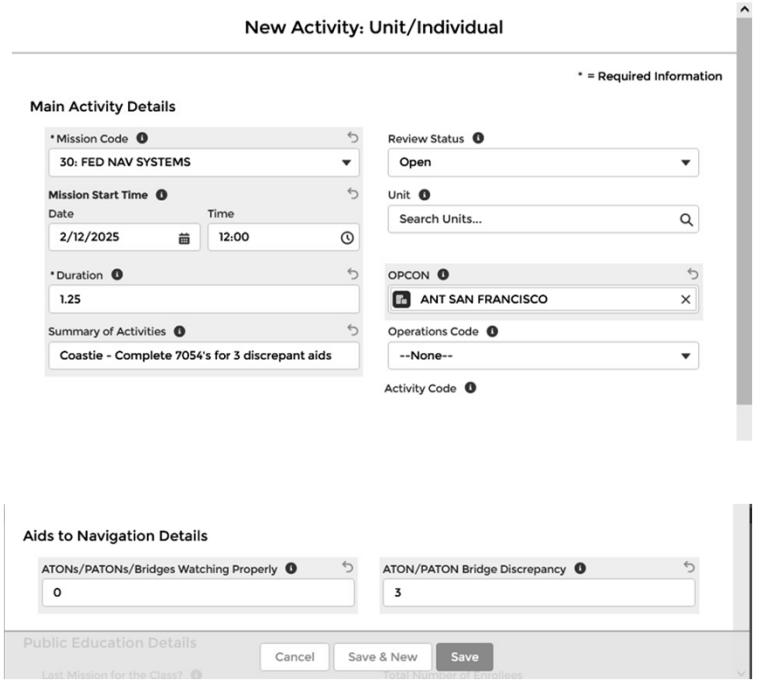
Enter Mission Information

Mission Code	Enter the appropriate Mission Code
Mission Start Time	Enter the date and time of the mission
Duration	Enter the duration of the mission
Summary of Activities	Enter the member's name and a brief description of the activity being reported



Enter Mission Information

Review Status	Leave at ‘Open’ Status
Unit	If entering for your flotilla, leave blank If entering for another flotilla, enter flotilla name
OPCON	Navigation System missions are Coast Guard support missions, change to unit being supported
Operations Code	Enter the appropriate Operations Code Can be left blank if no Operations Code applies
Scroll Down	Scroll down to Aids to Navigation Details
ATON/PATON	Enter Number of Aids Watching Properly and/or Discrepancies
Click ‘Save’	Click ‘Save’

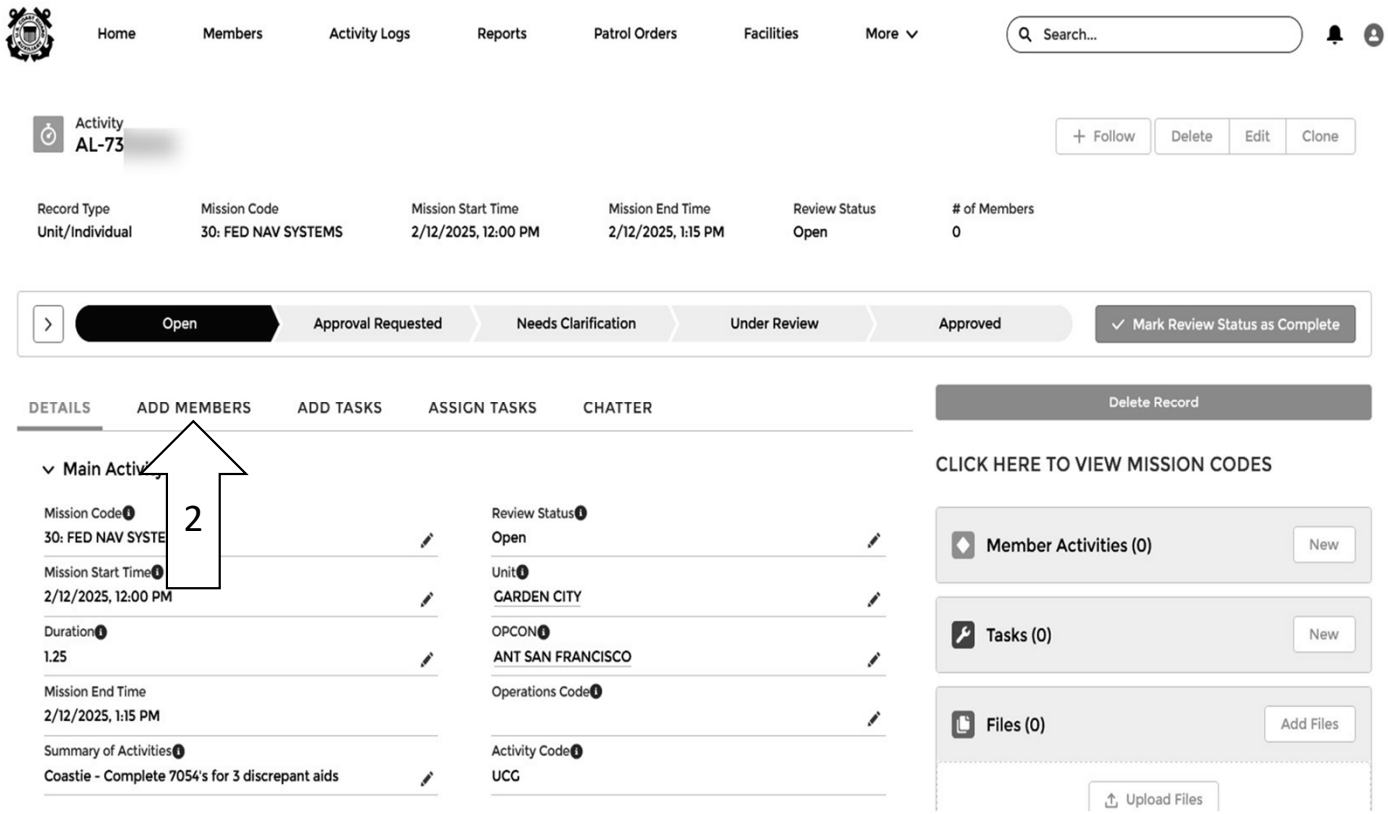


Confirm Mission Information

After saving, the Activity Log Detail screen will appear

1. Review the information for accuracy.

2. To assign a member to the mission, click on ‘ADD MEMBERS’



Add Members

1. Enter the member number(s) in the ‘Search User’ field. Hit ‘Enter’

2. Place a check mark next to the member(s) name to confirm.

3. Click ‘Add Members’

4. Assign the Position

5. Click ‘Update Activity Members’

Locate your flotilla members quickly by clicking ‘Get My Unit Members’

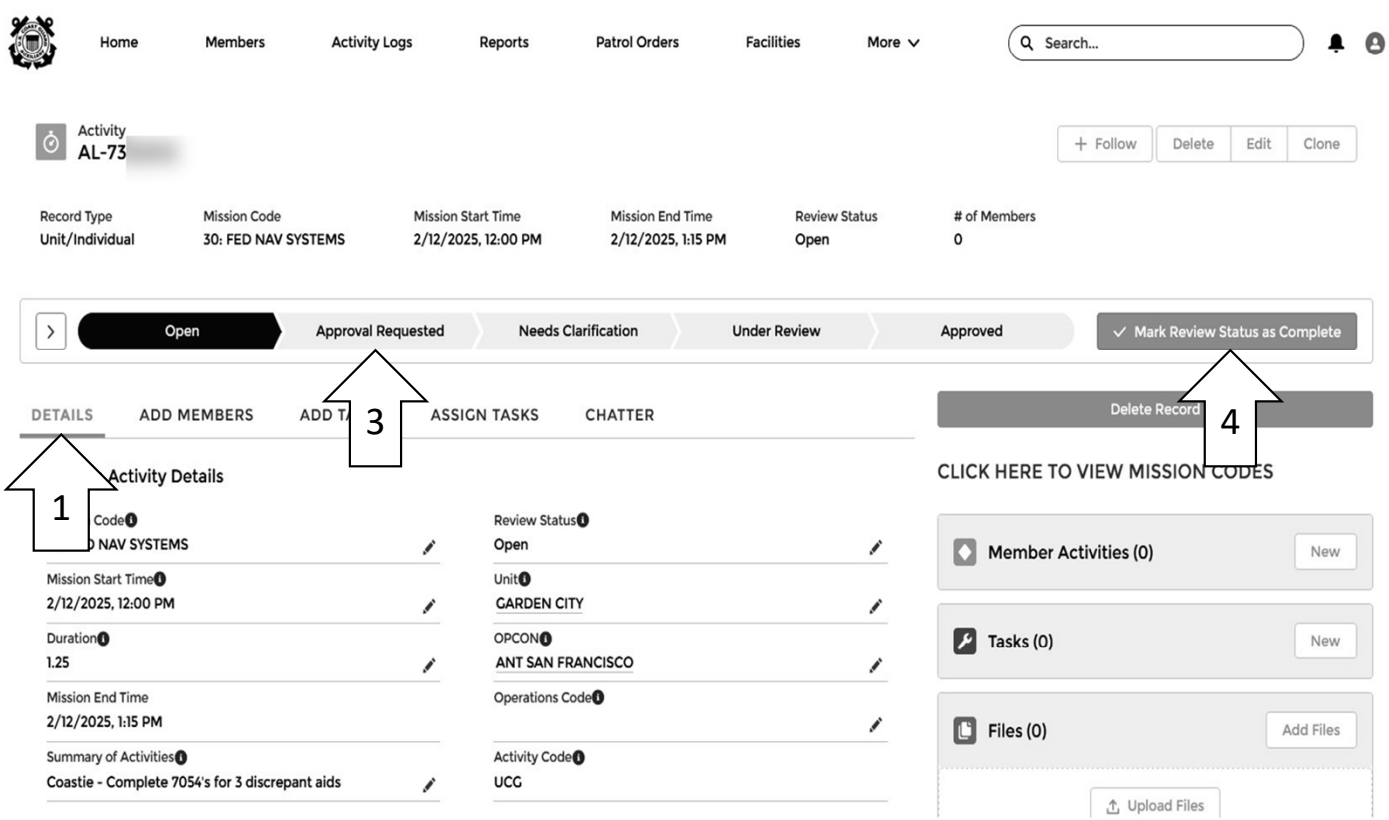
Submit for Approval

1. Click ‘Details’ to take you back to the Activity Log

2. Review

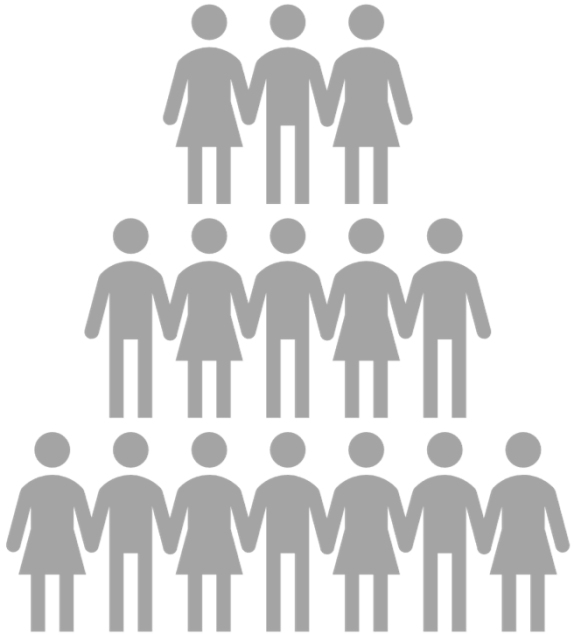
3. Select ‘Approval Requested’

4. Click ‘Mark as Current Review Status’

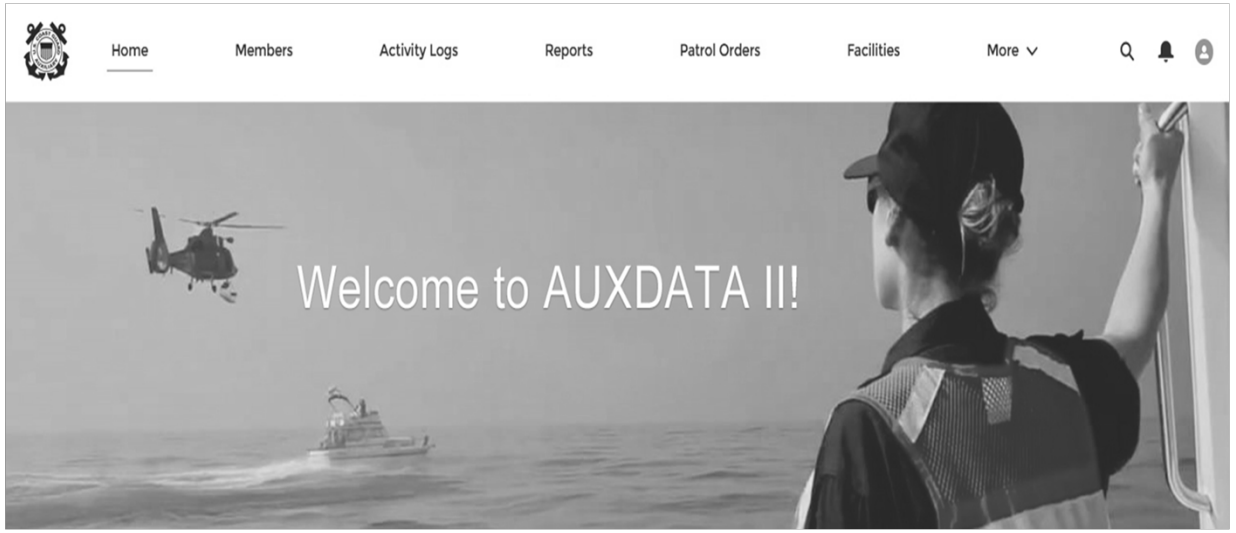


Mission Code 30, 31 & 32 – Activity Log Entry

Repeat this process for each mission code (30, 31 or 32)



Questions?



Recruiting Assistance

Mission Codes 09, 90A, 90B and 90C

Recruiting Missions

The following information applies to all recruiting mission codes:

- Report only the time conducting the mission
- Enter the duration of the mission
- Enter using the mission date
- All prep & travel time is reported as 99E
- Each day requires a separate Activity Log

Mission Code – 09

09 – CG Academy Introduction Mission (AIM) (U)

Activity directly related to the recruitment and support of students involved in the annual AIM program.

- This includes time spent on:
  - Public Appearances
  - Interviewing
  - Counseling
  - Selecting a candidate for the AIM program
- All time spent coordinating:
  - Logistics
  - Direct on-scene support during AIM program.
- Any work outside your home must be performed in proper uniform.

Requires training and a Letter of Designation from the Academy

Resource Type = Unit/Individual
OPCON = CG Academy
Position = Lead
Form = 7030

Mission Code – 90A

90A – CG Partners Program (U)
Time spent in recruitment of the public into the Coast Guard Academy, exclusive of AIM support.

- Report all time performing:
  - Public Appearances in support of the Coast Guard Academy.
  - Coordinating logistics for students to report to the Coast Guard Academy as a cadet.

- Any work outside your home must be performed in proper uniform.

Requires training and a Letter of Designation from the Academy

Resource Type = Unit/Individual
OPCON = CG Academy
Position = Lead
Form = 7030

Mission Code – 90B

90B – Active Duty/Reserve/Officer Candidate School (OCS) Recruiting (U)

Time spent performing activity directly relating to the recruitment of the public into the Coast Guard, i.e., active duty or Reserve enlistment or enrollment in OCS.

- Working directly with the Coast Guard recruiting office on the recruiting of the public into the Coast Guard active duty, reserves or OCS.

Requires training and a Letter of Designation from the Coast Guard

Resource Type = Unit/Individual
OPCON = CG Unit Supported
Position = Lead
Form = 7030

Mission Code – 90C

90C – Auxiliary Recruiting (U)
Time spent performing activity directly related to the recruitment of the public into the Coast Guard Auxiliary.

- This includes time spent:
  - Interviewing prospective members
  - Counseling prospective members
  - Assist with filling out membership application

- Seriously underreported mission!
- Encourage FSO-HR, FC and others directly involved in the recruitment of a member to use this code.

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Mission Codes 09 & 90 – Activity Log Entry

The same Activity Log format is used to enter the data from all our paper forms: ANSC 7029, 7030, 7038, 7039, 7046, and 7066.

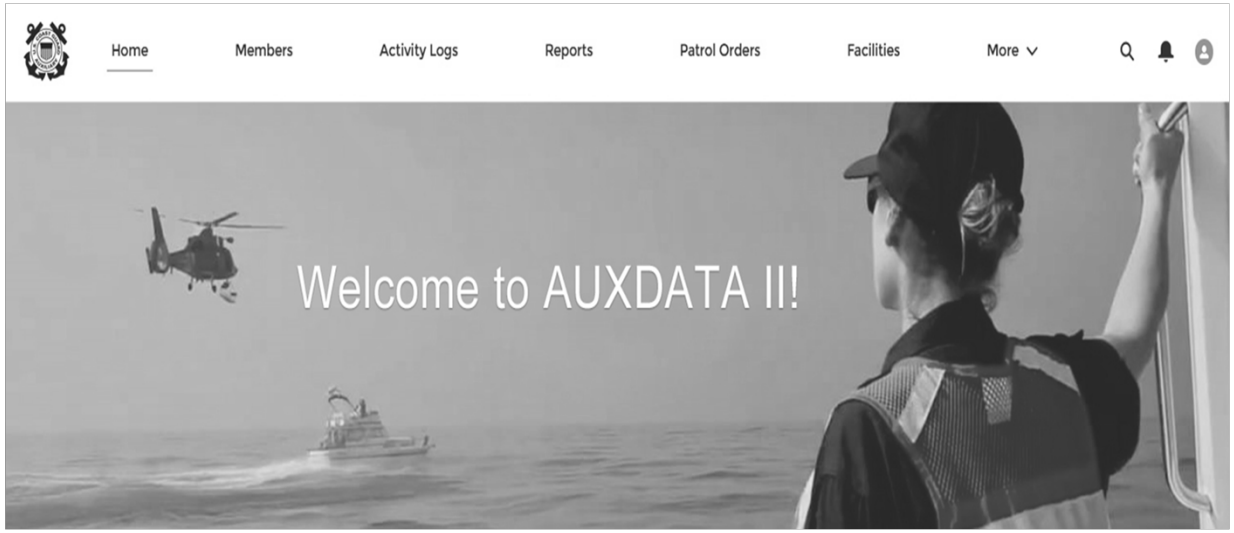
Most Activity Logs require entries on only two screens or pages.

ANSC 7030 required fields include: Member Unit, OPCON, Mission Code, Date, Duration of Activity, Members involved, Position

Questions?

Module 4A

AUX-10
C-School



Member Training

Mission Codes 06A, 06B, 06C and 22B

Mission Code – 06A

06A – Operational Training (U)
Time spent as a qualified instructor for any Operational Member Training activity. This may include any operational instruction and/or presenting the Operations/Air Workshop.

- Conducting Operational Training
  - Boat/Air Crew Training (land-based)
  - Boat/Air Crew Mentoring
  - Operations or Air Workshop
  - Annual RM/TCT Refresher Workshop

- Must be a qualified instructor to be Lead
- Non-Lead (Aide) is not required to be a qualified instructor

- Prep and Travel time is reported as 99D

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead, Non-Lead, Trainee
Form = 7030 or 7039

Mission Code – 06B

06B – Other Member Training (U)

Time spent as instructor for any Member Training activity, including CG courses, specialty courses, basic qualification, instructor, vessel examiner, or program visitor classes and workshops, other than Operations Workshop.

- Conducting other non-operational Training
  - AUX-CT (Core Training)
  - Specialty Courses
  - Instructor
  - Vessel Examiner
  - Program Visitor
  - AUXDATA II

- Must be a qualified instructor to be Lead
- Non-Lead (Aide) is not required to be a qualified instructor

- Prep and Travel time is reported as 99D

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead, Non-Lead, Trainee
Form = 7030 or 7039

Mission Code – 06C

06C – AUXSCE (U)
Time spent as a qualified AUXSCE Instructor while teaching the AUXSCE course.

- Teaching the AUXSCE (Auxiliary Search Coordination & Execution) course

- Must be a qualified AUXSCE instructor to be Lead
- Non-Lead (Aide) is not required to be a qualified instructor

- Prep and Travel time is reported as 99D

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead, Non-Lead, Trainee
Form = 7030

Member Training - Trainee

When to report a Trainee under mission code 06A or 06B?	
A member is currently in training to become a qualified Auxiliary Instructor. He/she is teaching the required hours, under supervision of a qualified instructor.	An Auxiliary Instructor whose instructor status in in REYR and is in the process of teaching the required hours, under supervision, to re-certify.
In both cases, the qualified instructor would be reported as ‘Lead’ and the qualifying instructor would be reported as ‘Trainee’.	

Member Training - Student

- A student is a member who is participating in the class and is not involved in the instruction of the class.
- The student is receiving the instruction.
- Student time is not reported under mission code 06A, 06B or 06C.
- The student's time is reported as 99D.

  Exceptions – Public Affairs training use code 10G

  Aids to Navigation program training use code 34

  Marine Safety program training use code 70U

  Uninspected Vessel Inspection training use codes 80B, 80D, 80F

Mission Codes – 22B

22B – Operations Training (Shoreside) (A,B,R,U)

Time spent NOT underway on surface/air operations training by coxswains, pilots and crew, which are not otherwise reportable under Member Training. Also for use by Land Mobile Operator or a Unit Mission.

- Land based operations training by a member who is not a qualified instructor.
- Example:
  - Coxswain or Boat Crew members, who are not qualified instructors, mentoring other members
- A qualified instructor would report time as 06A
- Prep and Travel time is reported as 99D

Resource Type = Unit/Individual
OPCON = Member's District
Position = Lead
Form = 7030

Determining Workshop Mission Code

Which Mission Code to use 06A or 06B for workshops?	
06A – Operational Training • Operations • Communications • ATON/AV • Annual Risk Mgmt TCT Refresher • BCQ Mentoring (Boat Crew Qualification)	**06B – Other Training** • Instructor • Vessel Examination • Information Services • Public Affairs • RBS Program Visitor • Core Training
To be considered a workshop, the material must be approved and provided by National.	

What is a Task?

When a member is required to complete a workshop to obtain or maintain a competency, the completion of that workshop is entered into AUXDATA as a ‘Task’

The ‘Add Task’ and ‘Member and Task Capture’ pages on the Activity Log screen are used to record this information.

Workshop Entry Policies

Check with your district regarding the entry of tasks!

Policies vary by district:

- Some districts allow the FSO-IS/SO-IS Officers to enter tasks
- Some districts allow only the DSO-IS or DAA (DIRAUX Administrative Assistant) to enter tasks
- Some Districts allow entry only by DIRAUX staff

At no time should members be entering tasks!!!

Workshop – Activity Log Entry

Review Data on paper form (ANSC 7039)

Determine the mission code

- 06A for Operational Training
- 06B for Other Training

Enter one Activity Log for the instructor, mission code 06A or 06B, with the task

Enter a separate Activity log for the attendees, mission code 99D, with the task

ATON/AV workshop use Mission Code 34 to report attendees with lead position and task

Workshop – Activity Log Entry

The same Activity Log format is used to enter the data from all our paper forms: ANSC 7029, 7030, 7038, 7039, 7046, and 7066.

Activity Logs for workshops required entries on four screens.

ANSC 7039 required fields include: Member Unit, OPCON, Mission Code, Date, Duration of Activity, Members involved, Position, Task and Task Capture

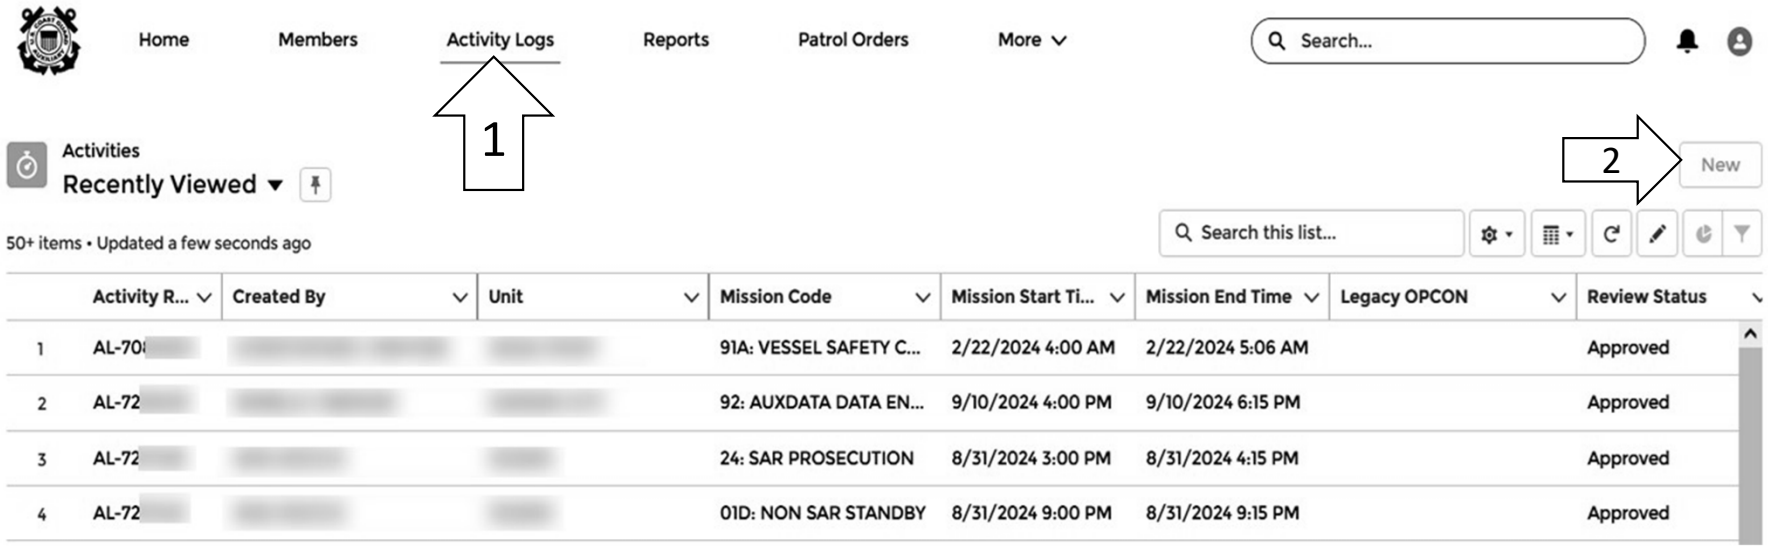
Activity Log Entry – Live Demonstration

LIVE DEMONSTRATION

Workshop Instructor – Activity Log Entry

1. Click ‘Activity Logs’

2. Click on ‘New’

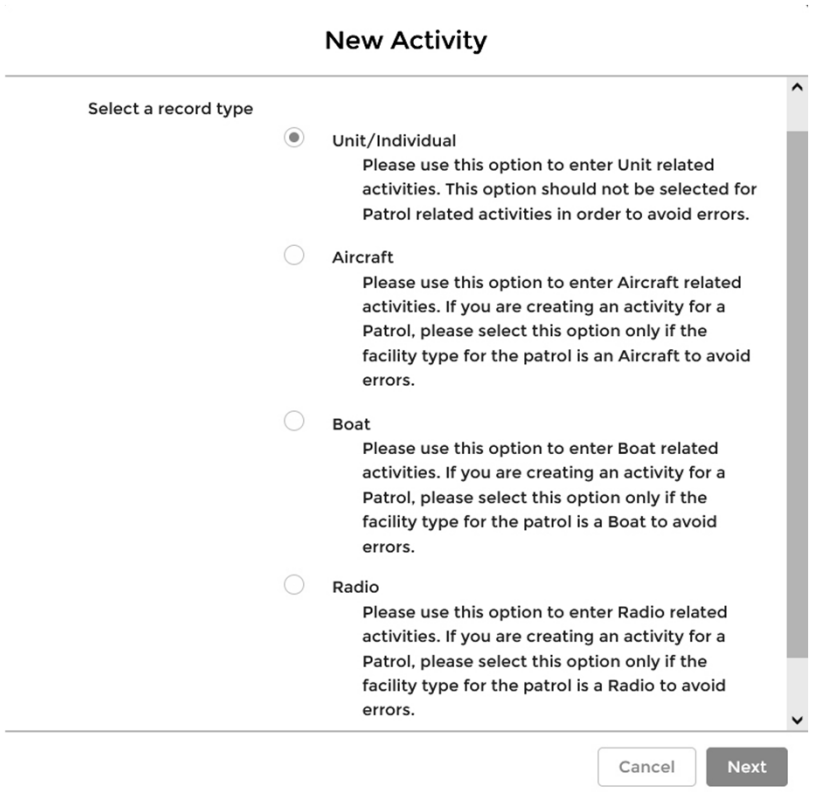


Select Resource

The Resource for Mission Code 06A or 06B activity will always be Unit/Individual.

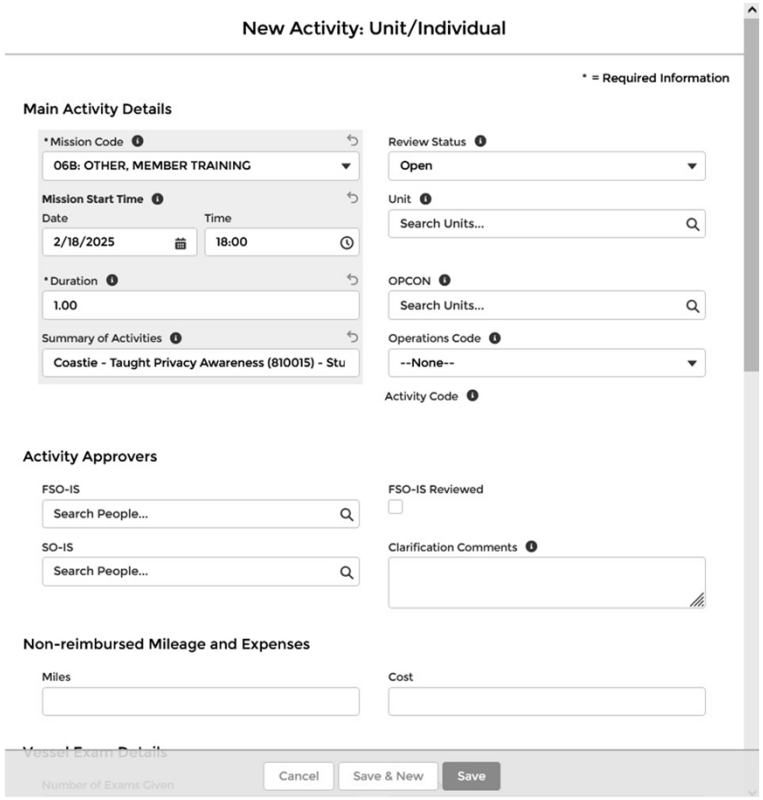
Do not make any changes on this screen

Click ‘Next’



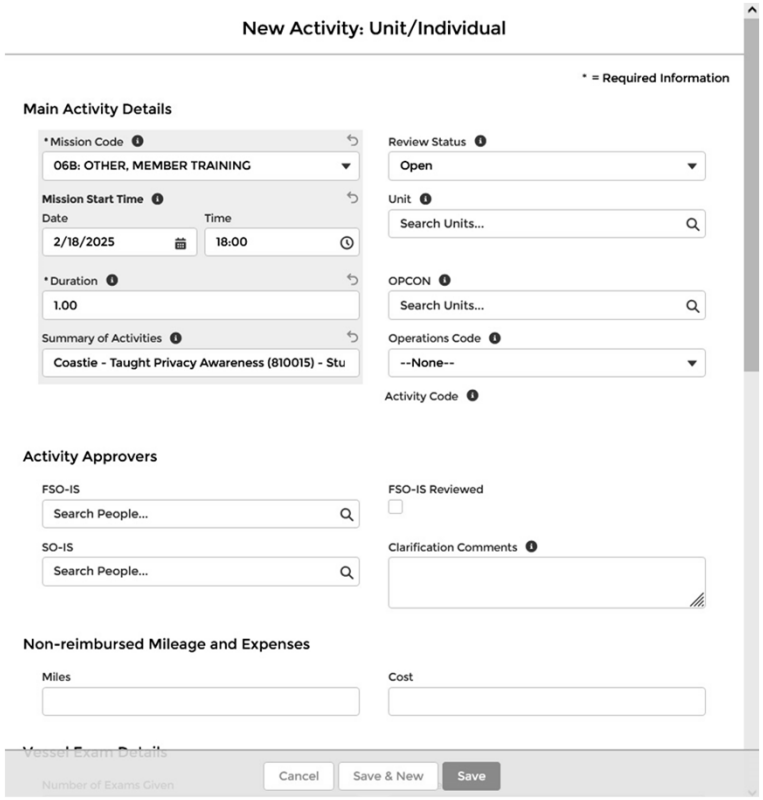
Enter Mission Information

Mission Code	Enter the appropriate Mission Code
Mission Start Time	Enter the date and time of the mission
Duration	Enter the duration of the mission
Summary of Activities	Enter the member's name and a brief description of the activity being reported



Enter Mission Information

Review Status	Leave at ‘Open’ Status
Unit	If entering for your flotilla, leave blank If entering for another flotilla, enter flotilla name
OPCON	Member Training is an Auxiliary Support mission, leave blank
Operations Code	Enter the appropriate Operations Code Can be left blank if no Operations Code applies
Click ‘Save’	Click ‘Save’

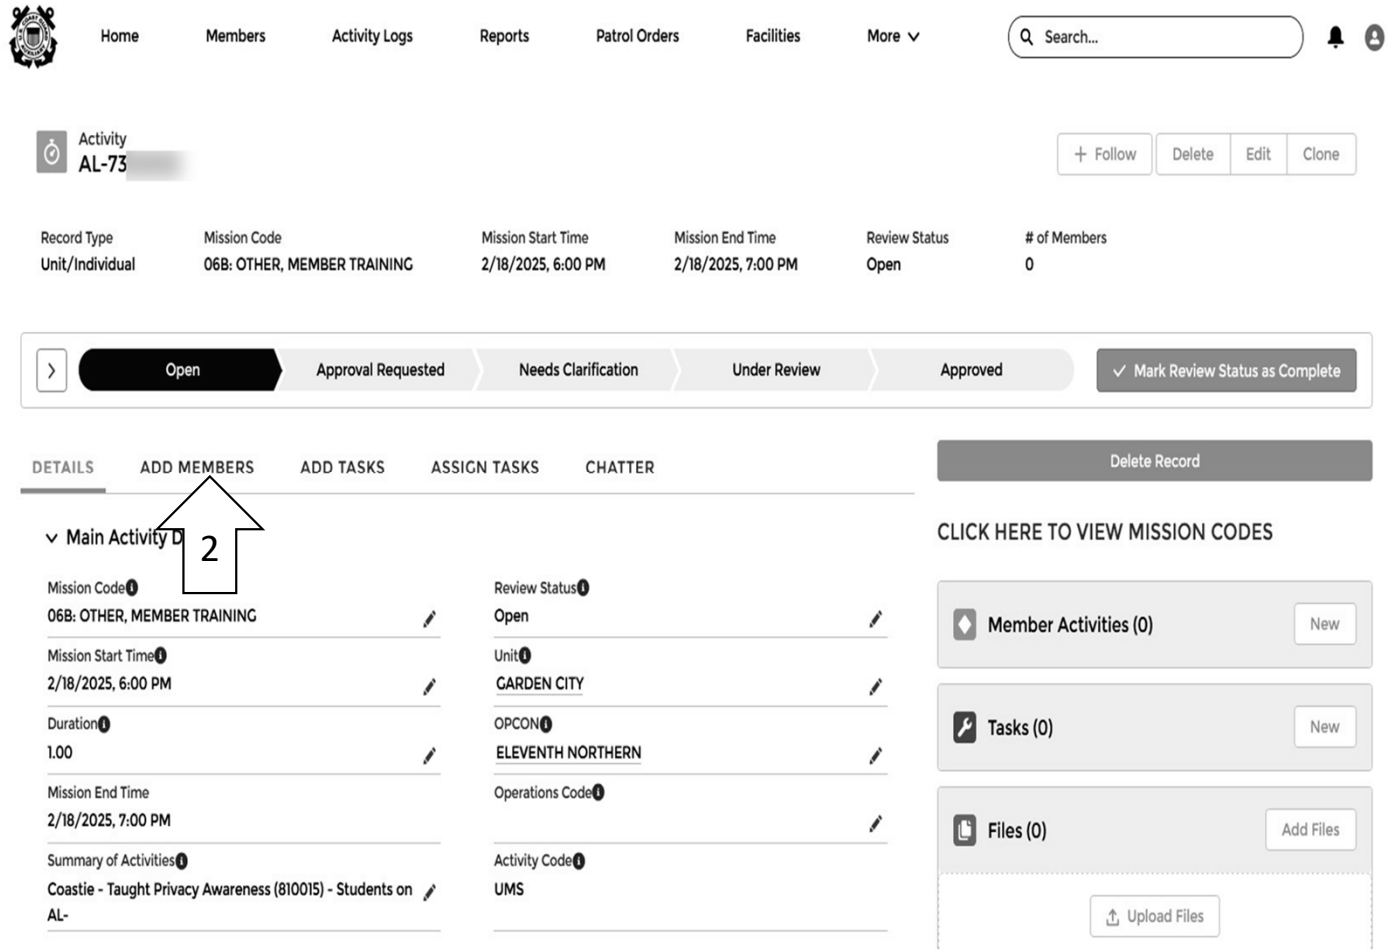


Confirm Mission Information

After saving, the Activity Log Detail screen will appear

1. Review the information for accuracy.

2. To assign a member to the mission, click on ‘ADD MEMBERS’



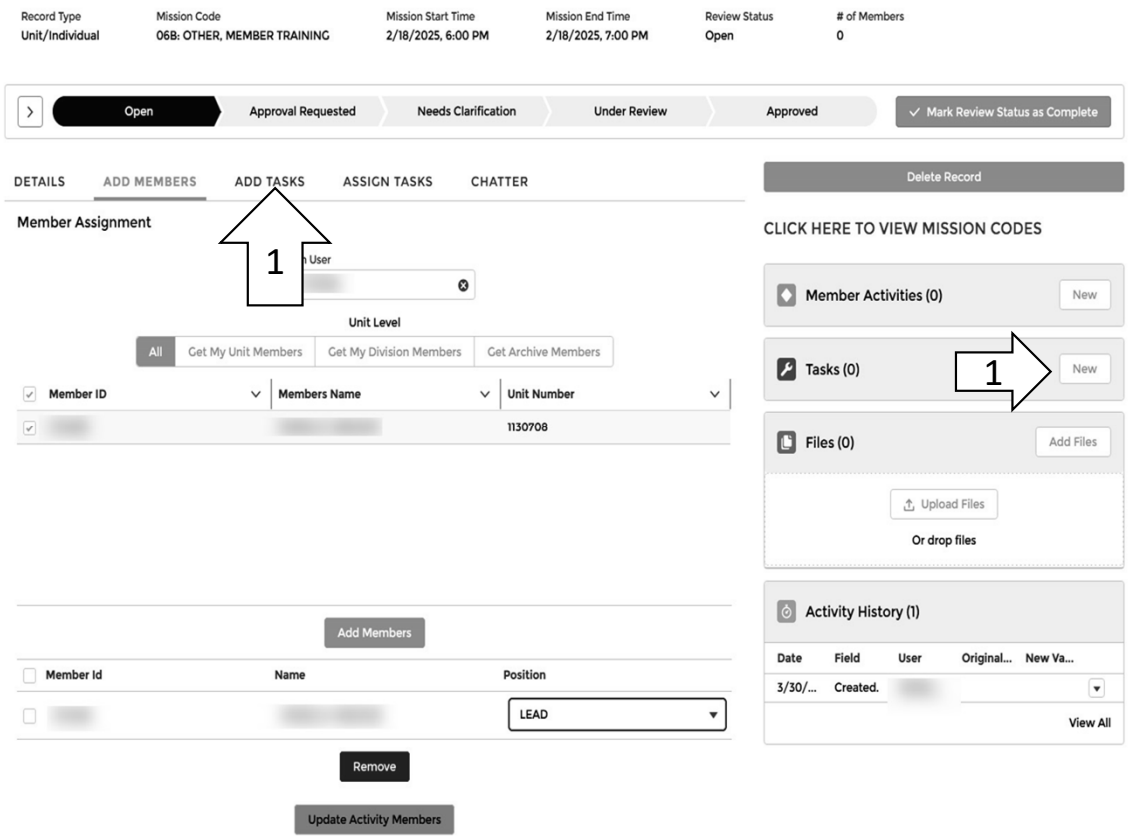
Add Members

1. Enter the member number(s) in the ‘Search User’ field. Hit ‘Enter’
2. Place a check mark next to the member(s) name to confirm.
3. Click ‘Add Members’
4. Assign the Position
5. Click ‘Update Activity Members’

Locate your flotilla members quickly by clicking ‘Get My Unit Members’

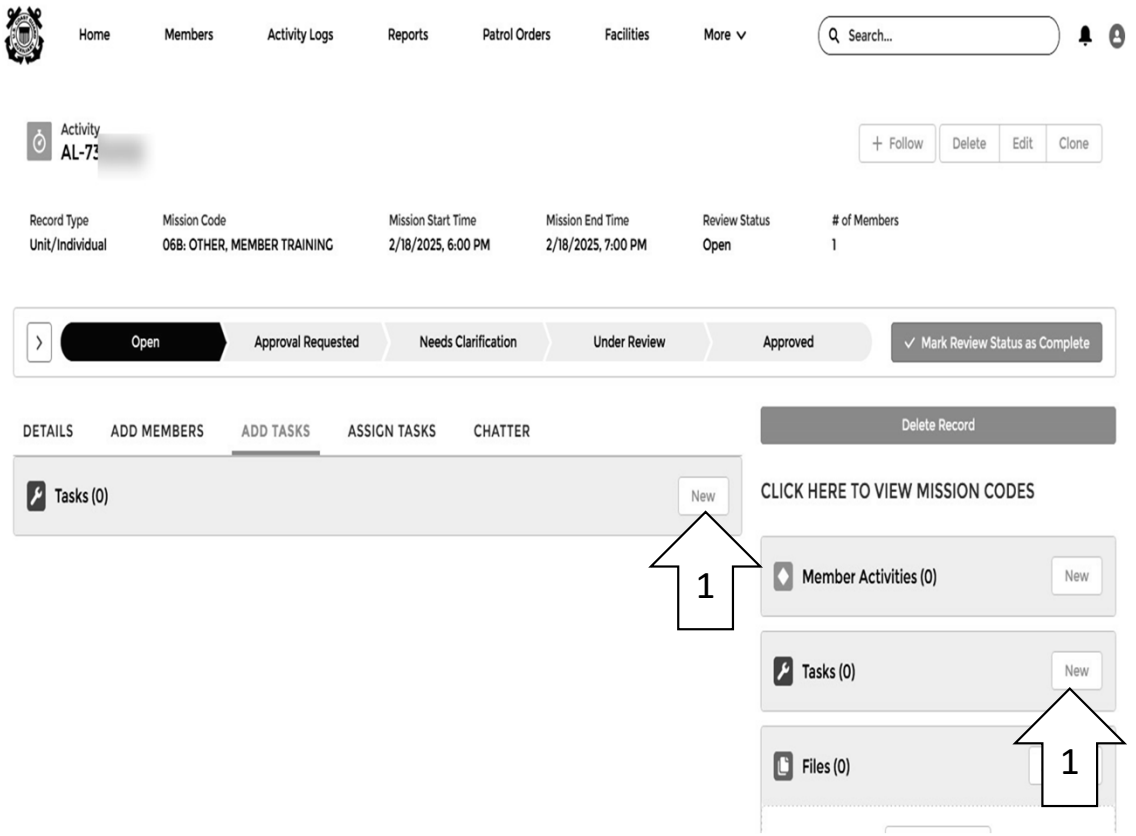
Add Task

1. Click ‘Add Tasks’ Tab Across top
   Or
   Click ‘New’ in Task Panel



Add Task

1. Click ‘New’



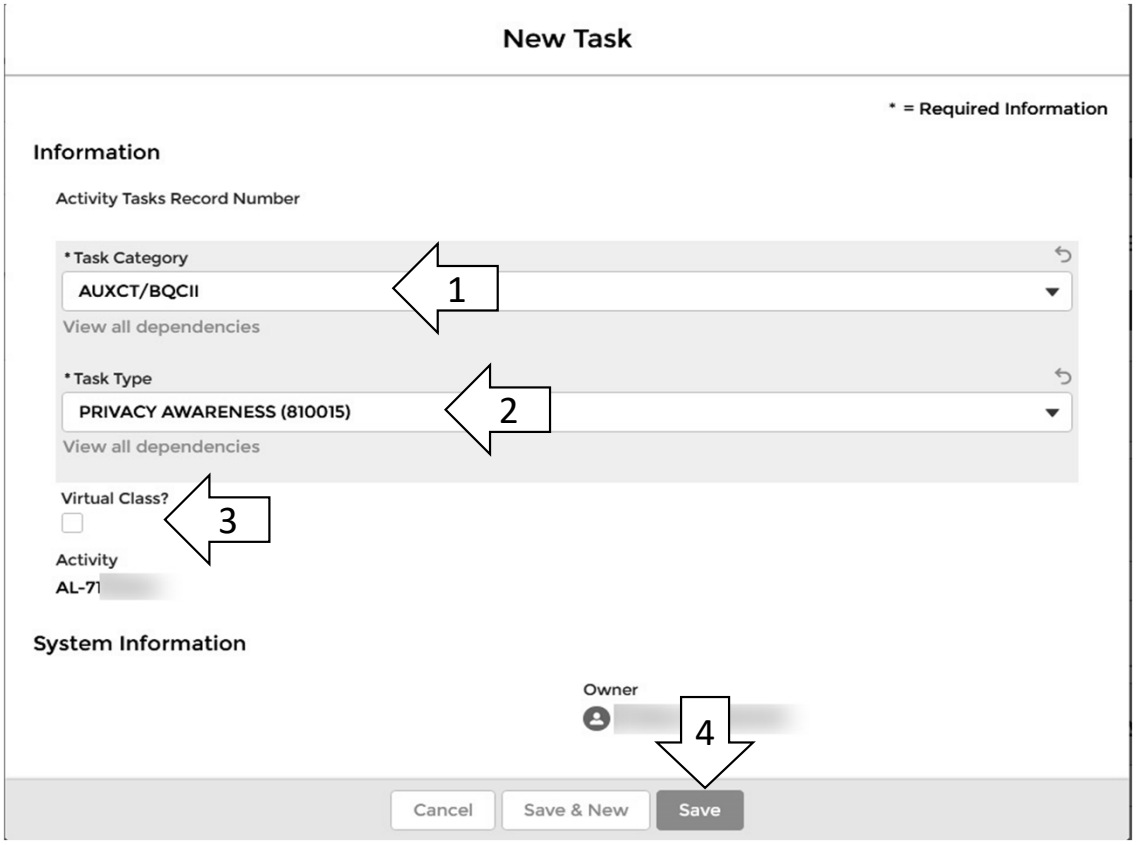
Add Task

1. Select ‘Task Category’

2. Select Task ‘Type’

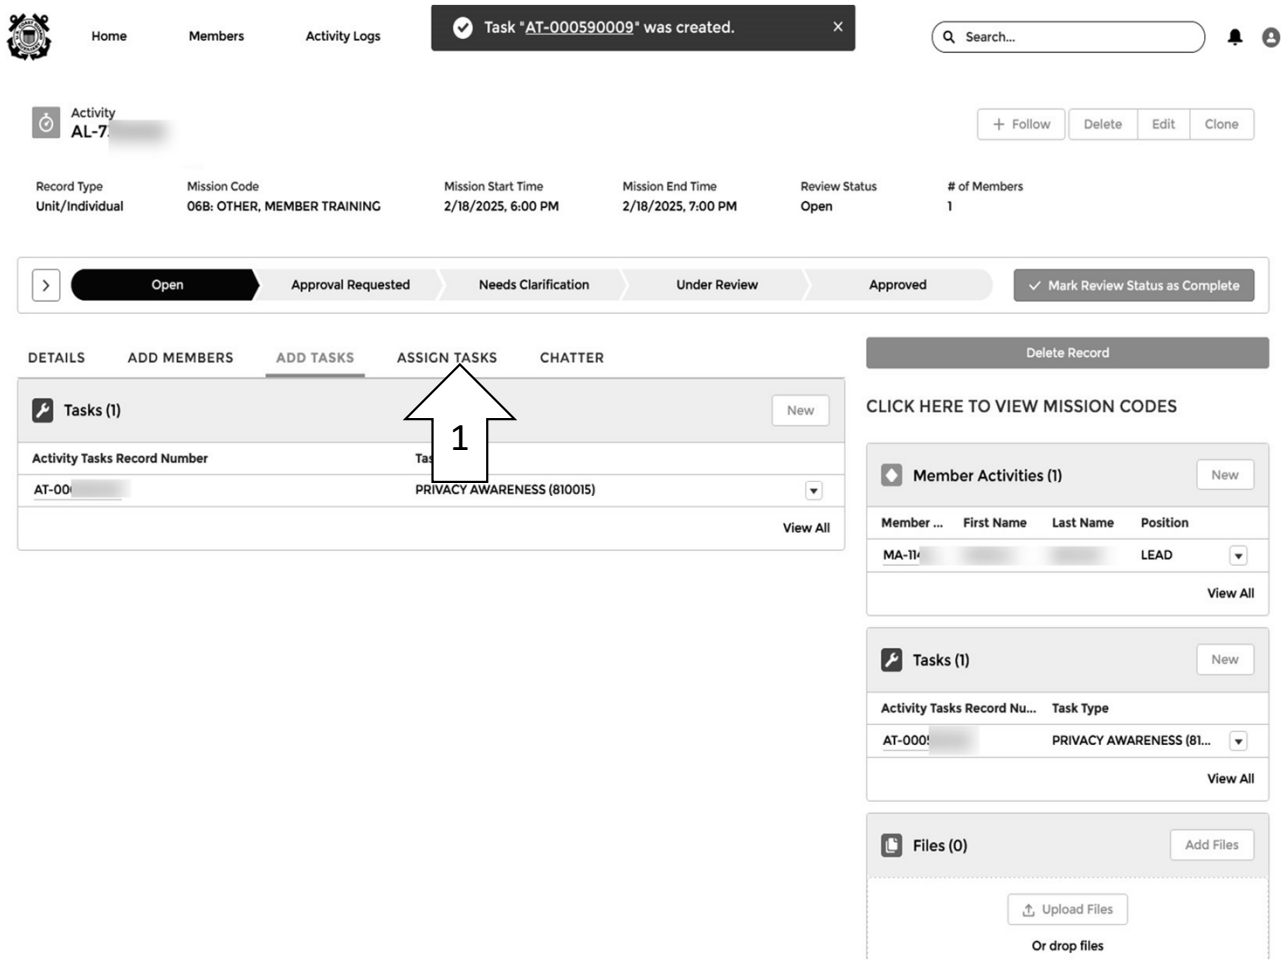
3. Check ‘Virtual Class’ if class was taught online

4. Click ‘Save’



Add Task

1. Click ‘Assign Tasks’

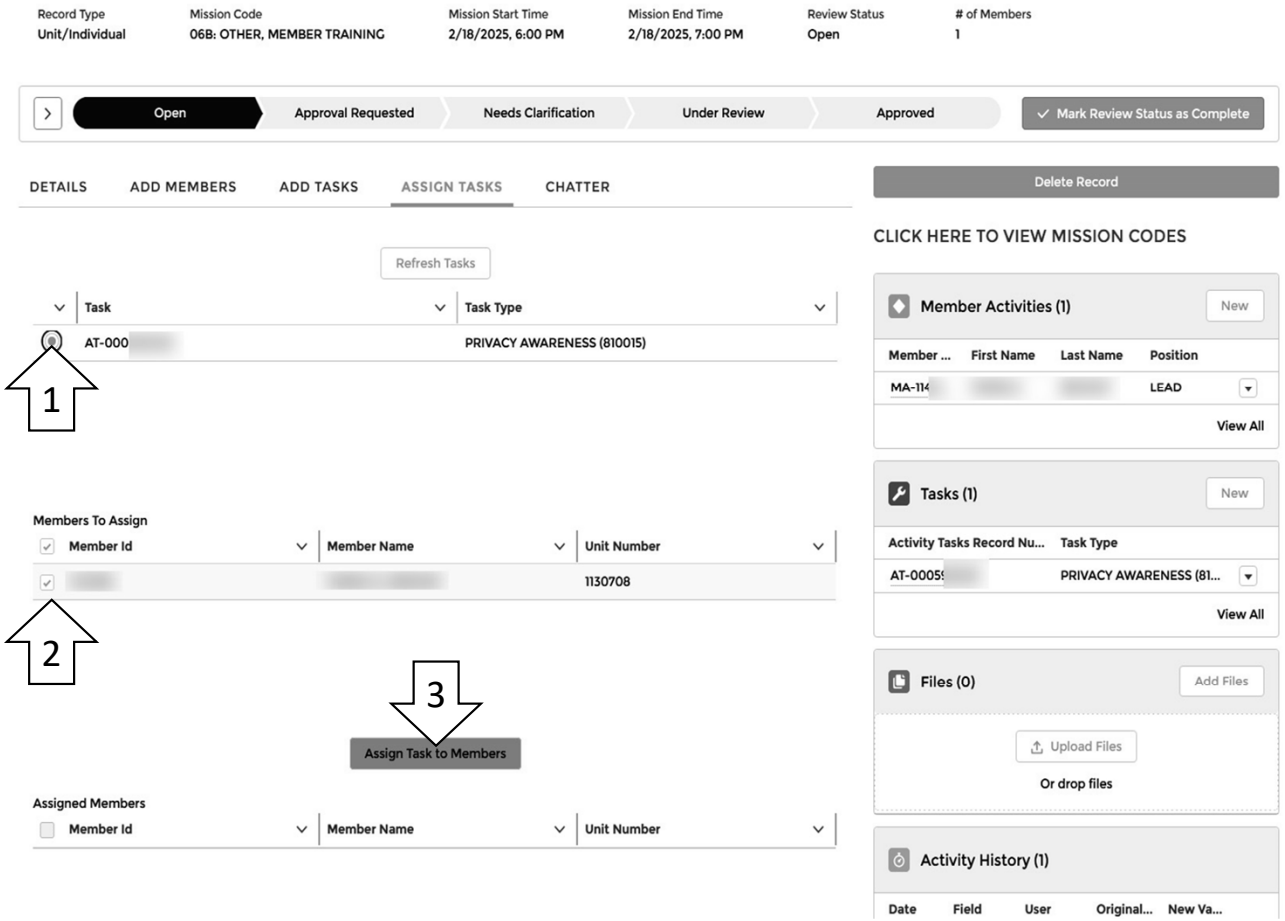


Add Task

1. Click ‘Radio Button’ next to workshop to activate

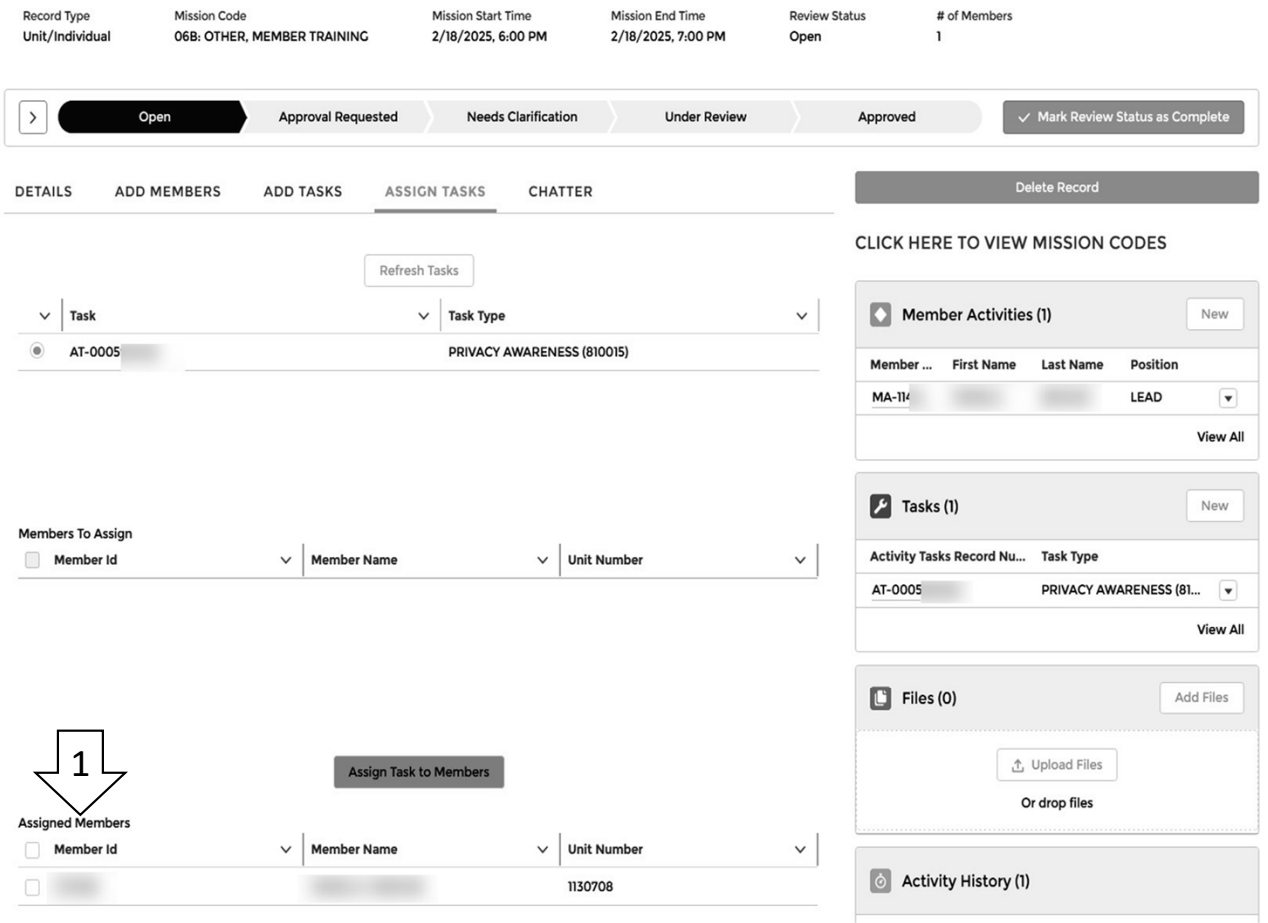
2. Verify the box next to Member ID is checked

3. Click ‘Assign Task to Members’



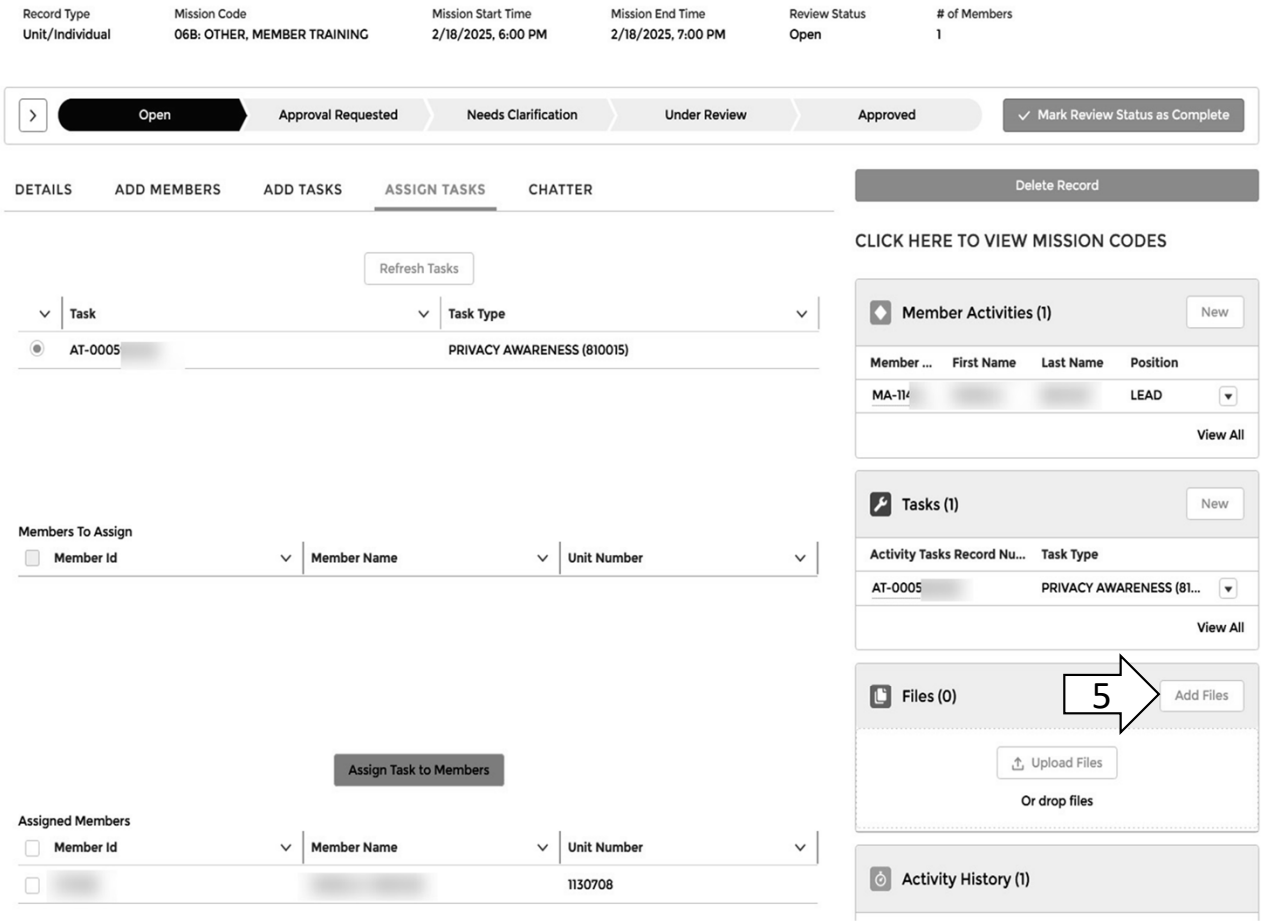
Add Task

1. Verify name of members involved has been moved down to the ‘Assigned Member’ section



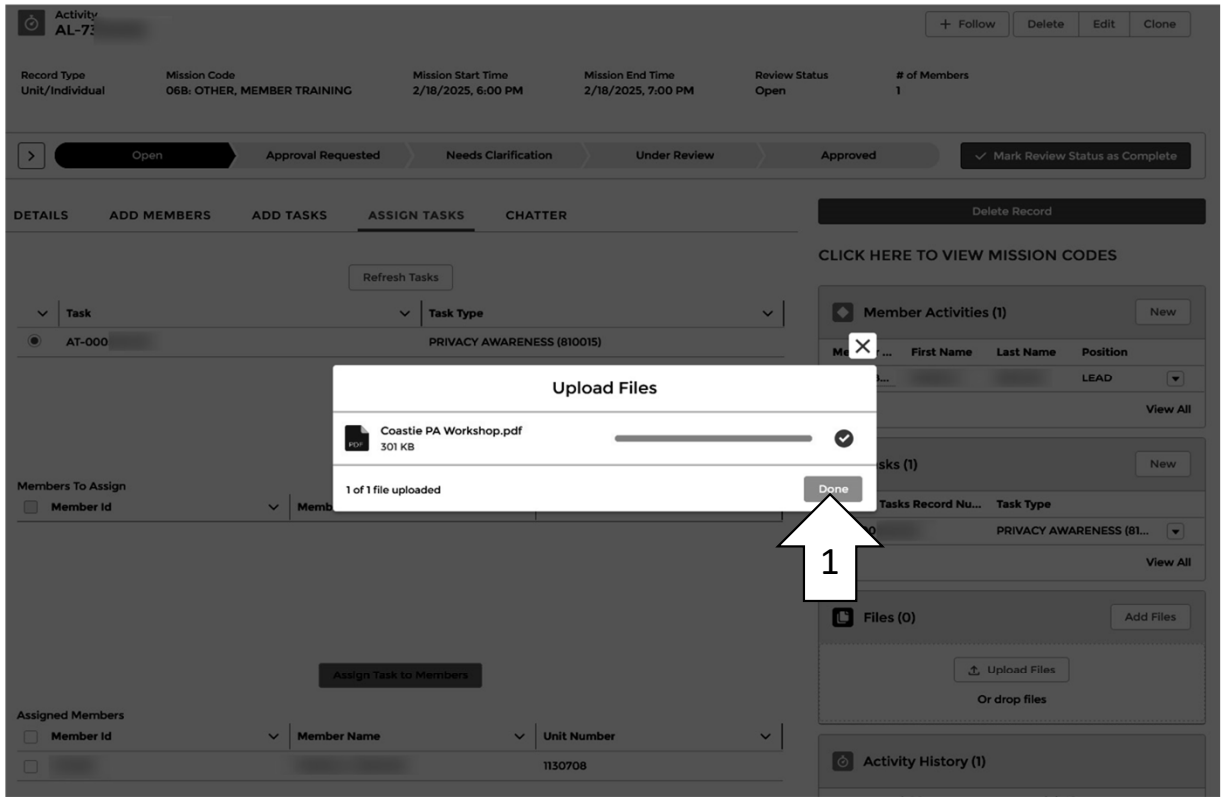
Add File

1. Click ‘Add Files’ or Drag and Drop file to add a digital copy of the 7039 form



Add File

1. Click ‘Done’ to complete the upload.

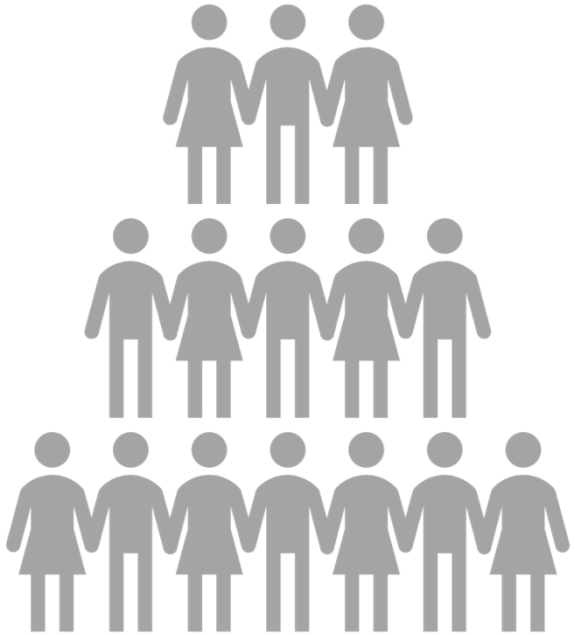


Workshop – Activity Log Entry

Repeat this process. Create one Activity Log for the attendees using Mission Code 99D

(Do not include the Instructor(s)).

ATON/AV workshop use Mission Code 34 to report attendees with lead position and task



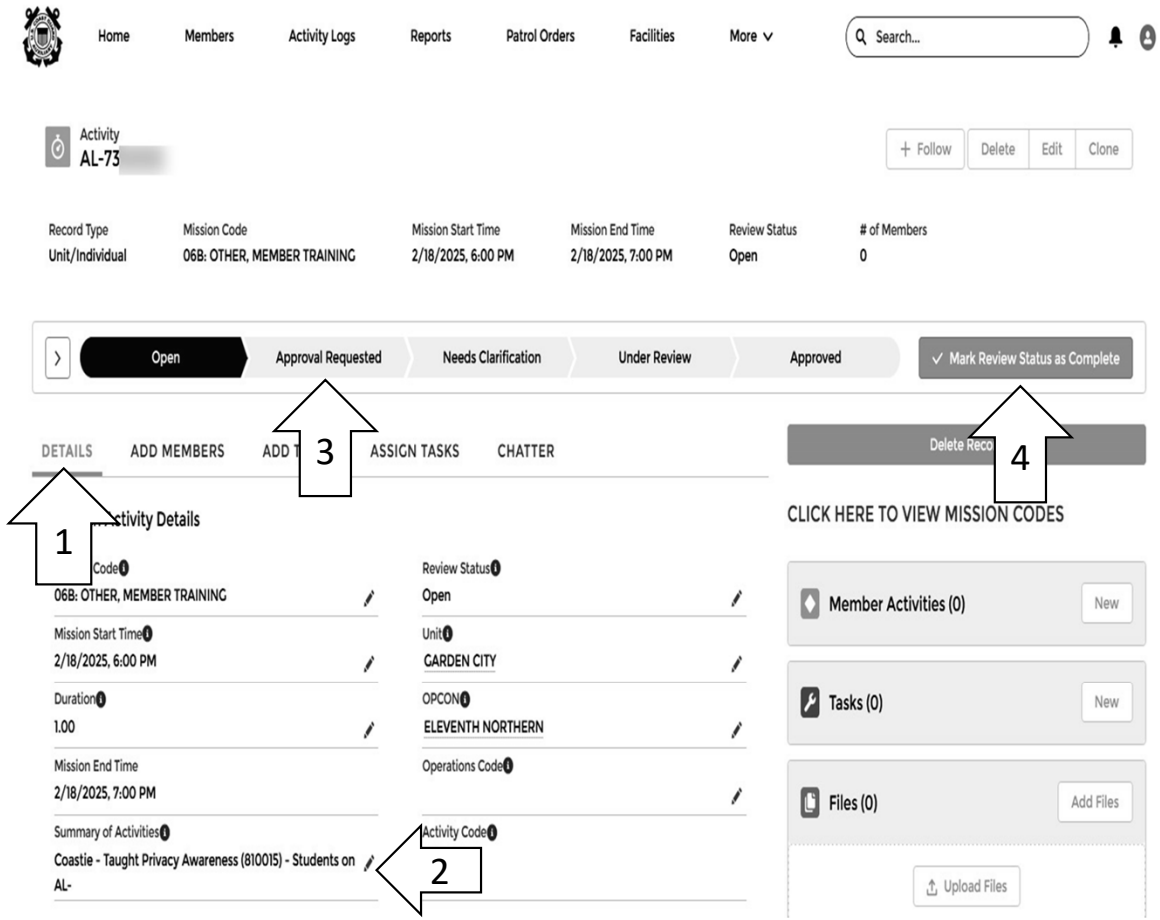
Submit for Approval

1. Click ‘Details’ to take you back to the Activity Log

2. Add the Activity Log # for the students to Summary of Activity

3. Select ‘Approval Requested’

4. Click ‘Mark as Current Review Status’



RM/TCT Refresher Workshop

RM/TCT Facilitators are required to teach four courses every two years to maintain their RM/TCT facilitator competency. This is kept track of with an different Task for the instructor.

When entering the RM/TCT Refresher workshop for the instructor, add:

- The Teach RM/TCT Refresher task – this gives the instructor credit for teaching the course as well as taking the course.
  - This process was revised in November 2023.

When entering the RM/TCT Refresher workshop for the students, add

- Annual RM/TCT Refresher task

Questions?

Workshop – Self Attestation

<table>
<tr><td colspan="2">Another situation in which an IS officer may be called upon to do an Activity Log with a task Capture is in the case of a member submitting a Self-Attestation form.</td></tr>
<tr><td>Core Training (AUX-CT)

Core Training may be submitted by the member using the Self Attestation Form.</td><td>Program Workshops
Program workshops such as the Instructor and Vessel Examiner workshops also may be submitted by the member using the Self Attestation form.</td></tr>

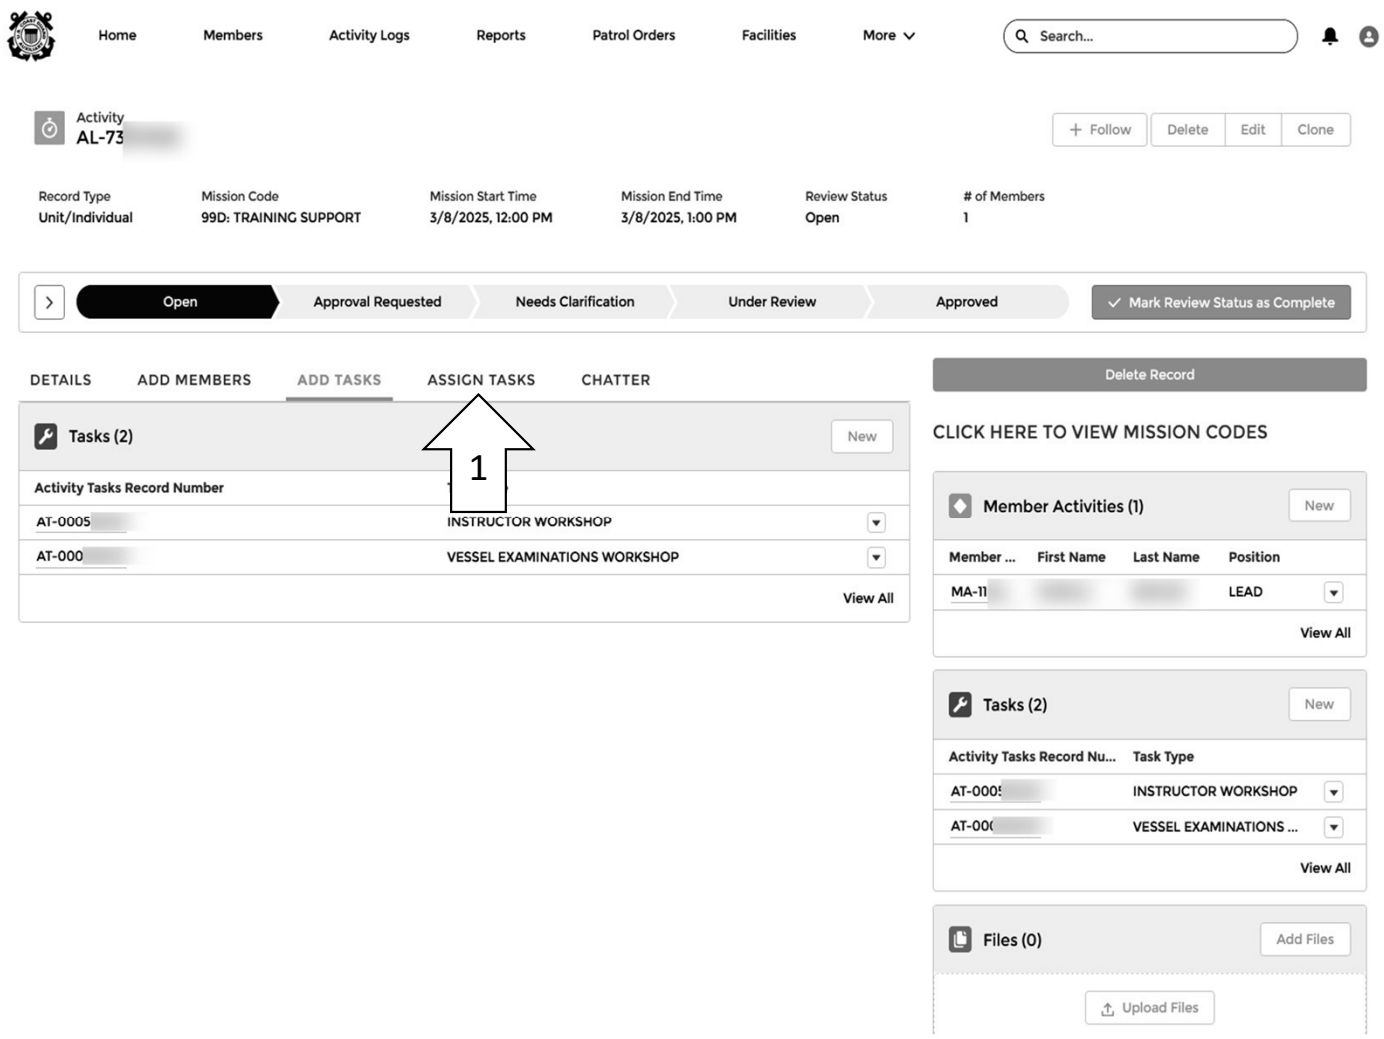
1. Click ‘ASSIGN TASKS’

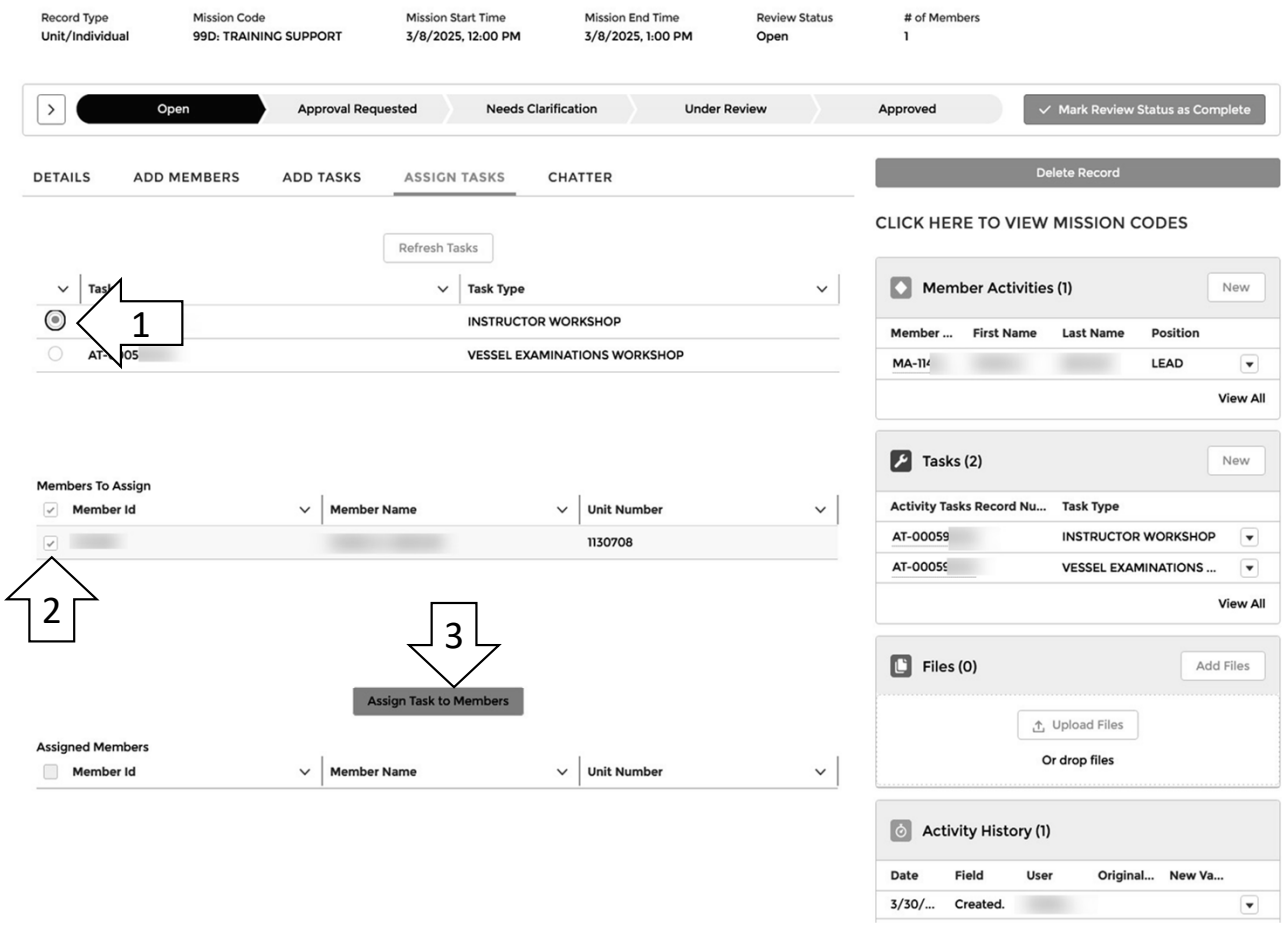


Add Task

1. Click ‘Radio Button’ next to the first workshop to activate

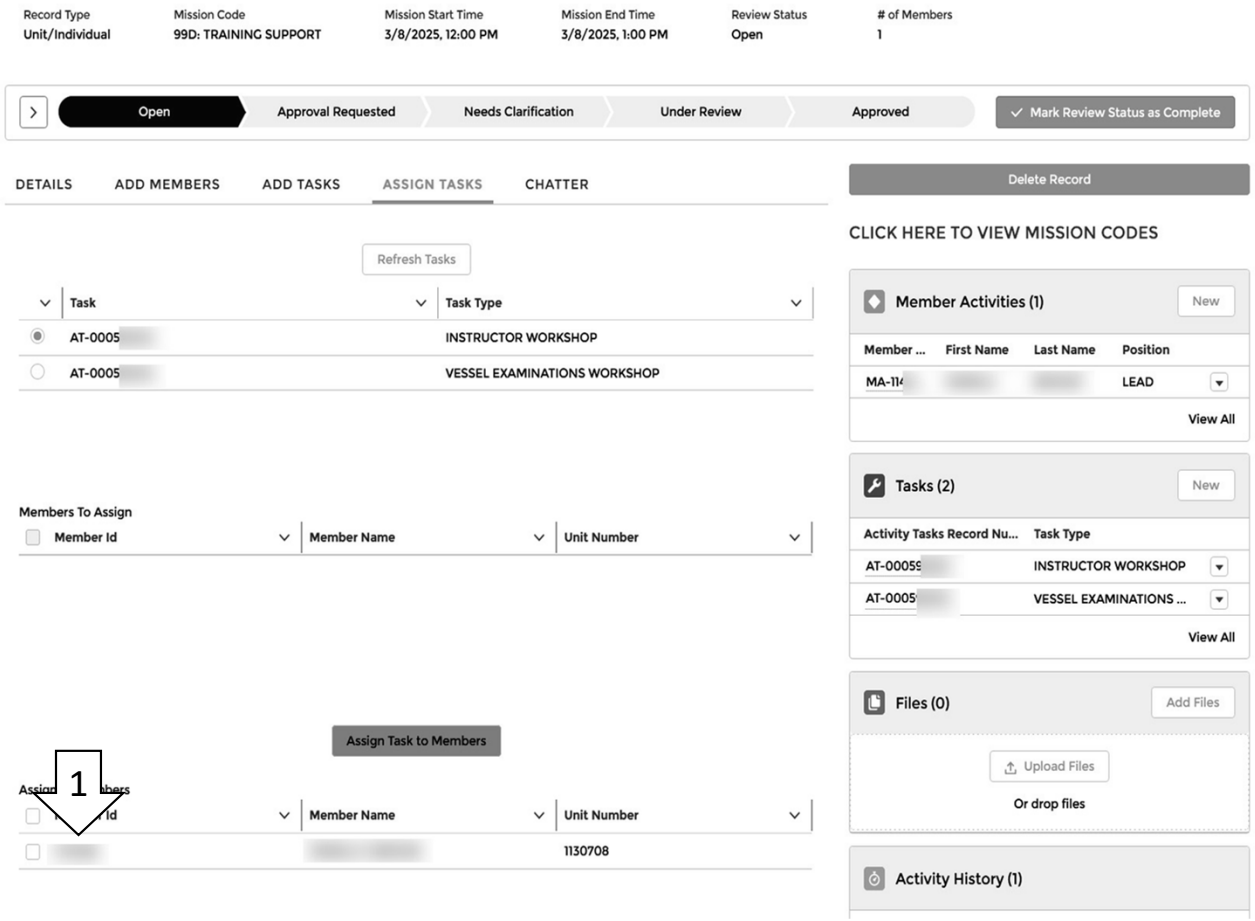
2. Verify the box next to Member ID is checked

3. Click ‘Assign Task to Members’



Add Task

1. Verify name of members involved has been moved down to the ‘Assigned Member’ section

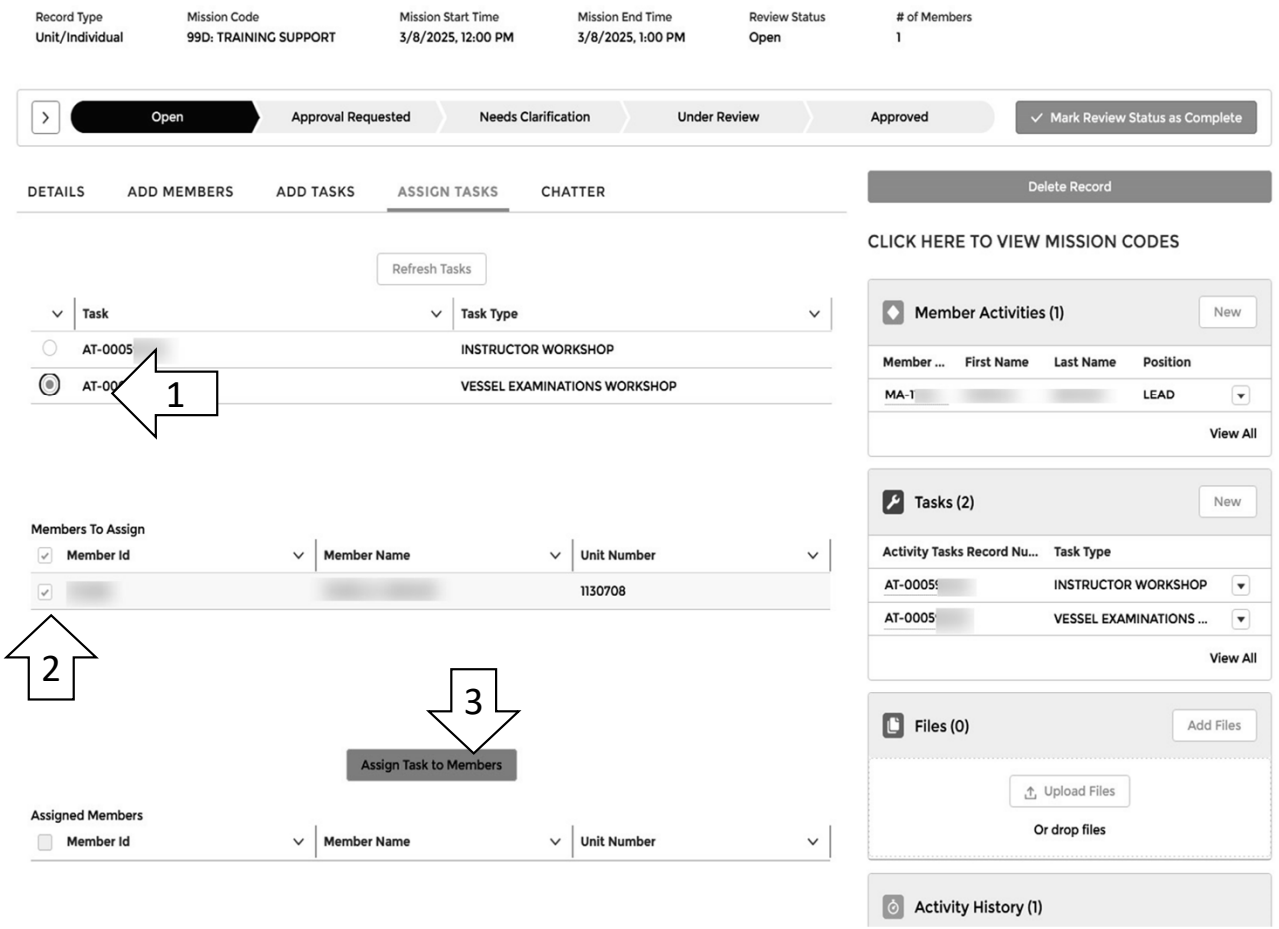


Add Task

1. Click ‘Radio Button’ next to the second workshop to activate

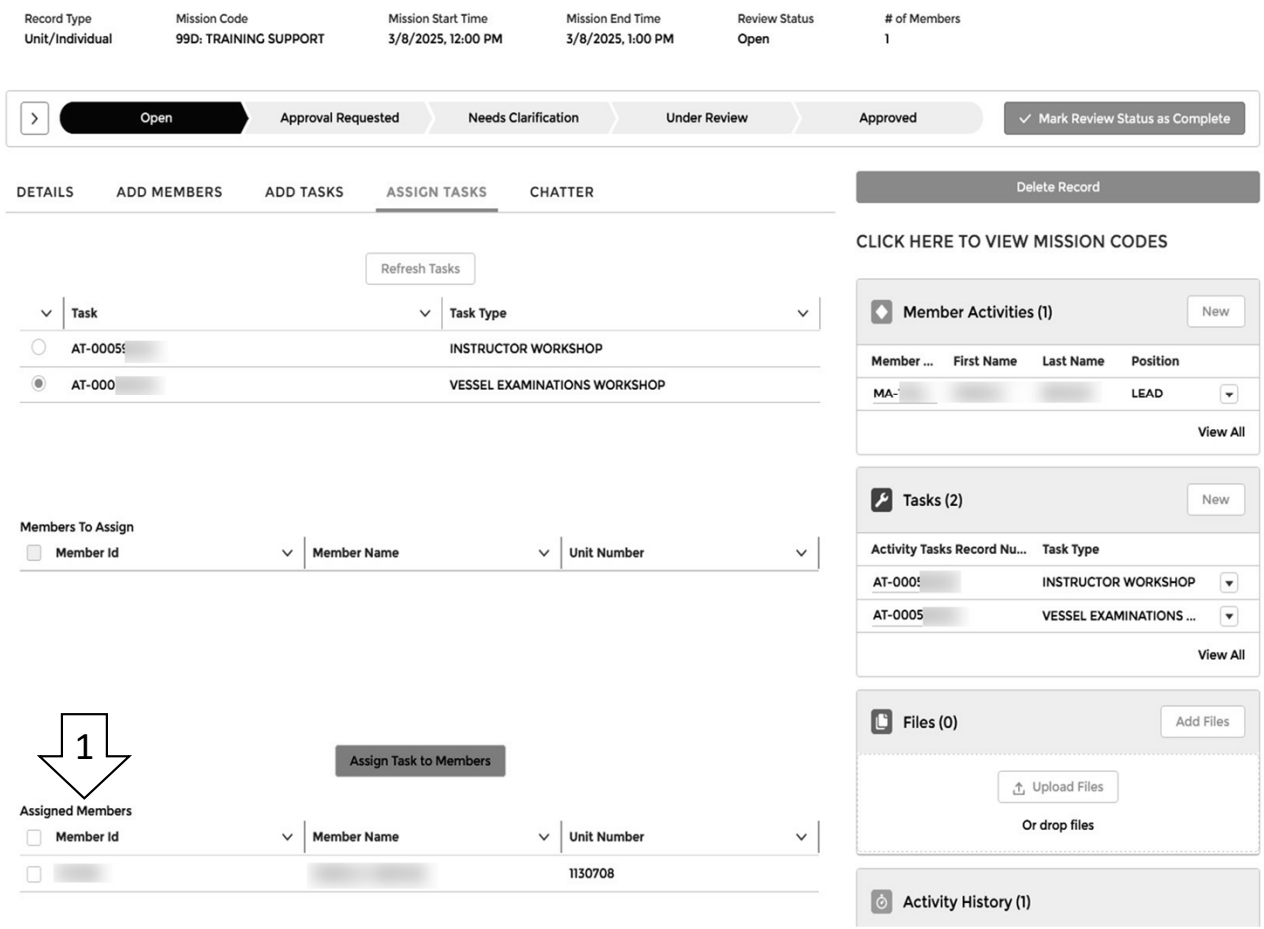
2. Verify the box next to Member ID is checked

3. Click ‘Assign Task to Members’



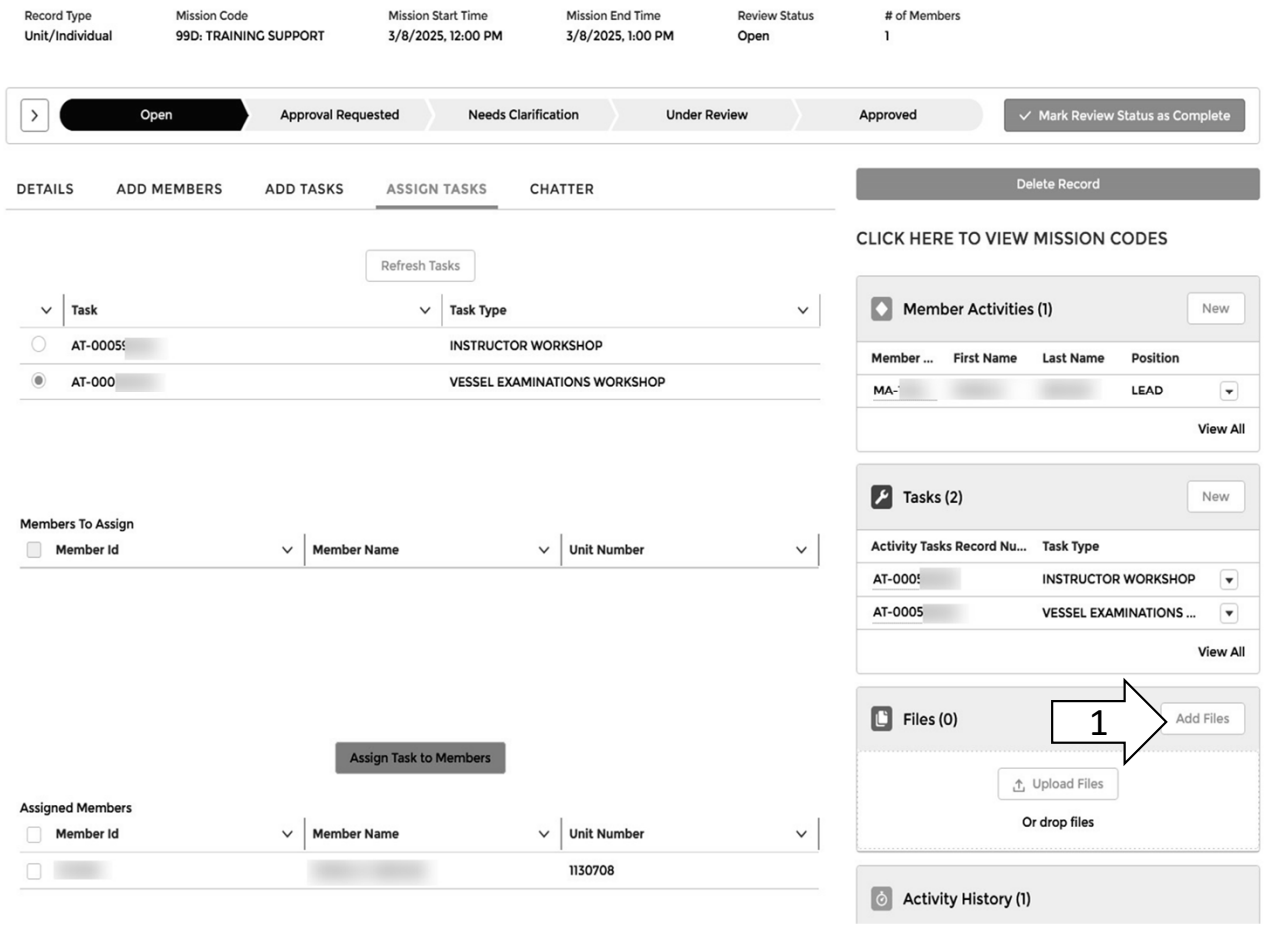
Add Task

1. Verify name of members involved has been moved down to the ‘Assigned Member’ section



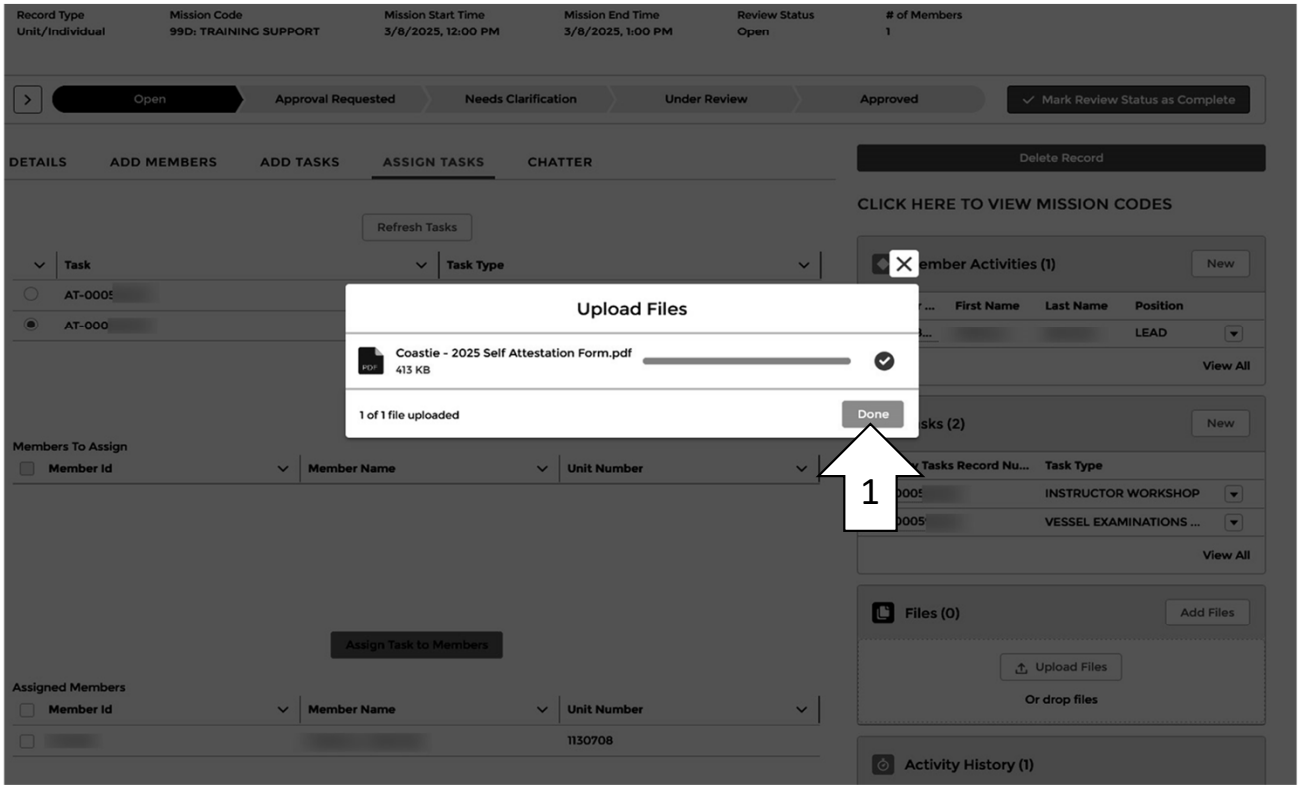
Add File

1. Click ‘ADD Files’ or Drag and Drop file to add a digital copy of the 7039 form



Add File

1. Click ‘Done’ to complete the file upload



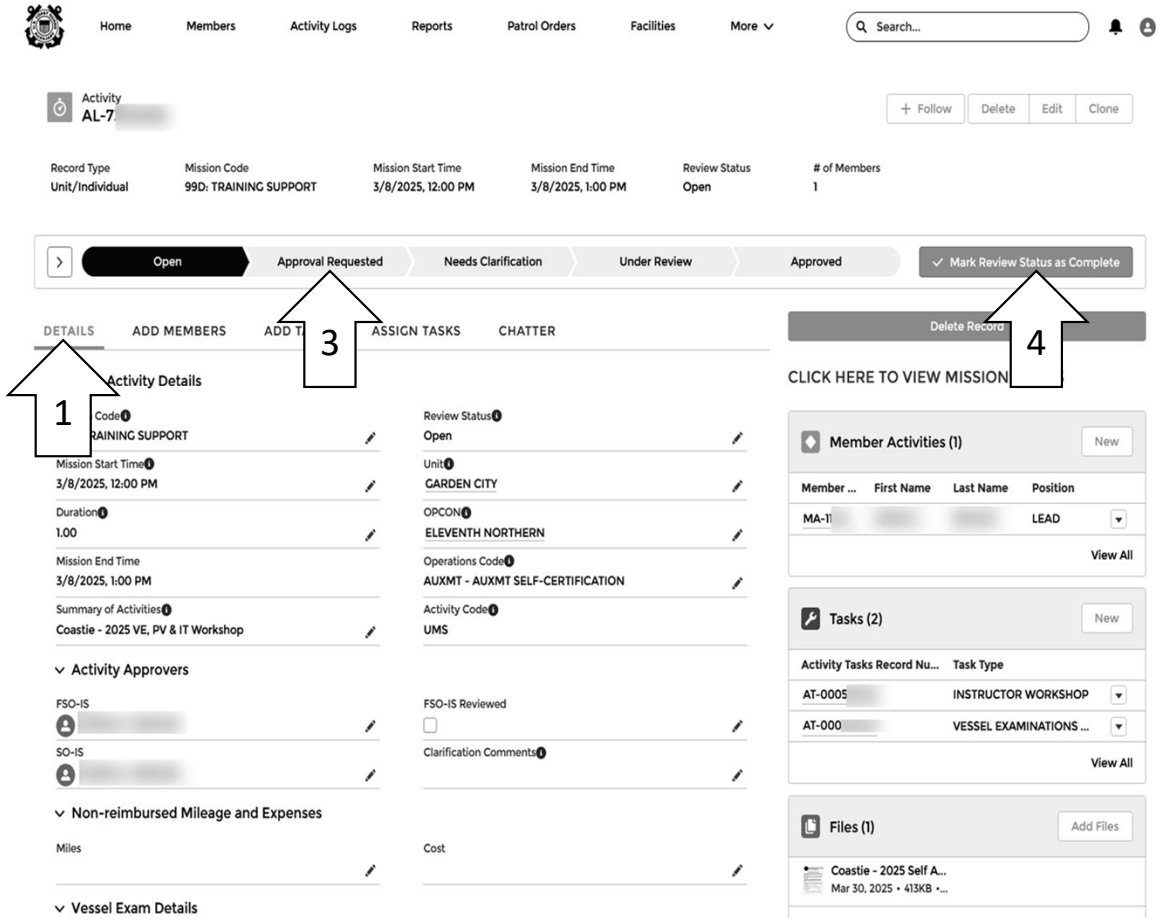
Submit for Approval

1. Click ‘Details’ to take you back to the Activity Log

2. Review

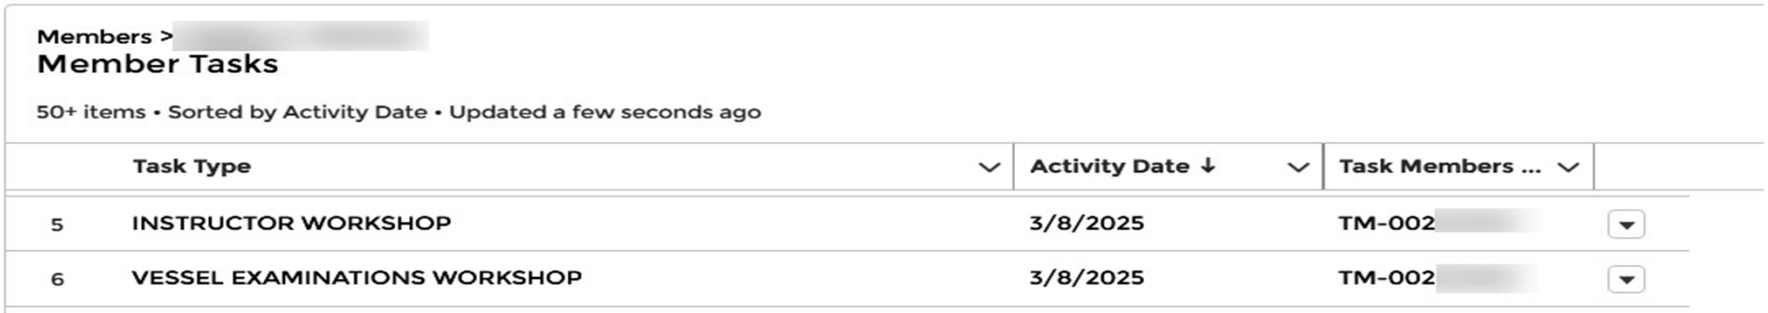
3. Select ‘Approval Requested’

4. Click ‘Mark as Current Review Status’



Workshop Confirmation

Check the Member Record to make sure the tasks captured correctly



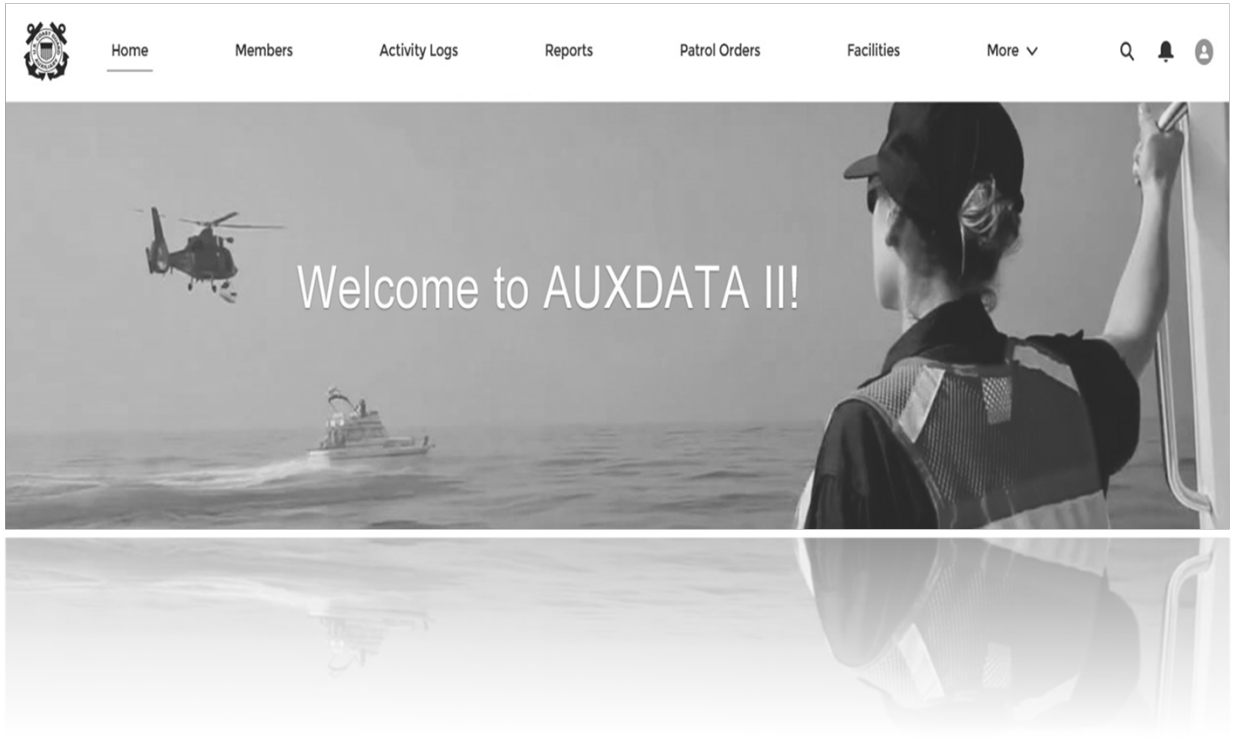
Workshop Completion Documentation

Using the Chain of Leadership and Management (COLM), check your District's policy. Many DIRAUX offices request notification of a Self-Attestation entry.

An email may suffice listing the:

- Member Name
- Member Number
- Courses being Attested to
- Activity Log Number
- Copy of the Self Attestation Form

Questions?



Operations

Mission Codes, Facilities, Member Information, Patrol Orders

Operations

?

Why is it important for IS officers to be familiar with the Patrol Order process?

1

Members will come to the IS officer with questions regarding all aspects of AUXDATA II.

2

The IS officer is responsible for approving the Activity Logs associated with a patrol

Operations

Patrols conducted, under orders, on Operational Facilities:

Boat

Air

Radio

With currently qualified Coxswain/Pilot and Crew or Telecommunications Operator

Auxiliarists working directly with, or for, the active-duty Coast Guard.

Assignment to Duty is made by the Coast Guard Sector OIA (Order Issuing Authority)

Operations

Patrol Orders are required whenever there is ‘movement’ of operational boat, air and radio facilities for Auxiliary missions.

Operations

Determining Positions		
Lead The currently qualified Coxswain/Pilot/TCO, whose name is listed as 'Operator' on the approved patrol orders	**Non-Lead** The currently qualified crew (this may be a qualified Coxswain/Pilot working in a crew capacity)	**Trainees** Members onboard the facility who are in the process of qualifying to become a crewmember (boat or air) or needing hours to get out of REYR

Operational Missions

The following information applies to all patrol mission codes:

- Report only the time conducting the mission
- Enter the duration of the mission
- Enter using the mission date
- All prep & travel time is reported as 99B
- Each patrol requires a separate Patrol Order
- Each patrol will consist of multiple Activity Logs

Mission Code 01A

01A – Maritime Observation Mission (MOM) (A,B,R)
Time spent on a mission with an Auxiliary Operational Facility and a qualified Auxiliary Coxswain/Pilot/Crew/ Communicator with any required crew,

- Recording information about ships, facilities and critical infrastructure as directed by cognizant Coast Guard authority;
- Identifying hazards or potential hazards in ports or waterways;
- Reporting port, waterway, or coastal activity/incidents that affects the safety of the area or jeopardize critical infrastructure
- MOM patrols are, by their nature, multi-mission. Training can, and should, be conducted while on a 01A mission.

Must be conducted under Coast Guard Patrols Orders

Resource Type = A,B,R
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = None (completed in AUXDATA II)

Mission Code 01B

01B – Trailering (B)
Time spent trailering an Auxiliary Operational Surface Facility to and from a launch/patrol location for any authorized patrol.

- Used only when the boat facility is being trailered to/from the patrol area for an authorized patrol
- Only those involved in the towing, riding in the tow vehicle, are to be included in the Activity Logs for the Trailering segments of the mission.

Must be conducted under Coast Guard Patrols Orders

Resource Type = B
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = None (completed in AUXDATA II)

Mission Code 01C

01C – Auxiliary Paddle Craft (AUXPAD) Operations (B)

Time spent with an authorized AUXPAD facility and qualified AUXPAD operator, conducting AUXPAD afloat recreational boating safety (RBS) outreach activities.

- If other authorized activities (SAR, ATON verifications, marine event patrols) are undertaken in addition to RBS outreach, use the appropriate codes for those missions and account for time spent on those missions in the itinerary section of the patrol orders.
- Used for outreach activities
- Used only for kayaks per the AUXPAD instruction
- Not all districts participate in the AUXPAD program

Must be conducted under Coast Guard Patrols Orders

Resource Type = B
OPCON = Automatically Entered
Position = Lead
Form = None (completed in AUXDATA II)

Mission Code 01D

01D – Operational Standby (A,B,R)
Time spent with an with an Auxiliary Operational Facility and a certified crew who are operationally ready for duty, (B-0 status) but not currently underway, airborne or in operation….

- The facility must be ready for operations with certified crew in the immediate vicinity of the facility and in prescribed uniform, ready to proceed without delay

- Prior to getting underway, as the crew is preparing for a mission.
- When moored for meals, breaks or other non-operational stops.
- When not in physical control of a radio facility.
- Standing by at an airport or dock for pickup of passengers or equipment.
- Debriefing and cleaning up a facility after an underway mission.

Must be conducted under Coast Guard Patrols Orders

Standby time (01D/23A) must be entered in each itinerary to account for crew fatigue time as per the Auxiliary Operations Process Guide Volume I and Auxiliary Operations Process Guide Volume II.

Resource Type = A,B,R
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = None (completed in AUXDATA II)

Mission Code 02

02 – Regatta/Safety Zone Support (A,B,R)
Time spent on an organized regatta with an Auxiliary Operational Facility and a certified Coxswain/Pilot/Crew (Auxiliary, Active Duty or Reserve).

- Providing security and safety screens for:
  - Firework shows
  - Boat Races
  - Boat Parades
  - Opening Day Ceremonies
  - Etc.

Must be conducted under Coast Guard Patrols Orders

Resource Type = A,B,R
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = None (completed in AUXDATA II)

Mission Code 03

03 – Navigation Systems Patrol (A,B,R)
Time spent on a Navigation Systems mission, that is, a mission for the purpose of…

- A mission for the purpose of:
  - Observing discrepancies on aids to navigation and bridges
  - Checking Federal aids
  - Verifying private aids
  - Surveying bridges
  - Confirming accuracy and completeness of information published on charts and related navigational publications.

- Must be conducted under Coast Guard orders with an Auxiliary Operational Facility and a currently certified Aid Verifier “AV-PQS” and certified Coxswain/Pilot and Crew.

Must be conducted under Coast Guard Patrols Orders

At the request of a Coast Guard Aids to Navigation Team (ANT)

Resource Type = A,B,R
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = None (completed in AUXDATA II)

Mission Code 22A

22A – Operations Training (Underway) (A,B)
Time spent performing underway training for surface or air operations.

- Patrol conducted for the purpose of Training
  - During QE (Qualifications Examiner) check rides
  - Used by PWC Operators in Training

- All hours count towards initial/currency maintenance for underway time.
- However, only up to 15 training hours for on-the-water surface operations and up to 8 training hours of airborne aviation operations while assigned to duty, count towards the Annual Operations Service Award "0" device.

Must be conducted under Coast Guard Patrols Orders

Resource Type = A,B
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = None (completed in AUXDATA II)

Mission Code 23A

23A – SAR Standby (A,B,R)

This code shall be entered ONLY when specifically assigned by the Order Issuing Authority (OIA) to assume dedicated SAR standby for an actual or potential SAR mission.

- The facility must be ready for immediate SAR response, with a certified crew in the immediate vicinity of the facility and in the prescribed uniform.
- Situations which may merit assignment to SAR Standby are:
  - Prolonged searches where active-duty crews are likely to exceed fatigue standards
  - SAR coverage in cases where active-duty assets are not available due to unexpected or prolonged machinery/equipment casualties
  - On busy/holiday weekends to assist with a high likelihood of SAR events
  - For any situation deemed appropriate by the OIA.
- Only when specifically assigned by the OIA

Must be conducted under Coast Guard Patrols Orders

Standby time (01D/23A) must be entered in each itinerary to account for crew fatigue time as per the Auxiliary Operations Process Guide Volume I and Auxiliary Operations Process Guide Volume II.

Resource Type = A,B,R
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = None (completed in AUXDATA II)

Mission Code 24

24 – Search and Rescue Prosecution (A,B,R)

Time spent on a SAR case with an Auxiliary Operational facility (air/vessel/radio) with a certified Coxswain/Pilot/Crew/ Communicator. Include any SAR Call Out of air/vessel/radio facilities under this mission.

- The time spent on a SAR case under Coast Guard orders
- Time spent on 'come upon' assistance
  - The Coast Guard unit monitoring the SAR activity may assign a MISLE (Marine Information for Safety and Law Enforcement) number for each assist.
  - In Sole State waters, operators may create unique case numbers, generally combining the year, the facility number and case designation, ie. 23-221871-4
  - Information regarding the SAR case is to be added in the SAR Details section

Must be conducted under Coast Guard Patrols Orders

Resource Type = A,B,R
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = None (completed in AUXDATA II)

Mission Code 53

53 – Ice Recon (A)
Time spent providing air support to the Coast Guard in the area of ice patrol operations.

- Conducted only by Auxiliary aircraft

- Document the installation and removal of ice booms
- To monitor the presence and movement of ice

Must be conducted under Coast Guard Patrols Orders

Resource Type = A
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = None (completed in AUXDATA II)

Mission Code 54A

54A – Logistics Mission (A,B)
Time spent in the logistical transportation of material via an Auxiliary Operational Facility (aircraft or boat).

- Transporting equipment or supplies

- The definition of this mission code was updated September 2022

Must be conducted under Coast Guard Patrols Orders

Resource Type = A,B
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = None (completed in AUXDATA II)

Mission Code 54B

54B – Passenger Transportation (A,B)
Time spent in the logistical transportation of personnel via an Auxiliary Operational facility (aircraft or boat).

- Transporting personnel
- This code is to be used when a pilot is transiting between their home airport to another to pick up crew.

Must be conducted under Coast Guard Patrols Orders

Resource Type = A,B
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = None (completed in AUXDATA II)

Mission Code 55A

55A – Air/Vessel Intercept Coordination (A,B)

Time spent on an air or surface patrol working with Coast Guard units to provide practice in identifying and intercepting targets….

- as well as time spent supporting CG Rotary Wing Air Intercept (RWAI) and other air asset operations, training and support to include:
  - Supporting Helicopter Operations (basket hoisting and swimmer stand-by safety
  - C-130 support (pump drop)

Must be conducted under Coast Guard Patrols Orders

Resource Type = A,B
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = None (completed in AUXDATA II)

Mission Code 20C

20C – Auxiliary Radio Operations/Net (R,U)
Time spent as a TCO at an Auxiliary fixed land, land mobile, transportable or portable radio station. Time on an authorized Auxiliary Net is also reportable.

- If multiple TCO's re authorized, one shall be designated as "Lead" and all others as "Non-Lead"
- This code has multiple uses, when used with a patrol order
  - Telecommunications Operator (TCO), under orders, on a land mobile, transportable or portable radio station
- The CG OIA by name shall be noted in the Remarks or Summary of Activities.
- Radio Guard for facilities on patrol
- Request from CG for shoreside radio mission support

Must be assigned to duty by the Coast Guard or appropriate Auxiliary officers.

Resource Type = R, Unit/Individual
OPCON = Automatically Entered
Position = Lead, Non-Lead, Trainee
Form = completed in AUXDATA II or 7030 for radio net

Other Operational Mission Codes

Additional mission codes that can be used with Patrol Orders (These codes have been discussed previously).

28G – Initial Pollution Response (A,B,R,U)

41 – Federal Government Support (A,B,R,U)

42 – State Government Support (A,B,R,U)

43 – Local Government Support (A,B,R,U)

70B - MEP Response/Detection (A,B,R,U)

70D – Vessel Verification (A,B,U)

70F – Waterway Management Support (A,B,R,U)

70M – Marine Safety Observation Mission (A,B,R,U)

70N – Sea Partners/Environmental (A,B,R,U)

Facilities

The Facility Object

Operational Facilities

For a facility (boat, aircraft or radio) to be used in operations:

Facility information must be entered into AUXDATA

Facility inspection must be performed by a qualified examiner and the results entered in AUXDATA II

Facility must be approved by the OTO and placed in ‘Operational’ status

Facilities: Existing vs. New

Facility currently in AUXDATA II = Existing

Checking the facility information on an existing facility is an annual task that should be completed before the facility inspection.

Facility Inspection Cycle:

Boats and Aircraft – Annually

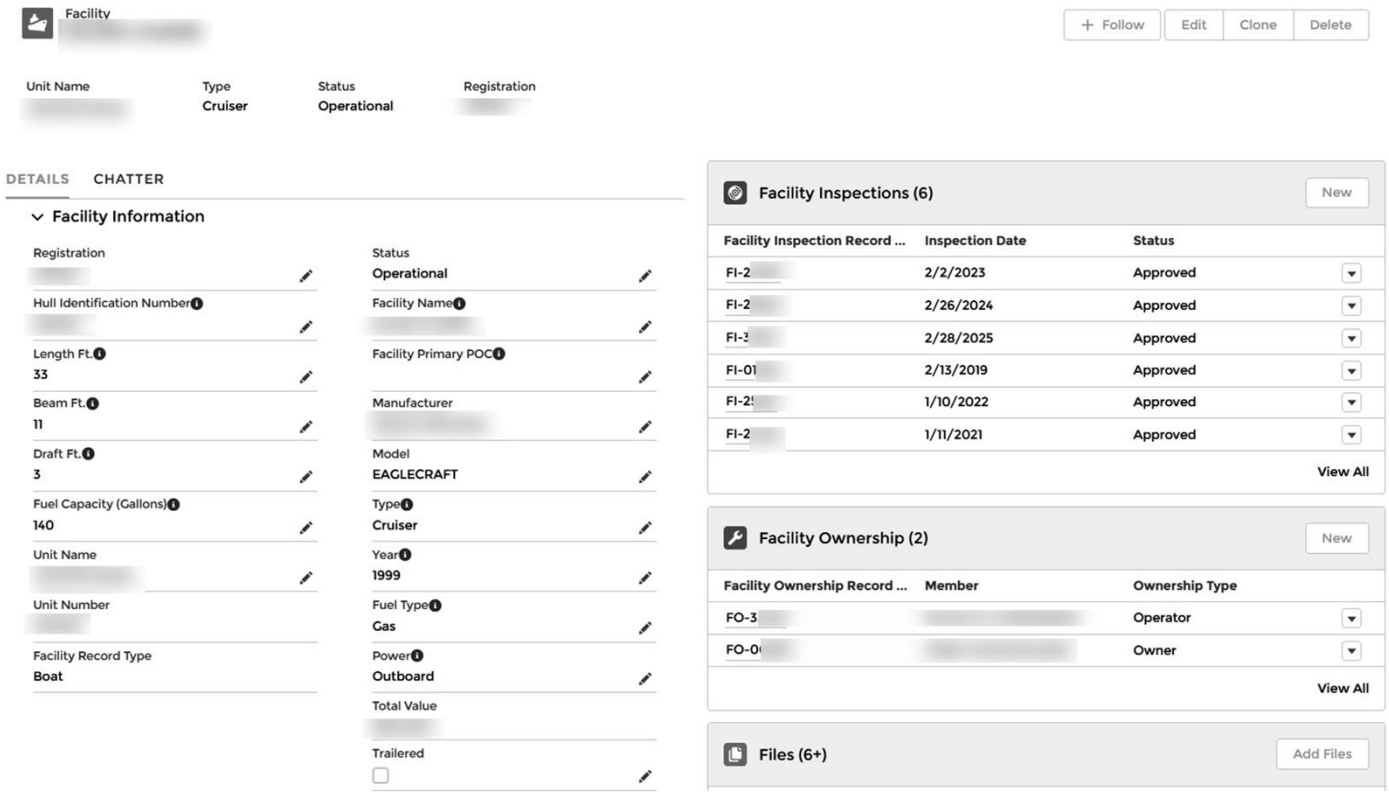
Radio – Every three years

Existing Facility

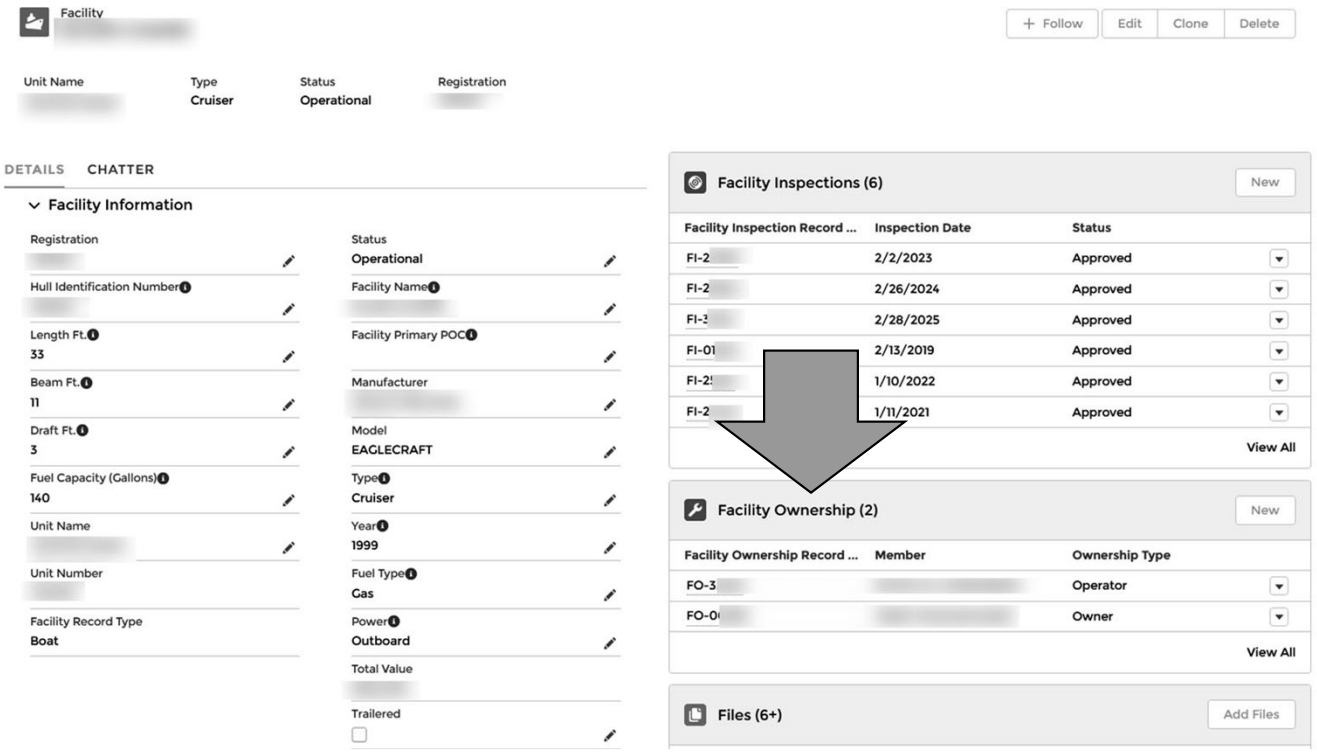
Locate	1. Click	2. Search	3. Click
To Locate the Facility record in AUXDATA	Click on the 'Facilities' object at the top of the screen.	Search for the facility by registration number or facility name in the Global Search bar	Click on the F-XXX record number to bring up the record

Existing Facility

The facility owner must review the Facility Record for accuracy



Existing Facility - Ownership



The facility owner must check the ‘Facility Ownership’ section for:

Owner

Co-Owner

Authorized Operators

Facility Ownership

A member who is not listed as an owner or operator will not be able to request orders.	If at any time a member is to be added or removed as an authorized operator:
• When a facility is accepted for use, the status is changed to ‘Operational’. Only DIRAUX staff can make changes to an Operational facility	• The request must be sent by the facility owner to your local DIRAUX office for processing • The owner or IS officer will not be able to perform this function

Facility Information Updates

The OTO (Operations Training Officer) approves all facilities to ensure they meet the standards for operations. An approved facility, with a current inspection, has a status of 'Operational'

Updating the Facility record:

Notify the OTO with the correct information

- Only the OTO can change facility data of an 'Operational' facility

The OTO must review all changes to a facility and its equipment to ensure the facility still meets operational standards.

Facility - New

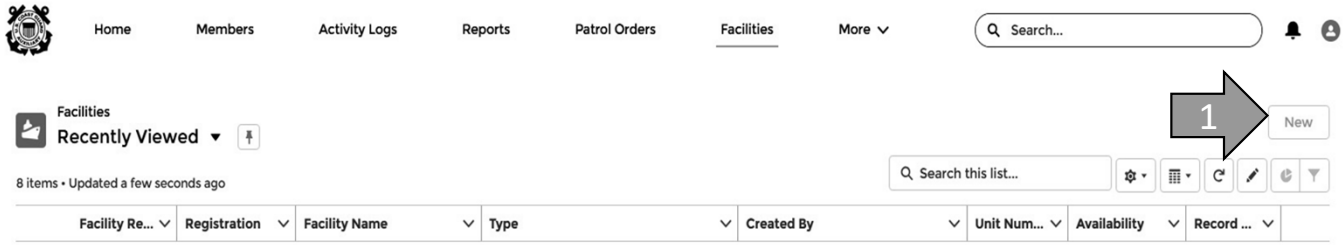
Prior to entering a new facility, it is imperative to check if a Facility Record exists in AUXDATA II

Use the ‘Global Search’ bar to verify.

Facility - New

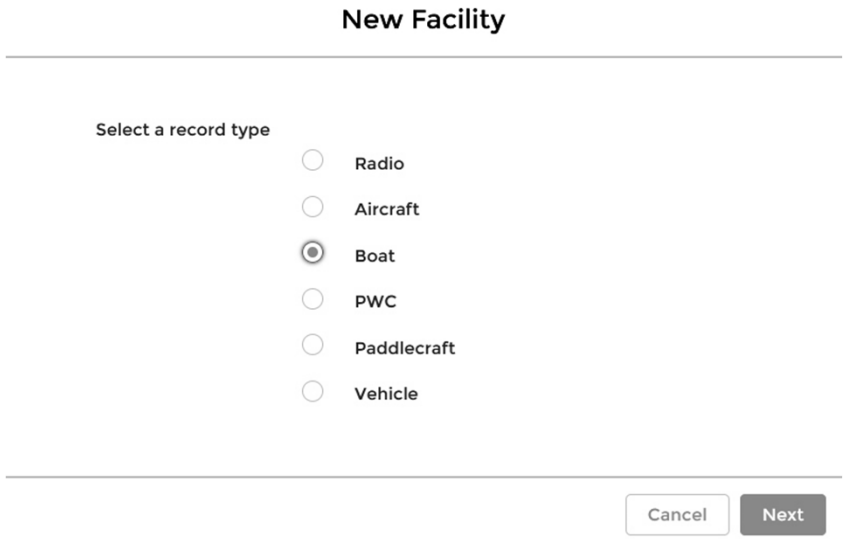
To add a new facility:

1. On the ‘Facilities’ page, click ‘New’



Facility - New

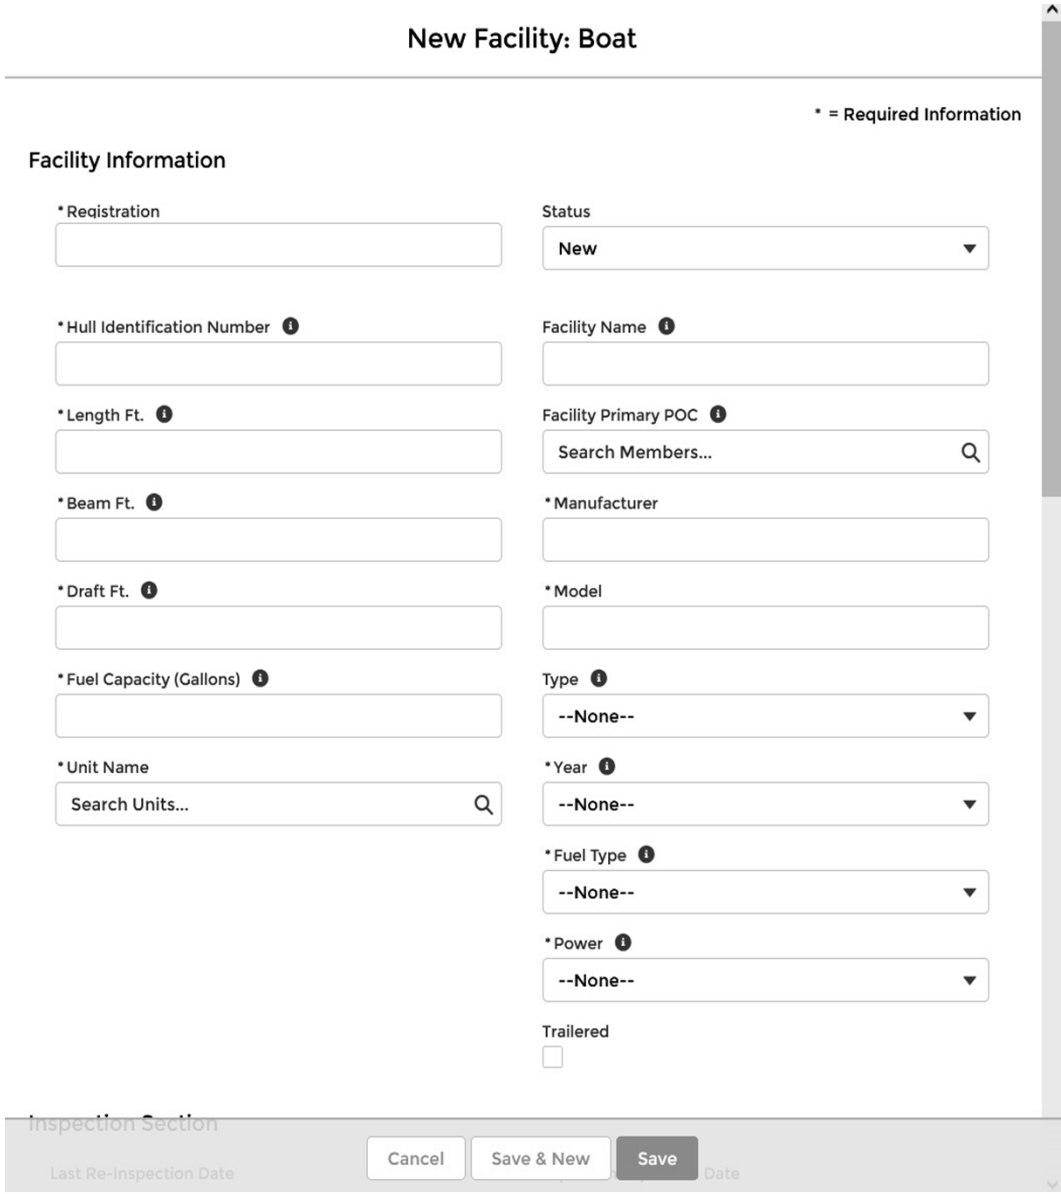
Select the Facility Type



Facility - New

Enter the information for the new facility, click ‘Save’

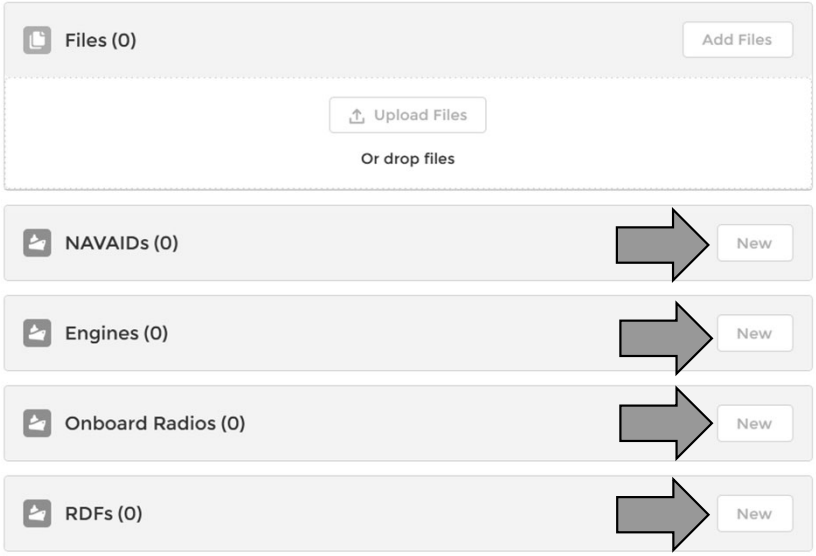
A new Facility Record will be created



Facility - New

Click ‘New’ to add:

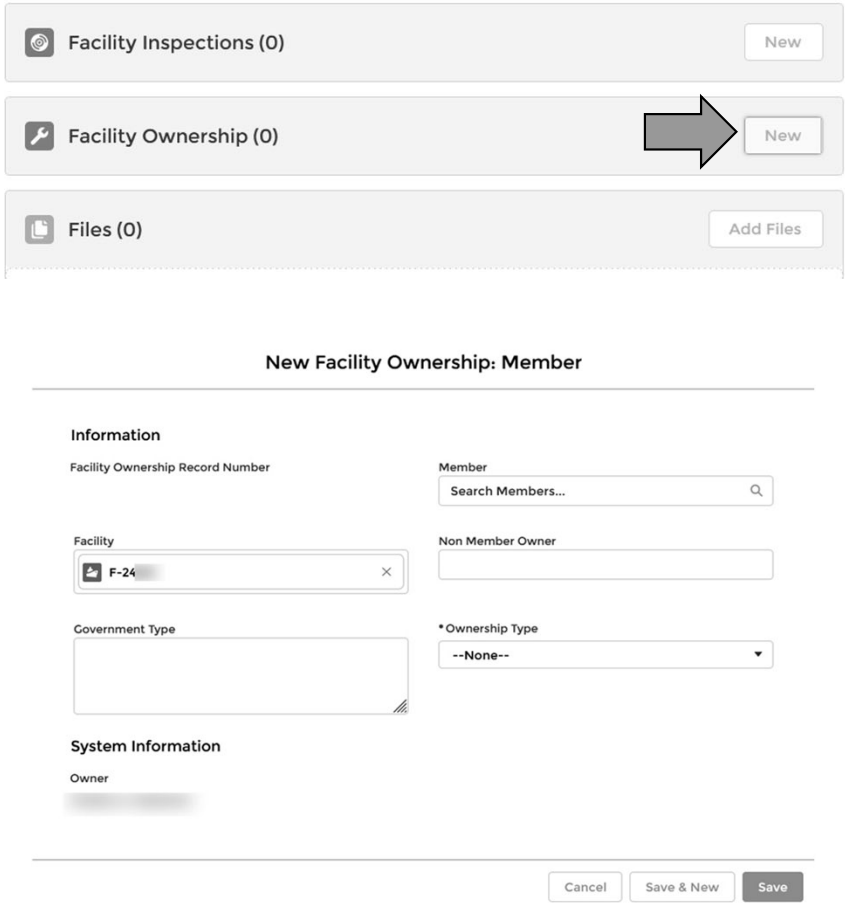
- NavAids
- Engines (create a record for each engine)
- Onboard Radios
- RDFs (Radio Direction Finders)

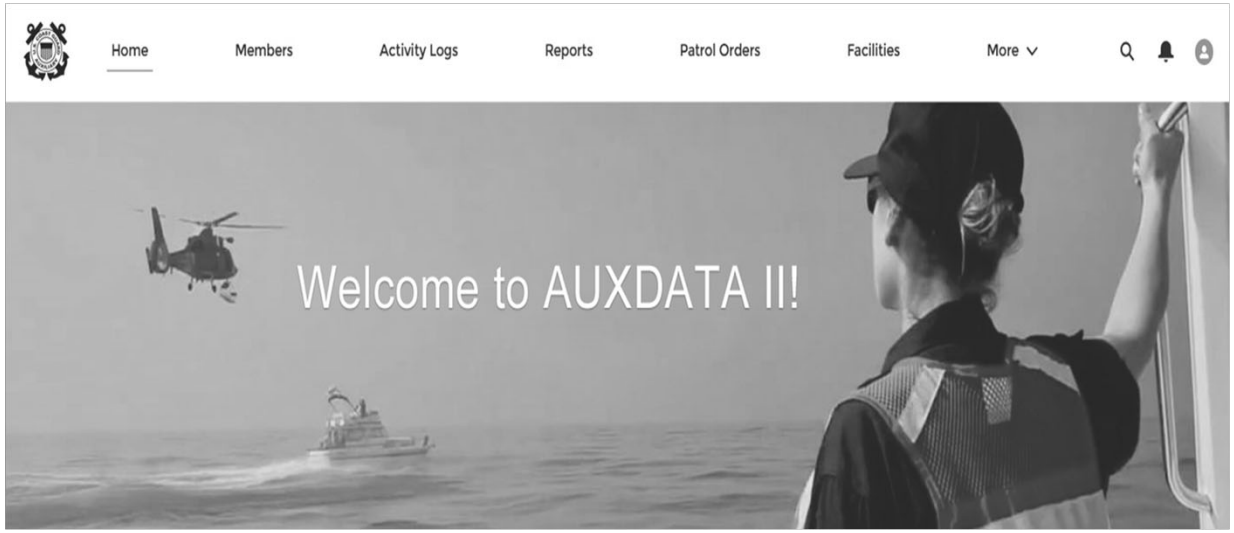


Facility - New

Click ‘New’ to add:

- Facility Owner
- Facility Co-Owner (if applicable)
- Non Member Owner (if applicable)
- Operators





Facility Inspection

The Facility Inspection Process

Facility Inspection – Offer for Use

The multi-step facility inspection process involves:

- The Facility Owner
- The Facility Examiner
- The DSO-AV (for aircraft)
- The DSO-CM (for radios)
- The BC-RTI and DVC-RT (for High Frequency Radios)
- DIRAUX

Each person must do their part to complete the process

Facility Inspection – The Facility Owner

Facility Owner Responsibilities

Completing the Offer for Use Inspection form

- Available in the Forms Warehouse for
  - Boat – ANSC 7003
  - Radio – ANSC 7004
  - Aircraft – ANSC 7005
  - PWC – ANSC 7008
  - AUXPAD – ANSC 7009
  - Vehicle – ANSC 7065

Uploading the required files

- Photos of facility
- Current Registration
- Proof of Insurance
- Other documents as required by your District

Requesting the facility inspection

- This process is assigned in AUXDATA II, but the owner must make verbal or written contact with the designated facility inspector

Facility Inspection – Offer for Use

Completing the paper inspection forms is required

(ANSC 7003, 7004, 7005, 7008, 7009 and 7065)

The signed forms must be uploaded to the Facility Inspection Record (Files) in AUXDATA II

Facility Inspection – Offer for Use

A Reminder:

Any changes to the facility record need to be submitted to the OTO.

This should be done prior to requesting a facility inspection.

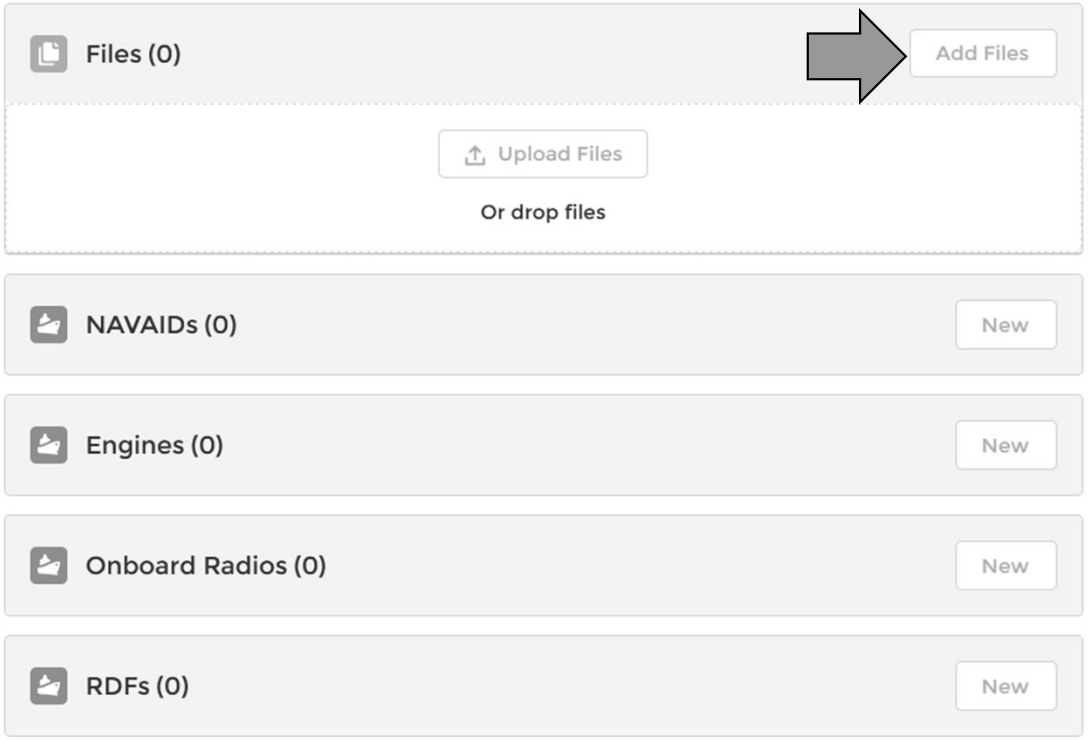
Facility Inspection – Live Demonstration

LIVE DEMONSTRATION

Facility Inspection - Files

In the Facility Record, current photos of the facility must be included.

If no files exist, upload photos.

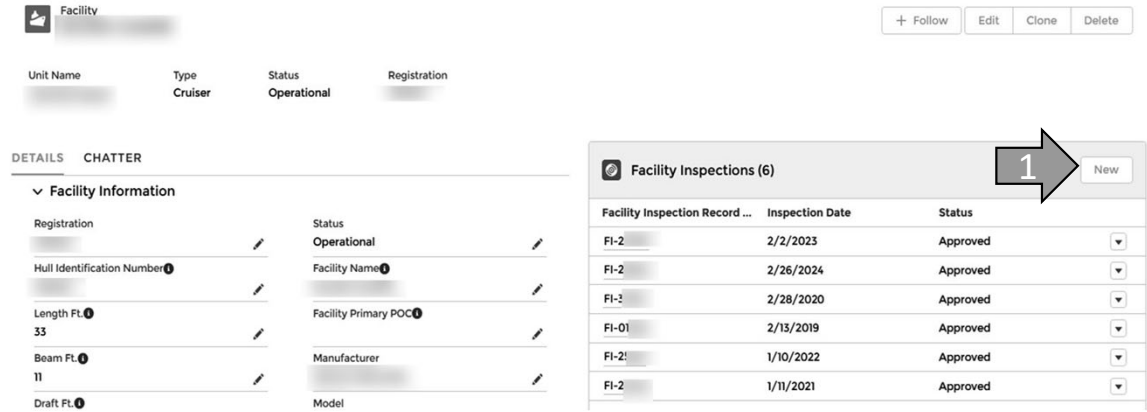


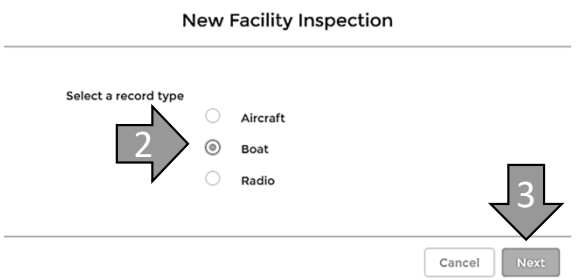
Facility Inspection - Request

1. To request a Facility Inspection, click ‘New’ on the Facility Record page.

2. In the following screen, Select the Record type.

3. Click ‘Next’





Facility Inspection - Request

Enter the Required Information in Step 1:

Requested Inspection Date

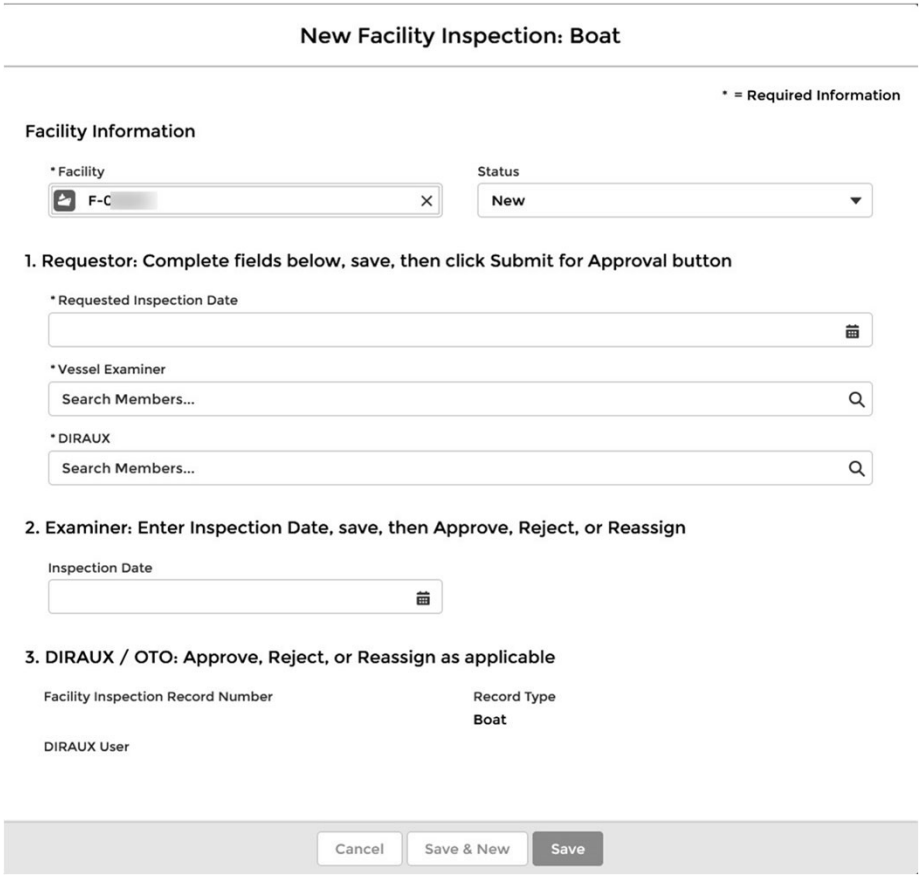
Vessel Examiner

- The name of the qualified examiner who will be conducting the facility inspection

DIRAUX

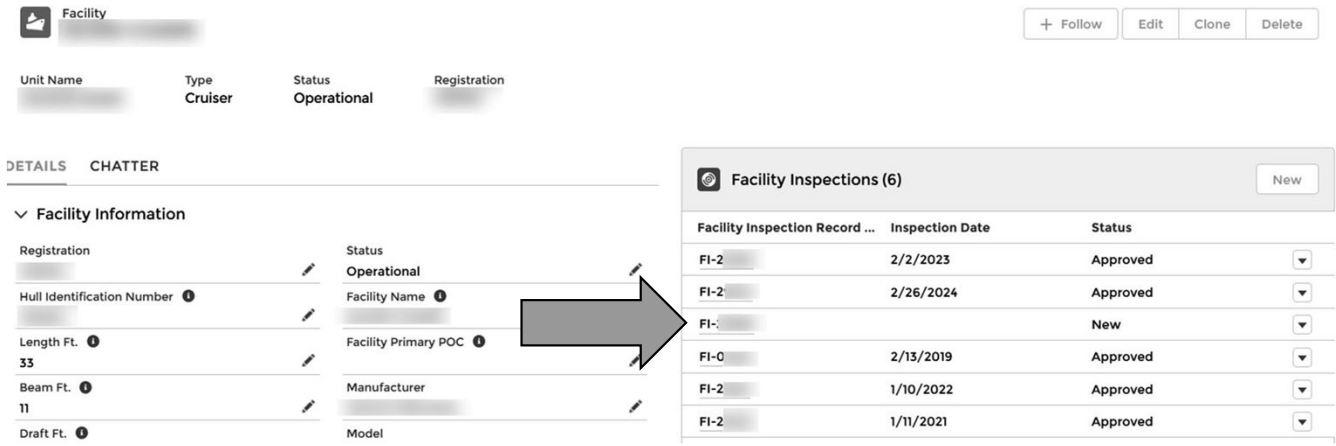
- Enter the name of the OTO (Operations Training Officer) for your district
- For Aircraft, this may require the name of the CG Air Station Coordinator to be entered.

The Inspection date should be left blank at this time. It will be completed by the facility inspector after the inspection is complete.



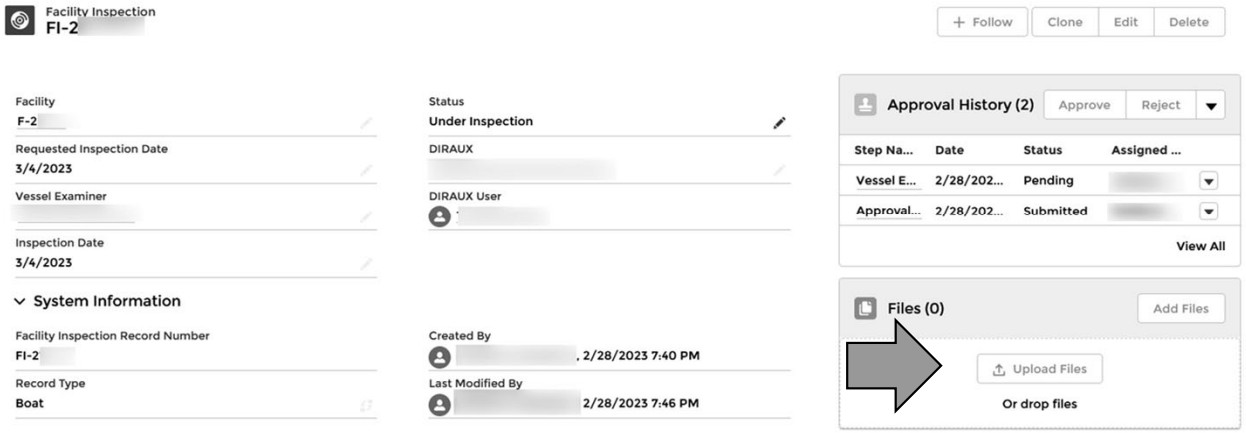
Facility Inspection - Files

On the Facility record, click on the Facility Inspection Record number to access the Facility Inspection information



Upload current documents to the Facility Inspection Record

- Current Registration
- Proof of Insurance

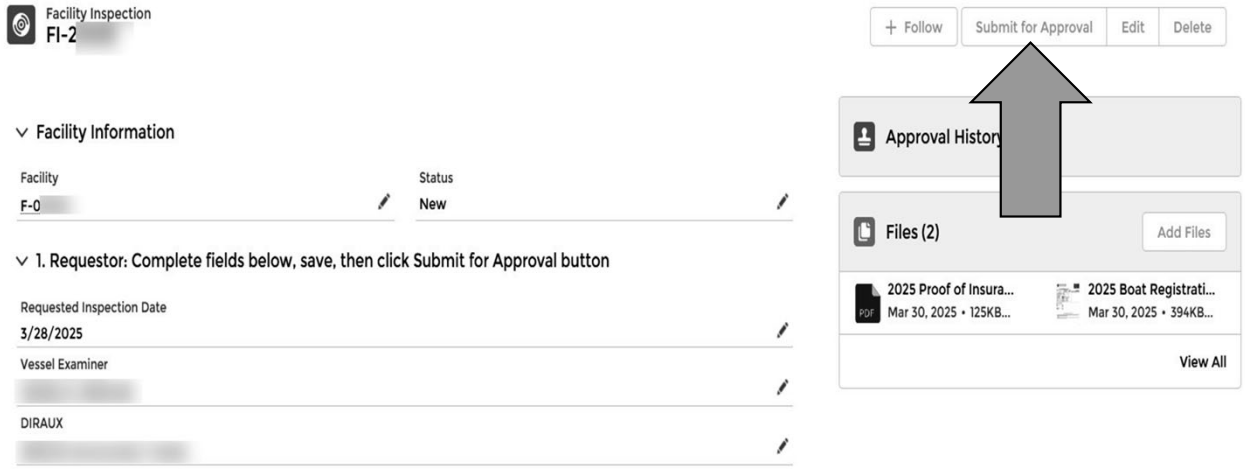


Facility Inspection – Request Submittal

The final step for the Facility Owner it to request the inspection by submitting for approval

This will move the process to the facility examiner.

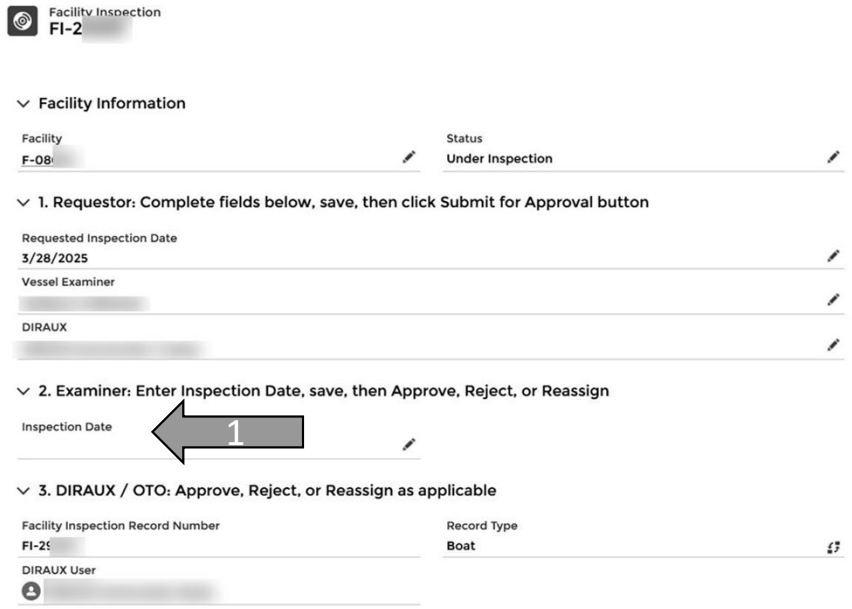
The facility examiner will receive an email notification of the inspection request.



Facility Inspection - Approval

The Approval Process now moves to the Facility Inspector for approval or rejection

- Conduct the Facility Inspection
- Locate the Facility Inspection Record by searching for the FI record.
- 1. Enter the ‘Actual Inspection Date’
- 2. Upload the Offer for Use form.
  - Must be signed by both Owner and Facility Inspector
- 3. Click Approve or Reject as appropriate



Facility Inspection - Approval

The Approval Process now moves to the next phase.

For Boats, the process is now with DIRAUX for approval

For Aircraft, the process is now with the DSO-AV. Once approved it will move to CG Air Station Coordinator.

For Radio's, the process is now with the DSO-CM. Once approved it will move to DIRAUX.

For High Frequency Radio's, the process moves to DIRAUX. Once approved it will move to National Staff.

Facility Inspection – DIRAUX Approval

The final step is DIRAUX approval

When approved, the status of the facility will show as ‘Operational’.

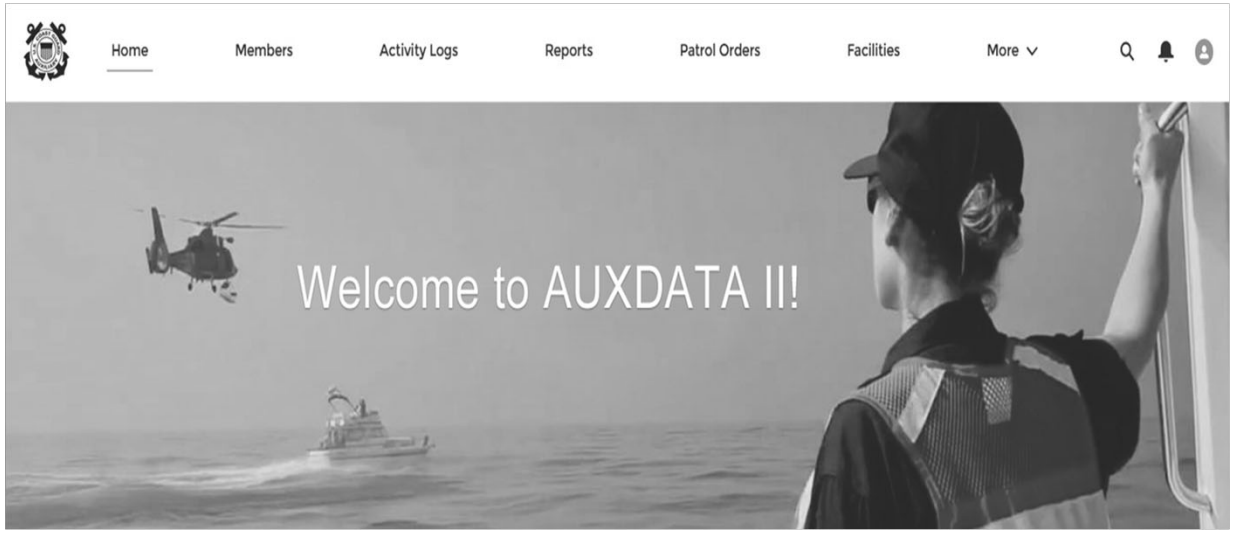
The facility inspection date and expiration date will auto populate.

Reminder: Any changes to an Operational Facility Record must be done at the DIRAUX Office.

Common Questions or Issues

Member wants to change data about the facility	Owner/Inspector wants to bypass AUXDATA and submit the Offer for Use Inspection form to DIRAUX for entry	Inspector does not know how to find the Facility or where the inspection is recorded	Owner/Inspector creates a duplicate facility or inspection
• The member should document the changes and send to the OTO	• This is not allowed. The Owner and Inspector must access AUXDATA to record the inspection	• See the email AUXDATA II sent to the Inspector and give them the 'How To' guide	• A Service Request must be created to have the duplicate deleted

Questions?



Patrol Orders

Patrol Order Request

Patrol Orders

Patrol Orders are required whenever there is ‘movement’ of operational boat, air and radio facilities for Auxiliary missions.

Patrol Order Request

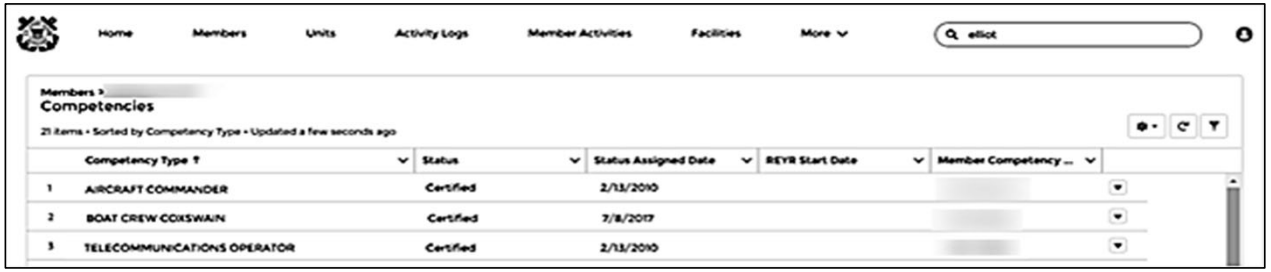
Before placing a Patrol Order request check:	
Competency	• The member making the request is certified as Coxswain, Pilot, TCO, Personal Watercraft Operator, Personal Watercraft Operator in Training or AUXPAD
Location	• The member must have the appropriate Locations listed in their member record
Vendor Site ID	• The member being reimbursed must have Vendor information in their record
Ownership	• The member who will be the Operator, must be listed as Owner, Co-Owner or Operator for the facility
Facility Inspection	• The Facility inspection must be current, and the Facility must be in Operational status
PPE Status	• The PPE of all crew must have a current inspection

Pre-Patrol Request – Live Demonstration

LIVE DEMONSTRATION

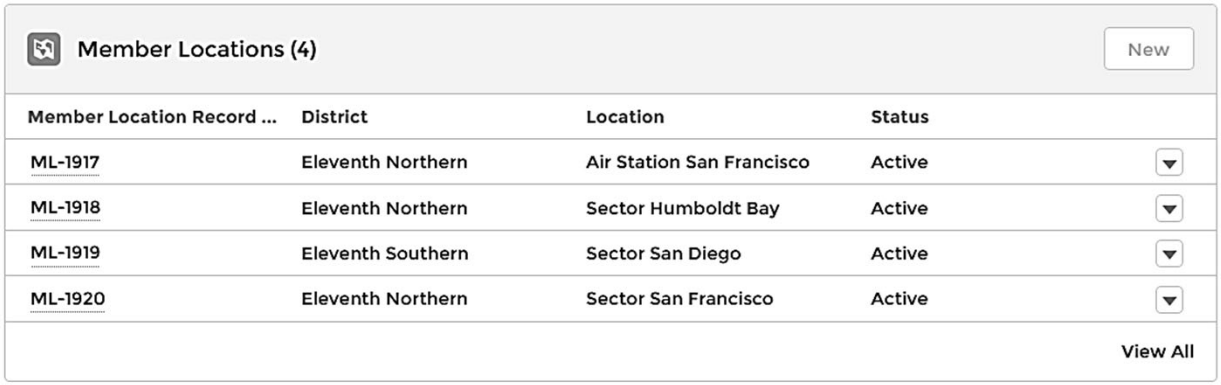
Check Member Record - Competency

Locate	Click on	Check
Locate Member Record of Operator	Click on ‘Related’ page	Check the competency status • Coxswain • Aircraft Commander or First Pilot • Telecommunications Operator • PWC Operator or PWC Operator in Training • AUXPAD



Check Member Record - Location

Scroll	Check
• Scroll down the Related page to ‘Location’	• Verify the correct location is listed. (Location is the CG Sector from which the member is requesting orders)



Member Locations (4)

New

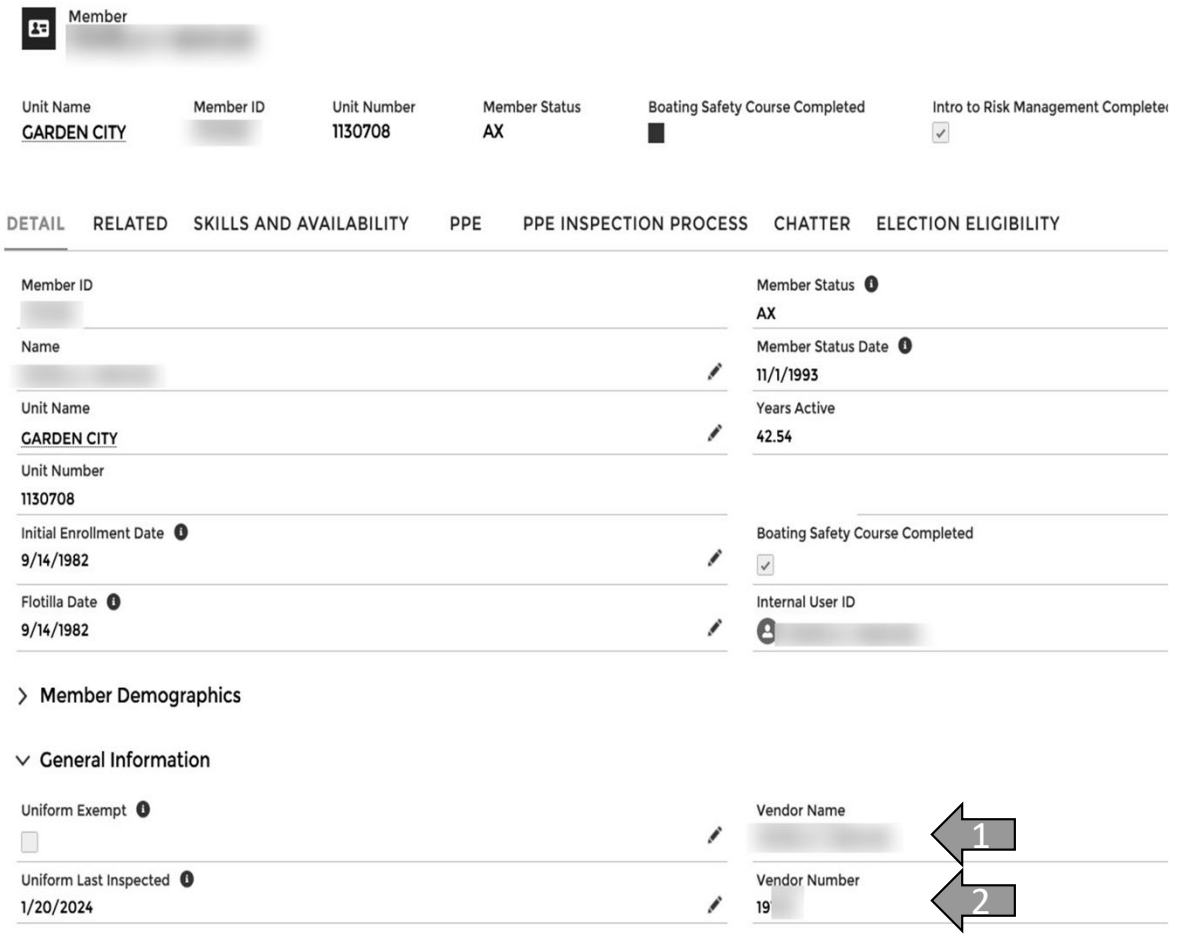
Member Location Record ...	District	Location	Status
ML-1917	Eleventh Northern	Air Station San Francisco	Active
ML-1918	Eleventh Northern	Sector Humboldt Bay	Active
ML-1919	Eleventh Southern	Sector San Diego	Active
ML-1920	Eleventh Northern	Sector San Francisco	Active

View All

Check Member Record – Vendor Info

For the Coast Guard Finance Center to be able to reimburse the member for the patrol expenses

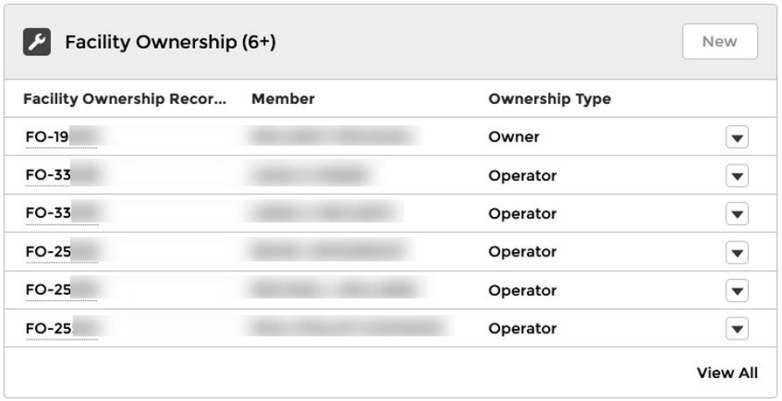
1. The Vendor Number field must be populated	2. The Vendor Name field must be populated



Check Facility Record - Ownership

The member must be listed as the Owner, Co-Owner or Operator to request orders for this facility

If a member is not listed in Facility Ownership, the facility owner must contact the OTO and request an update to the record before Patrol Order can be requested.

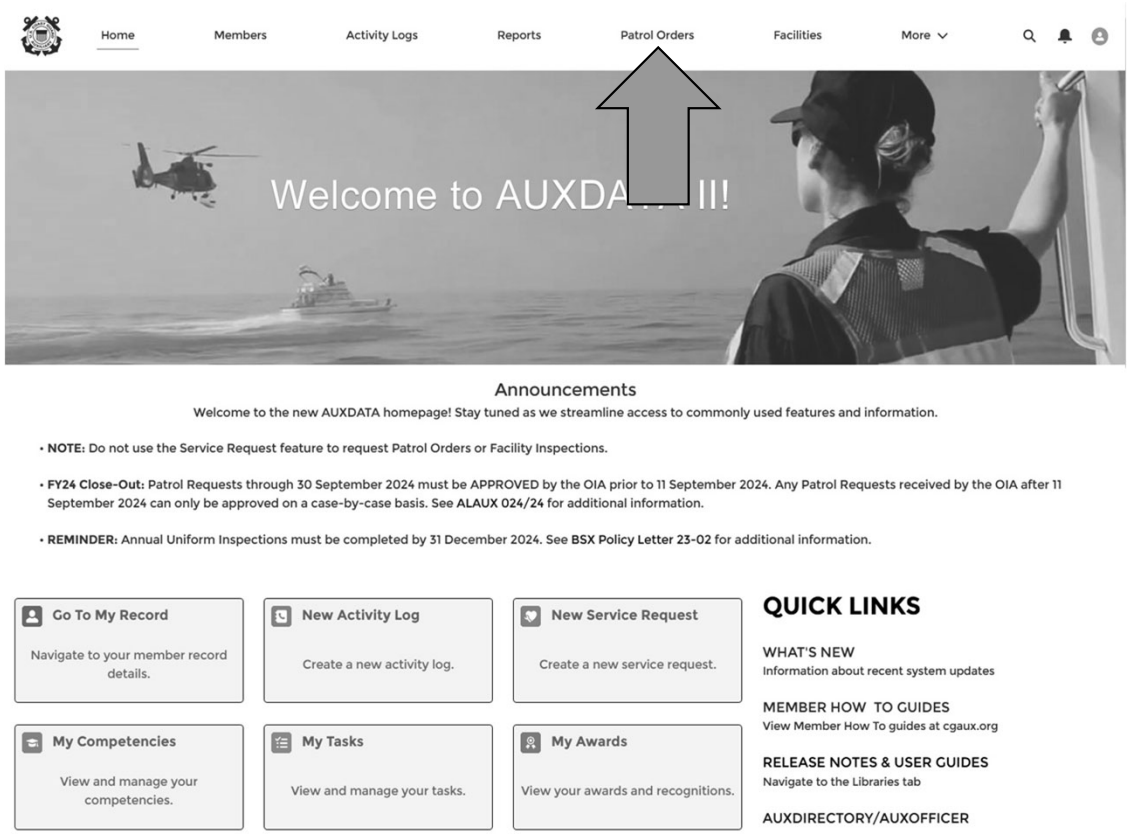


Questions?

The Patrol Order Request

Verify — Verify the information discussed in the previous section

Select — Select the ‘Patrol Orders’ object



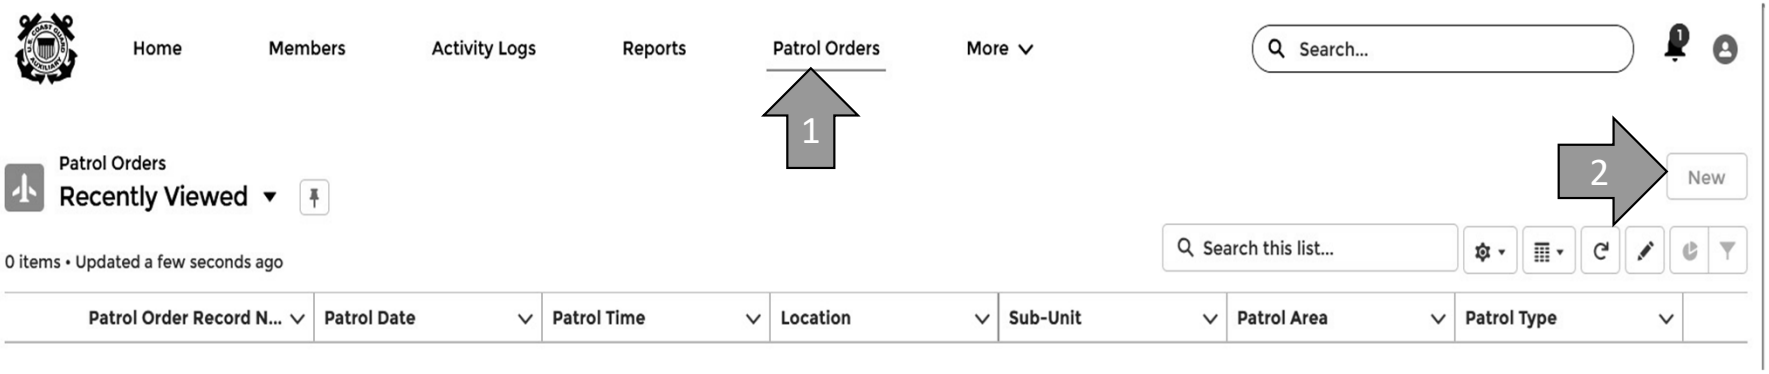
Patrol Request – Live Demonstration

LIVE DEMONSTRATION

The Patrol Order Request

1. Select the ‘Patrol Order’ Object

2. Click ‘New’

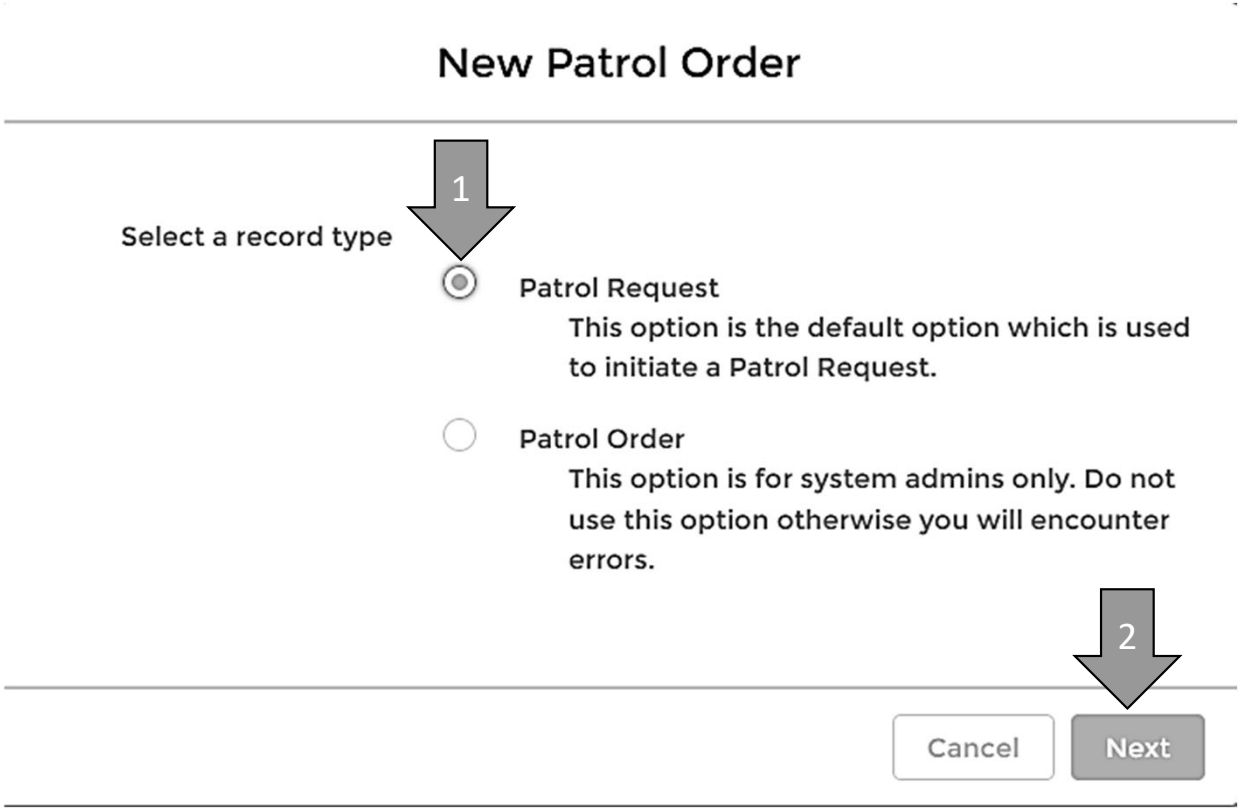


The Patrol Order Request

1. Select ‘Patrol Request’

2. Click ‘Next’

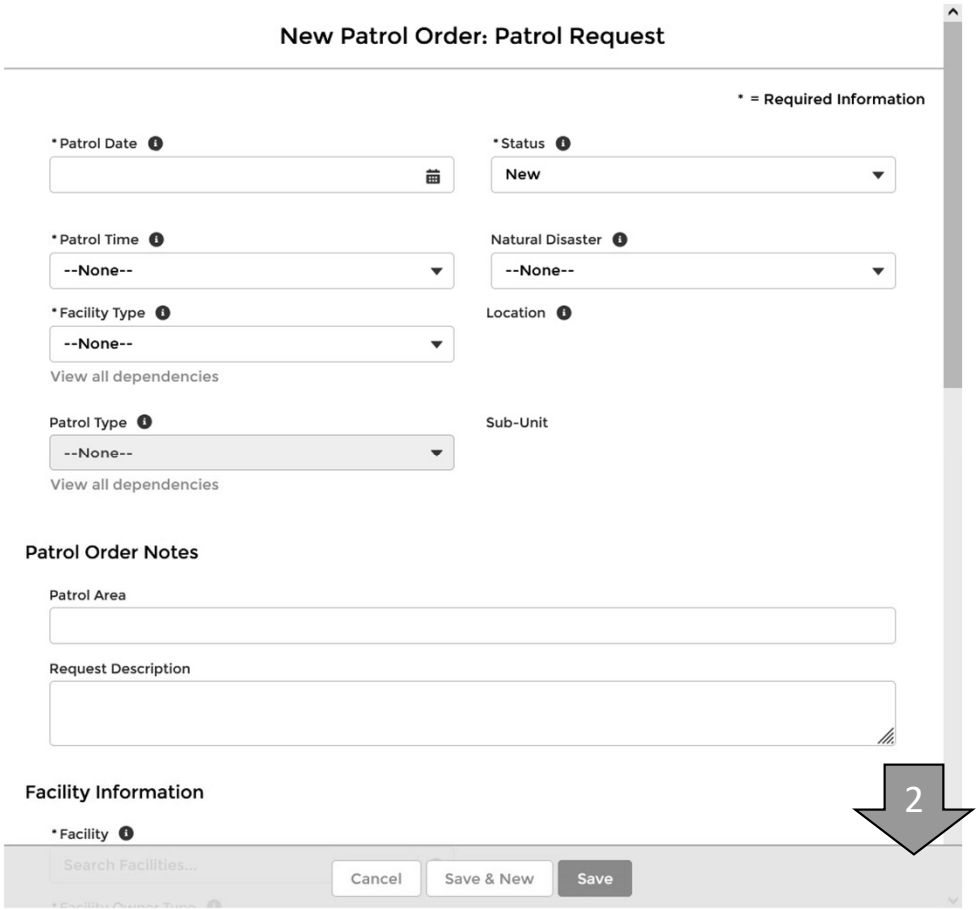
Do not click ‘Patrol Order’. This is for USCG Administrators only.



The Patrol Order Request

1. Enter the required information

2. Click ‘Save’



Required Information

Patrol Date

Patrol Time

- Morning
- Midday
- Evening
- After Hours

Facility Type

- Radio
- Aircraft
- Boat

Patrol Type

- Enter the Mission Code for the primary purpose of the mission

Status

- Leave as 'New'

Natural Disaster

- Select if appropriate
- Otherwise leave blank

Patrol Order Notes

- Enter Patrol Area
- Enter Request Description Notes

Facility:

- Use the facility name, registration for the facility record number to search for the facility

Facility Owner Type

- Owner is Operator
- Owner on Board
- Owner Not on Board

Facility Owner

- Enter the name of the facility owner

Operator

- Enter the name of the Operator (Coxswain, Pilot, TCO)

Crew and Passenger Notes

- Enter names & numbers of expected crew

Required Information - Estimates

Reimburse

- Owner
- Operator
- Owner No SAMA
- Operator No SAMA
- No Reimbursement

Engine Hours

Fuel Expenses

Fuel Additives Expenses

Ice Expenses

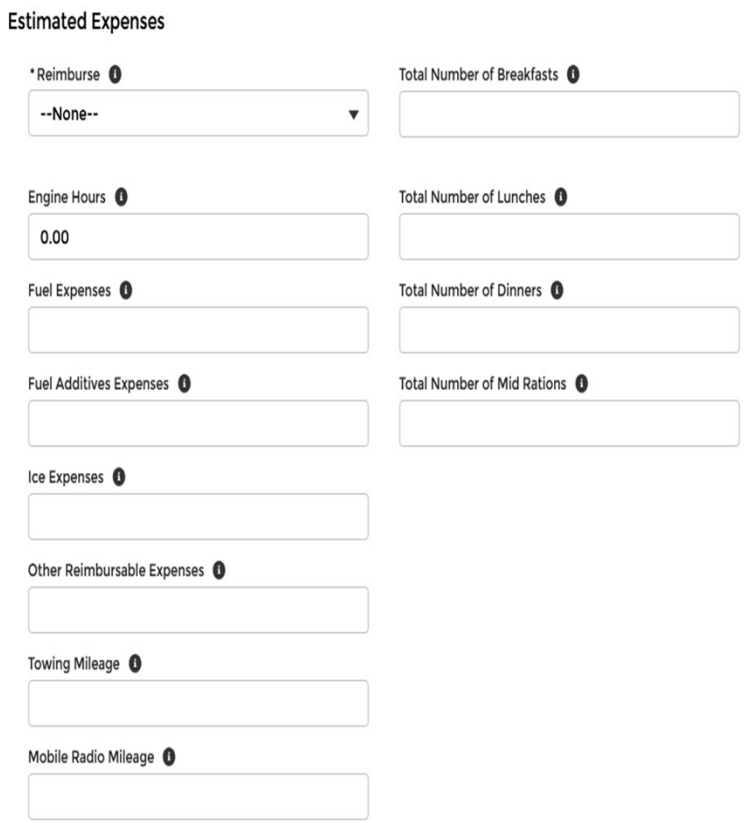
Other Reimbursable Expenses

Towing Mileage

Mobile Radio Mileage

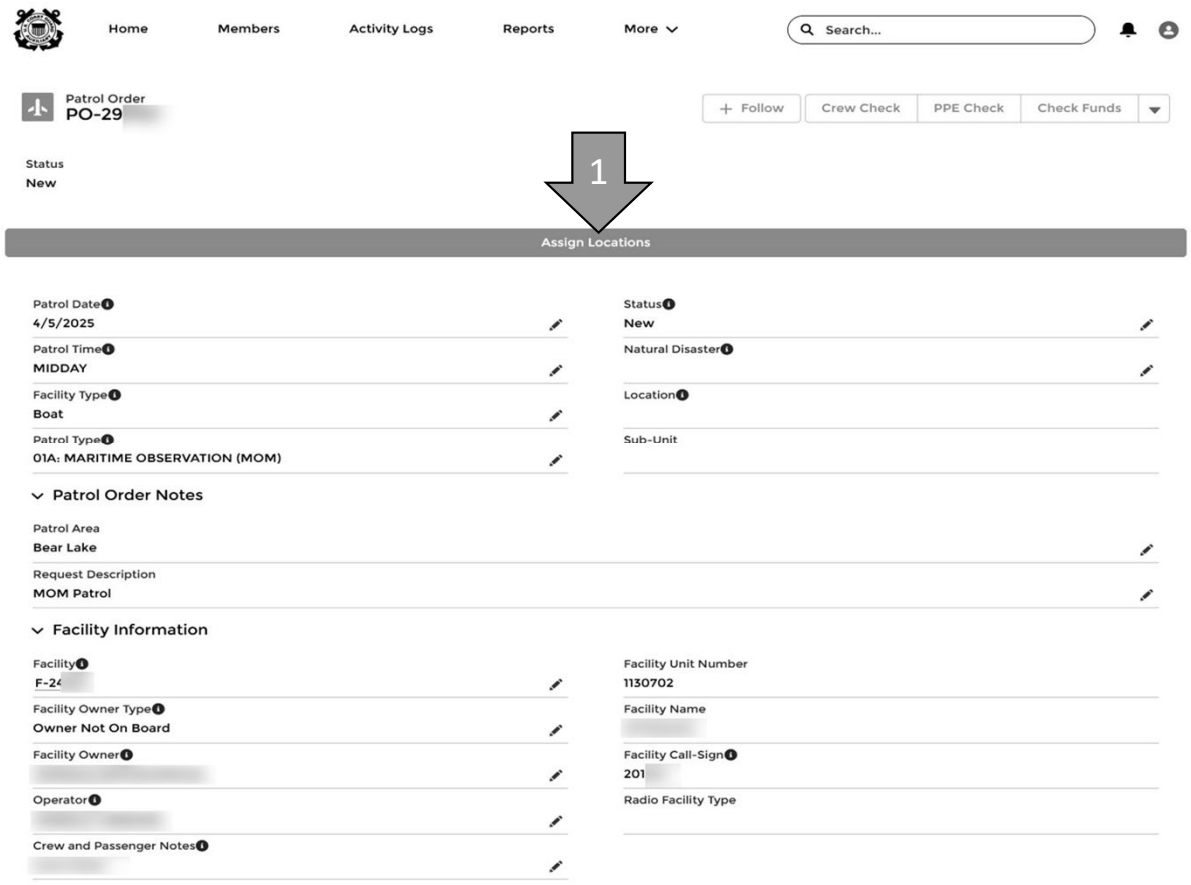
Meals

SAMA = Standard Asset Maintenance Allowance



The Patrol Order Request

1. Click ‘Assign Locations’



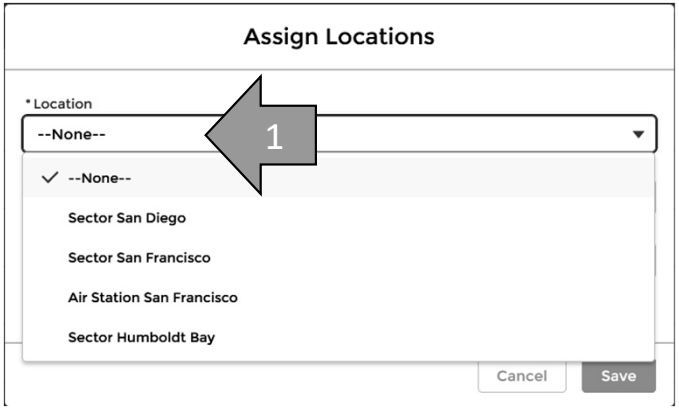
The Patrol Order Request

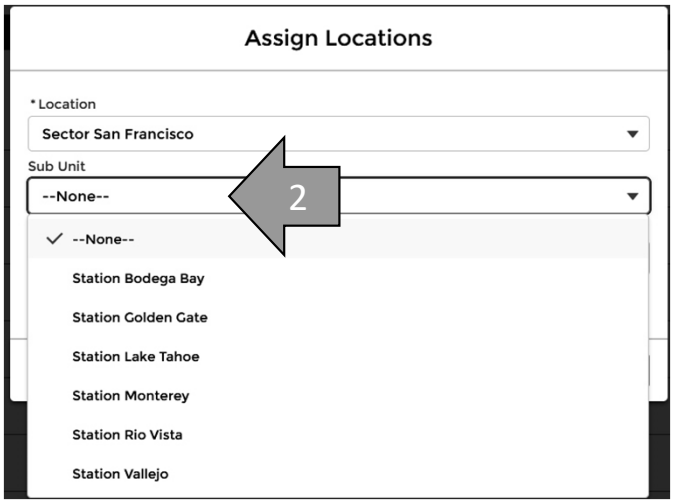
1. Select ‘Location’ from the list

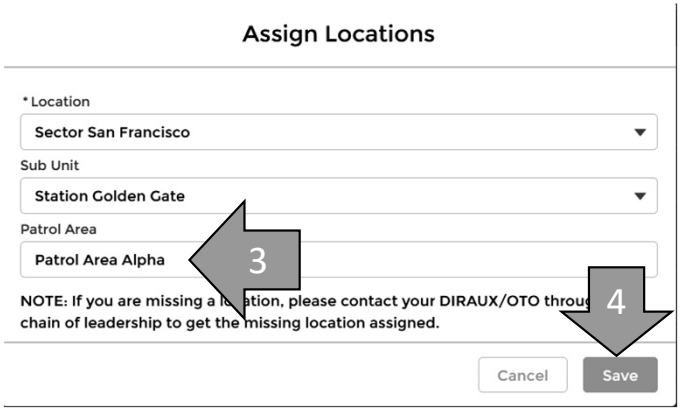
2. Select ‘Sub Unit’ from the list

3. Enter the ‘Patrol Area’

4. Click ‘Save’



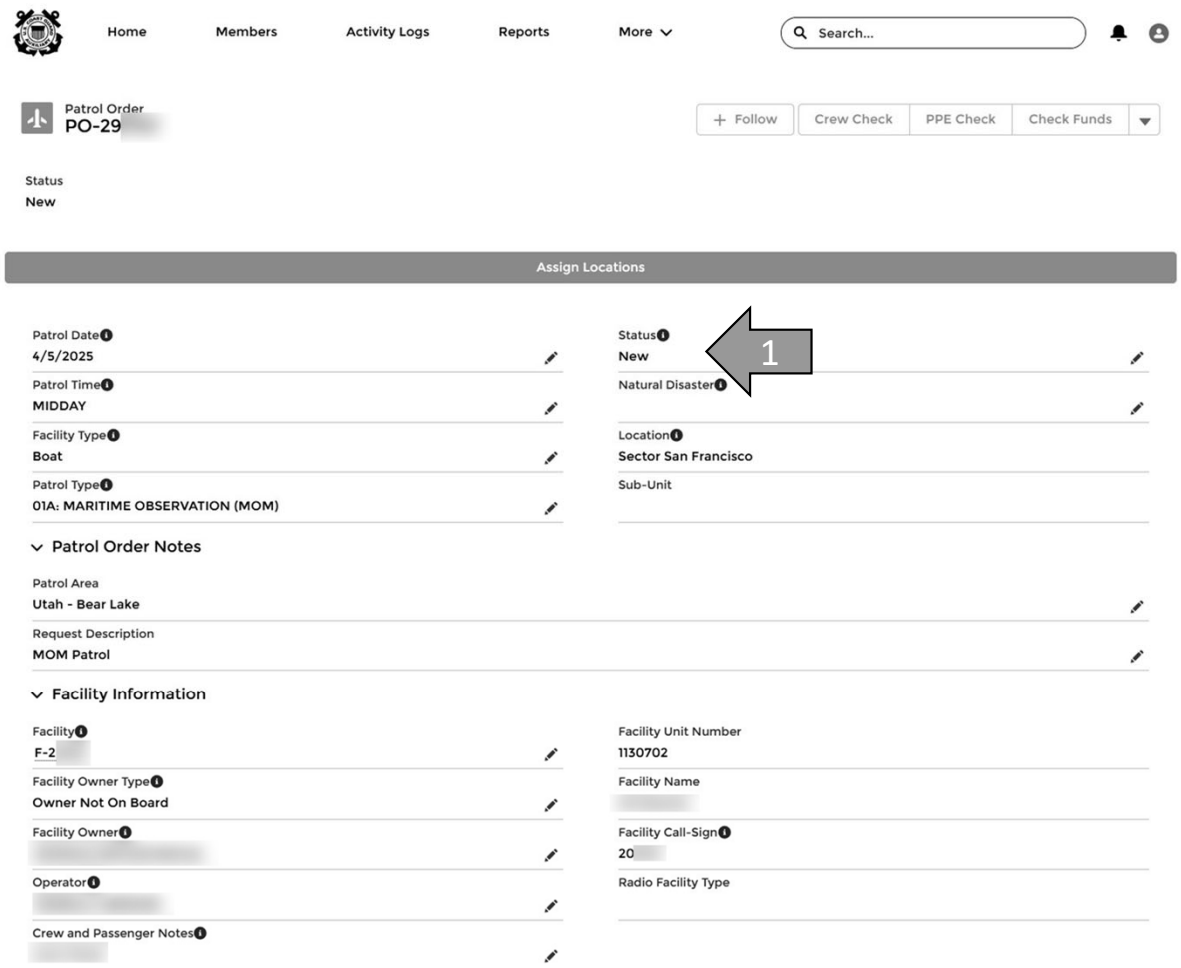




The Patrol Order Request

1. Change Status to ‘Requested’

2. Click ‘Save’



The Patrol Order Request

An email is sent automatically to the OIA (Order Issuing Authority) notifying them that a request has been made

The OIA can:

Approve	Deny	Ask for more information

When the OIA updates the status of the Patrol Request, the request creator will receive an email.

Write Down the PO# for easier access

Patrol Orders

Patrol Orders are issued to the Operator (Coxswain, Pilot, PWC Operator or TCO) and cannot be transferred to another operator or facility		
If multiple Operators will be using the facility on the same day, each Operator must request Patrol Orders	If the Operator of record cannot make the patrol. Another Operator cannot step in and take over the Patrol Order. A new Patrol Order request must be made, and the original order canceled.	Another facility cannot be substituted for the facility on the Patrol Order. A new Patrol Order request must be made.

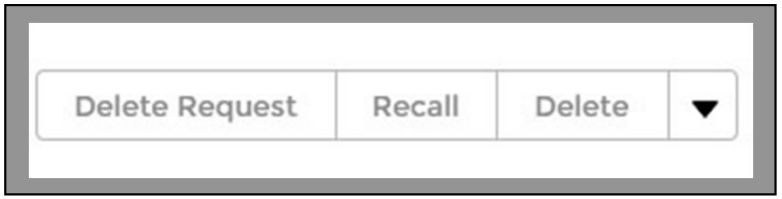
Changes To The Patrol Order Request

If the Patrol Order Request is in New or Requested Status, some changes to the request can be made.

Use the ‘Recall’ function to place the request in New status

Make the changes/corrections

Change status to ‘Requested’ status



Approved Patrol Orders

Patrol Order requests that have been approved **cannot be modified.**

If changes need to me made, the Patrol must be canceled, and a new request made.

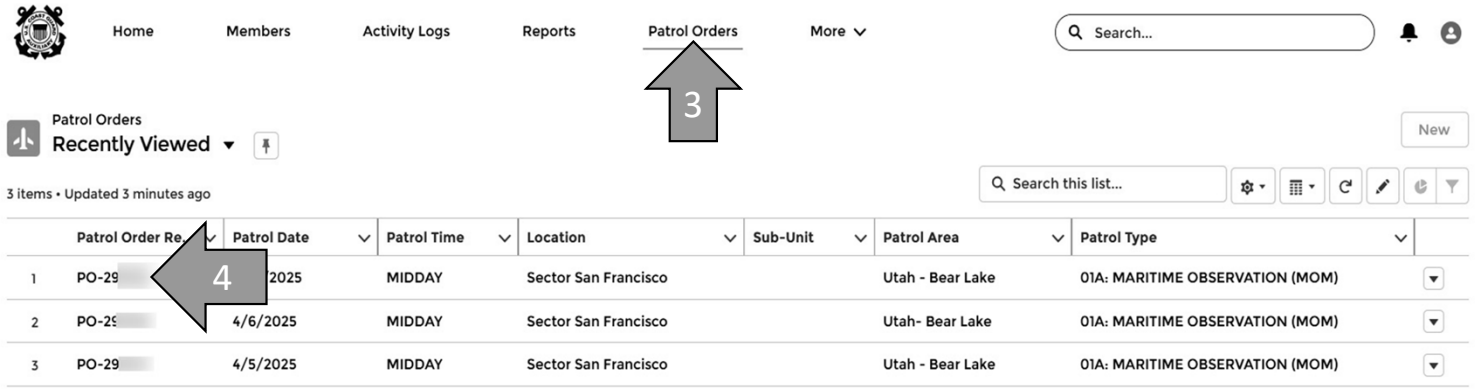
Patrol Claim – Live Demonstration

LIVE DEMONSTRATION

The Patrol Order Claim

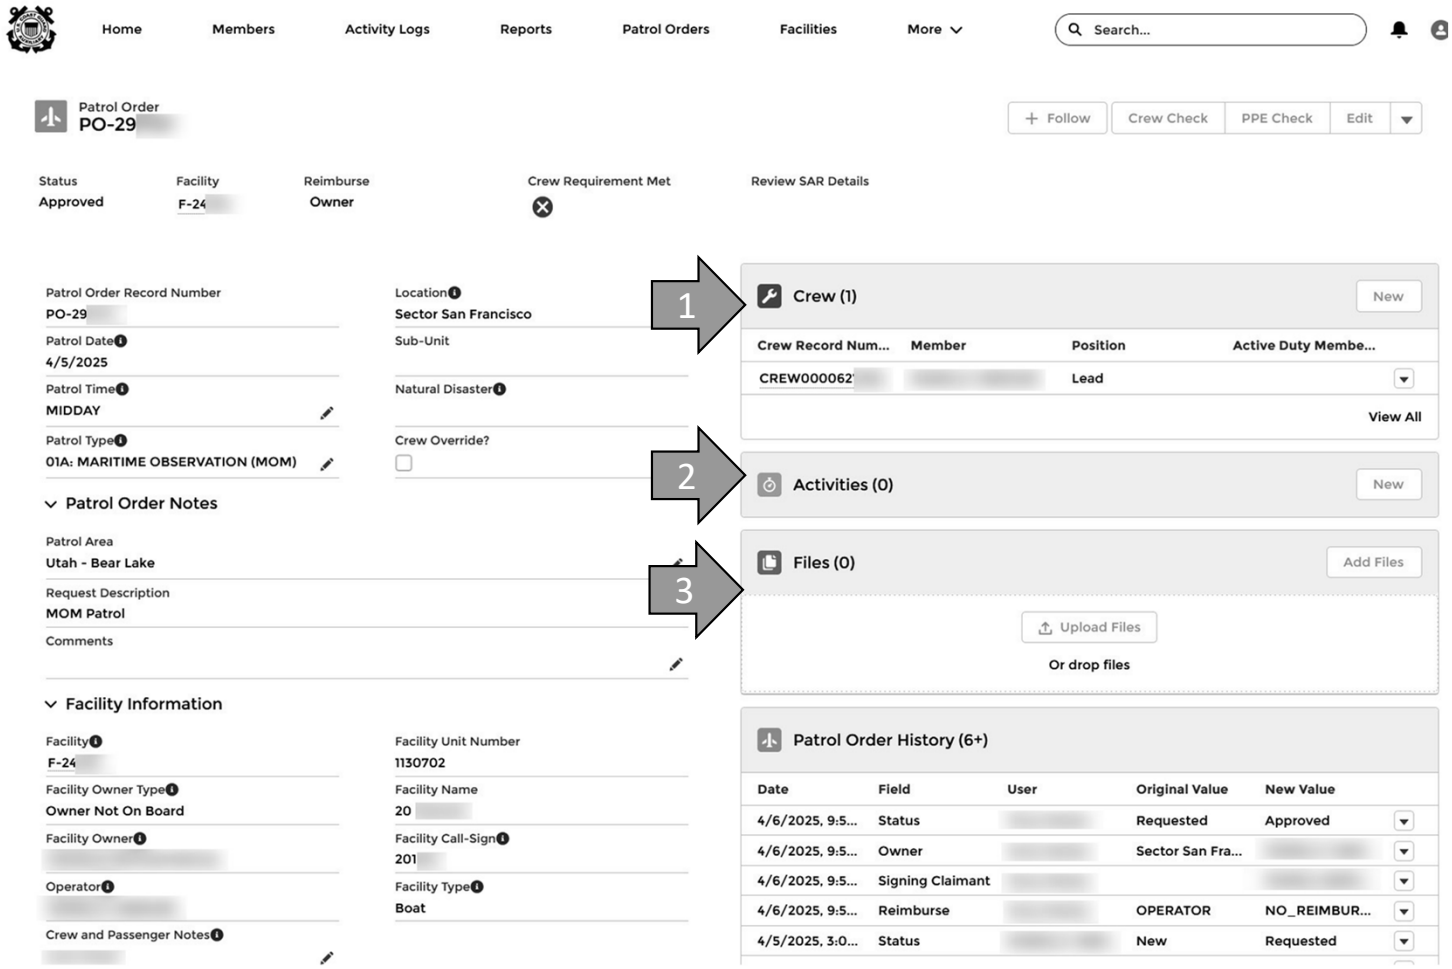
1. Complete the Patrol
2. Log into AUXDATA II
3. Select ‘Patrol Orders’
4. Click on the Patrol Order



The Patrol Order Claim

On the right side of the screen are three sections:

1. Crew
2. Activities
3. Files

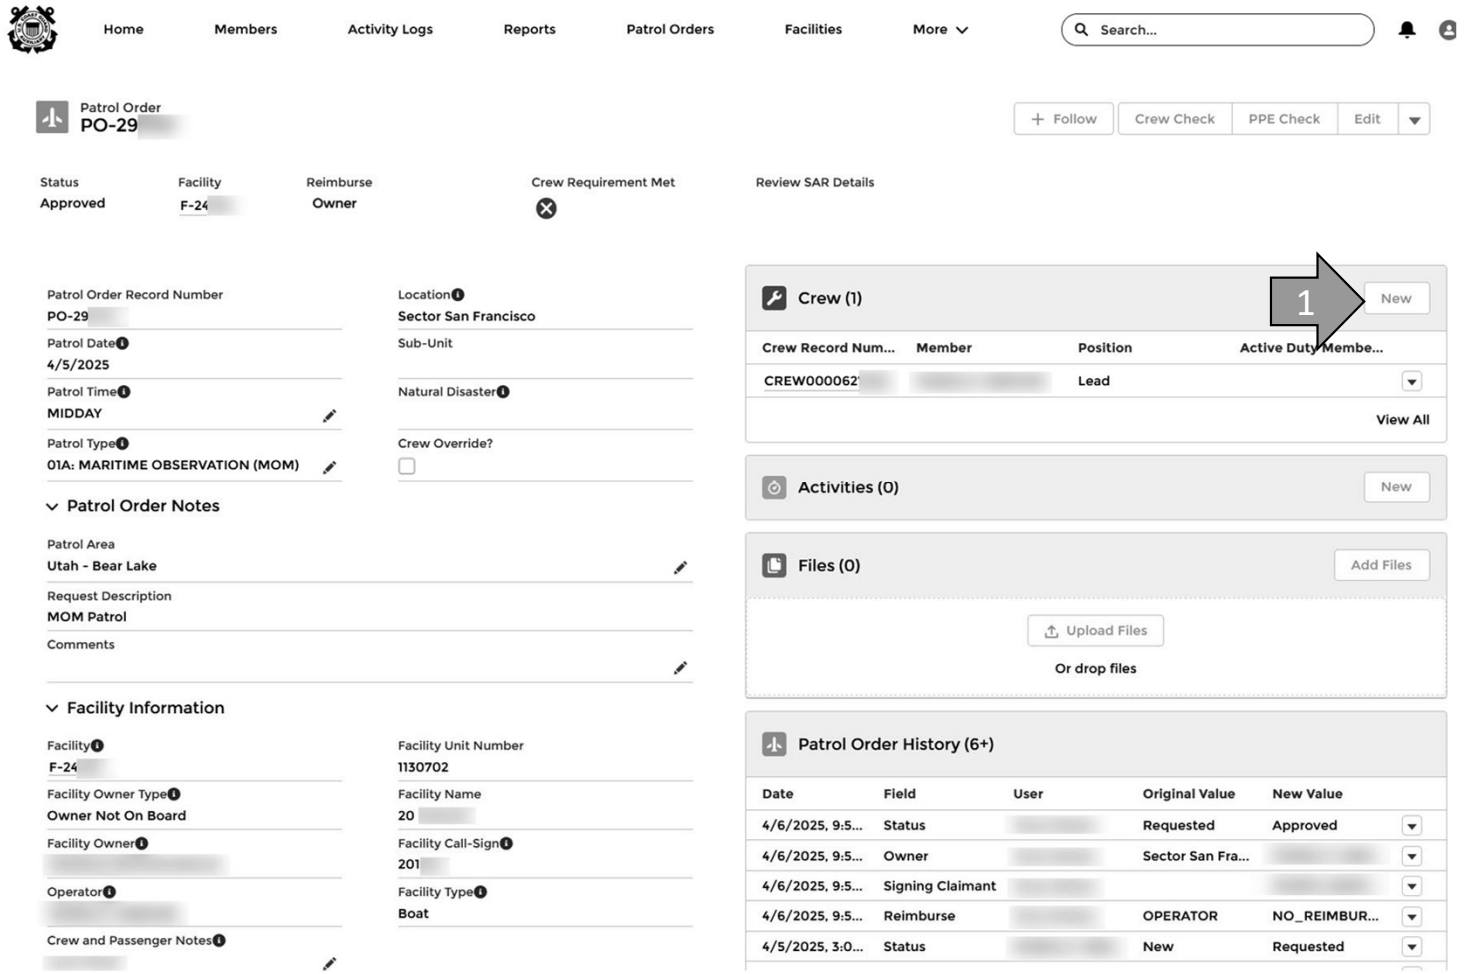


The Patrol Order Claim - Crew

The first step is to add the Crew

The Operator and Owner (if onboard) are listed

1. Click ‘New’ to add additional crew



The Patrol Order Claim - Crew

1. Enter Crew Name

2. Select ‘Position’

3. Check ‘Expenses’

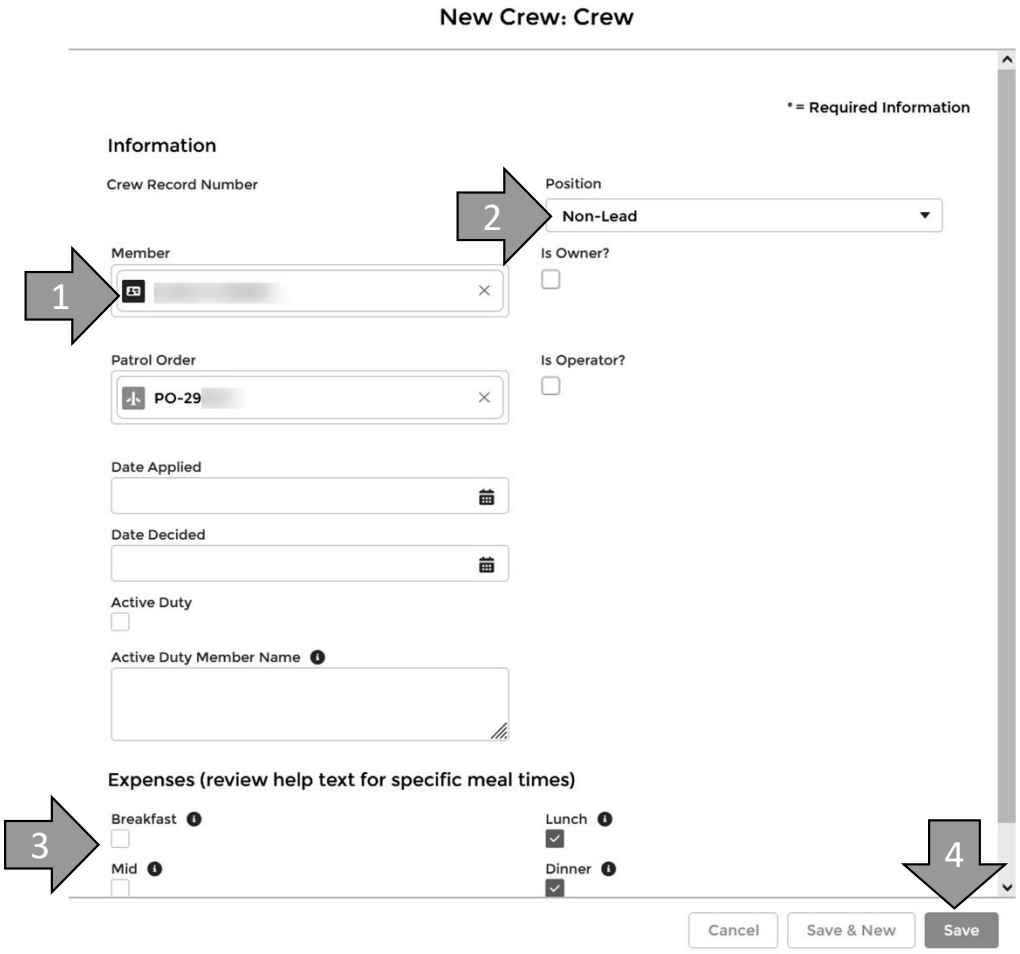
Breakfast

Lunch

Dinner

Mid

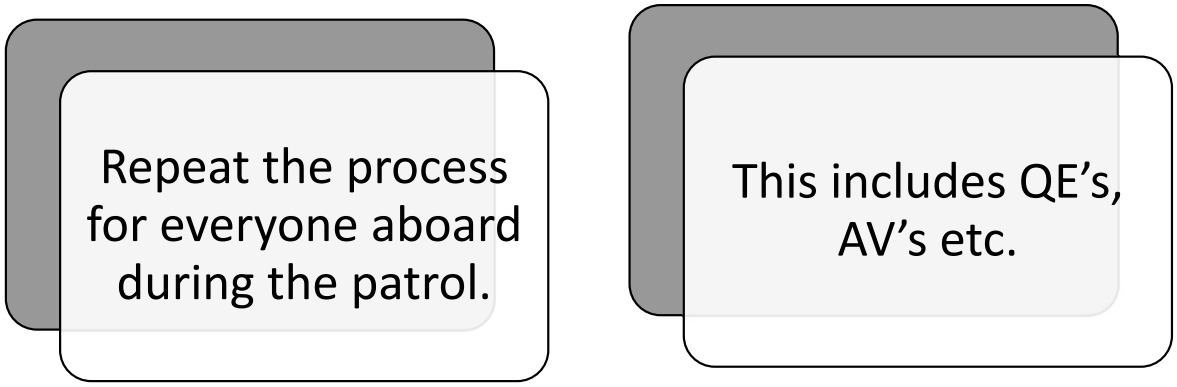
4. Click ‘Save’ or ‘Save & New’



If crew is Active Duty, check the Active Duty box and Enter the name of the Active Duty member.

Expenses can only be claimed for meals during patrol time

The Patrol Order Claim - Crew



The Patrol Order Claim - Crew

Assign Meal Expenses to Operator and Owner

1. Click on the ‘Crew Record Number’

2. Check ‘Expenses’

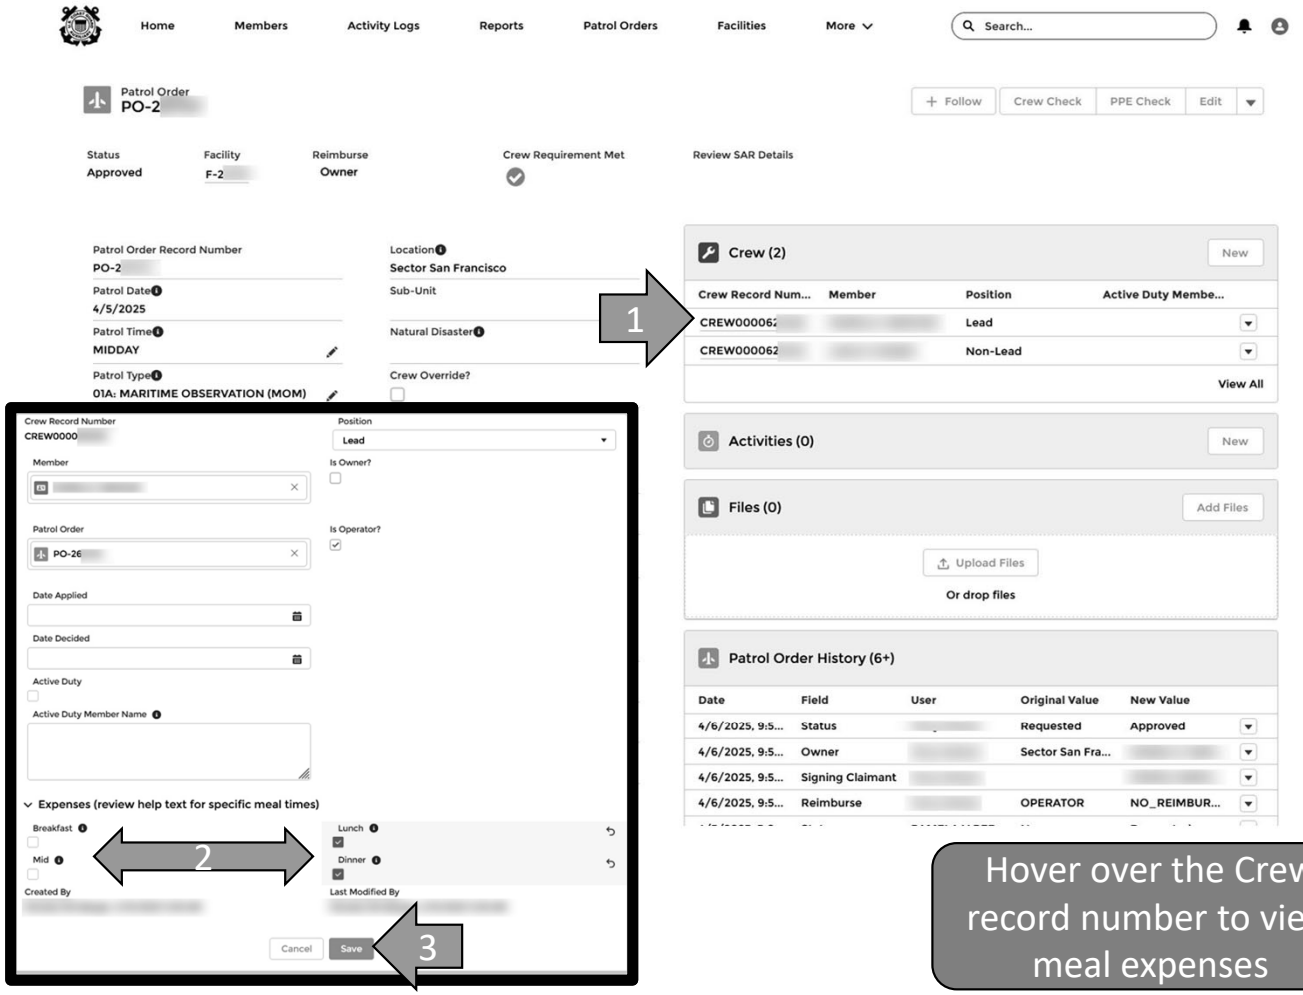
Breakfast

Lunch

Dinner

Mid

3. Click ‘Save’’



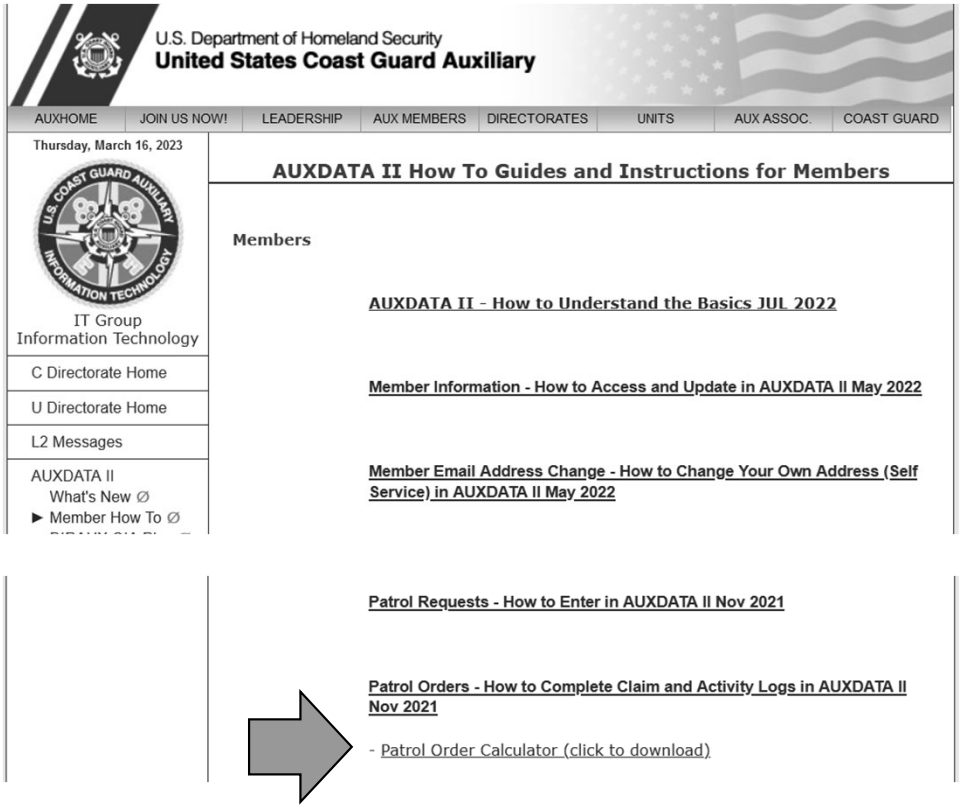
Hover over the Crew record number to view meal expenses

Patrol Order – Activity Logs

Creating Activity Logs for the patrol is the next step

Use the ‘Patrol Order Calculator’ to determine the correct duration for each Activity Log in the Patrol

The Patrol Order Calculator is a spreadsheet to help determine the duration of mission segments. It can be downloaded from the AUXDATA II ‘How To’ website



Patrol Order - Itinerary

- 0900 – 0945 01B Trailering
- 0945 – 1005 01D Standby
- 1005 – 1138 01A MOM Patrol
- 1138 – 1242 24 SAR
- 1242 – 1315 01D Standby
- 1315 – 1555 01A MOM Patrol
- 1555 – 1615 01D Standby

This patrol itinerary will require seven Activity Logs to be created.

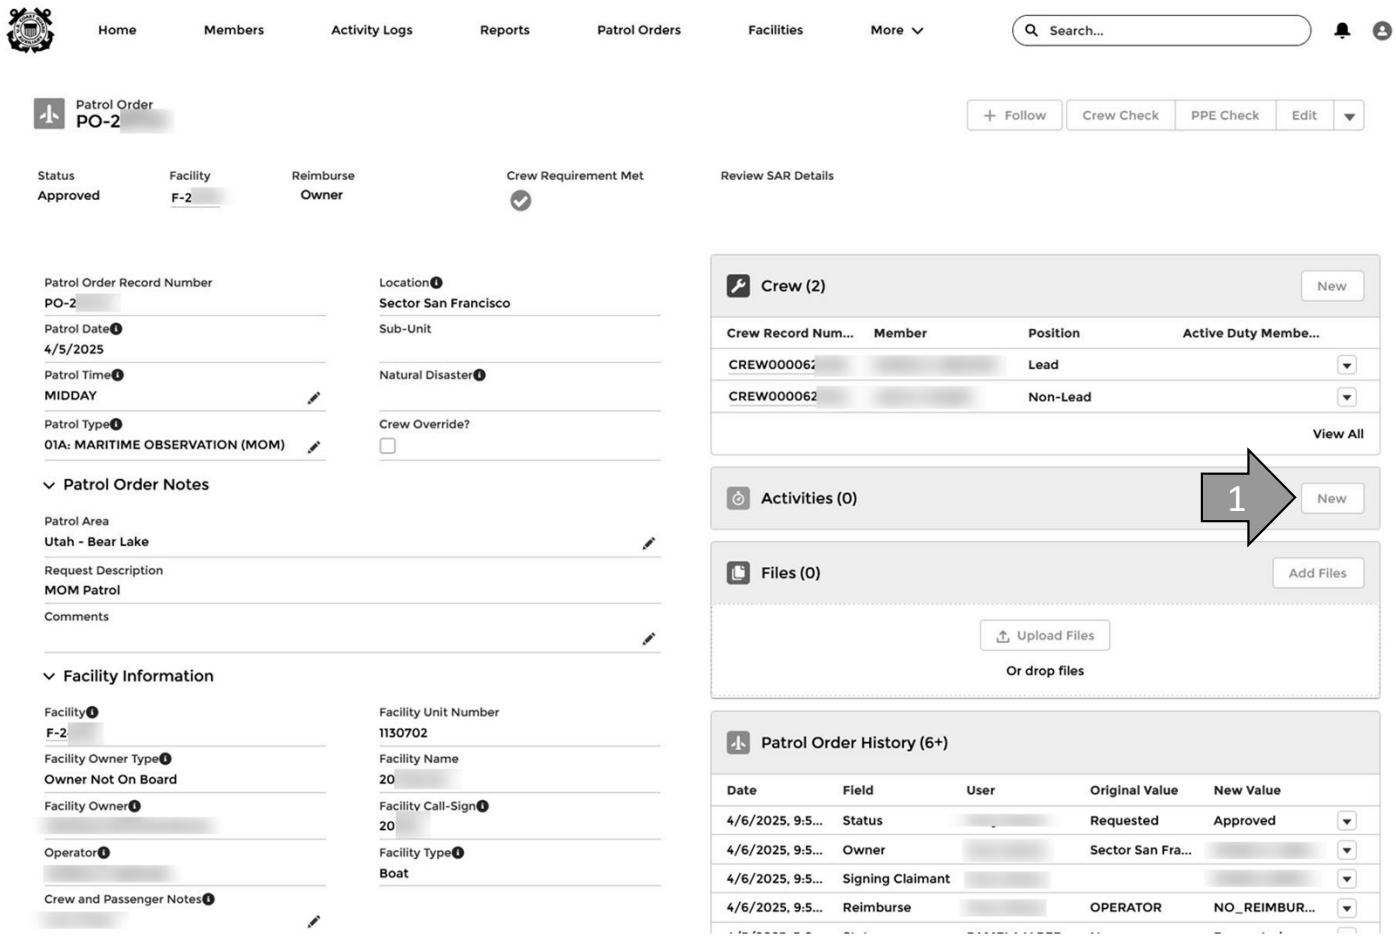
All patrols will have a minimum of three Activity Logs.

01D Standby time must be at the beginning and end of each patrol mission.

Patrol Order – Activity Logs

Within the Patrol Order, Create Activity Logs

1. Click ‘New’

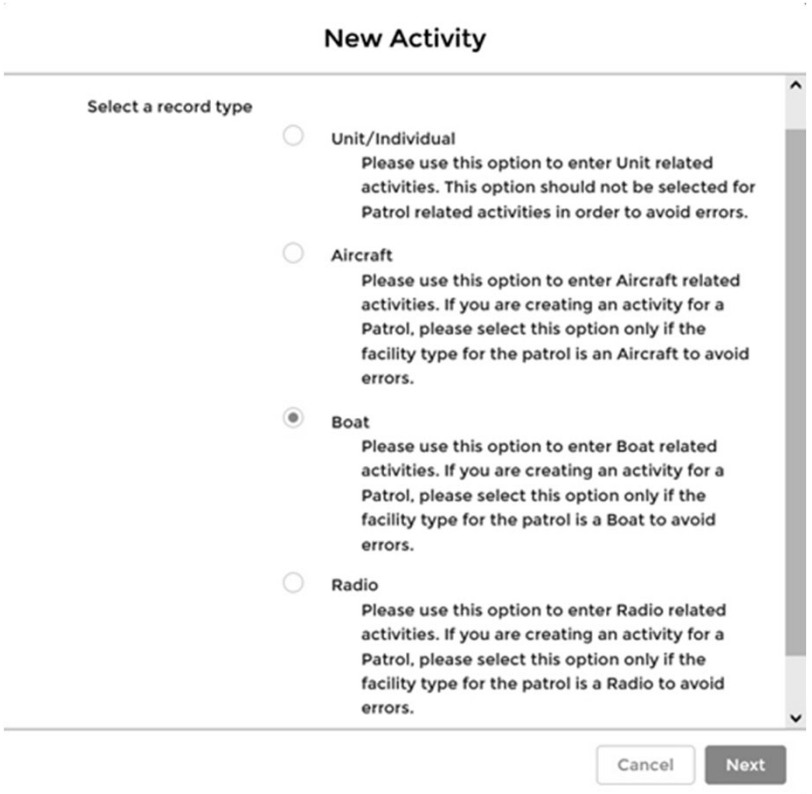


Select Resource

The Resource for Patrols will be Aircraft, Boat or Radio.

Select the appropriate Resource

Click ‘Next’



Enter Mission Information

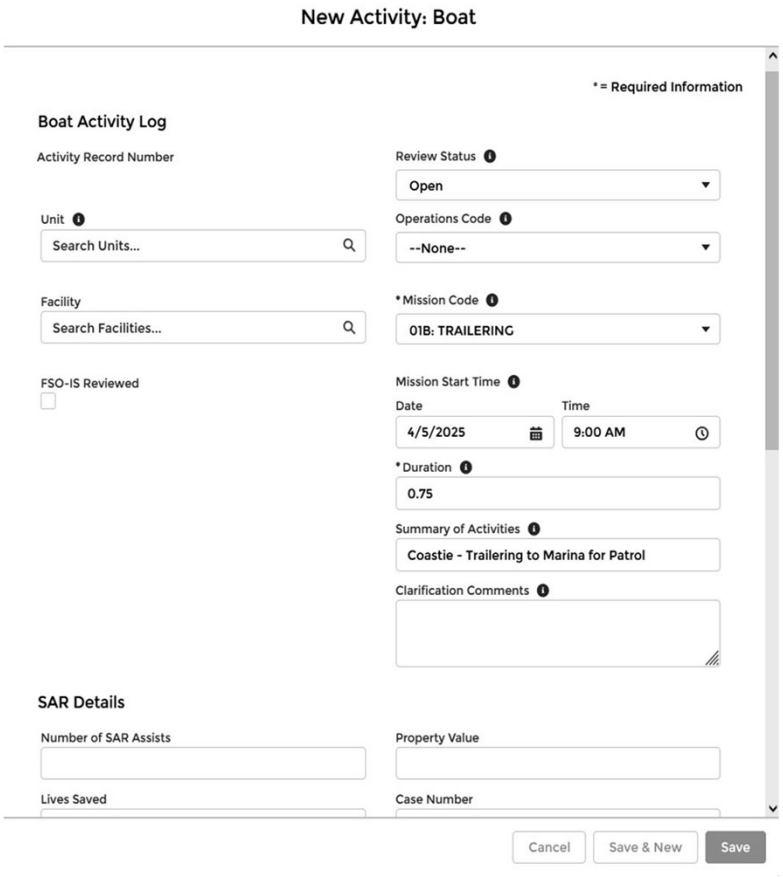
Unit
- Leave blank (will auto populate)

Facility
- Leave blank (will auto populate)

Operations Code
- Select Operations Code (if appropriate)
- Can be left blank

Mission Code
- Enter Mission Code for the segment of the patrol being reported

Mission Start Time
- Enter the date and time of the mission



Enter Mission Information

Duration

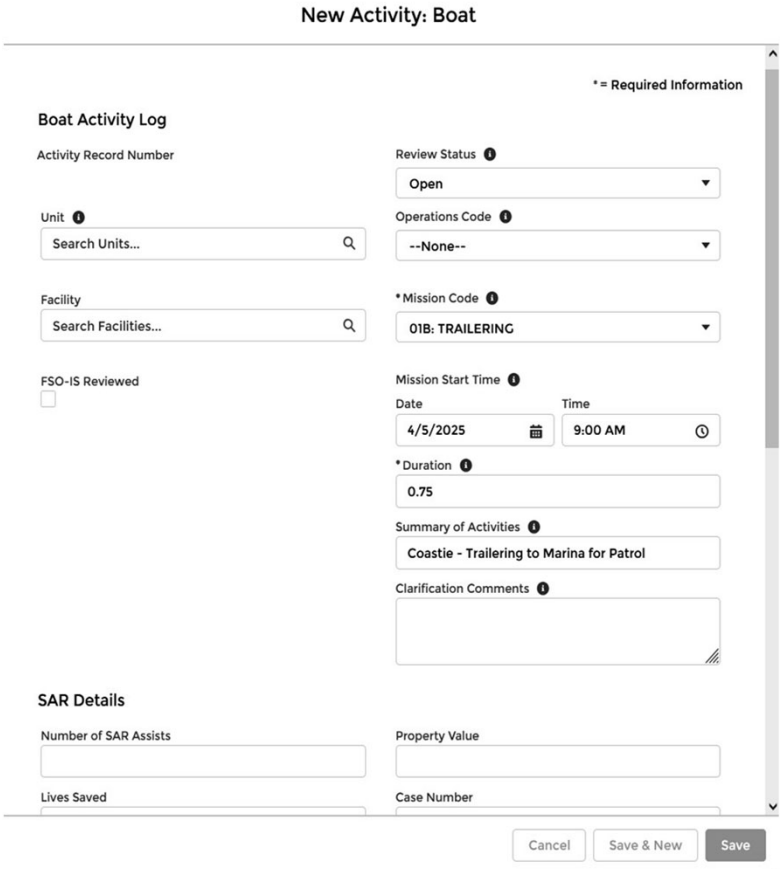
- Enter the duration of the mission

Summary of Activities

- Enter the member's name and a brief description of the activity being reported

Click 'Save'

- Click 'Save'

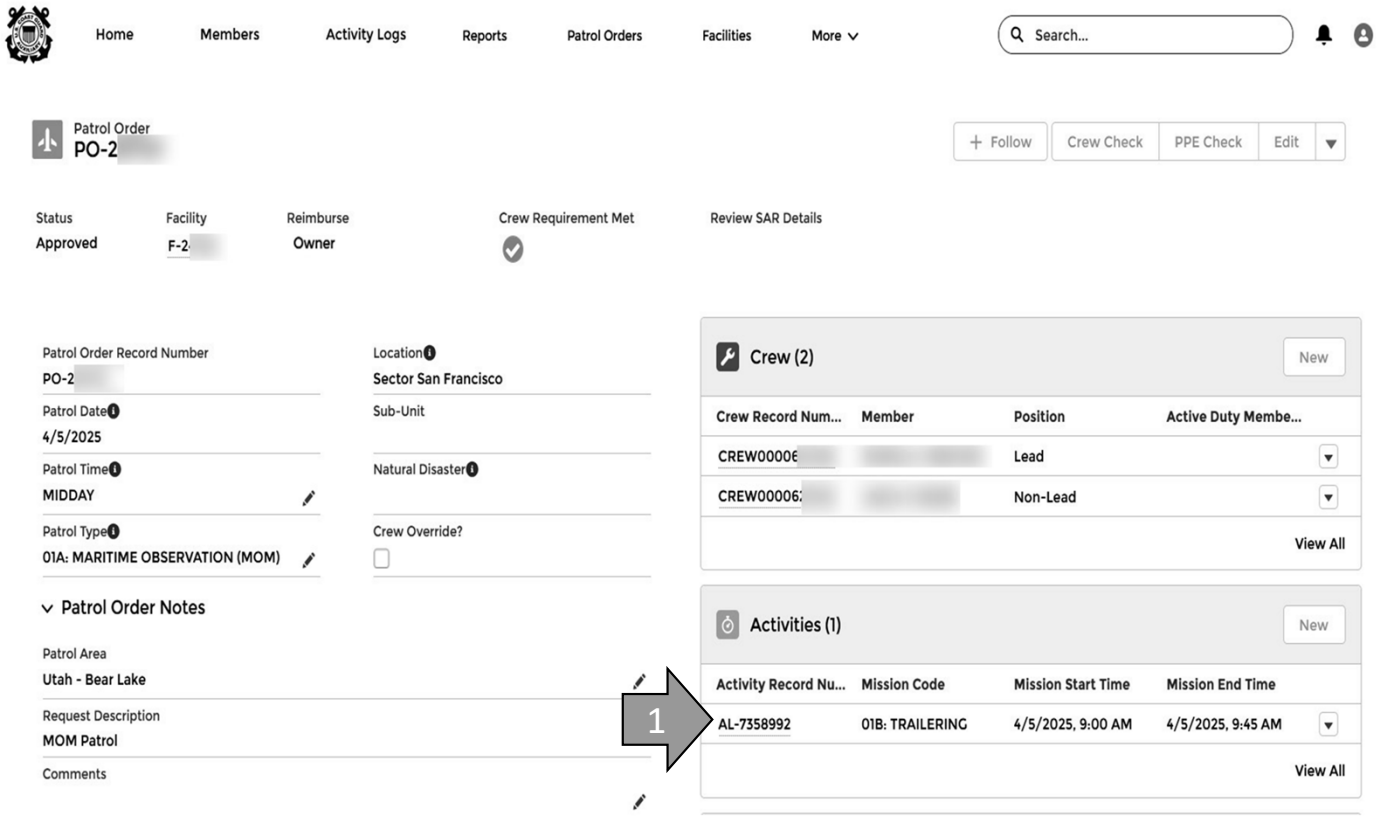


Patrol Order – Activity Logs

You will be returned to the Patrol order.

To complete the Activity Log (Add Members)

1. Select the Activity Log Record Number to open

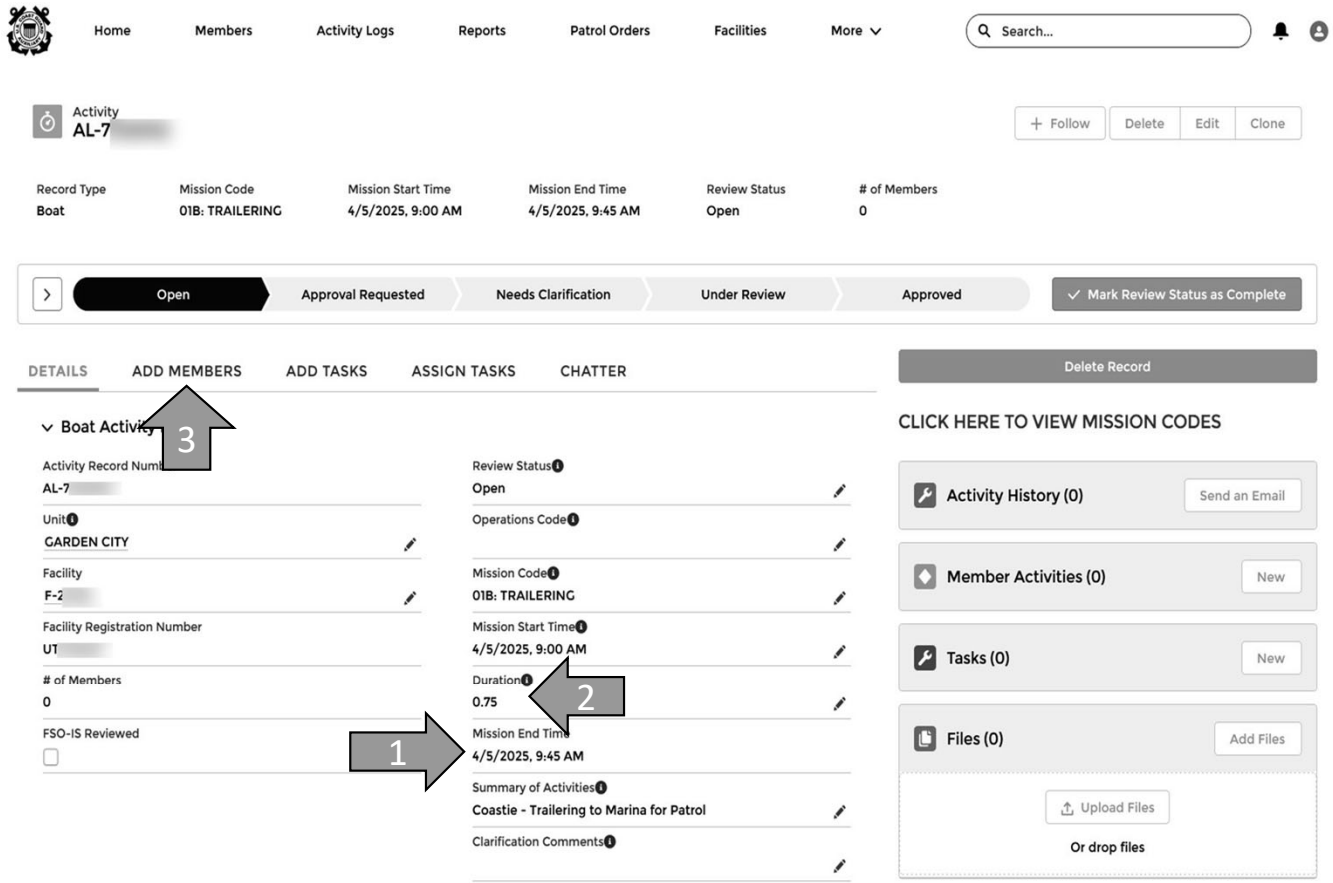


Add Members

1. Review the Activity Log. Pay close attention to the ‘Mission End Time’

2. Adjust Duration if necessary

3. Click ‘Add Members’



Add Members

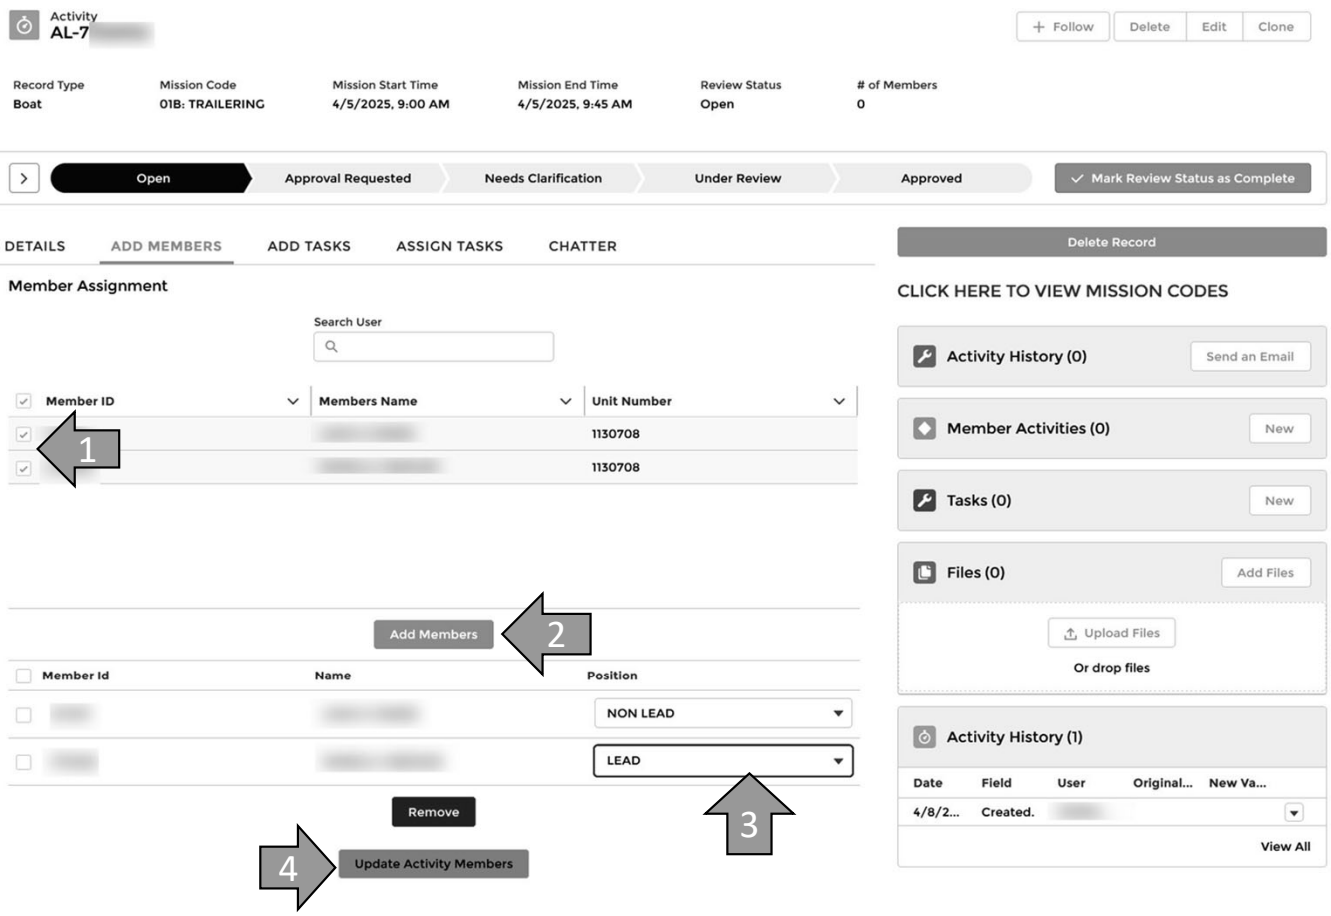
Notice the members listed are those assigned to the Patrol Claim

1. Place a check mark by the members involved in this segment of the mission

2. Click ‘Add Members’

3. Assign positions

4. Click ‘Update Activity Members’



Submit for Approval

Carefully review everything before submitting the Activity Log for approval.

Once an Activity Log is submitted for approval, very little can be changed by anyone other than a System Administrator (BSX)

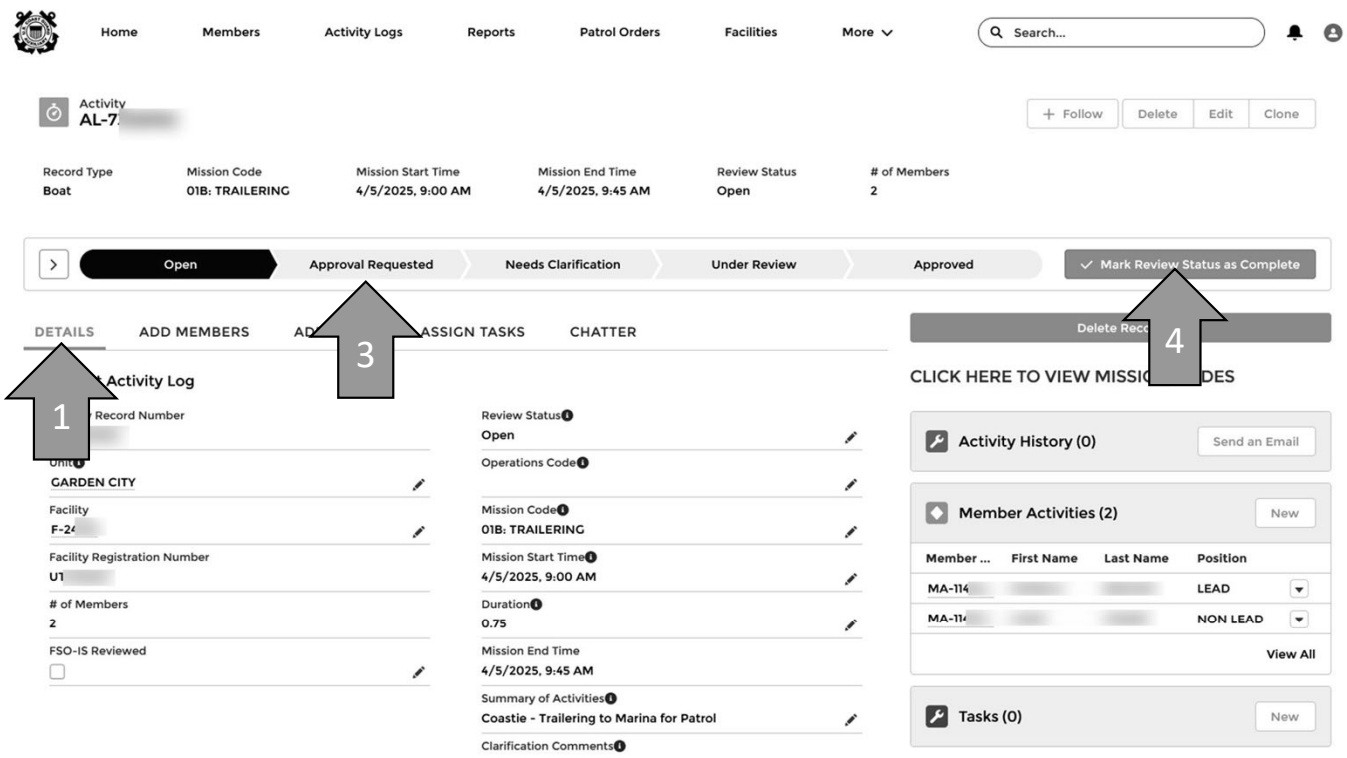
Submit for Approval

1. Click ‘Details’ to take you back to the Activity Log

2. Review (pay close attention to ‘Mission End Time’)

3. Select ‘Approval Requested’

4. Click ‘Mark as Current Review Status’



Patrol Order - Itinerary

- ~~0900 – 0945 01B Trailering~~
- 0945 – 1005 01D Standby
- 1005 – 1138 01A MOM Patrol
- 1138 – 1242 24 SAR
- 1242 – 1315 01D Standby
- 1315 – 1555 01A MOM Patrol
- 1555 – 1615 01D Standby

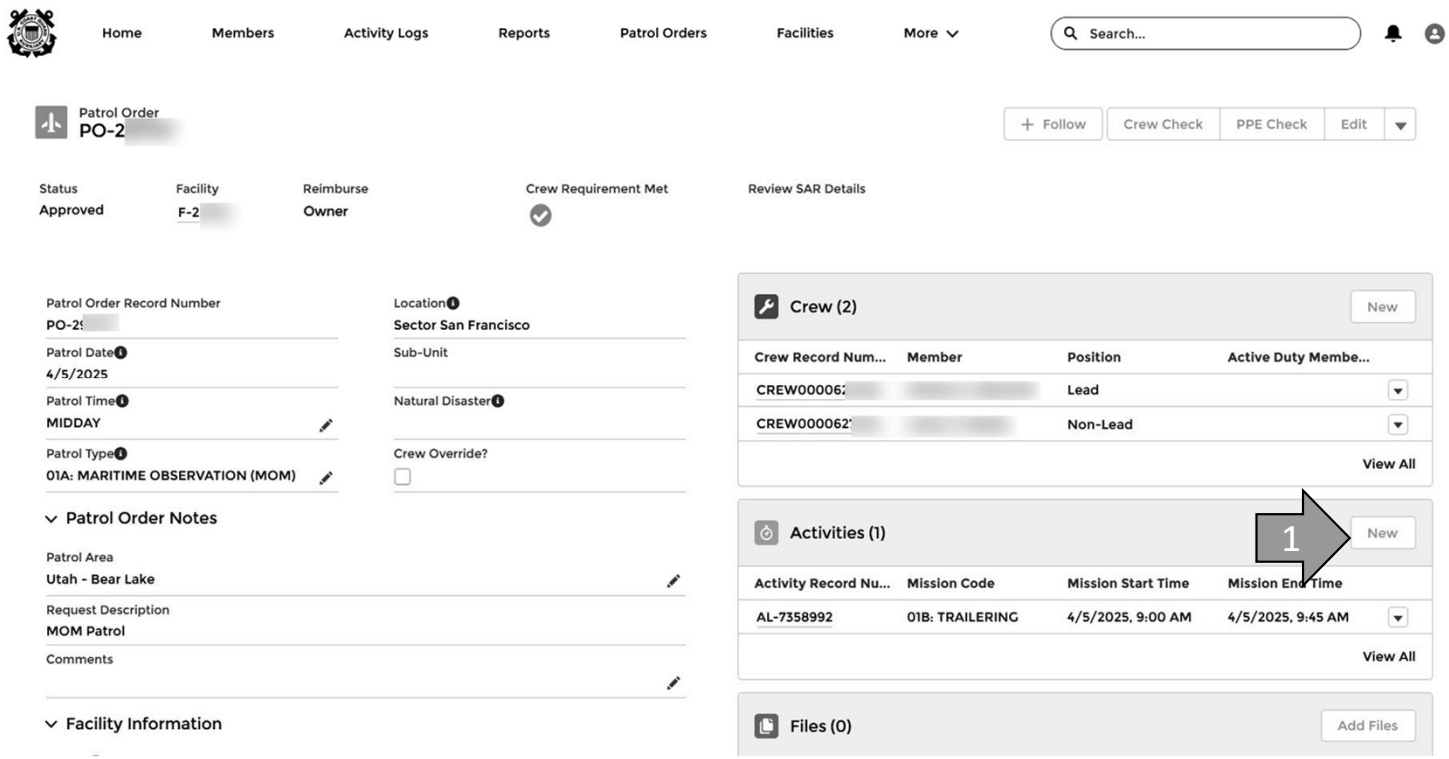
Continue with the next segment of the patrol itinerary – 01D.

There cannot be a time overlap or gap between the 'end time' of one segment and the 'start time' of the next segment.

Patrol Order – Activity Logs

Create the Activity Log for the next segment.

1. Click ‘New’

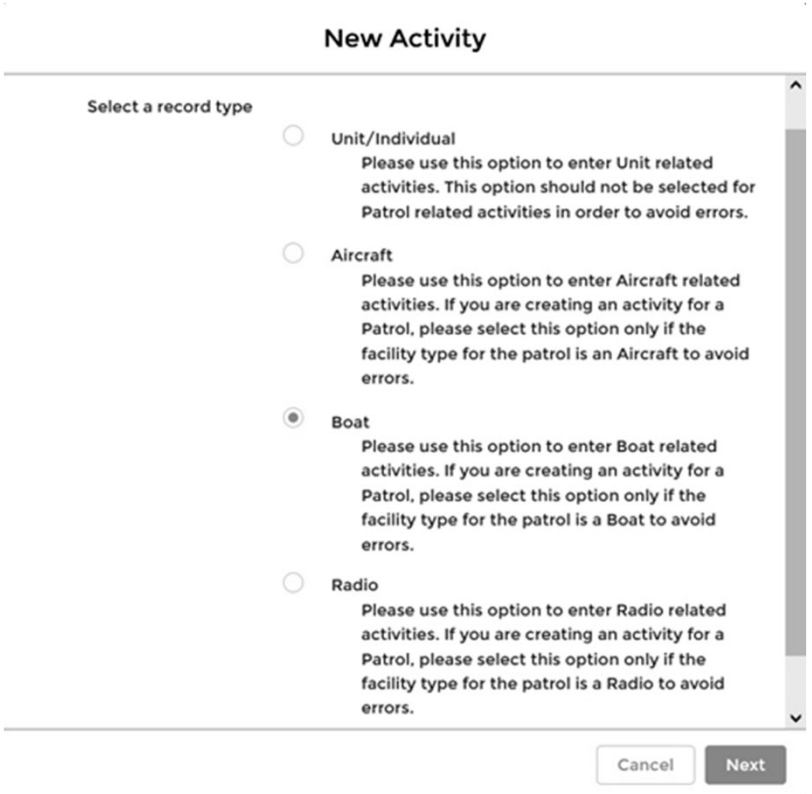


Select Resource

The Resource for Patrols will be Aircraft, Boat or Radio.

Select the appropriate Resource

Click ‘Next’



Enter Mission Information

Unit
- Leave blank (will auto populate)

- ~~1005 – 1138 01A MOM Patrol~~
- 1138 – 1242 24 SAR
- 1242 – 1315 01D Standby
- 1315 – 1555 01A MOM Patrol
- 1555 – 1615 01D Standby

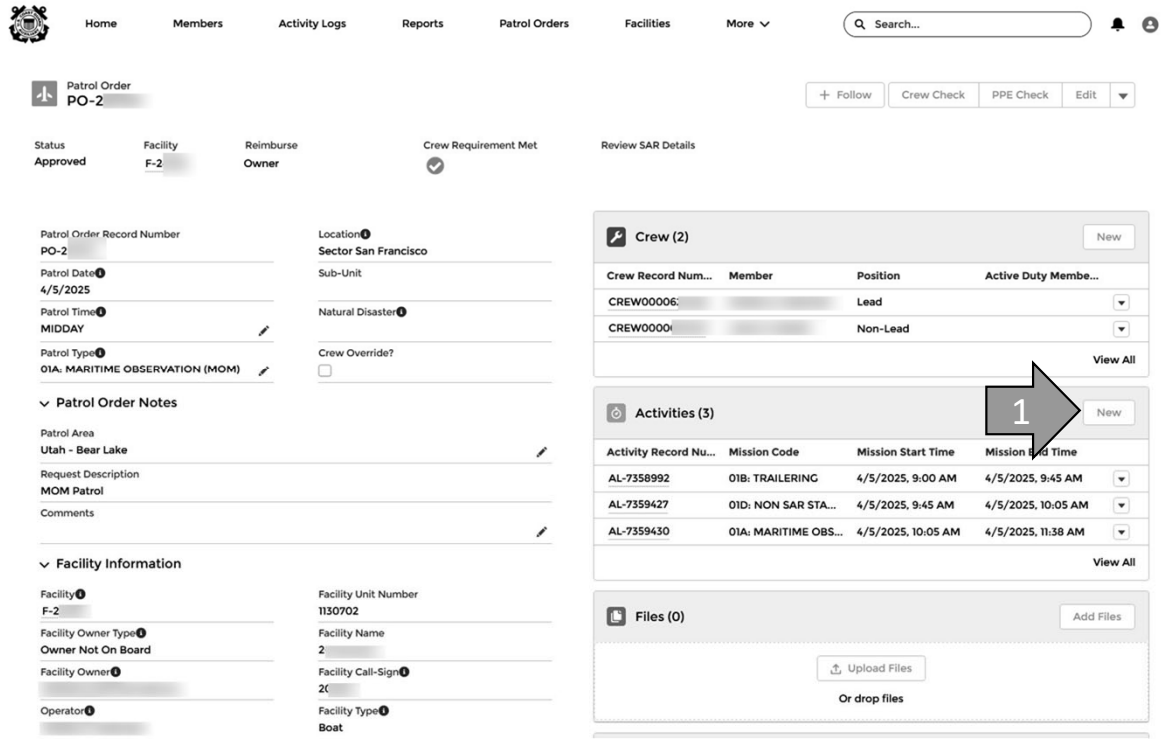
Continue with the next segment of the patrol itinerary – 24.

There cannot be a time overlap or gap between the 'end time' of one segment and the 'start time' of the next segment.

Patrol Order – Activity Logs

Create the Activity Log for the next segment.

1. Click ‘New’

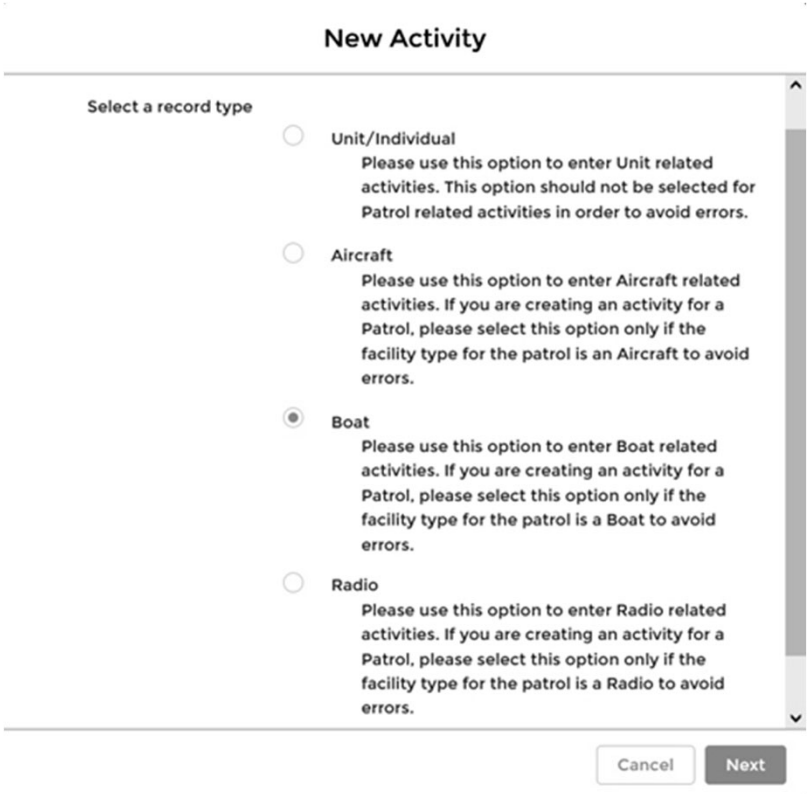


Select Resource

The Resource for Patrols will be Aircraft, Boat or Radio.

Select the appropriate Resource

Click ‘Next’



Enter Mission Information

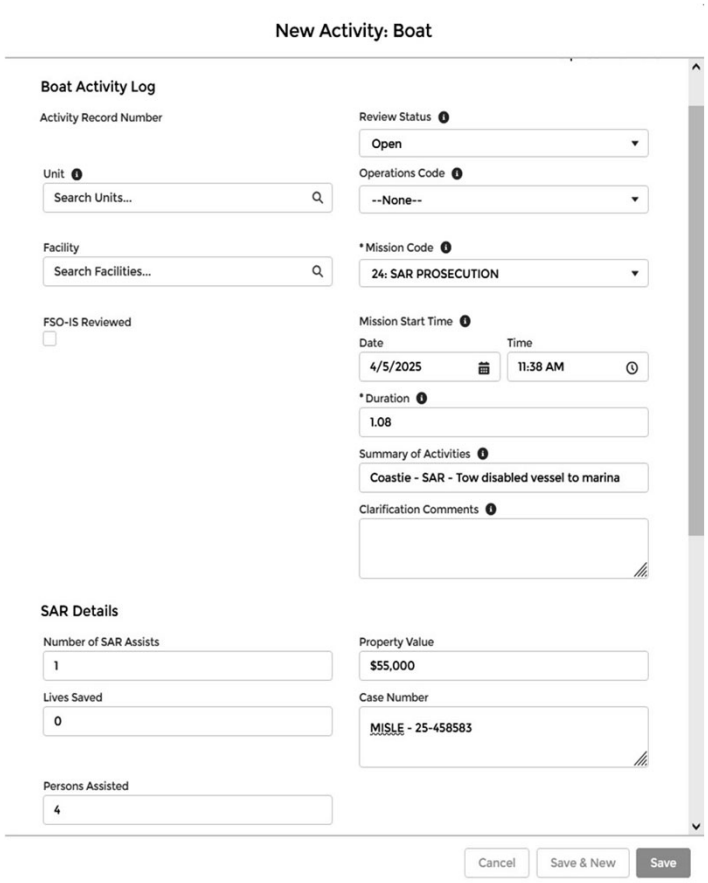
Unit
- Leave blank (will auto populate)

Facility
- Leave blank (will auto populate)

Operations Code
- Select Operations Code (if appropriate)
- Can be left blank

Mission Code
- Enter Mission Code for the segment of the patrol being reported

Mission Start Time
- Enter the date and time of the mission



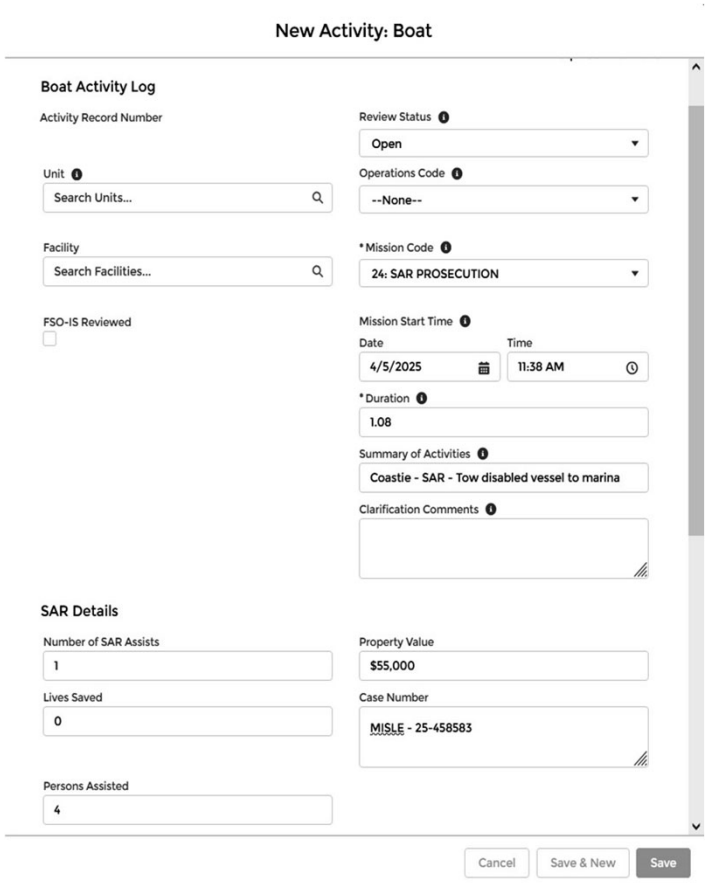
Enter Mission Information

Duration
- Enter the duration of the mission

Summary of Activities
- Enter the member's name and a brief description of the activity being reported

SAR Details
- Enter Number of SAR Assists
- Number of Lives Saved
- Property Value
- Persons Assisted
- Case Number

Click 'Save'
- Click 'Save'



SAR Details – Number of Assists

SAR Details are entered **only** with Mission Code 24

The ‘Number of SAR’ assists will always be ‘1’ per Mission Code 24 Activity Log

Even if multiple assists were performed during the mission, each Mission Code 24 is reported separately, therefore, the number of assists per Activity Log is ‘1’

SAR Details – Required Information

Number of Assists	• This will be ‘1’ for each mission code 24 mission segment
Property Value	• Value of assisted vessel
Lives Saved	• Must meet CG criteria for lives saved
Case Number	• Provided by CG or if not assigned, input self generated number
Persons Assisted	• The number of people directly assisted on the SAR assist.

SAR Details – Lives Saved

Data entered in the Lives Saved field must meet the Coast Guard criteria of a Life Saved

Could the person(s) have perished if not for the actions of the Auxiliary crew:

- Vessel Sinking
- Vessel Fire
- Hypothermia
- Medical Issue

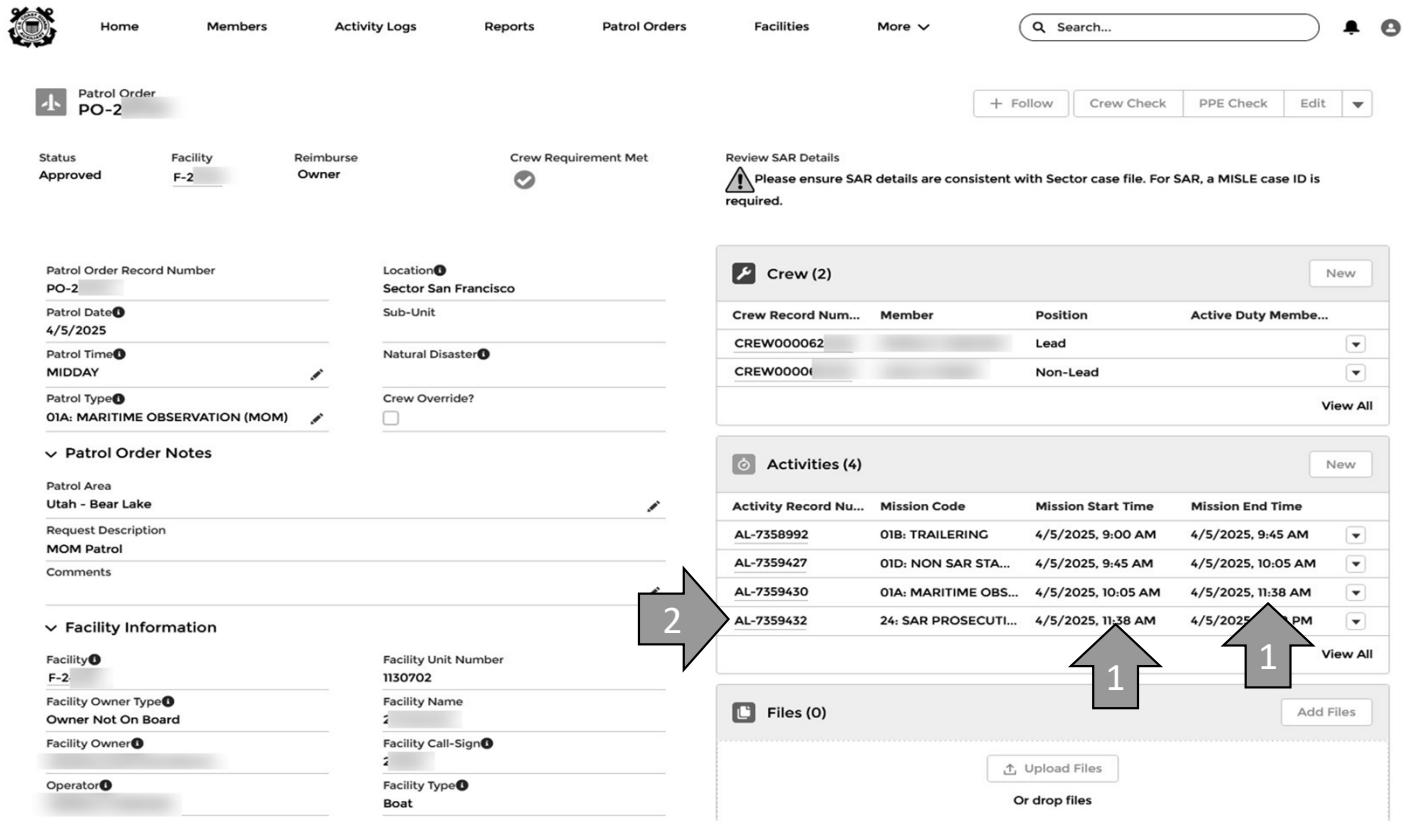
Patrol Order – Activity Logs

You will be returned to the Patrol order.

1. Verify there is no overlap or gap between end time and start time.

To complete the Activity Log (Add Members)

2. Select the Activity Log Record Number to open

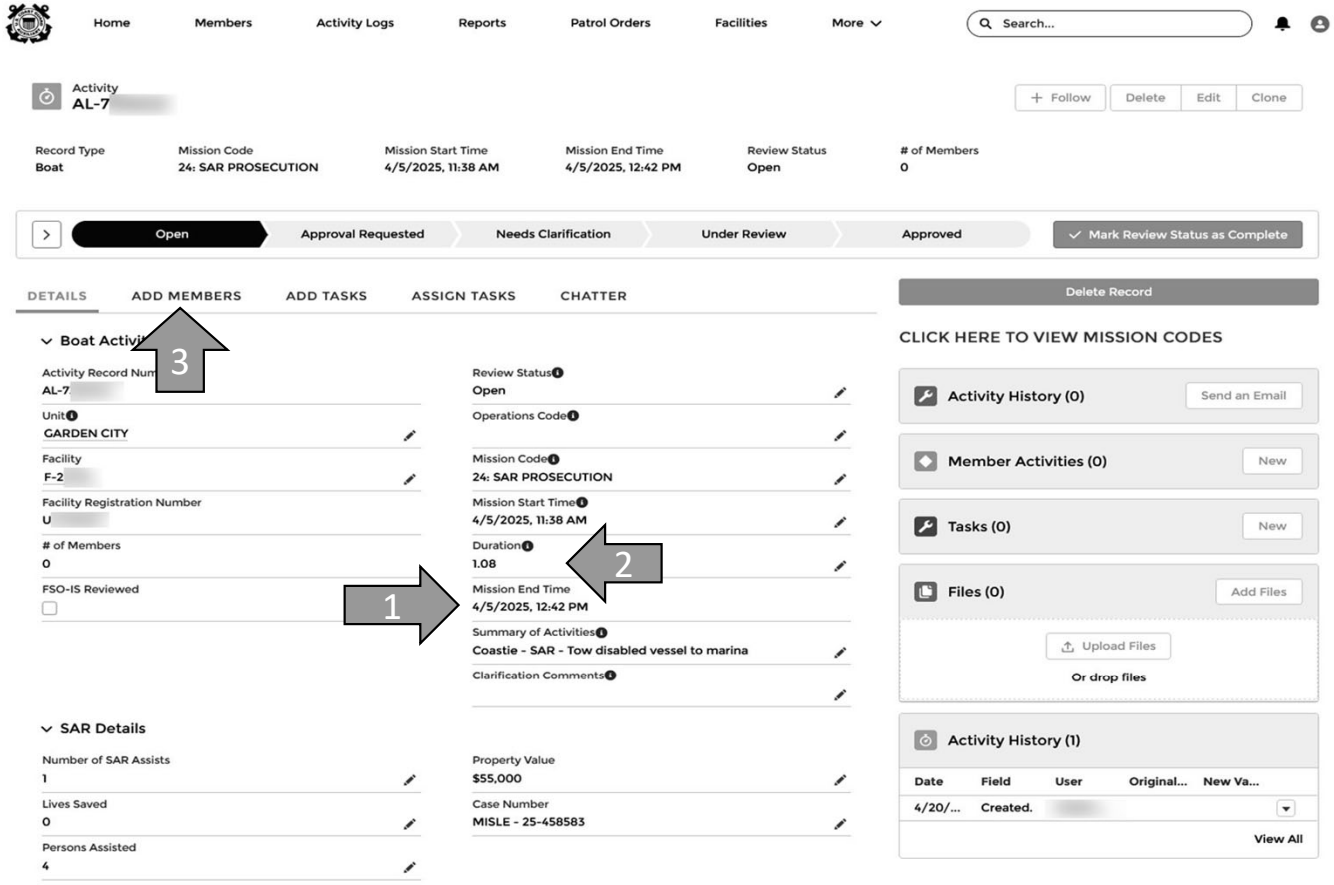


Add Members

1. Review the Activity Log. Pay close attention to the ‘Mission End Time’

2. Adjust Duration if necessary

3. Click ‘Add Members’



Add Members

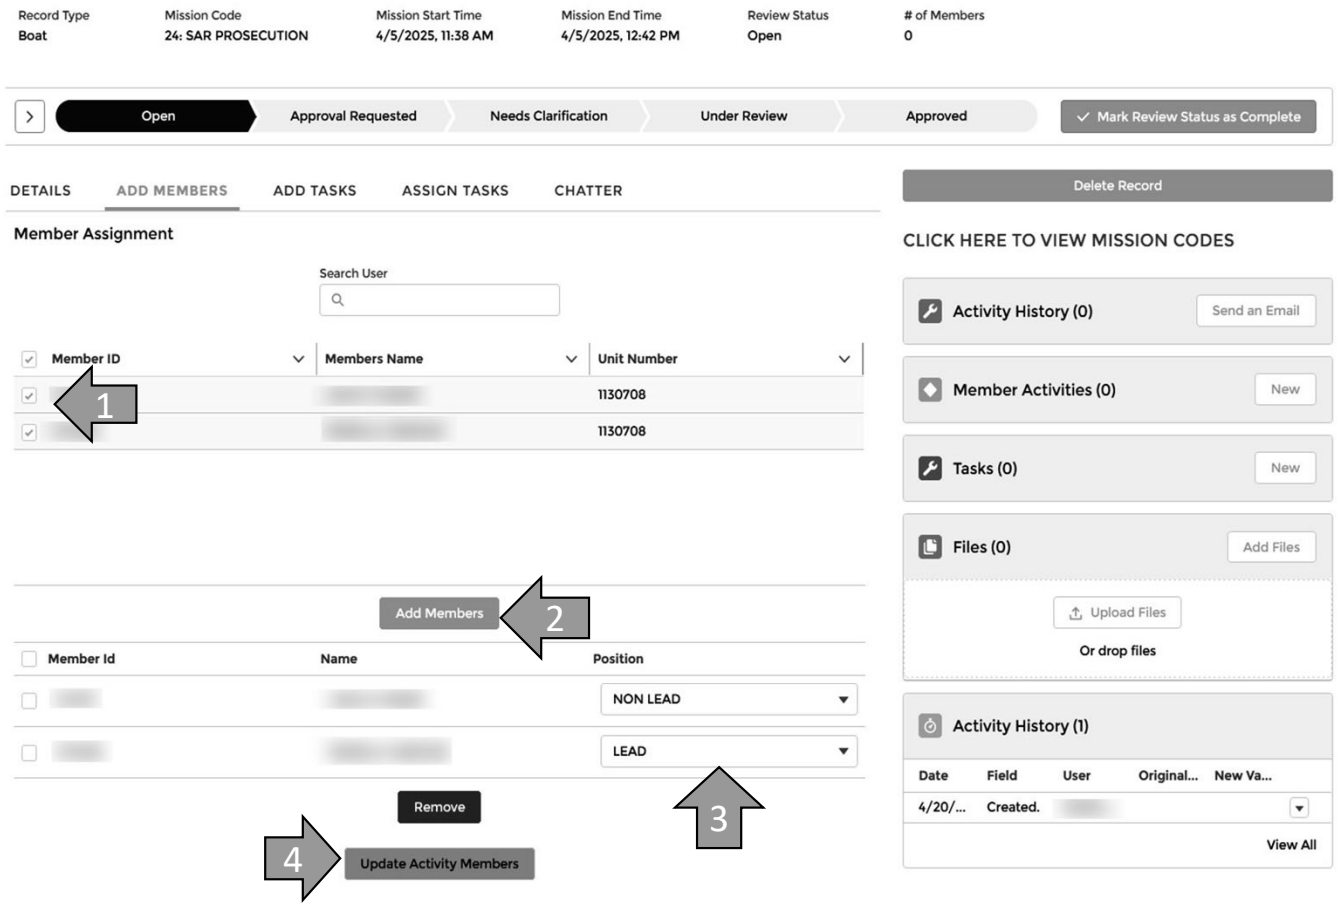
Notice the members listed are those assigned to the Patrol Claim

1. Place a check mark by the members involved in this segment of the mission

2. Click ‘Add Members’

3. Assign positions

4. Click ‘Update Activity Members’



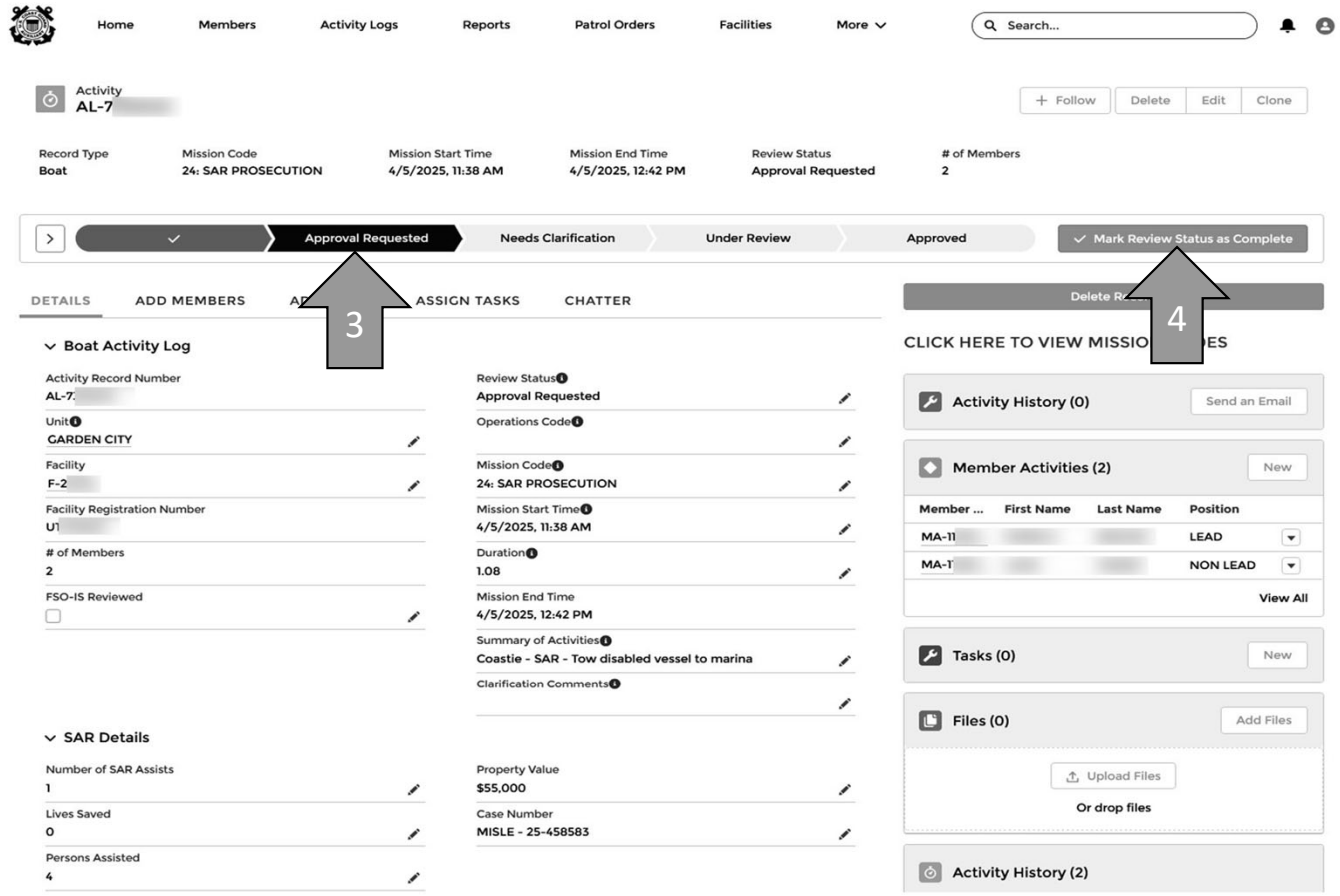
Submit for Approval

1. Click ‘Details’ to take you back to the Activity Log

2. Review (pay close attention to ‘Mission End Time’)

3. Select ‘Approval Requested’

4. Click ‘Mark as Current Review Status’



Patrol Order - Itinerary

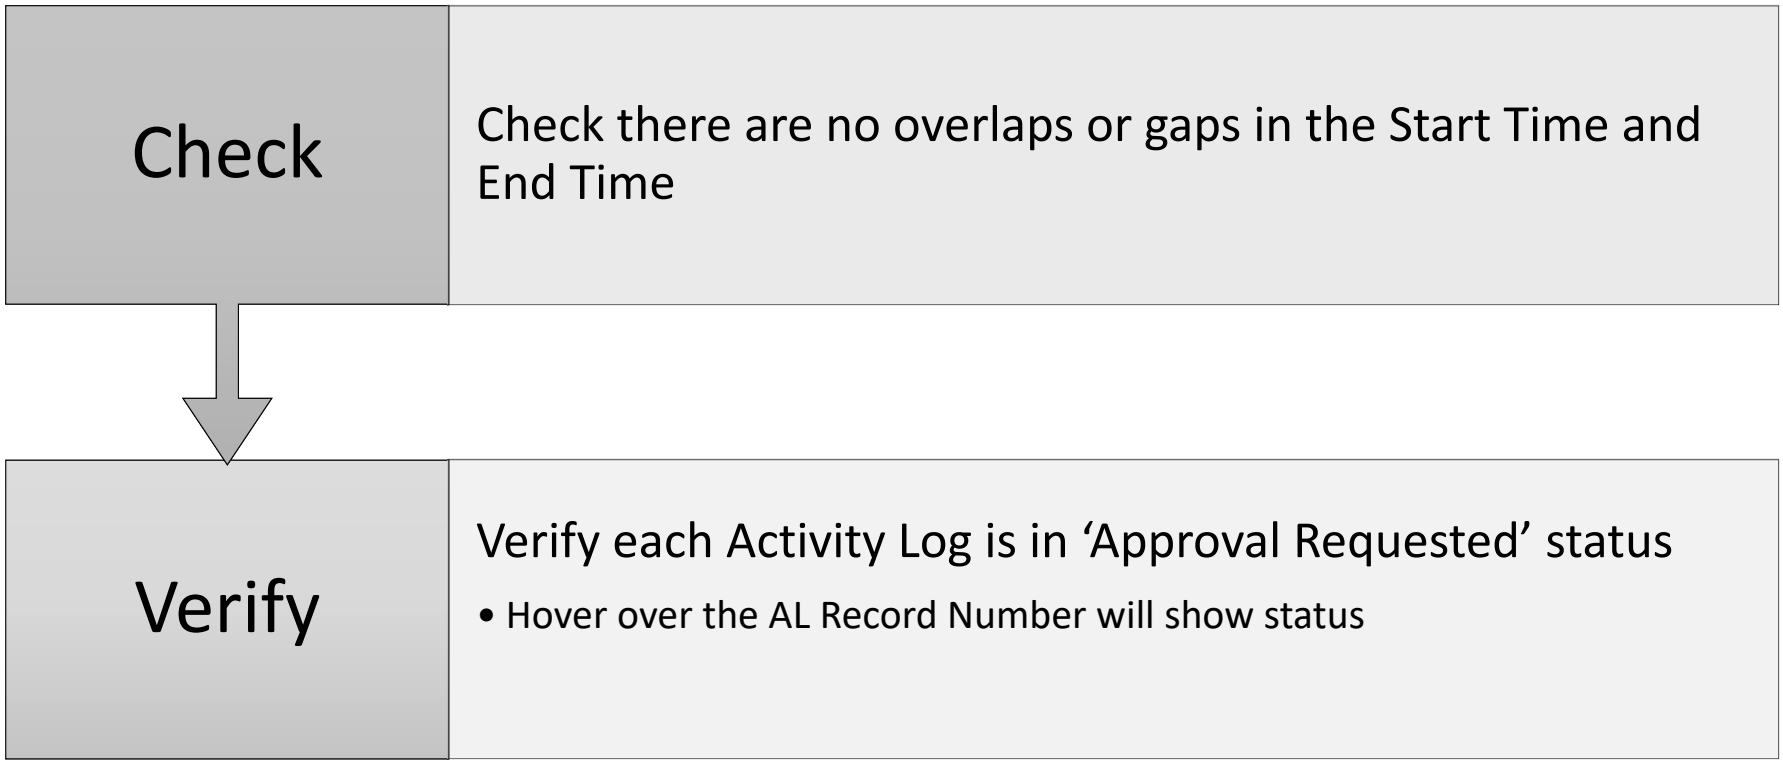
- ~~0900 – 0945 01B Trailering~~
- ~~0945 – 1005 01D Standby~~
- ~~1005 – 1138 01A MOM Patrol~~
- ~~1138 – 1242 24 SAR~~
- 1242 – 1315 01D Standby
- 1315 – 1555 01A MOM Patrol
- 1555 – 1615 01D Standby

Repeat this process for all segments of the mission.

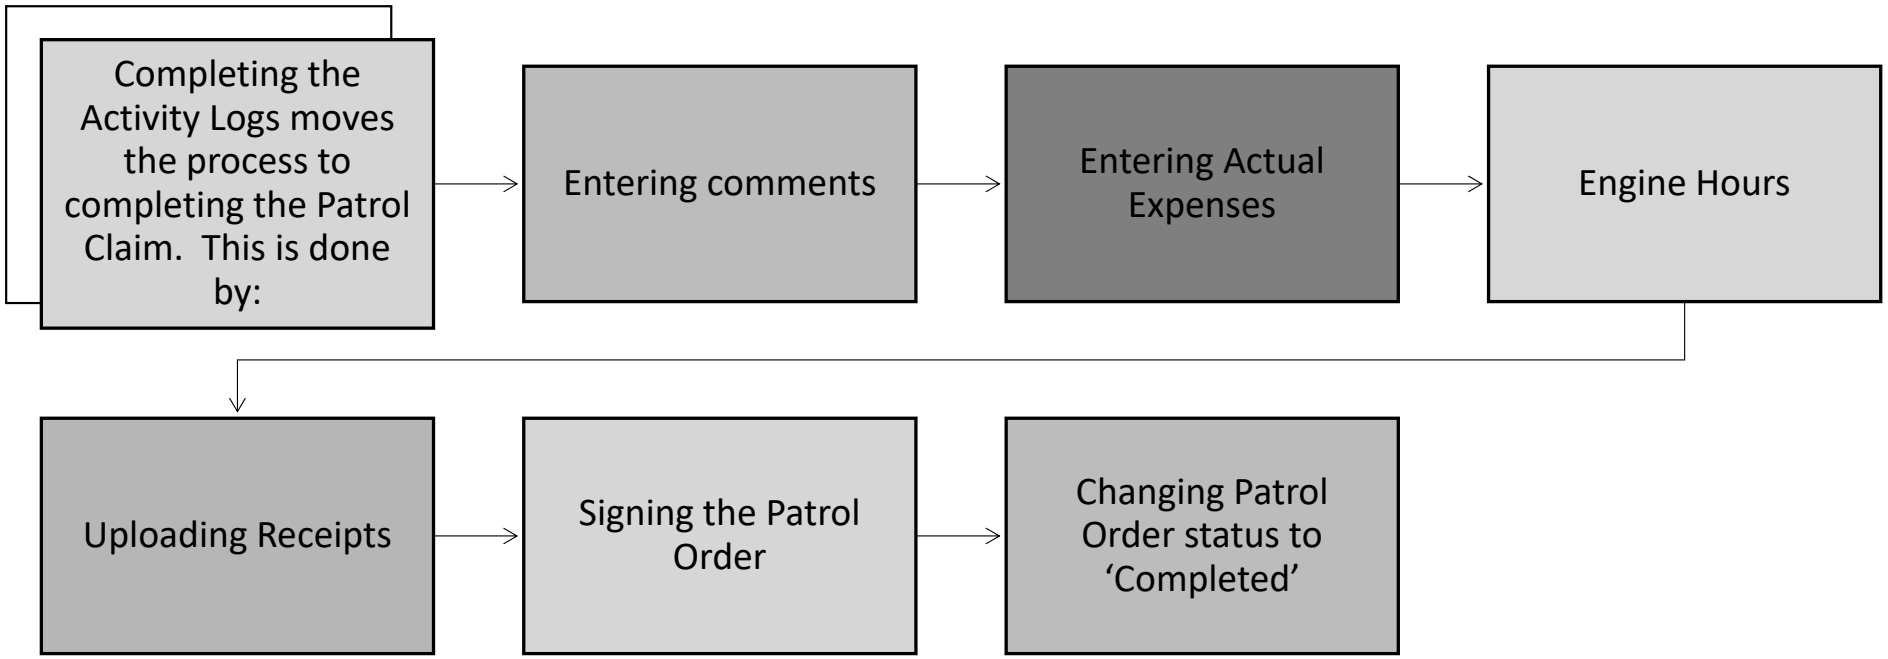
There cannot be a time overlap or gap between the ‘end time’ of one segment and the ‘start time’ of the next segment.

Submit for Approval

Submit for Approval



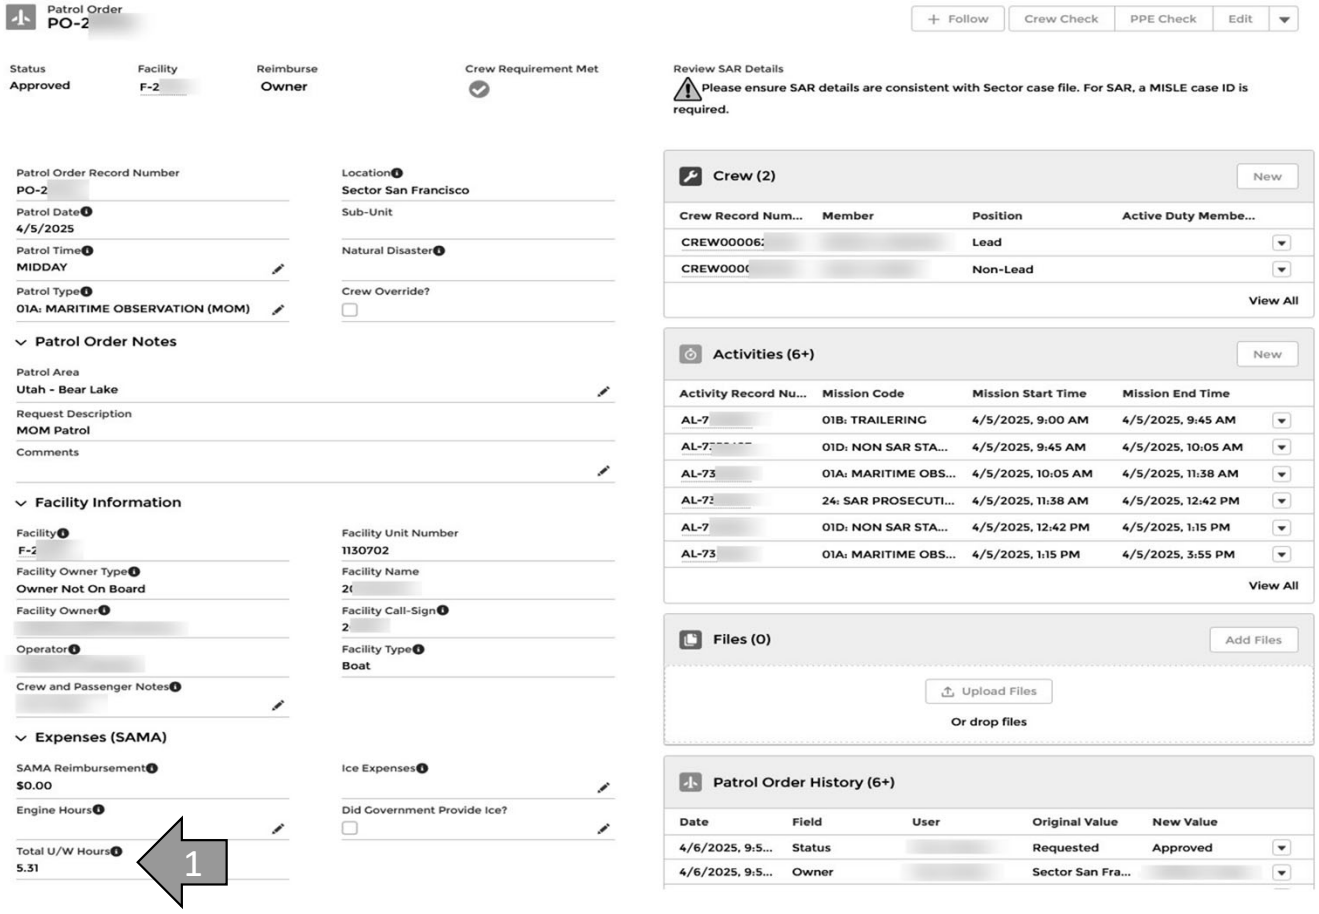
Patrol Claim Completion



Patrol Claim Completion - Expenses

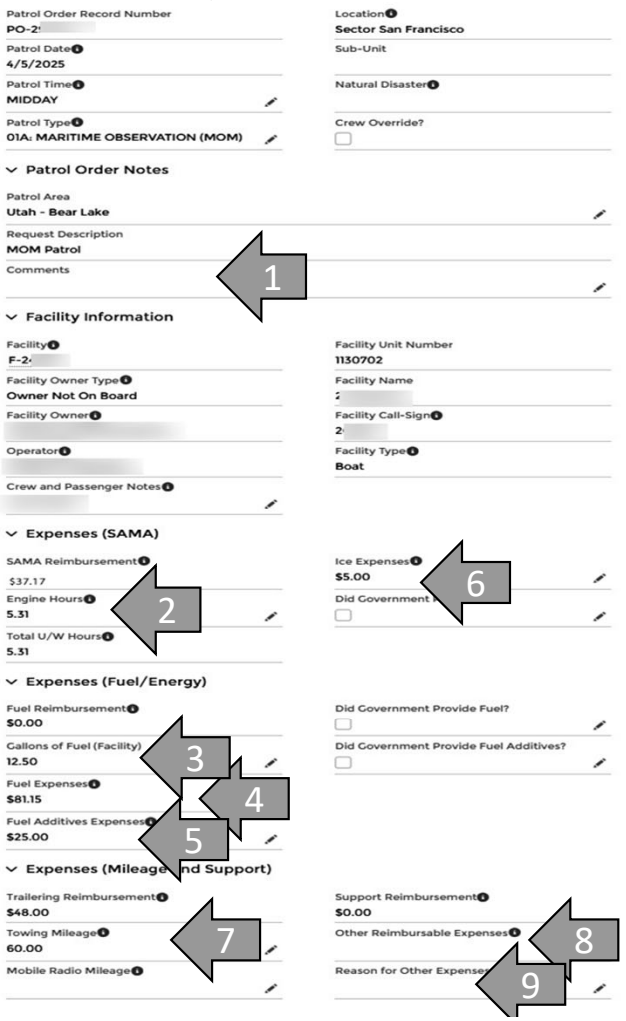
1. The duration from the Activity Logs is automatically entered in ‘Total U/W Hours’ and Total Patrol Duration (hours) fields.

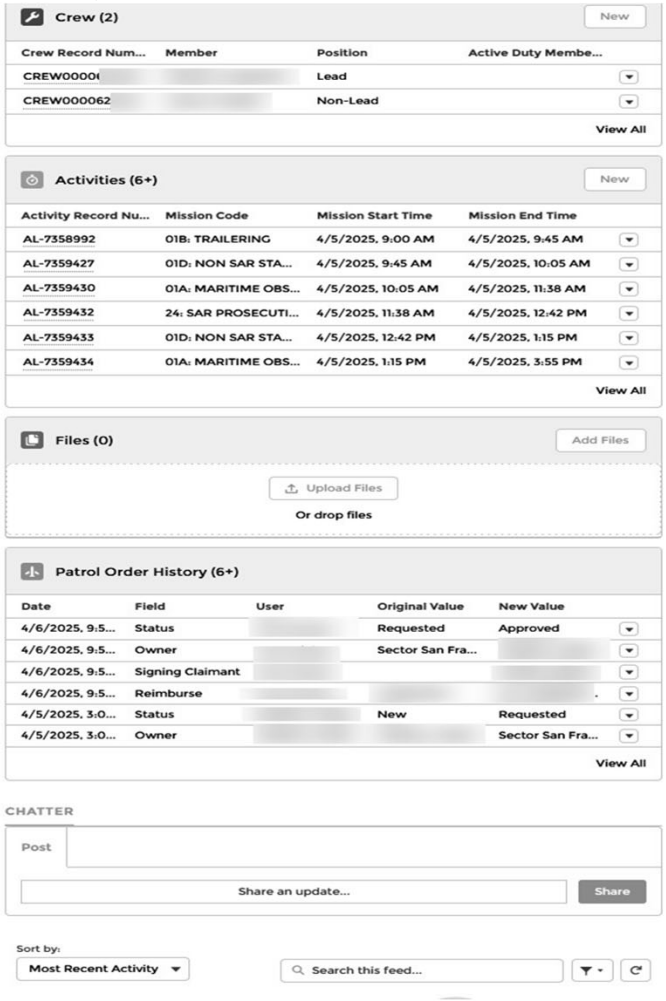
These fields cannot be edited.



Patrol Claim Completion - Expenses

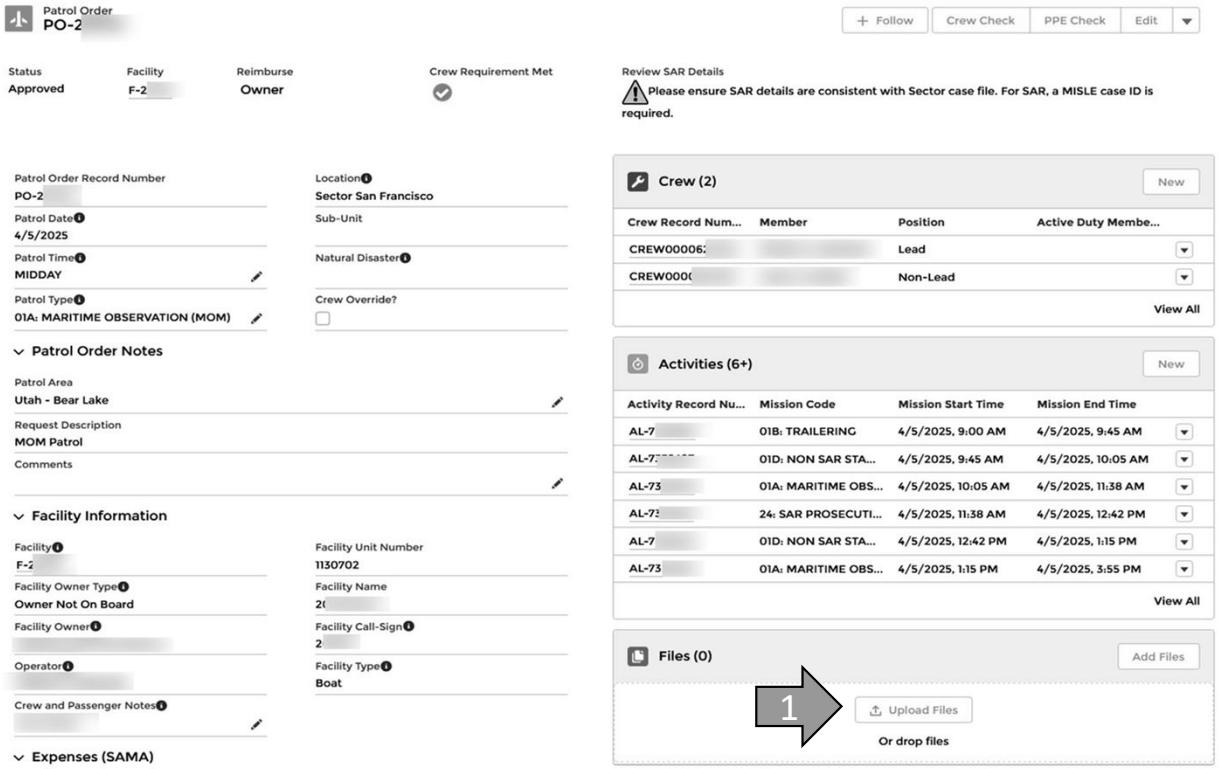
Comments	1. Enter Comments
Engine Hours	2. Enter Actual Engine Hours (cannot exceed Total U/W hours)
Gallons of Fuel	3. Enter the Actual Gallons of Fuel used by the facility
Fuel Expense	4. Enter the Actual Fuel Expense
Fuel Additives	5. Enter actual Fuel Additives Expense
Ice Expenses	6. Enter Ice Expenses
Towing Mileage	7. Enter Towing Mileage (if applicable)
Other Expenses	8. Enter Other Expenses
Reason for Other Expenses	9. Enter the reason for any Other Expenses (if applicable)





Patrol Claim Completion - Files

1. Upload digital copies of all receipts for expenses.

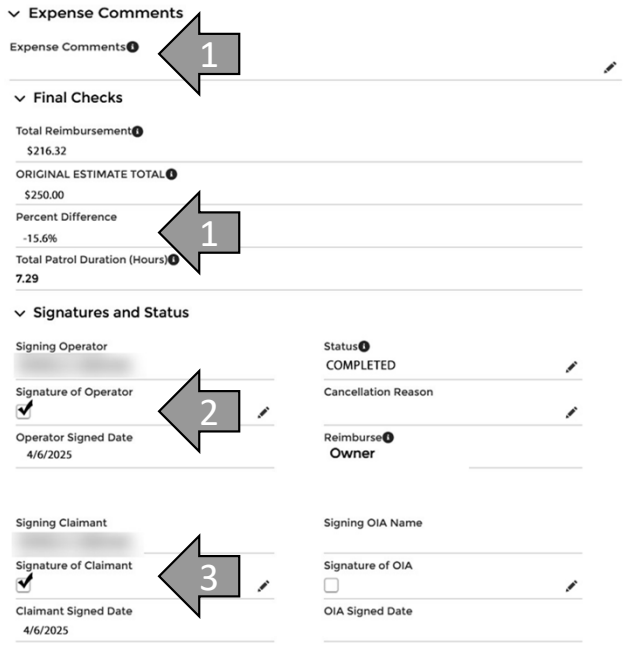


Patrol Claim Completion - Signatures

1. Check Percentage Difference field. If actual expenses are higher than estimated, add explanation in Expense Comments Field

2. The member being reimbursed must Log In and check the ‘Signature of Claimant’ box

3. The member being reimbursed must Log In and check the ‘Signature of Claimant’ box



If Operator and Claimant are the same person, that person must check both boxes

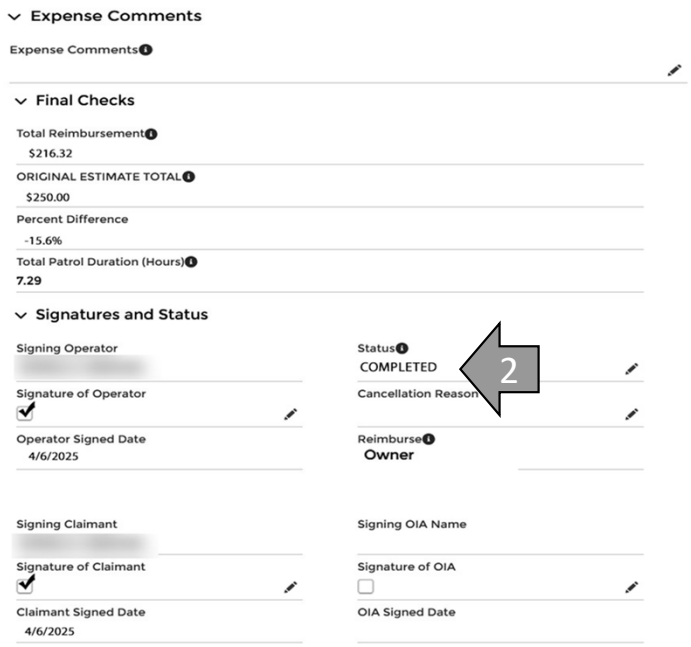
Patrol Claim Completion

1. Review EVERYTHING

2. Update the status to ‘Completed’, click ‘Save’

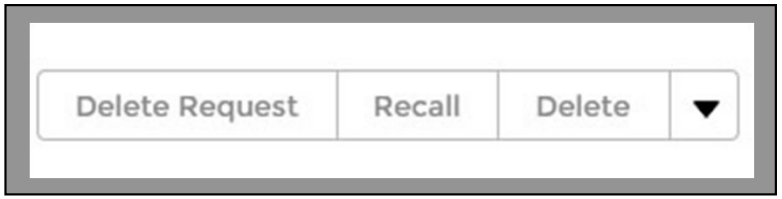
OIA will automatically receive an email notification of a Patrol Order claim awaiting their final approval.

Upon OIA approval, claim will be automatically submitted to CG Finance Center for payment.



Patrol Order Cancellation

To Cancel an Approved Patrol Order	• Open the Patrol Order Request • Select ‘Cancel’ from the Status drop-down list • Select a reason for the cancellation
Changing an Approved Patrol Order	• Changes cannot be made to an approved Patrol Order • The Patrol Order must be cancelled, and a new request generated.
Cancel a Patrol Order before Approval	• The member originating the request must ‘Recall’ the Patrol Order request, then ‘Delete Request’



Patrol Orders

Complete or cancel promptly!

Funds are encumbered when a patrol is approved.

Cancelling a patrol promptly allows those funds to be released and used for another patrol.

The OIA may set a deadline for completion

Common Questions/Issues

Desired Location not on members list	AUXDATA errors when changing status to 'Completed'
• Facility owner needs to send request to OTO for the location to be added to the member record.	• Are the Activity Logs in 'Approval Requested' status • Check each Activity Log to ensure there are no gaps or overlaps in time.

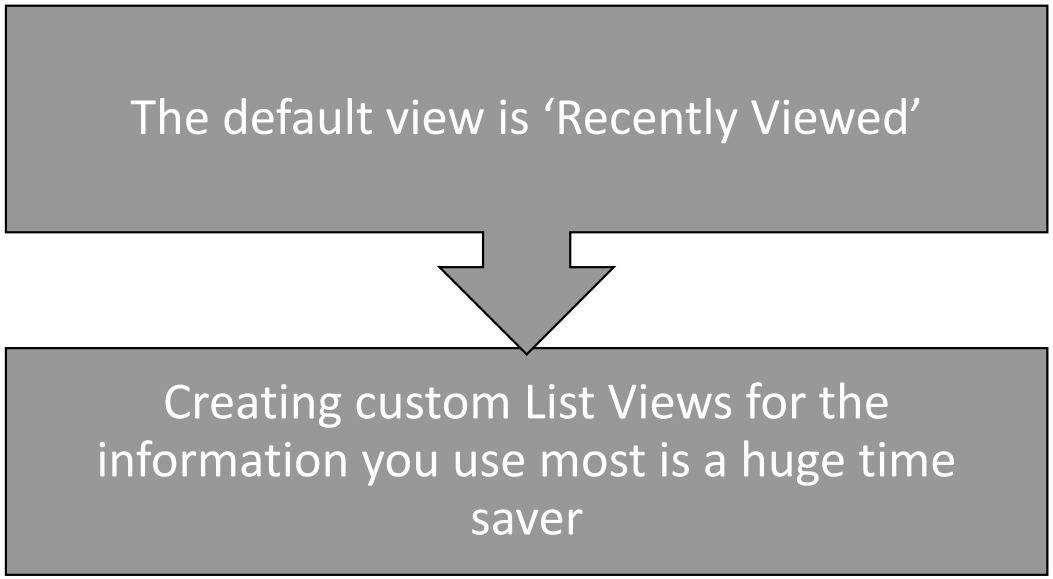
List View



The default view is ‘Recently Viewed’
Creating custom List Views for the information you use most is a huge time saver

List View – Live Demonstration

LIVE DEMONSTRATION

Creating a Custom List View - Members

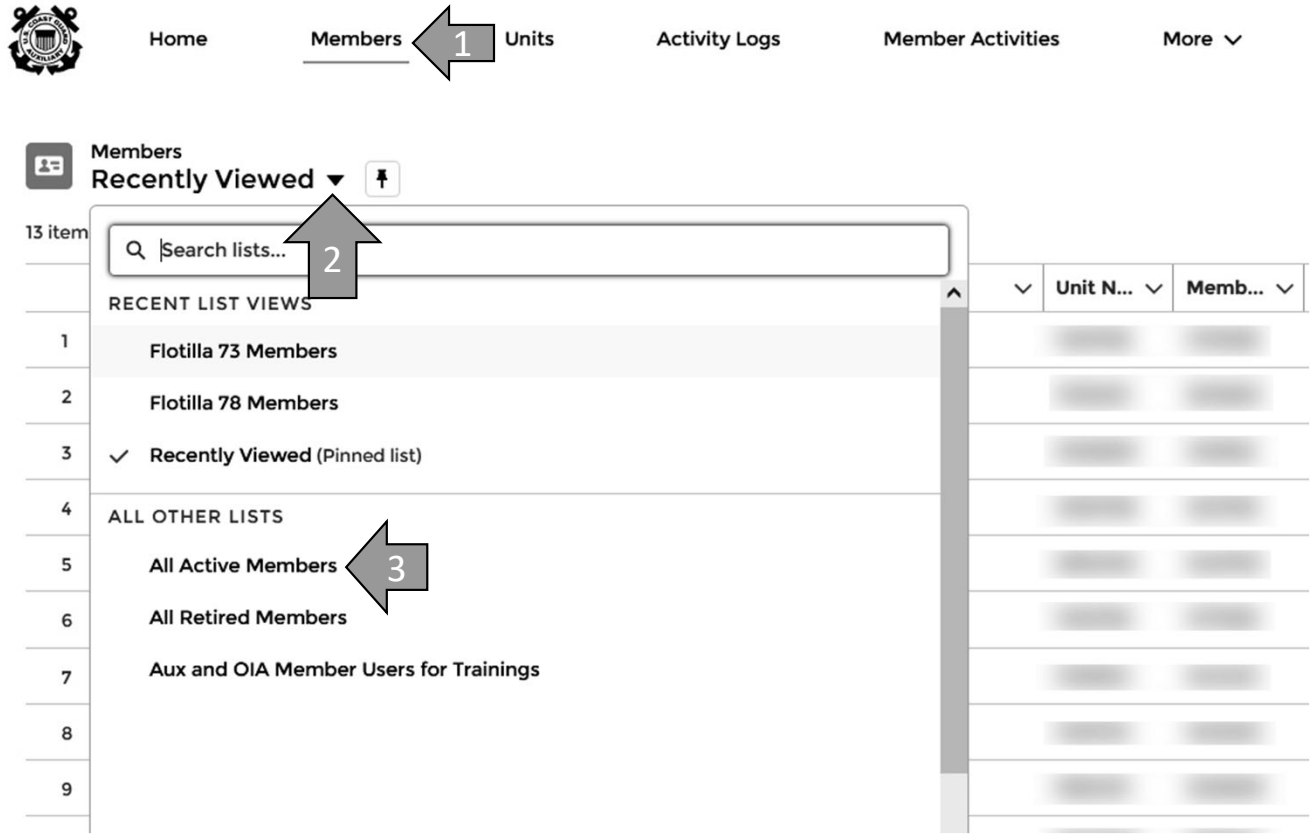
Create a List View of Flotilla Members

To create a custom List view, you must clone an existing view, other than ‘Recently Viewed’

1. Click the Member Object

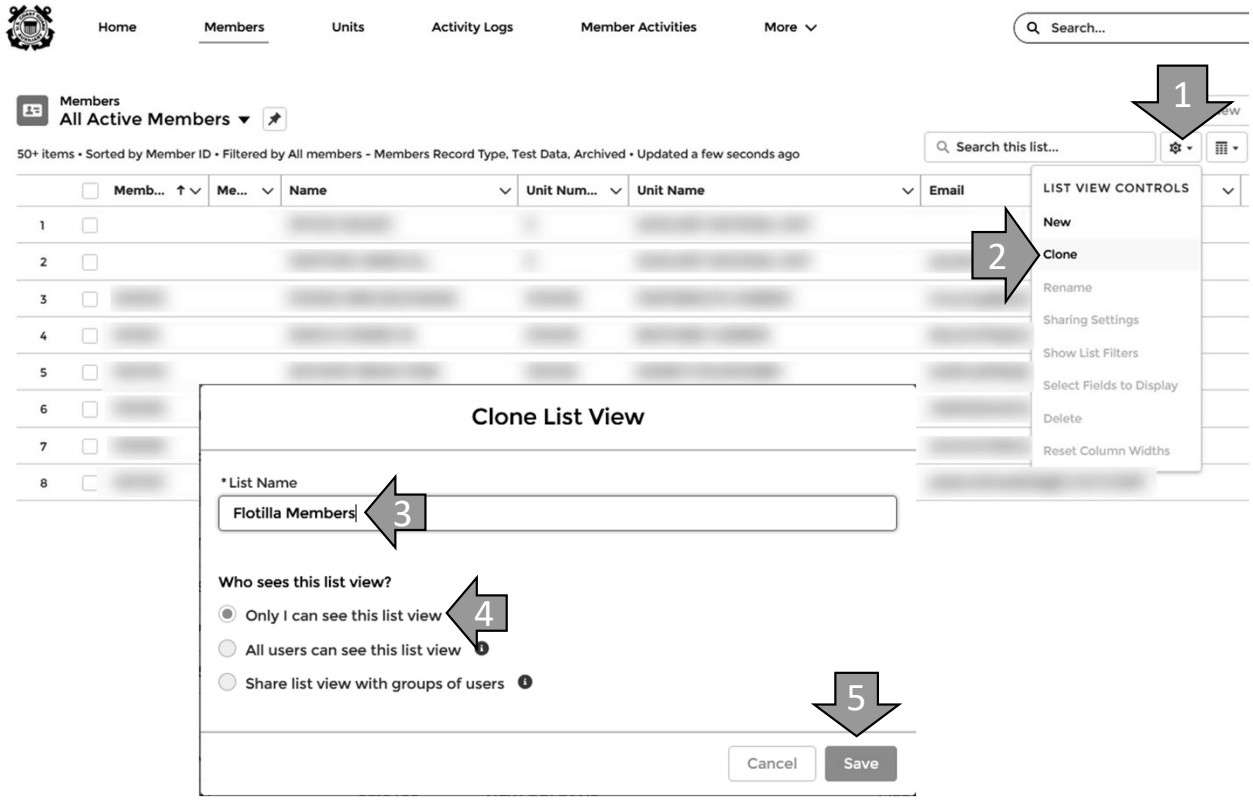
2. Click the Down Arrow next to ‘Recently Viewed’

3. Select ‘All Active Members’ from the list



Creating a Custom List View - Members

1. Click the ‘Gear’ icon
2. Click ‘Clone’
3. Enter name of custom List View
4. Leave ‘Only I can see this list view’ checked
5. Click ‘Save’



Creating a Custom List View - Members

1. Click the ‘X’ in the filters to delete the unnecessary filters

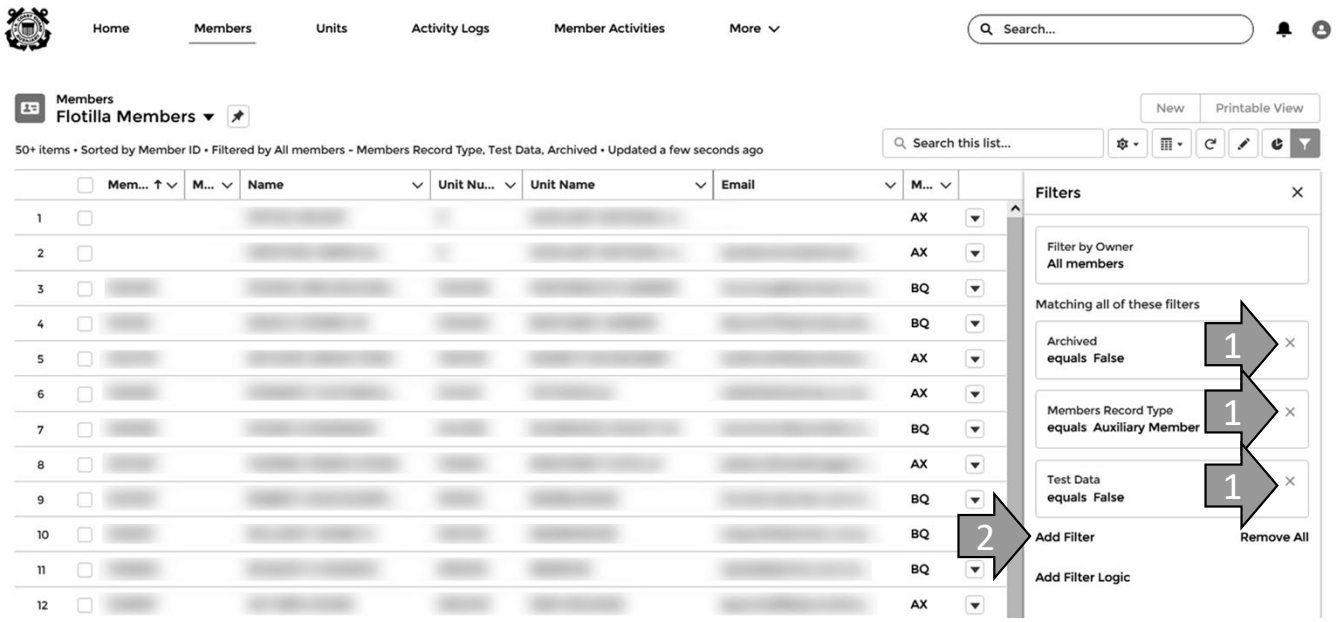
In this example:

Archived

Members Record Type

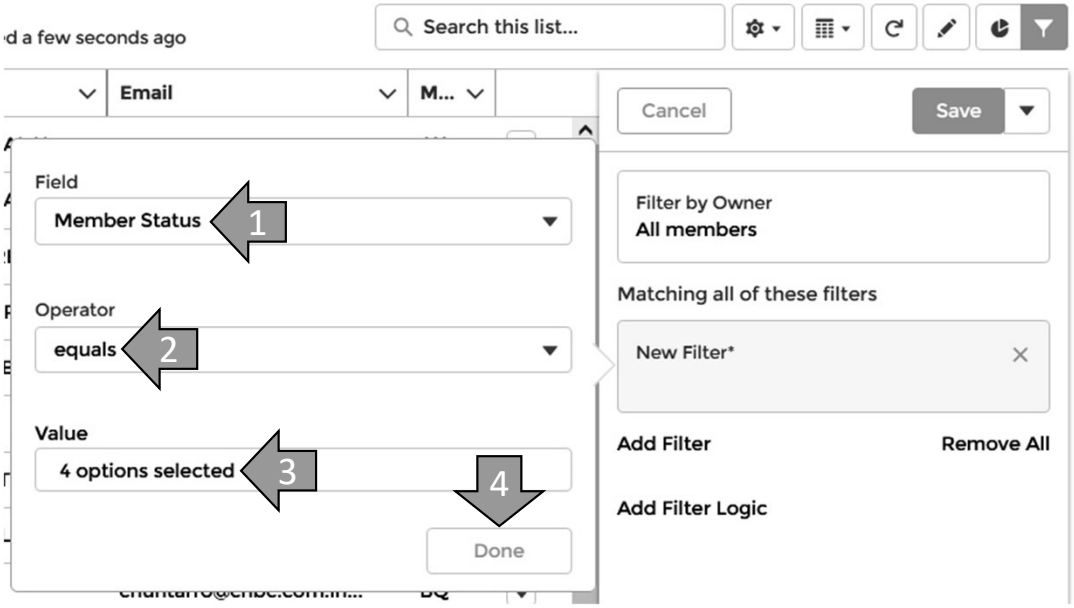
Test Data

2. Click ‘Add Filter’



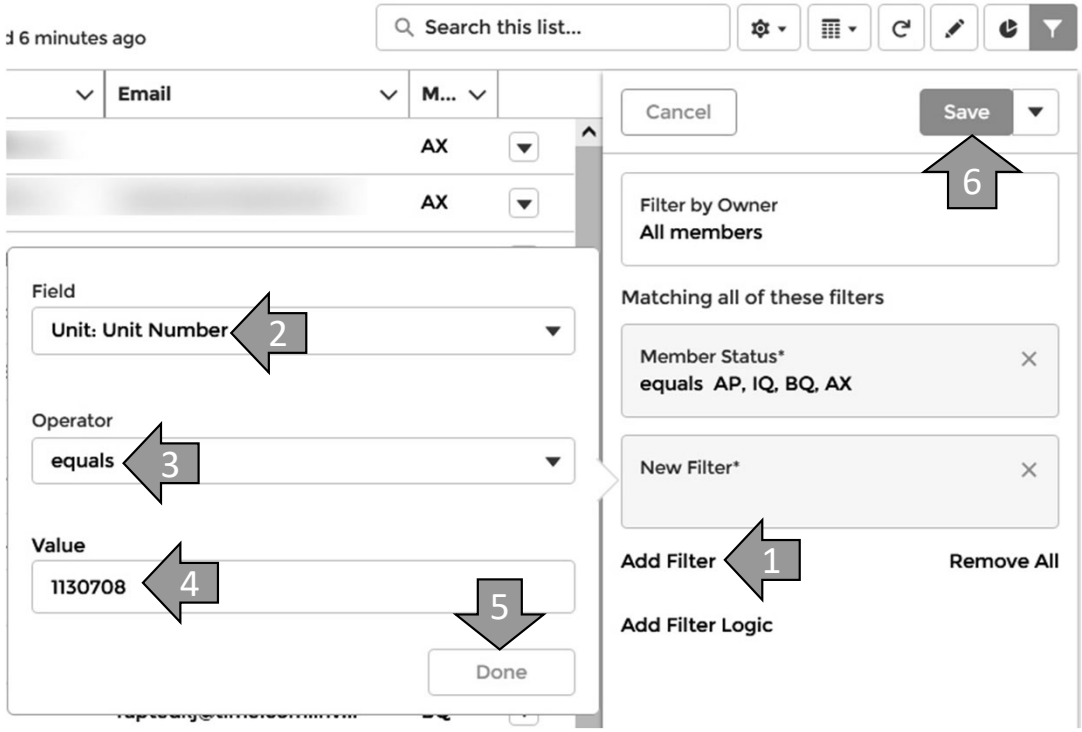
Creating a Custom List View - Members

1. Select the 'Member Status' field
2. Select 'Equals' as the Operator
3. Check 'AP, IQ, BQ, AX'
4. Click 'Done'



Creating a Custom List View - Members

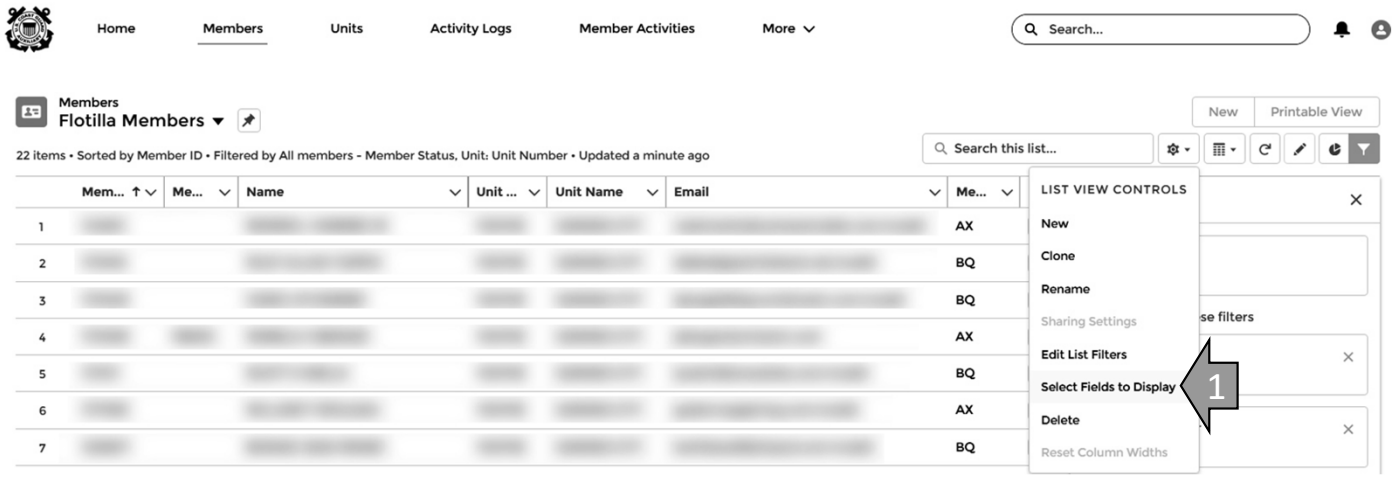
1. Click ‘Add Filter’ to add another filter
2. Select the ‘Unit: Unit Number’ Field
3. Select ‘Equals’ for the Operator
4. Enter the Flotilla Number
5. Click ‘Done’
6. Click ‘Save’



Creating a Custom List View - Members

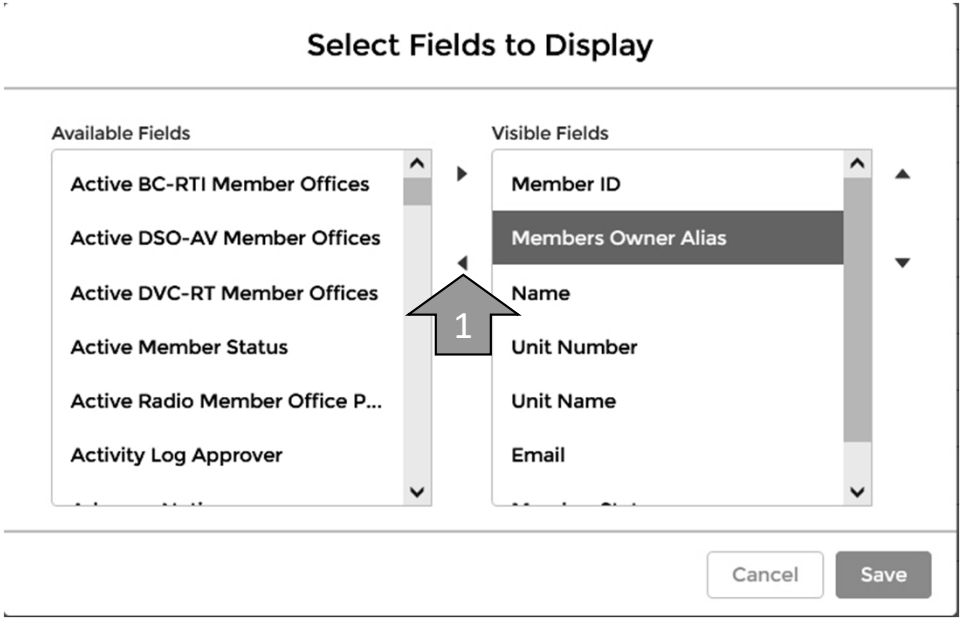
To customize the visible columns:

1. Click ‘Select Fields to Display’



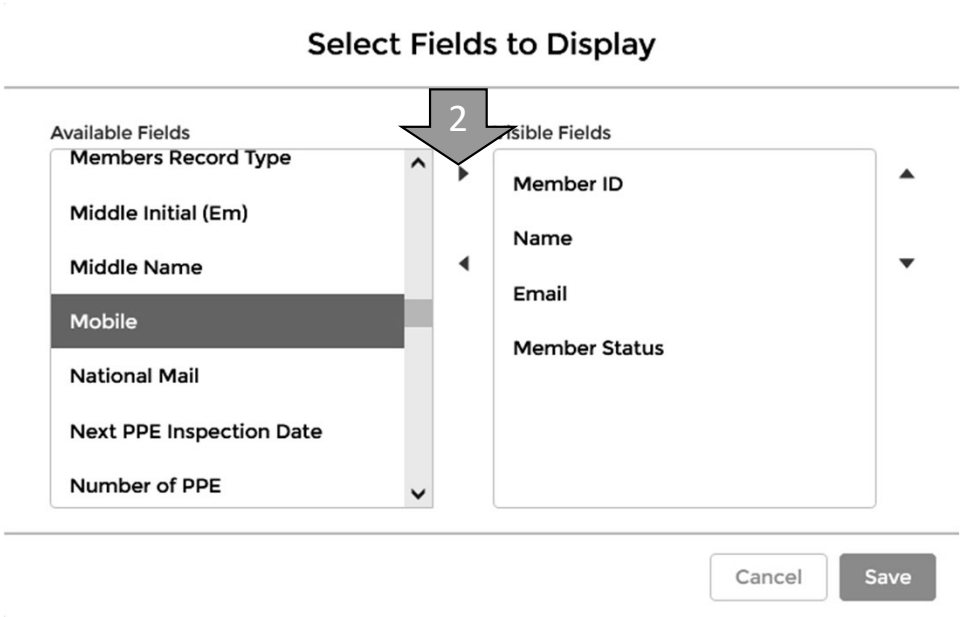
Creating a Custom List View - Members

1. Highlight fields you do not want on your list view and Click ◁ to remove them from the Visible Fields list



Creating a Custom List View - Members

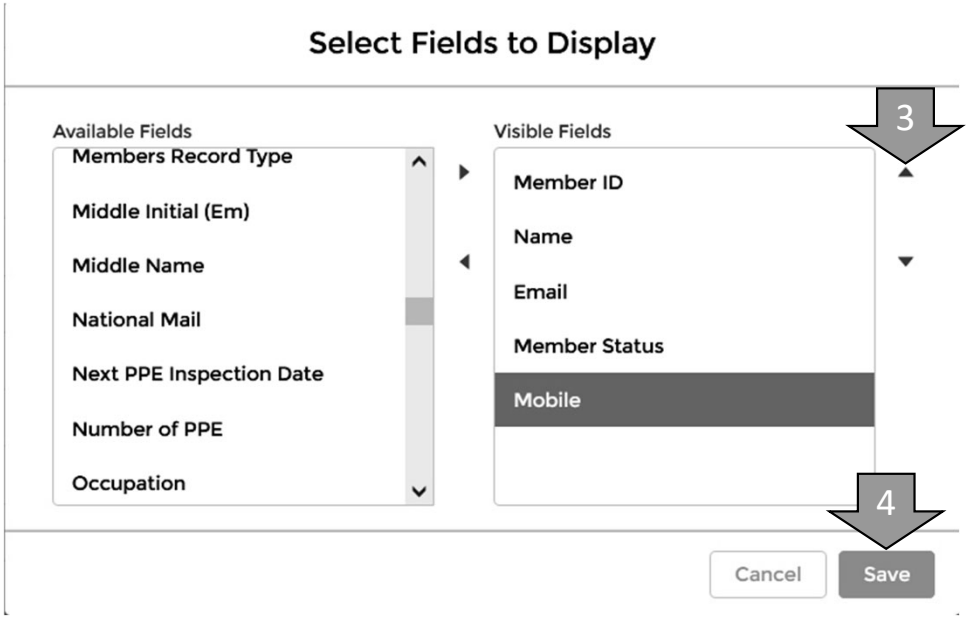
2. Highlight fields you do want on your list view and Click ▷ to add them from the Visible Fields list



Creating a Custom List View - Members

3. To rearrange the order the columns are displayed, select the field you wish to move, and click the △ or ▽ to reorder.

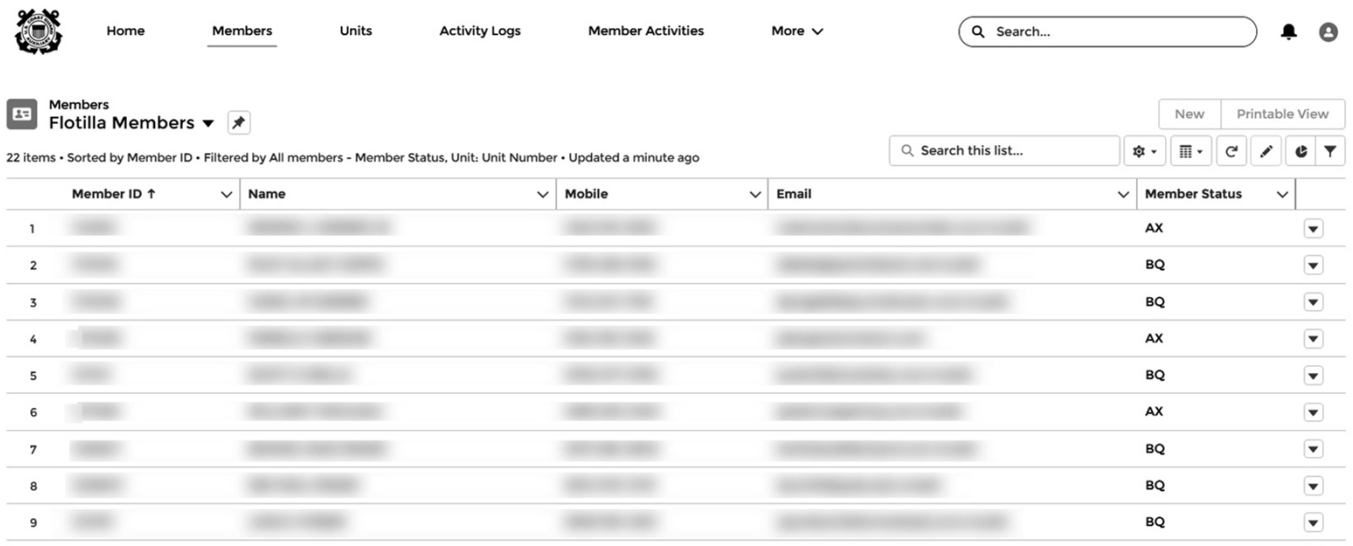
4. Click ‘Save’



Creating a Custom List View - Members

The result is a list of members in the selected flotilla

To make any changes, repeat the steps

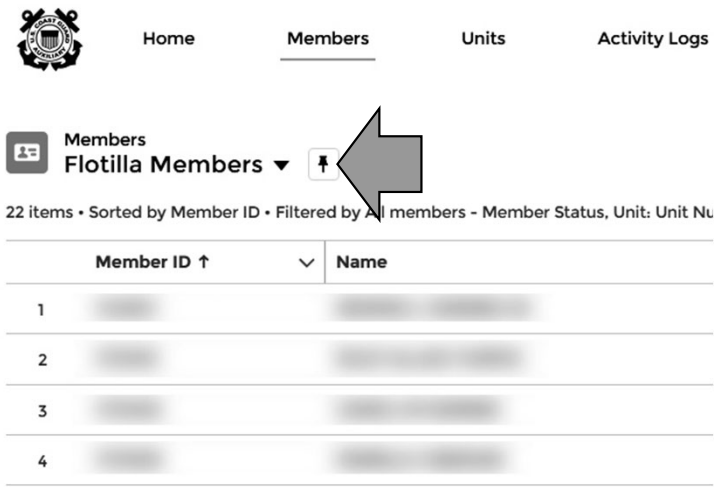


Tip: To make multiple list views, create one list view exactly how you want to see it. Clone that List View and change the filter value.

Pinning a Custom List View

If the List View you created is the one you want to see every time you open the Object…

‘Pin’ It, by clicking the Push Pin icon



List View - Operators

Equals – Use for Exact Match (Flotilla number in this example)

Less Than – Use for results that are less than the value you enter

Greater Than – Use for results that are greater than the value you enter

Less or Equal – Use for results that match or are less than the value you enter

Greater or Equal – Use for results that match or are greater than the value you enter

Not Equal To – Shows results that don't have the value you enter

Contains – Use for fields that include your search string, but sometimes also include other information

Does Not Contain – Eliminates records that don't contain the value you enter.

Starts With – Use when you know what your value starts with

- If you want a District, use Starts With and the three-digit code for the District e.g., 113
- For a Division, add the next two digits that represent the Division e.g., 11307

Activity Log Review & Approval

Activity Log Approval

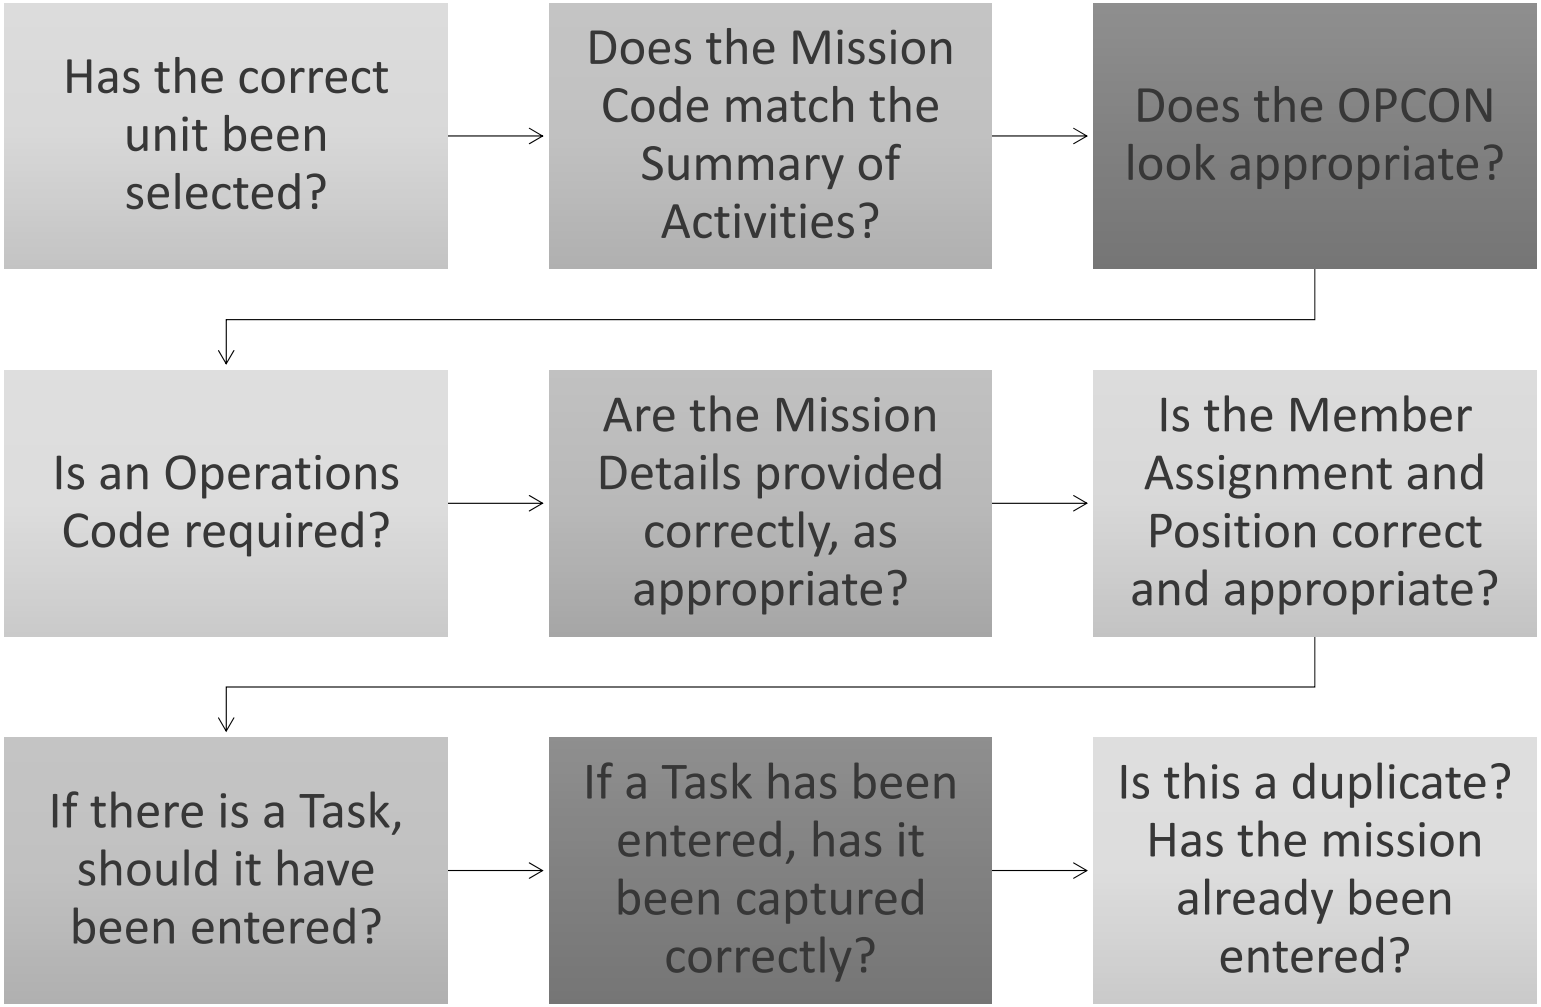
The Role of the IS Officer in Reviewing and Approving is vital.

What we will cover:

- Activity Log Review
  - Is it complete?
  - Is it accurate?
- Approval Process/Progression/Notifications
- FSO-IS role (non-approver)
- SO-IS and FSO-IS with Approver permissions

Activity Log Review

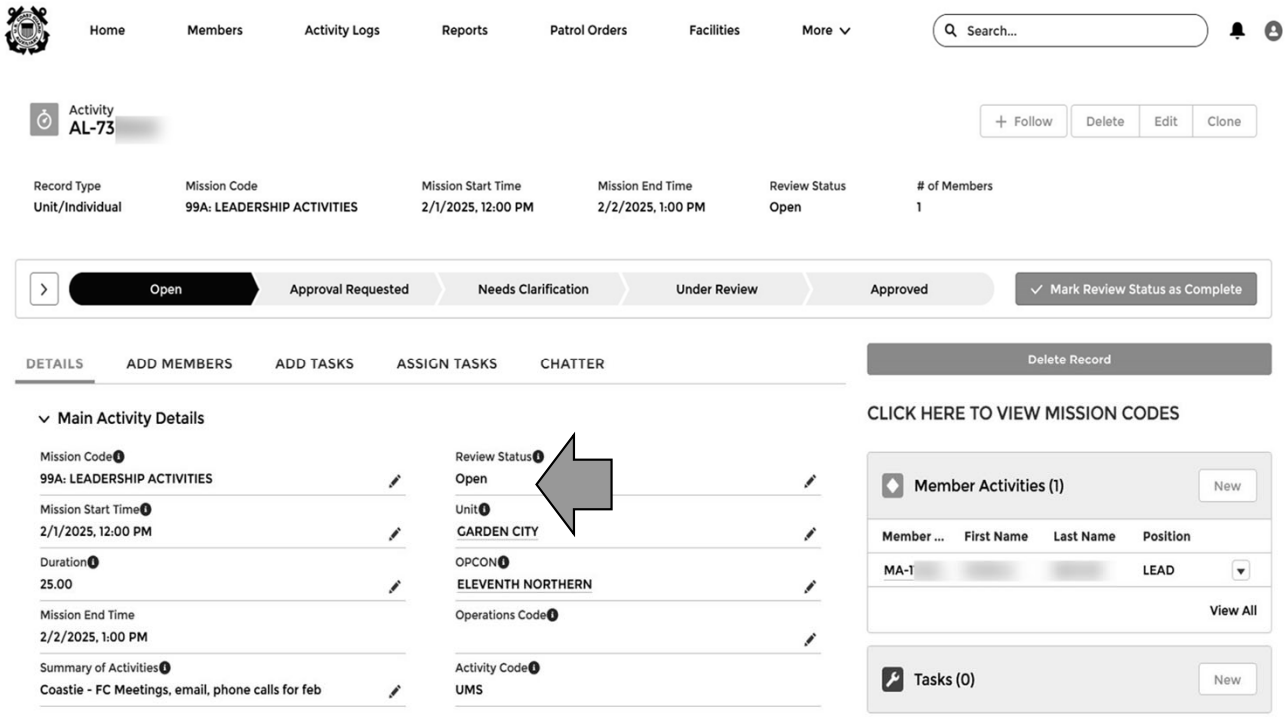
Quality Control Review



Activity Log Submittal

An Activity Log with a status of ‘Open’ has not yet been submitted.

The member must change the status to ‘Approval Requested’



Activity Log Review Status

Open	Member can edit. Not submitted
Approval Requested	Record is locked and ready for IS review and/or approval
Needs Clarification	The IS Officer has questions. This returns control of the record to the member for edits.
Under Review	IS officer is reviewing Optional status
Approved	Everything looks correct and complete. The Activity Log is Approved

Activity Log Approval Process

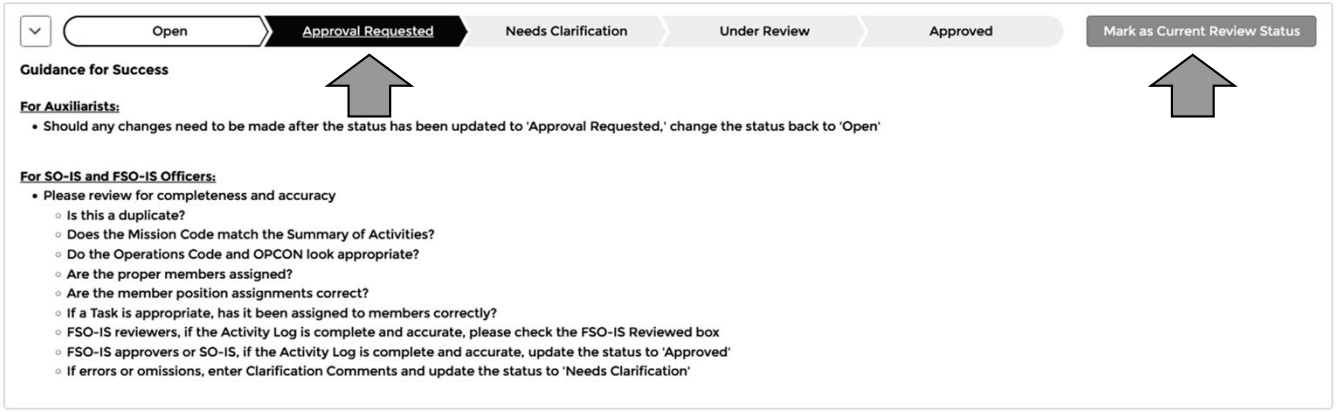
The Status Bar

A guide to help members and IS Officers through the Approval Process

Click on each Phase to see steps to move the approval process to the next phase.

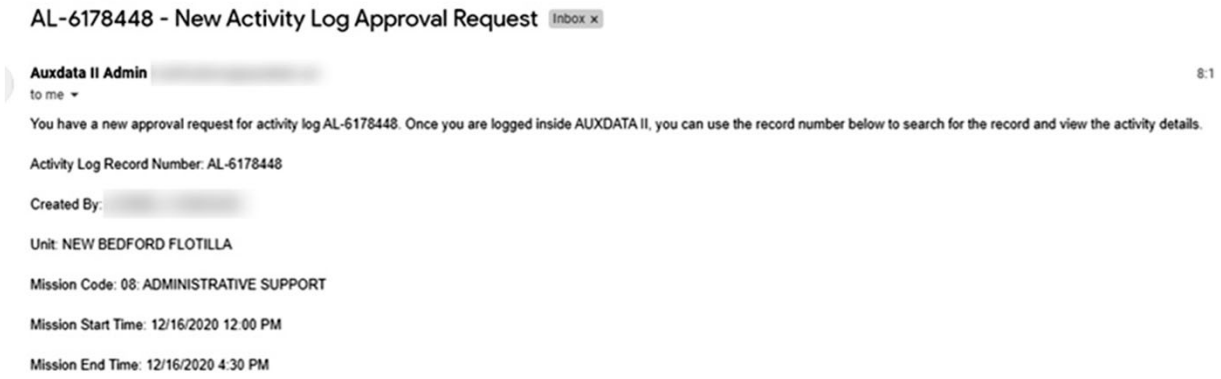
Highlight the desired phase

Click ‘Mark Review Status as Complete’ to change the status



Activity Log – Approval Requested

Updating an Activity Log to ‘Approval Requested’ status automatically sends an email to the FSO-IS alerting them that an Activity Log is awaiting their Review/Approval.



AL-6178448 - New Activity Log Approval Request Inbox ×

Auxdata II Admin [redacted] 8:1

to me

You have a new approval request for activity log AL-6178448. Once you are logged inside AUXDATA II, you can use the record number below to search for the record and view the activity details.

Activity Log Record Number: AL-6178448

Created By: [redacted]

Unit: NEW BEDFORD FLOTILLA

Mission Code: 08: ADMINISTRATIVE SUPPORT

Mission Start Time: 12/16/2020 12:00 PM

Mission End Time: 12/16/2020 4:30 PM

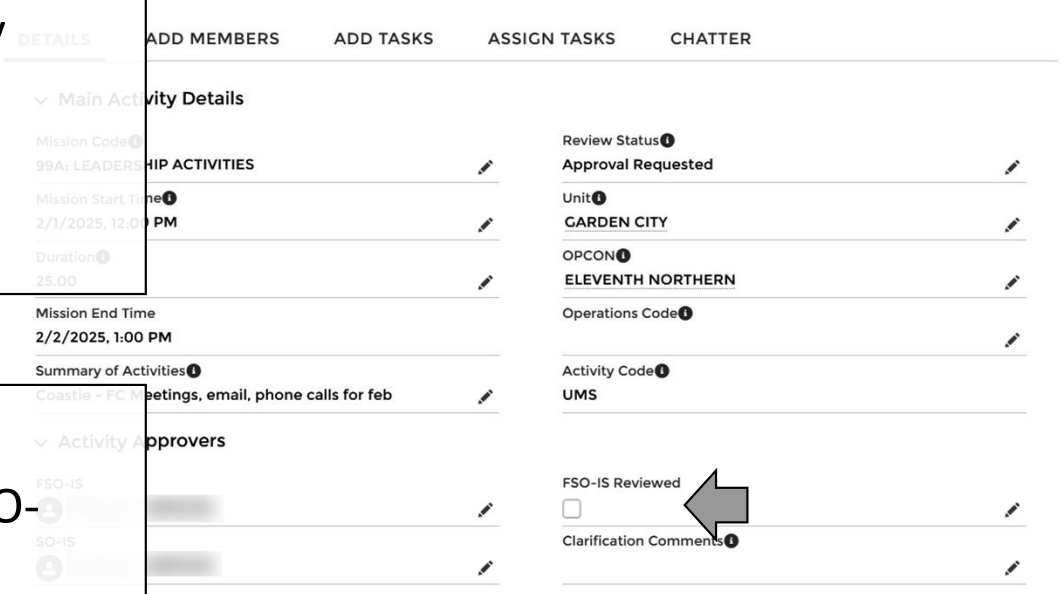
FSO-IS Review

FSO-IS without ‘Approval’ status

- Review the contents of the Activity Log for completeness and accuracy
- Help the members make the necessary changes
- Check the ‘FSO-IS Reviewed’ box
- Do not update the status

Checking FSO-IS Reviewed

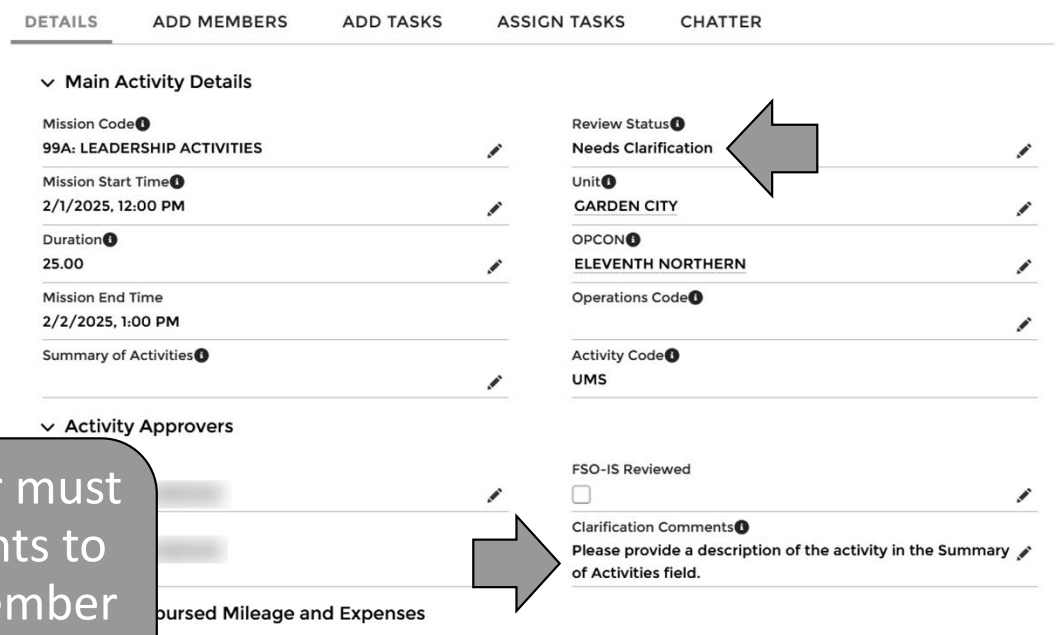
- An email is automatically sent to the SO-IS alerting them an Activity Log is awaiting their approval.



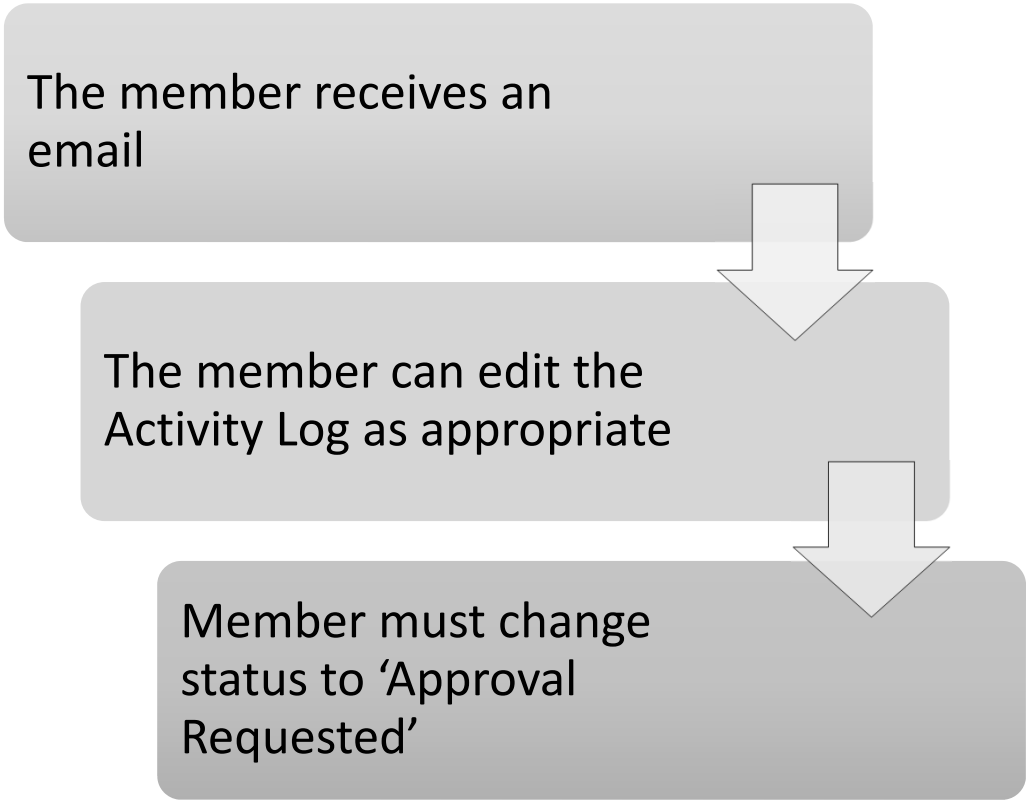
Activity Log – Needs Clarification

If the IS Officer needs more information before approving the Activity Log, they would update the status to ‘Needs Clarification’

The IS Officer must add comments to guide the member in providing what is needed



Activity Log – Needs Clarification



Activity Log – Under Review

The ‘Under Review’ status is an optional status

It can be used if the IS officer needs additional time to review

Activity Log - Approved

An IS Officer with ‘Approval’ permissions can mark an Activity Log as ‘Approved’

The Status Bar will show the Activity Review Process is complete

The submitting member will receive an email notifying them the Activity Log has been approved

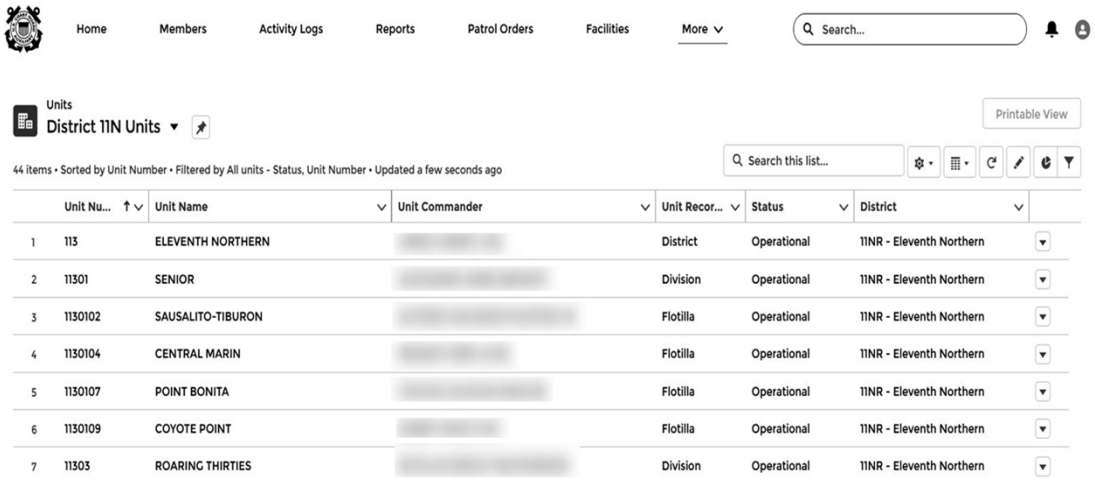
Unit Object and Officer Assignment

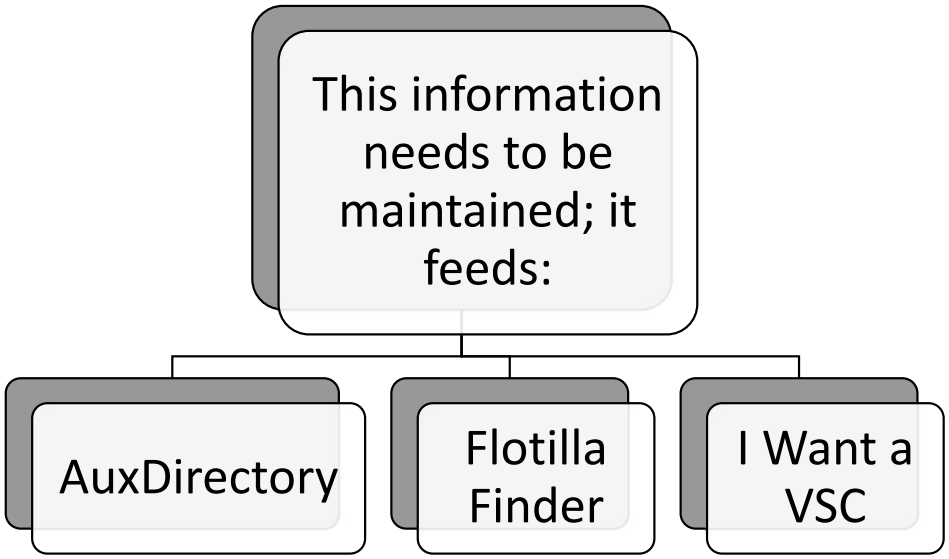
The Unit Object

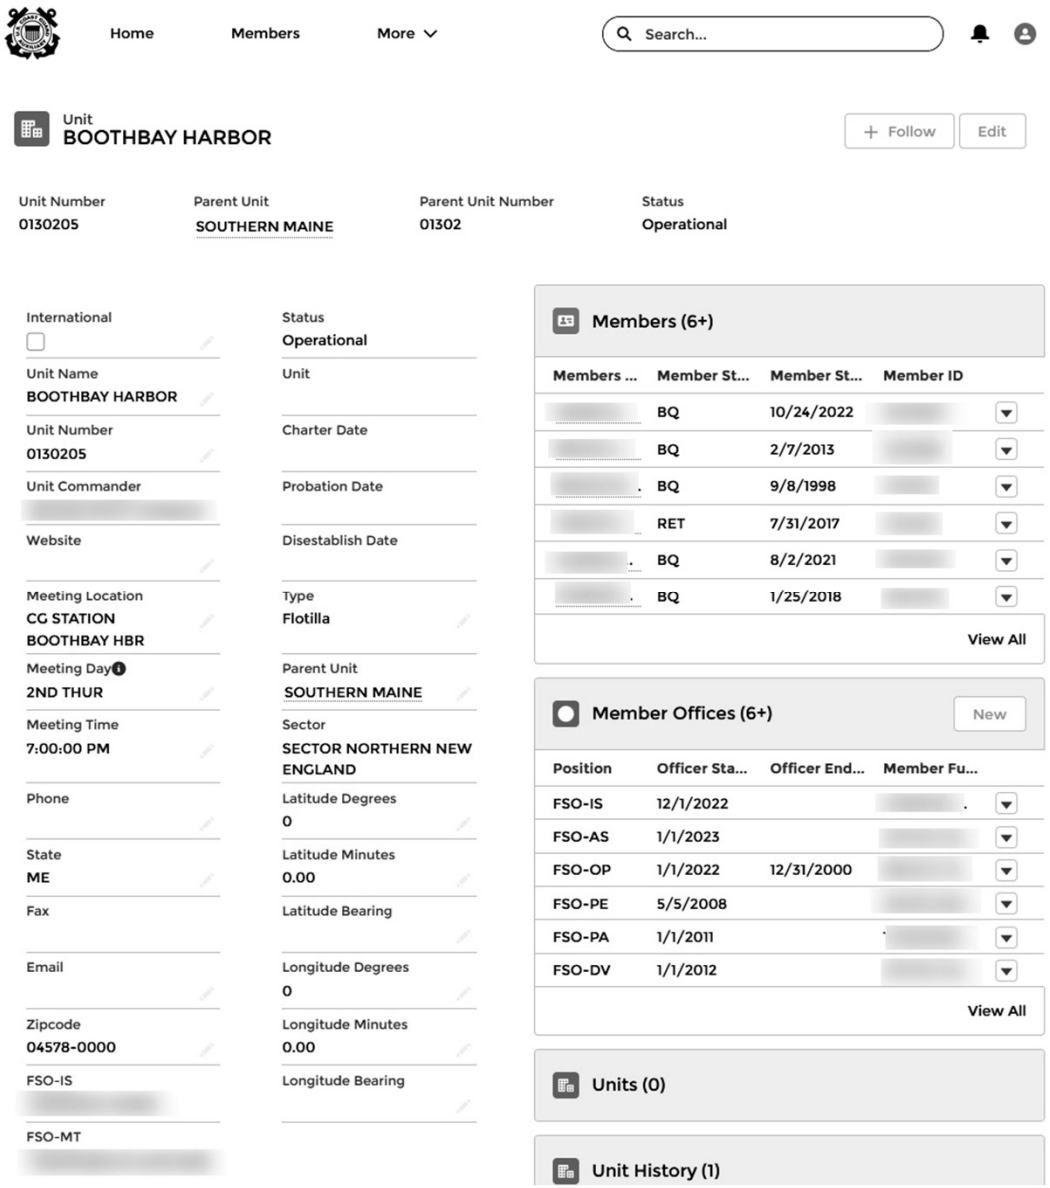
Under the ‘More’ object on the Navigation Bar is the Unit object. It contains information about Auxiliary Units:

- Unit Name and Number
- Unit Officers
- Meeting Location
- Meeting Time
- Unit Website
- Unit Contact Information



The Unit Object



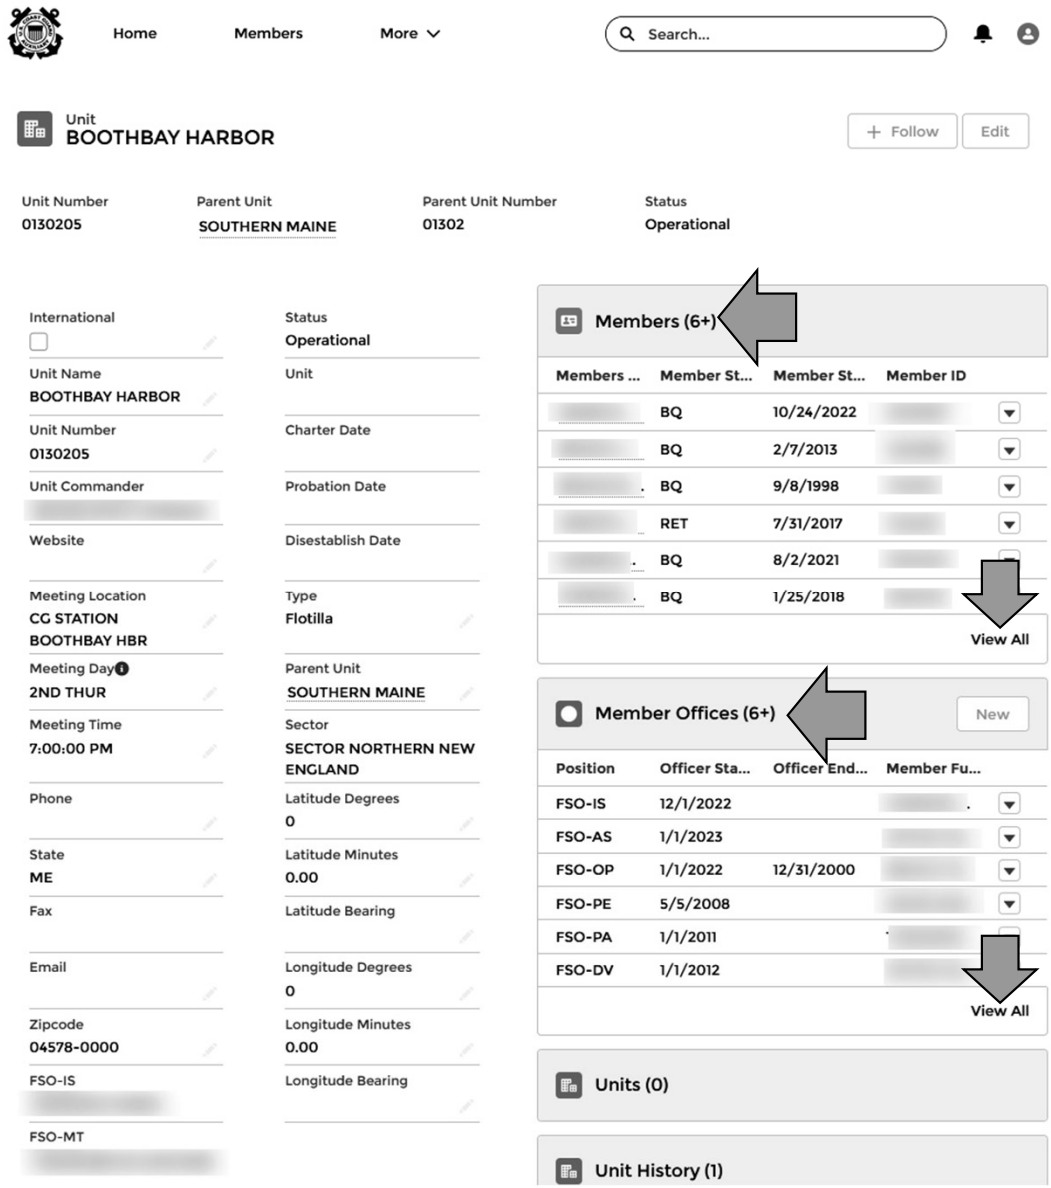


The Unit Object

Click ‘Members’ to view the members of the unit

Click ‘Member Offices’ to see all current and past officers

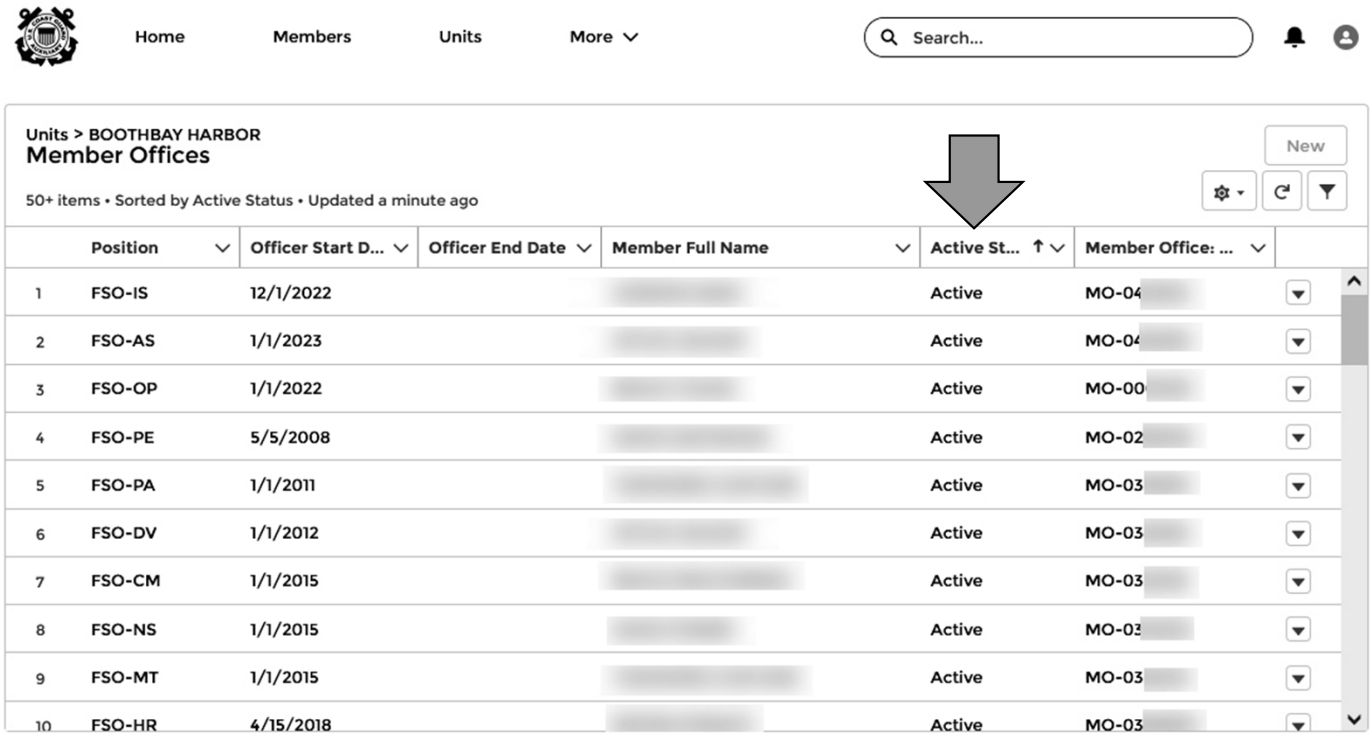
Click ‘View All’ to see all Members or Offices



Unit Officers

Listing includes Current (Active) and Past (Inactive) Officers for each elected and appointed position.

Click on ‘Active Status’ to sort with ‘Active’ on top

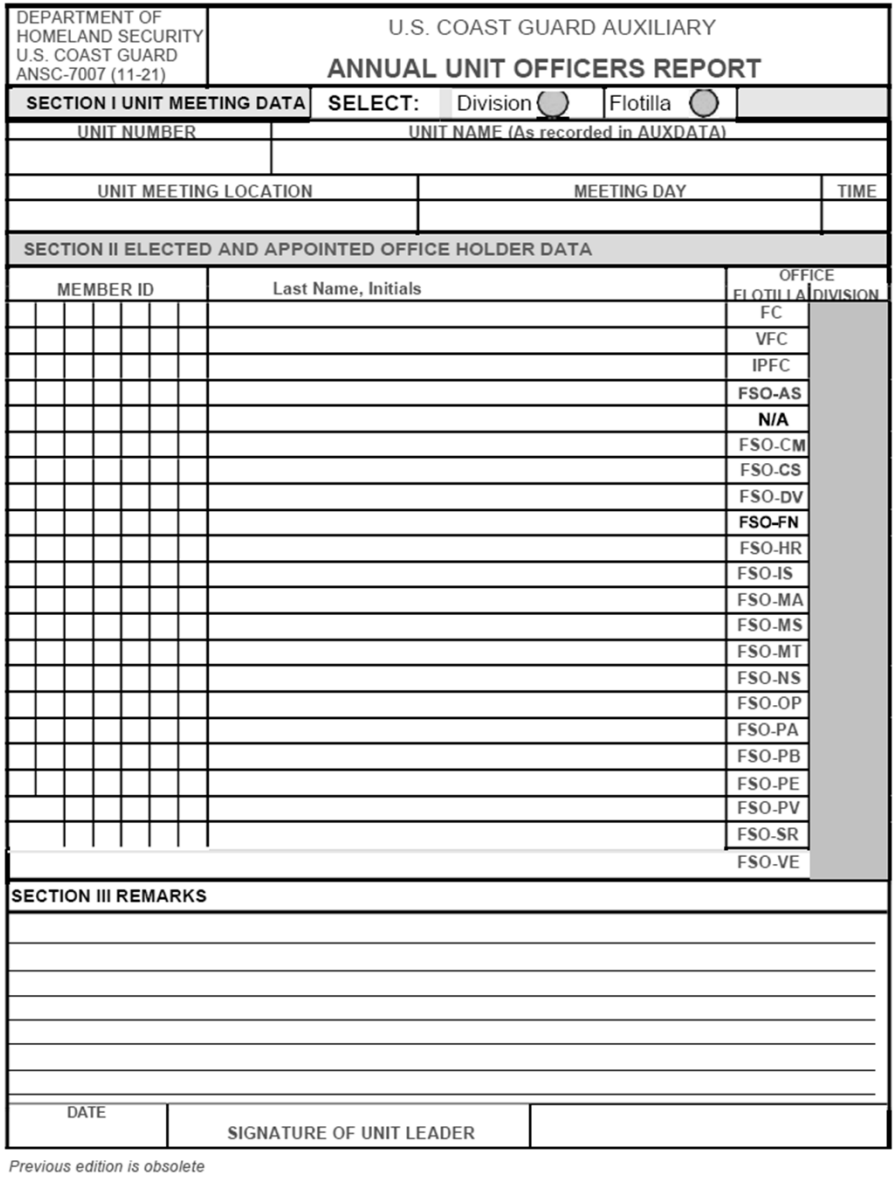


Form ANSC 7007

The ANSC 7007 is the form used to report on the Flotilla and Division elected and appointed officers each year

Selecting the Division or Flotilla radio button will hide the unnecessary list

Elected Leaders must complete this form and submit it to the IS officer and DIRAUX office by 20 December



DEPARTMENT OF HOMELAND SECURITY
U.S. COAST GUARD
ANSC-7007 (11-21)

U.S. COAST GUARD AUXILIARY

Previous edition is obsolete

Updating Unit Officers – District Policy

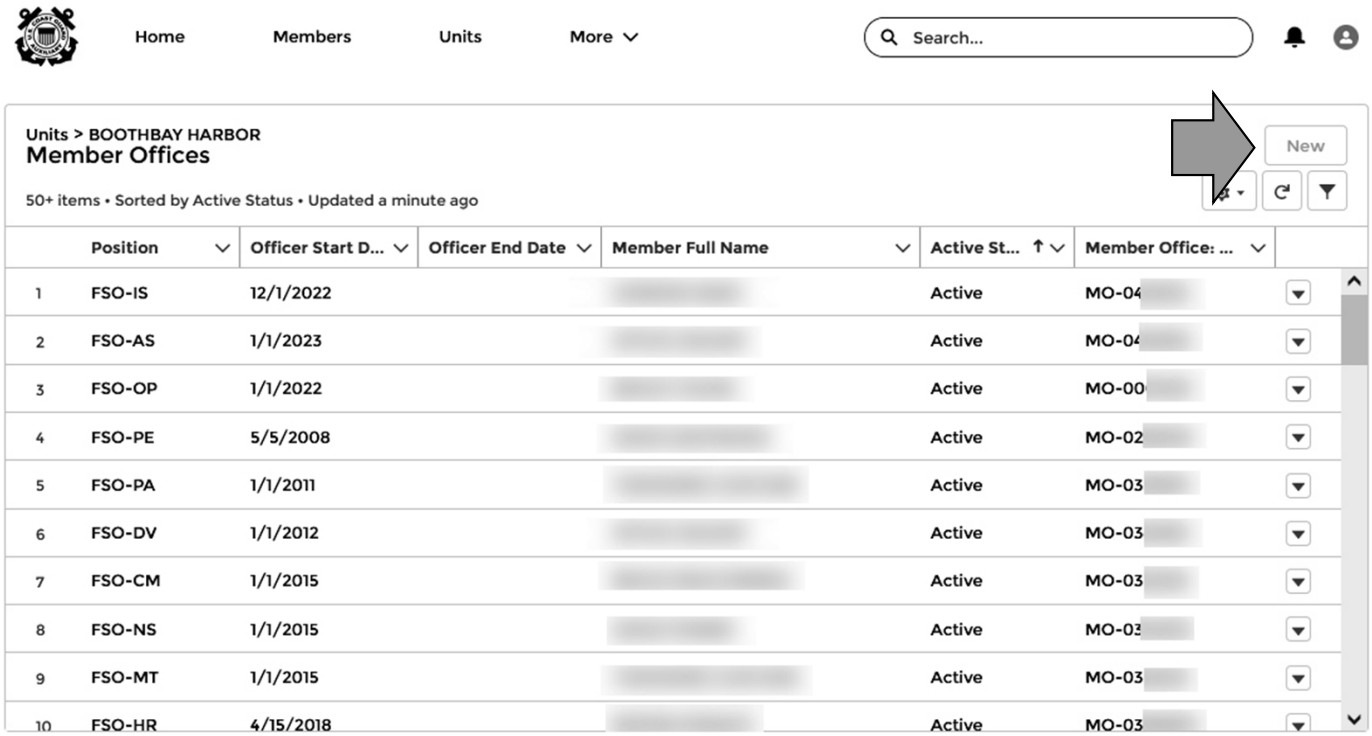
Before updating Unit Officers, check your District Policy.

Some Districts only allow DSO’s to perform the update

Updating Unit Officers

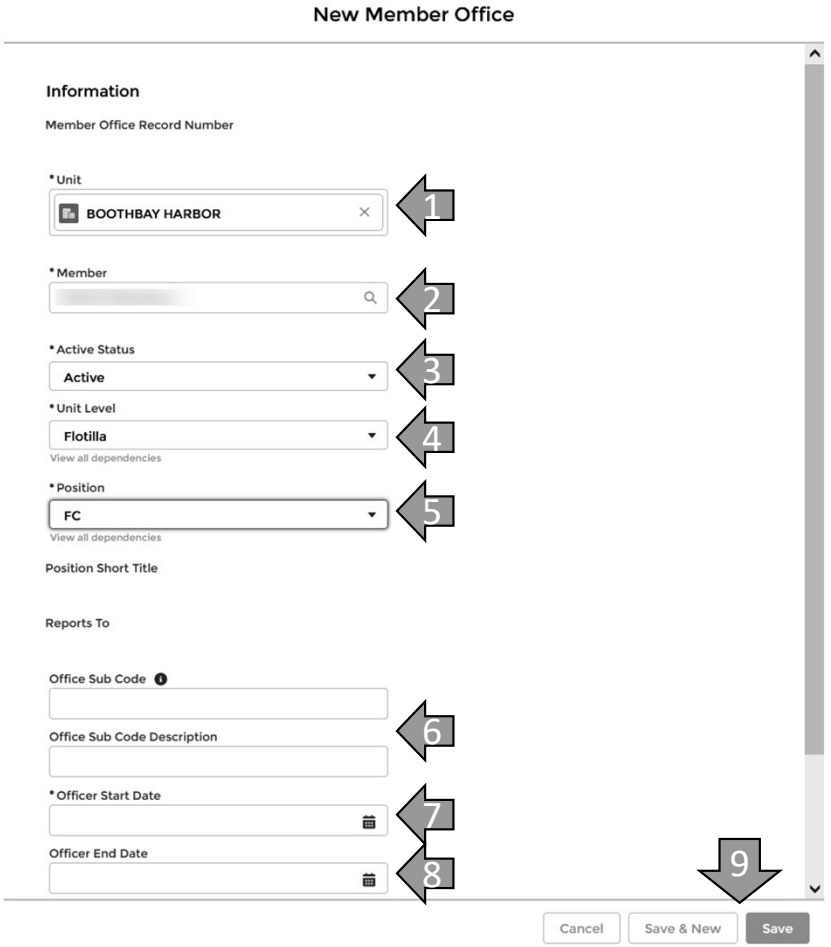
To Update a Unit Officer, you must be on the ‘Unit” page.

Click ‘New’



Updating District Unit Officers

Confirm	1. Confirm correct Unit is selected
Enter	2. Enter Member Name
Status	3. Active Status to remain ‘Active’
Select	4. Select Unit Level
Select	5. Select Position
Blank	6. For Flotilla and Division, leave Office Sub Code and Sub Code Description blank
Enter	7. Enter ‘Officer Start Date’
Blank	8. Leave ‘Officer End Date’ blank
Click	9. Click ‘Save’ or ‘Save & New’

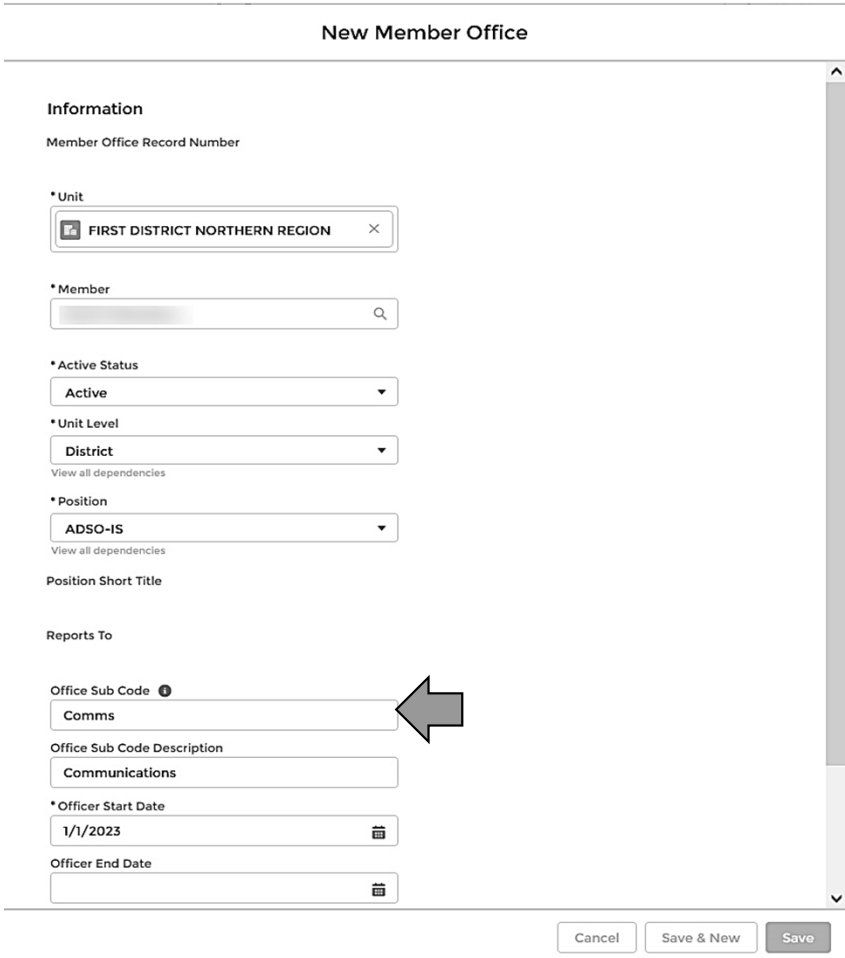


Updating District Unit Officers

At the District level, It is not uncommon to have multiple members hold the same office, i.e., , DCAPT, ASC, ADSO-IS

ADSO-IS Air	ADSO-IS Comms	ADSO-IS West	ADSO-IS South

To identify and change these offices, when assigning the new officer to the position the **exact** Sub-Code as the person being replaced must be used.



Updating Unit Officers - Alternate

An End of Year Alternative approach is available	
A District wide batch update performed by National • A spreadsheet listing all officers	Contact your DSO-IS for Guidance • This procedure is not used in all Districts

Unit Officer Requirements

AUXDATA II validation rules will prevent:

- Elected Officers from holding Finance or Materials staff officer position
- Any elected or appointed officer from being assigned if AUX-CT (Core Training) is not current

The validation rules are triggered when an officer is assigned the position (entered as New)

Check Officer Eligibility Before Entry

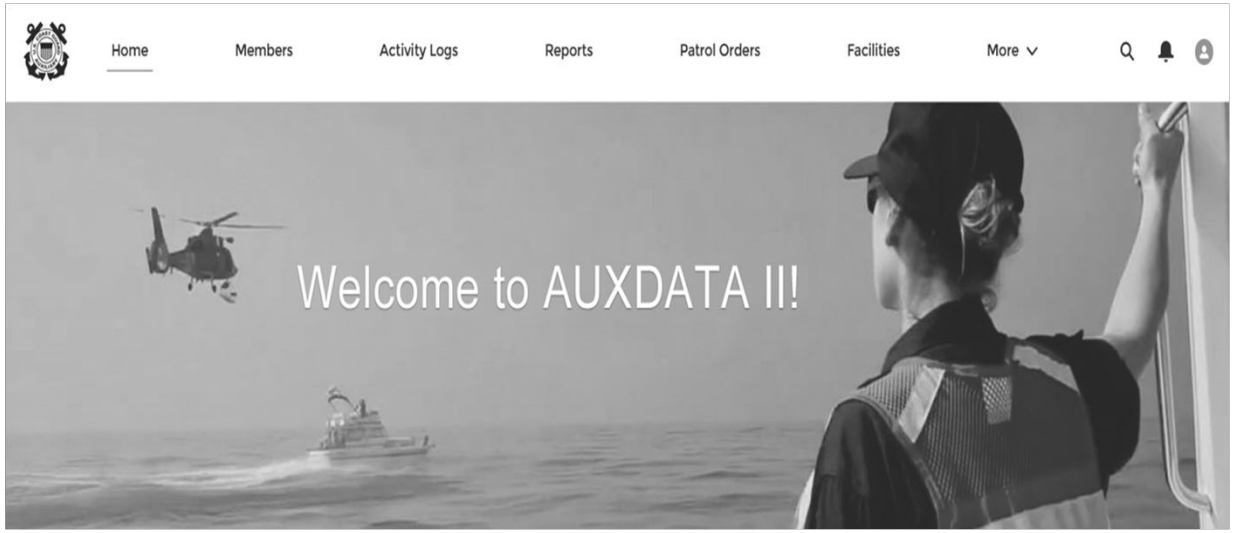
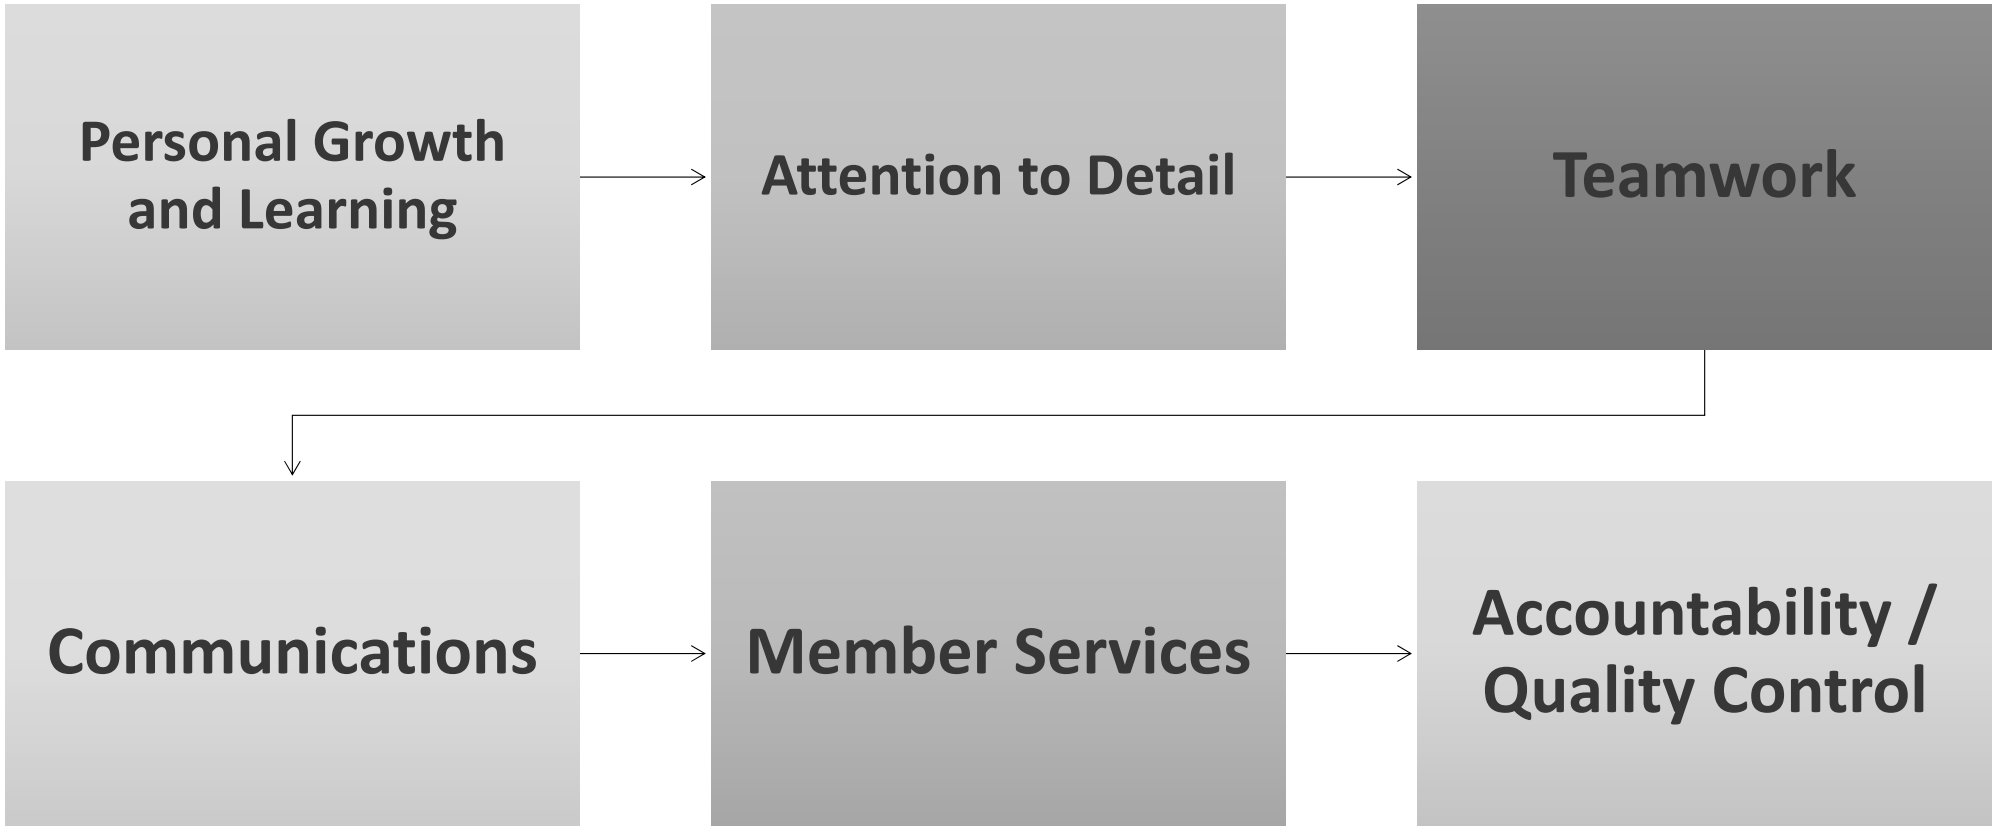
Questions?



IS Officers – Best Practices

Best Practices Revolve Around



Best Practices – Personal Growth

Find a fellow IS Officer - preferably one more experienced - to act as friend, support, sounding board, mentor.

Attend meetings, ask questions, learn to utilize the many resources at your disposal – the Auxiliary Manual, the IS Officer's Guide, the Flotilla Procedures Guide, Directorate Websites, Auxiliary Publications

Keep up with what's new and changing in the Auxiliary. Read every ALAUX and L2 message.

Best Practices – Attention to Detail

Utilize the Guidance for Success tool available in AuxData II when entering Activity Logs.

As you are entering the information from a member's form into AuxData, check off each item as you enter it to ensure that no information is missed.

Do the same when you are reviewing Activity Logs entered by members or fellow IS Officers before approving them.

Best Practices – Teamwork

Encourage your fellow staff officers to be part of IS messaging. Partner with them to provide training for members working in their programs to learn how to enter their program activities.

Coordinate with those staff officers to help monitor the status of members qualified in programs that require periodic activity to achieve and maintain qualifications (OP, MDV, VE, PA, IT, FS, MS)

Provide elected and staff officers with training on how to access, download, create, and interpret reports.

Best Practices – Communications

We cannot overemphasize the importance of regular reports for all elected and staff officers.

Monthly reports can help staff officers to track member activities. Those reports can also serve as a check to help staff officers encourage members to report activities.

Monthly Reports to Officers should include:

Training Status – Highlights individuals in danger of slipping into REWK or REYR

Competency Trackers – Excellent for helping Member Training officers to plan future training evolutions

Best Practices – Member Services

Provide member training in forms and in AUXDATA II regularly and help new members immediately – showing them how to enter their 99D time for Core Training and BQC II is a great opener.

Teach members how to use the on-line 7029 and how to create a link to the form on their desktop. Let them know that once a 7029 has been submitted, they cannot go back into it and make changes.

Respond to members as reports are received –

“Thanks” “Got ‘em” “Report received – will be entered,” whatever. Just let them know you’re out there.

And then let them know that you’ve actually entered those hours.

Best Practices – Member Services cont.

Encourage members to record Mission related activities (7030) as soon as they are completed.

For 7029 activities, encourage them to use the on-line form, or a paper form to track their activities for the month, and then enter one summary total for each code at the end of the month.

Consider a monthly "IS Notes" report / email to help members become familiar with forms, shortcuts, mission codes, new developments, etc.

Best Practices – Member Services cont.

Regularly conduct 30-minute Zoom sessions for all members to ask questions or get instruction.

Issue Certificates of Appreciation to anyone who is submitting ours or doing their own entry – issue them in front of the group

Target older members with a message that the new system is easier to use.

Best Practices – Accountability / Quality Control

Approving member activities - in addition to checking for code usage, OPCONs, and Operations Codes:

Make sure member entries do not include file uploads that include PII such as COVID forms

Check member entered logs to make sure they have not entered tasks

Maintain records for at least a year to help with award questions and member disputes. Mistakes happen. Many Districts have a thirty-day holding period after awards are issued.

Find someone today to begin training as your replacement. So that when you move to another position there is continuity in the IS staff. When you do move along, create a folder for the IS Officer coming in behind you. Include member and unit records, support materials, contact information – anything to make his/her transition into the position easier.

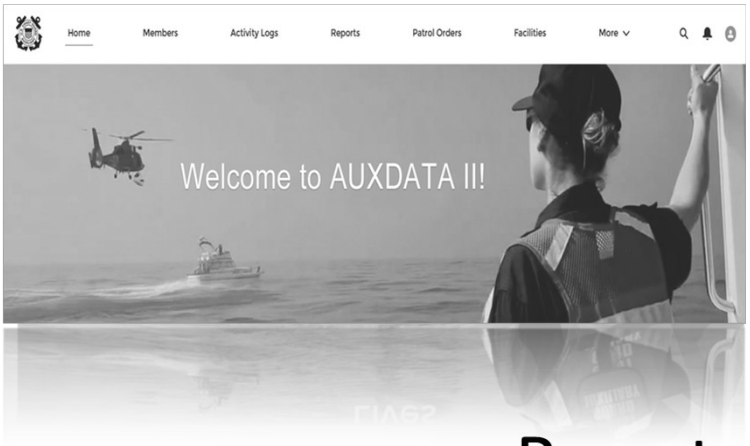
Additional Ideas?

Questions?

Module 6B

AUX-10 C-School

1



Reports – Quick Stop

2

AUXDATA Reports

Reports play a vital role in aiding our members, elected and appointed officers to:

- Keep track of member information
- Keep track of member tasks and competencies
- Keep track of mission activities (hours and counts)
- Ensure recognition (Awards) for member achievement
- Allow the Coast Guard to report to Congress

3

AUXDATA Reports

The report function in AUXDATA II is very powerful

The complexity of the reports can make report generation difficult and take practice

To make the process easier and more unified, ‘Pre-Formatted’ reports have been generated and placed in the “Quick Stop” Reports folder

4

Quick Stop Reports

Quick Stop reports are:

- Available to all members
- Easy to use
- Include up to the minute data
- Can be modified

5

Quick Stop Reports vs. List View

There are times and places when a List View is better to use than a report.

List View	• Information only available from one Object • Can be customized • Can be printed
Report	• Information combine data from multiple Objects • Can be customized • Can be saved and printed • Will show the most current data each time it is accessed

6

Terms To Know

Pre-Formatted Report

- Reports that have been set up for member use and easy modification, such as the Quick Stop Reports
  - Example: AUX-CT (Core Training) Tracker

7

Terms To Know

Template

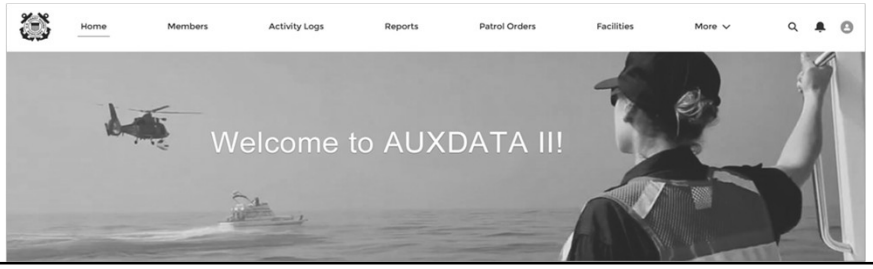
- The ‘base’ type of report to select when building a new report.
  - The template indicates what data/objects will be available in the report you are building
    - Example: Members and Units

8

Terms To Know

Objects

- Major data groupings
  - Examples: Members Object, Activity Logs Object, Facility Object



9

Terms To Know

Data Elements

- Each Object contains data about that object
  - Example: In the 'Members' object, data elements about each member include
    - First Name
    - Last Name
    - Member ID (Member Number)
    - Unit Name

10

Report Operators To Know

Equals – Use for Exact Match (Flotilla number in this example)

Less Than – Use for results that are less than the value you enter

Greater Than – Use for results that are greater than the value you enter

Less or Equal – Use for results that match or are less than the value you enter

Greater or Equal – Use for results that match or are greater than the value you enter

Not Equal To – Shows results that don't have the value you enter

Contains – Use for fields that include your search string, but sometimes also include other information

Does Not Contain – Eliminates records that don't contain the value you enter.

Starts With – Use when you know what your value starts with

- If you want a District, use Starts With and the three-digit code for the District e.g., 113
- For a Division, add the next two digits that represent the Division e.g., 11307

11

Report Folders

All reports are saved in Folders

Pre-Formatted reports are in the 'Quick Stop' folder

Every member has a 'Private' folder that is accessible only to them

Reports can be shared with other members by saving them in the 'Auxiliary All Access' folders

12

Start With a Plan

What information needs to be in the report?

Is there a Quick Stop report?

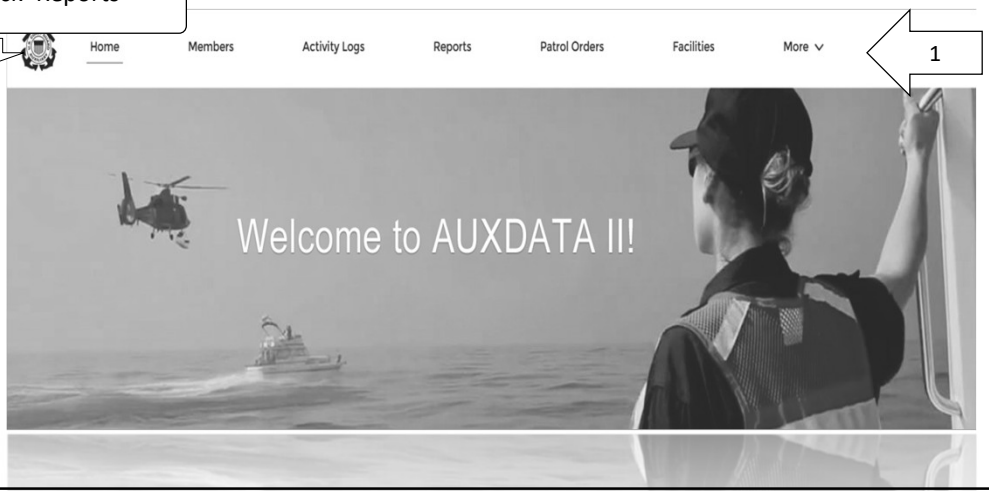
Examples:

- I want a list of the members in my Flotilla
- I want my Training Record
- I want a list of Surface Facilities in my District, with Facility Inspection Expiration dates

13

Quick Stop Reports

1. Click ‘Reports’

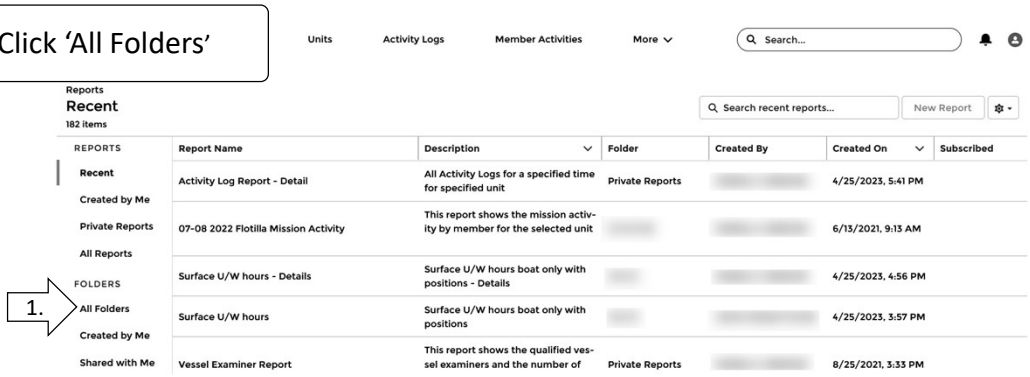


14

Quick Stop Reports

The list defaults to your 'Recent' reports

1. Click 'All Folders'

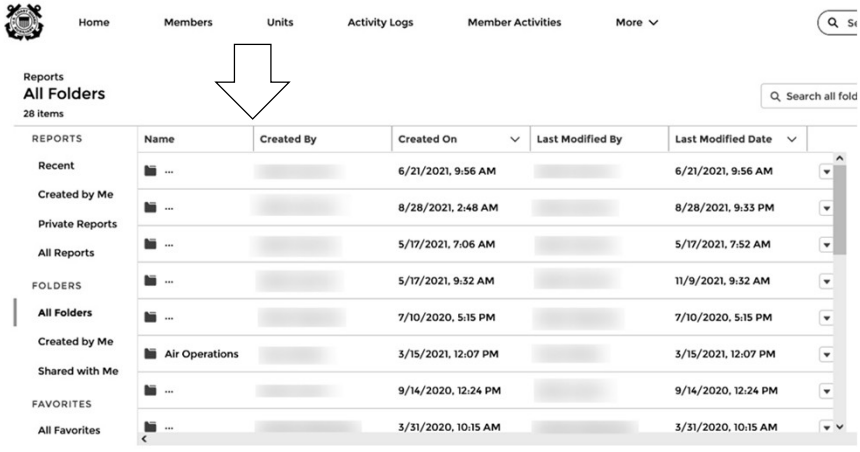


15

Reports

If you see three dots (…) in the Name Column, the folder name is too long to be displayed in the current column width. The column width needs to be enlarged.

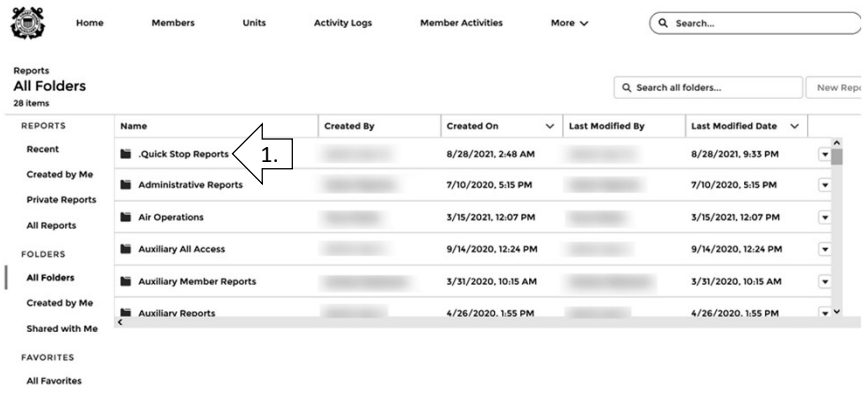
Place your cursor on the line between the Name and Created By column, when your cursor changes, click and hold your left mouse button and slide to the right until all folder names are visible.



16

Quick Stop Reports

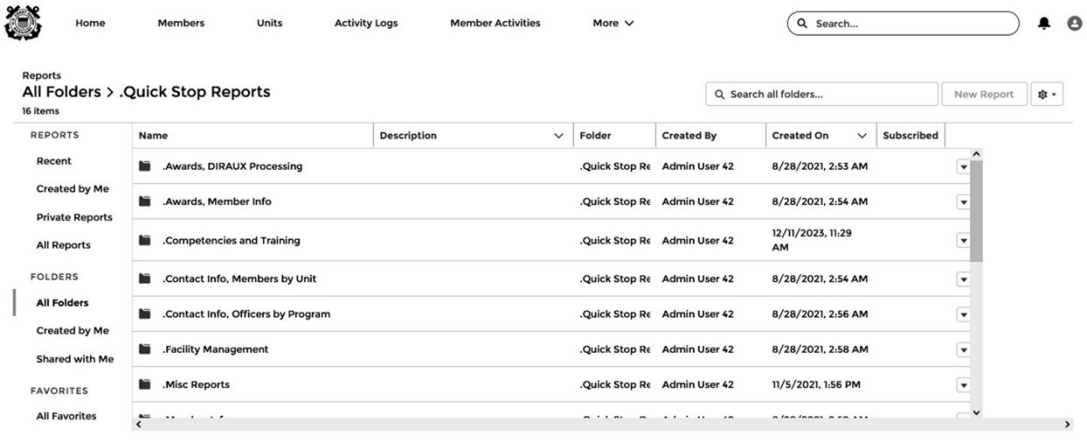
1. Click '.Quick Stop Reports'



17

Quick Stop Reports

Current List of Quick Stop Reports



18

Quick Stop Report Folders

Awards, DIRAUX Processing

- Reports for DIRAUX staff to use to determine when a member is eligible for an award

Awards, Member Info

- Reports to show awards a member has received
  - By Member
  - By Award

Contact Info, Members by Unit

- Contact info for members by
  - Current Unit Officers (District, Division, Flotilla and National)
  - Emergency Contact Information
  - Member Roster
  - Member Competencies

19

Quick Stop Report Folders

Competencies and Training

- Contact Info by Competencies
- Matrix Style Reports
  - Provides Matrix reports by competency
- Progressive Task Trackers
  - Shows Hours, VSC's, Visits and Tasks
- Spreadsheet Style Reports
  - Shows status of all competencies for all members in a spreadsheet style report
    - Reports are by district, member ID or Unit
- Training Management Reports
  - By Member, by Competency
  - Member and Unit "To Do list
- Workshop Trackers
  - Culinary Assistance, Communications, Instructor
  - Surface Ops, Vessel Examiner
  - All

20

Quick Stop Report Folders

Contact Info, Officers by Program

- Contact information for unit officers by office

Facility Management

- Reports by Facility Type (Air, Surface, Radio, Vehicle)
  - Reports by unit
  - Reports by Inspection Expiration Date

Member Info

- Reports to show
  - Member activity by year
  - Member Awards
  - Member Competencies

21

Quick Stop Report Folders

Member Skills

- Reports by Unit and Skill type

Mission Detail

- Reports member activity and unit activity by program
  - Instructor
  - Vessel Examiner
  - Program Visits
  - Public Affairs

Patrol Management

- Reports to show
  - Approved Patrol Orders
  - Requested Patrol Orders
  - Patrol Orders awaiting completion by OIA

22

Quick Stop Report Folders

Uniform Inspection (Quick Edit)

- Reports to assist in recording Uniform Inspections
  - By Member
  - By Unit

23

Quick Stop Report Folders

Unit Summary Data

- Reports to show counts of
  - Unit Activity by year
  - Competencies
  - Facilities
  - Membership Data
  - VSC's & PV's

REWK and REYR Cyclic Processing

- Reports the competencies set to REWK or REYR each month

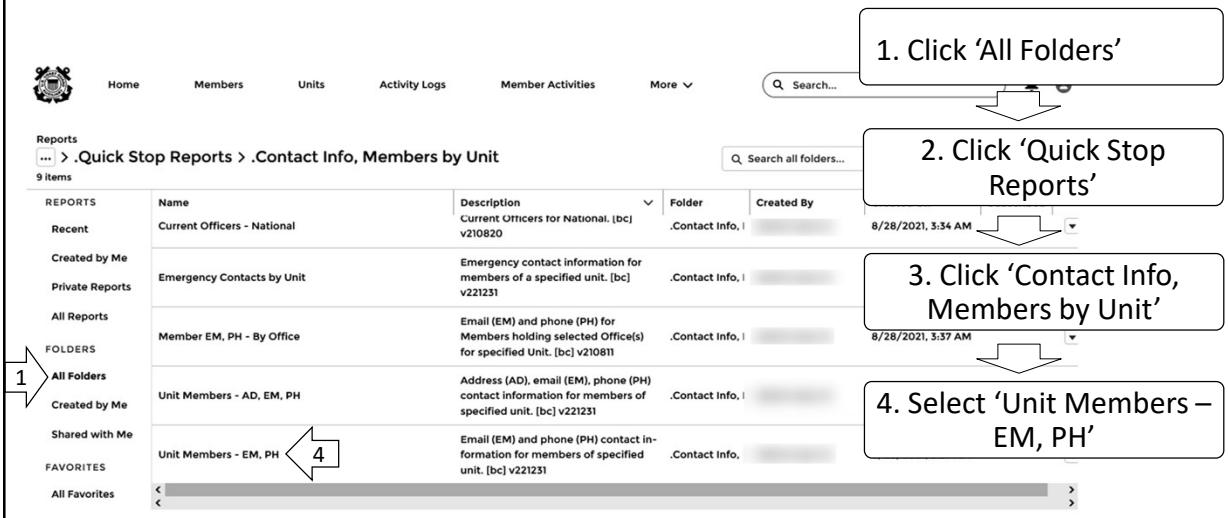
Underway and Airborne Hours

- Reports the underway and airborne hours by facility type and position (Lead, Non-Lead, Trainee)

24

Quick Stop Reports – How To Use

Member Roster with Email Address and Phone Numbers



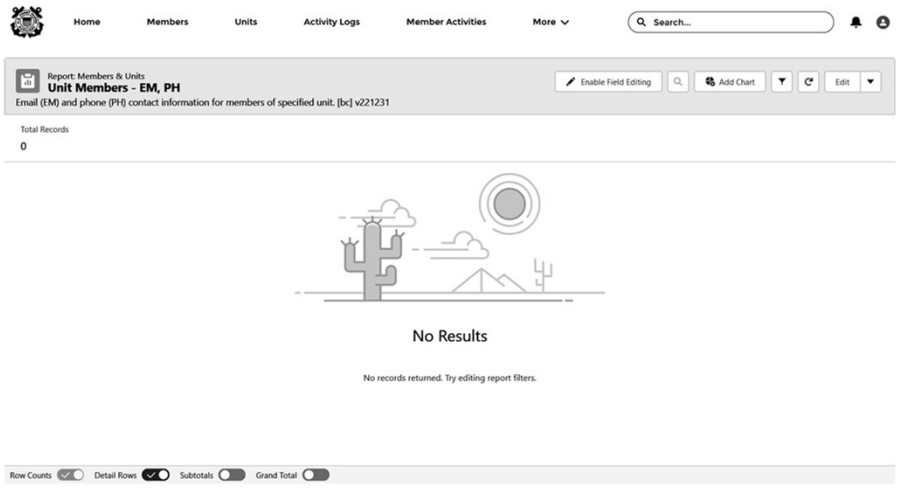
25

Quick Stop Reports – How To Use

When loaded, the report will show 'No Results'

This is NORMAL!

The filters must be adjusted to reflect the unit or member number



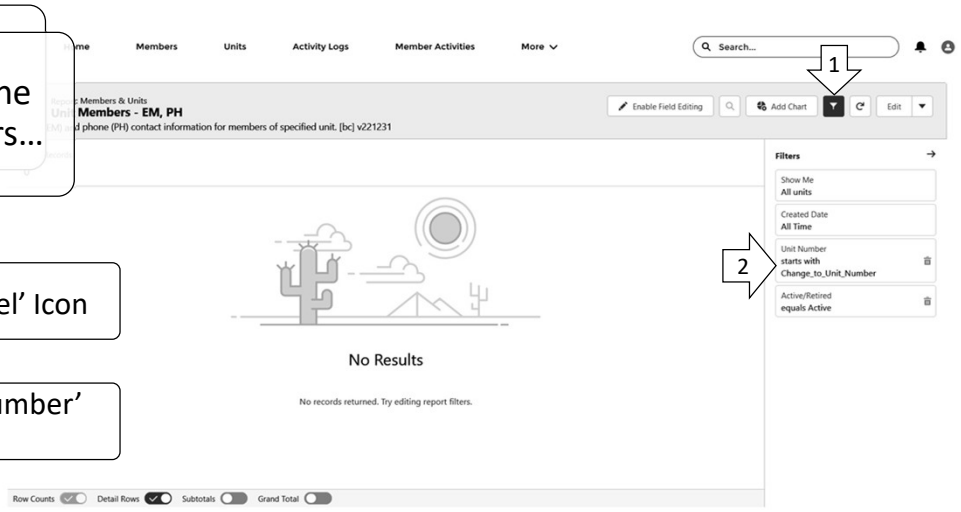
26

Quick Stop Reports – How To Use

To Adjust The Report Filters…

1. Click the ‘Funnel’ Icon

2. Click ‘Unit Number’ Filter



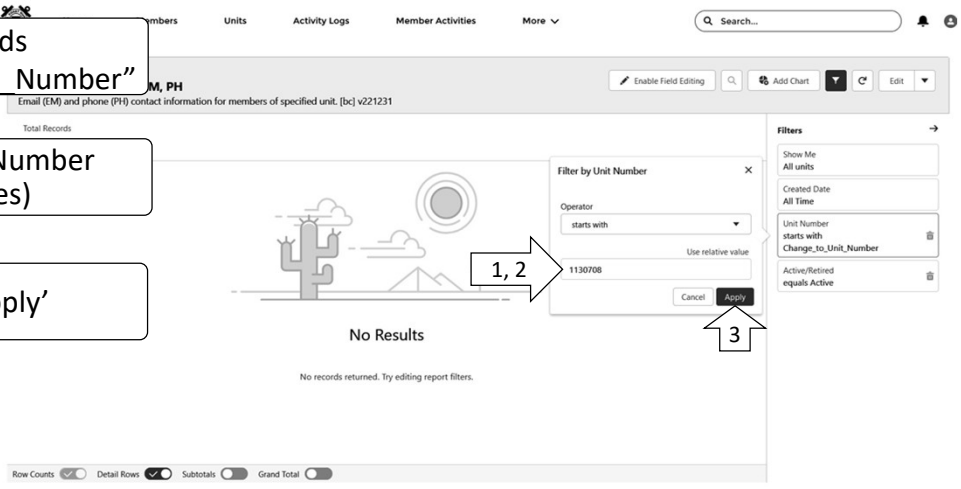
27

Quick Stop Reports – How To Use

1. Delete the words “Change_to_Unit_Number”

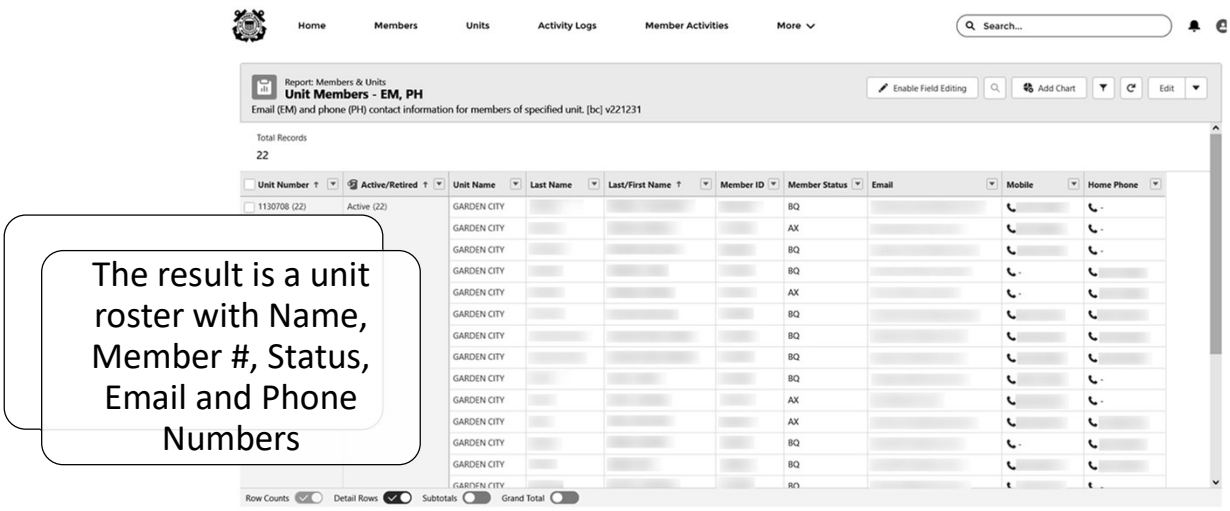
2. Enter Unit Number (no dashes)

3. Click ‘Apply’



28

Quick Stop Reports – How To Use



The result is a unit roster with Name, Member #, Status, Email and Phone Numbers

29

Quick Stop Reports – Live Demonstration

LIVE DEMONSTRATION

30

Quick Stop Reports – How To Export/Print

With a report generated, you now have the option to Export the report to a spreadsheet (Excel or Google Sheets).

Exporting the data will allow you to further refine the data, share the spreadsheet with others or print the report.

To create a PDF report, the report must be exported to Excel, then saved as a PDF file.

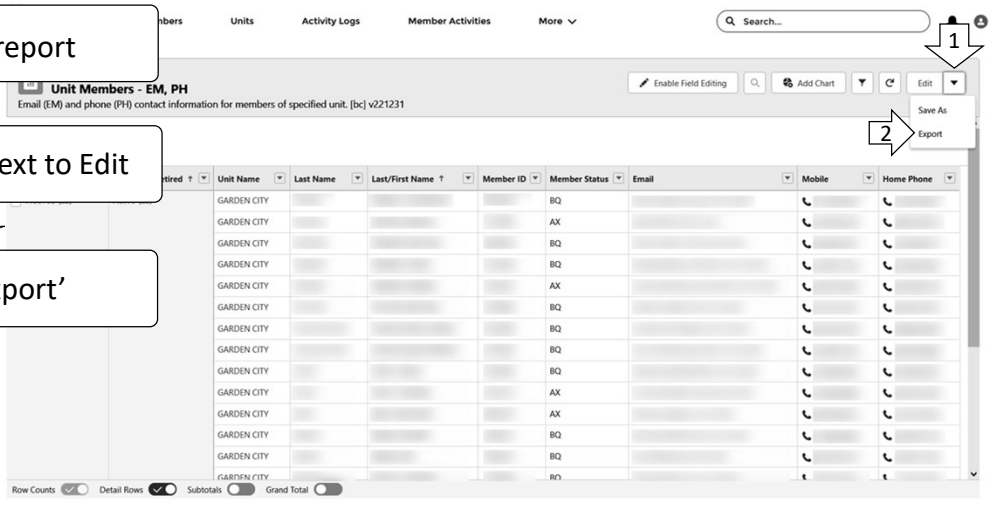
31

Quick Stop Reports – How to Export/Print

1. Generate the report

2. Click the ▽ next to Edit

3. Click 'Export'



32

Quick Stop Reports – How to Export/Print

On the Export screen

1. Select the type of format

2. Click 'Export'

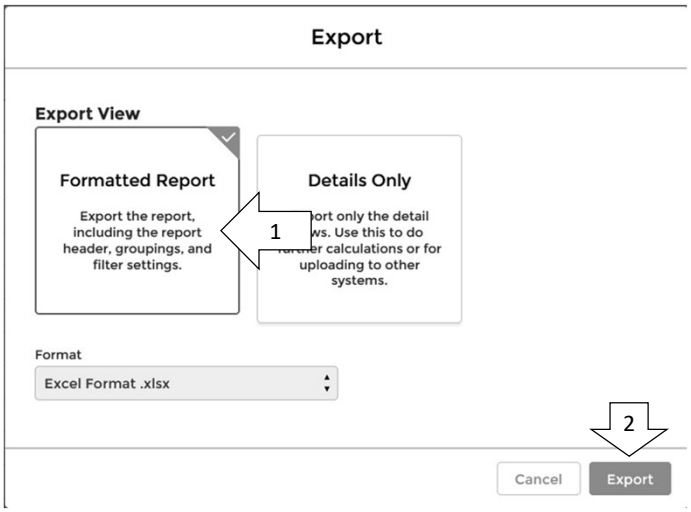
33

Quick Stop Reports – How to Export/Print

Formatted Report exports the header, grouping and filter settings.

This generates a spreadsheet that looks similar to the on-screen report.

Details Only, strips away the formatting and provides a data only report (.csv file)



34

Quick Stop Reports – How to Export/Print

The file is now located in the downloads folder on your computer.

It can now be opened in Excel where it can be printed or emailed to others.

35

Exporting Reports – Live Demonstration

LIVE DEMONSTRATION

36

Bookmarking

Each pre-formatted report has a unique URL (website address)

In your browser, bookmark your favorite reports for easy access

You can create folders in your Bookmarks to organize the reports

37

Saving Reports

Reports can be saved

We recommend using the Quick Stop Reports and modifying the filter each time

This ensures that you are using the most up-to-date Quick Stop Report which will include any policy, program or mission changes

Use bookmarks to locate reports easily

38

Saving Reports

Use a Naming Convention to be able to more easily find reports

EX: Start each report used for an Award with "AWD" or "Award"	EX: Start each report that you use for monthly IS reports with "IS"

Doing this will allow you to sort the reports or use the List Search function

39

Private Folders

Each member has a Private Folder for reports

This Private folder is only accessible by the member

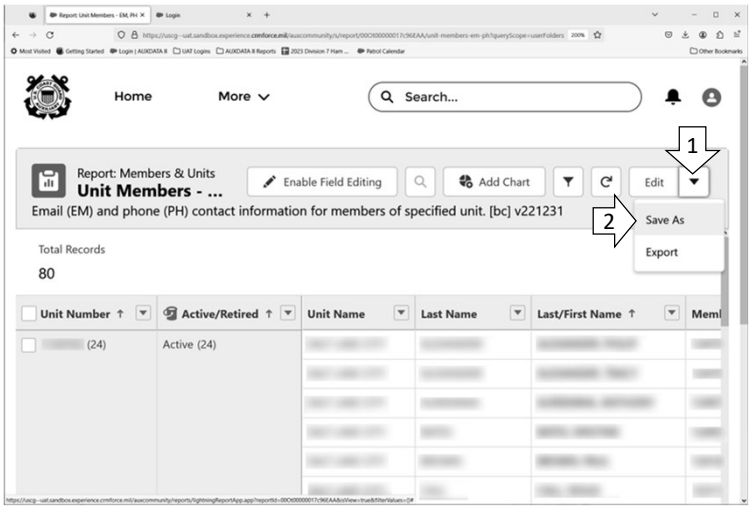
40

Saving A Report – Private Folder

To save a report to your Private Folder:

1. Click the ▽ next to Edit

2. Click ‘Save As’



41

Saving A Report – Private Folder

In the ‘Save Report As’ window

1. Change the report name (at minimum remove ‘Copy of’)

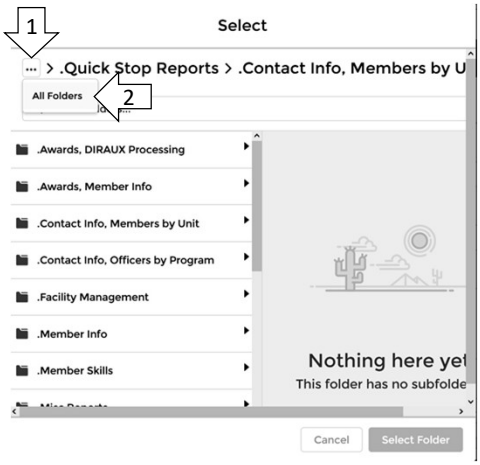
2. Provide Report Description

3. Click ‘Select Folder’

42

Saving A Report – Private Folder

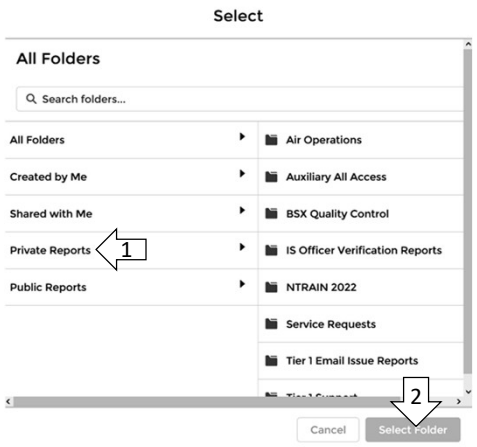
1. Click the '…'
2. Click 'All Folders'



43

Saving A Report – Private Folder

1. Click 'Private Reports'
2. Click 'Select Folder'

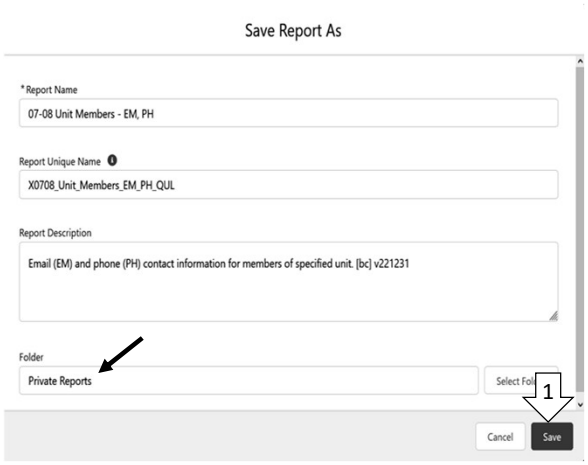


44

Saving A Report – Private Folder

1. Click ‘Save’

The report is now saved in your Private folder



45

Auxiliary All Access Folders

- The “Auxiliary All Access” folder is accessible by all members
- Every District has a folder
- Every Division within the District has a folder
- Other folders within the District folder i.e., Admin, Operations
- Other folders can be requested by the DSO-IS.

46

Auxiliary All Access Folders

- A folder where members can “Share” reports
- Anyone can modify and overwrite your report!
- Always keep a copy of the report in your Private folder
- Use reports from other members but beware – not all reports may be accurate or complete – trust but verify!

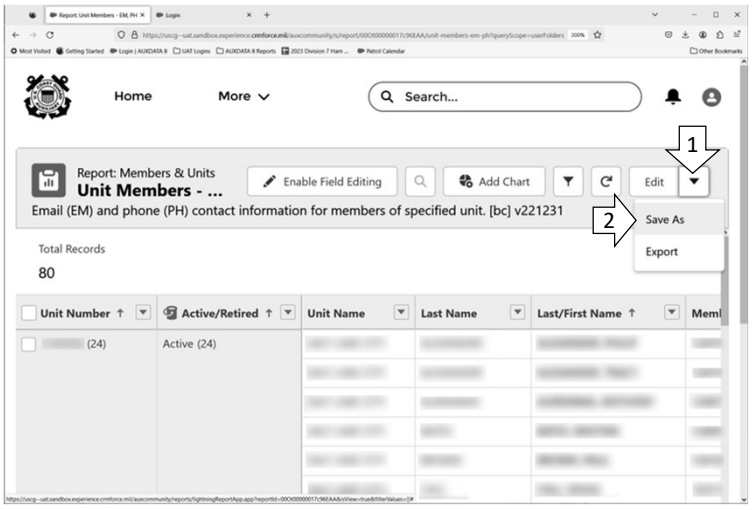
47

Saving A Report – Auxiliary All Access

To save a report to the Auxiliary All Access Folder

1. Click the ▽ next to Edit

2. Click ‘Save As’



48

Saving A Report – Auxiliary All Access

In the 'Save Report As' window

1. Change the report name (at minimum remove 'Copy of')

2. Provide Report Description

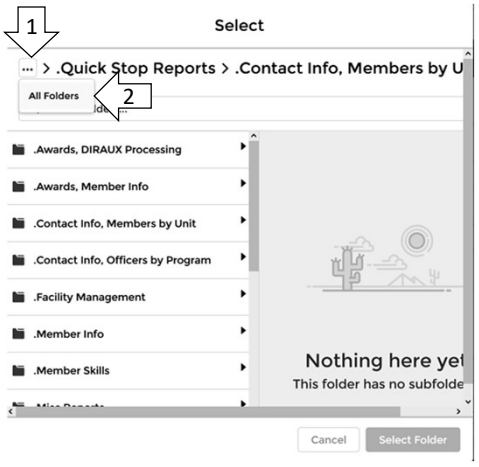
3. Click 'Select Folder'

49

Saving A Report – Auxiliary All Access

1. Click the '…'

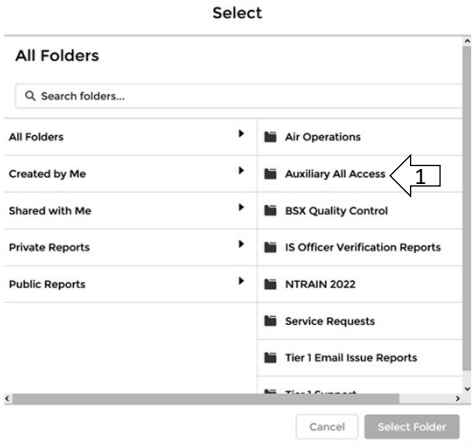
2. Click 'All Folders'



50

Saving A Report – Auxiliary All Access

1. Click ‘Auxiliary All Access’



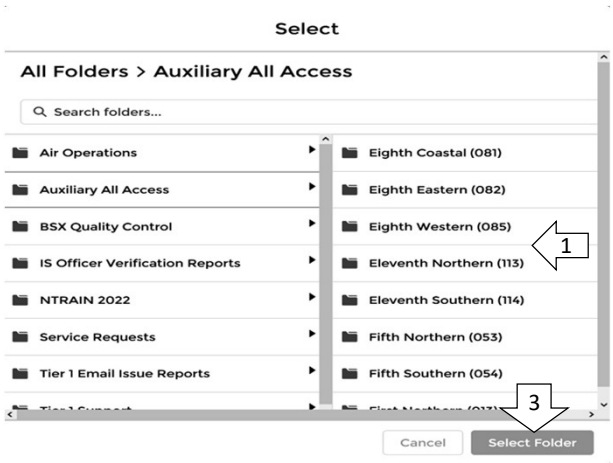
51

Saving A Report – Auxiliary All Access

1. On the right side, select your District Folder

2. Within your District Folder, select your Division (or the folder you wish to save the report in).

3. When the desired folder is highlighted, click ‘Select Folder’

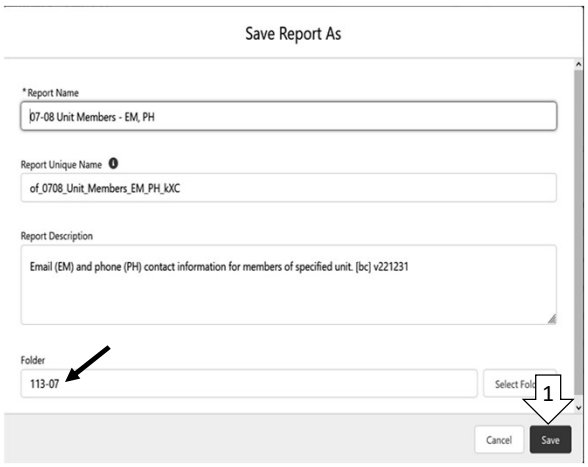


52

Saving A Report – Auxiliary All Access

1. Click ‘Save’

The report is now saved in the Auxiliary All Access folder for your Division



53

Reports to run on a regular basis for members and leadership

AUXCT	Competency Trackers	Workshops
RM/TCT	Member Hours by member	Staff Officer (run annually)

54

Color Coding

Green = Good

The annual currency requirements have been met or the task is due in more than 365 days

Yellow = Needs Attention

The annual currency requirements are in progress but have not yet met the minimum requirements or the task is due in less than 365 days

Red = Past Due

The annual currency requirements are at '0' or the task is past due.

55

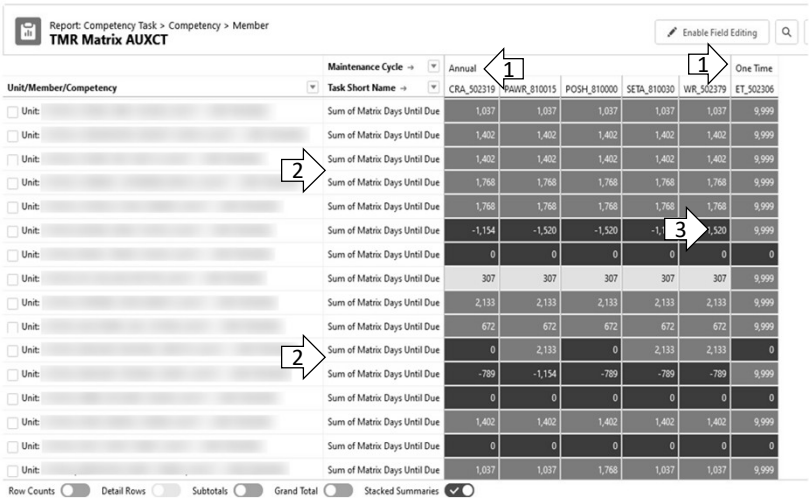
What The Numbers Mean

Tracker reports have heading that indicate the task due date cycle.

1. This Core training report has Annual and One Time Tasks

2. The number in the Annual Task columns indicate the number of days until due. A negative number indicates how many days past due. A '0' indicates that task has never been completed.

3. The 9,999 number in the One Time Task column indicates the task has been completed.



Unit/Member/Competency	Maintenance Cycle	Annual					One Time
	Task Short Name	CRA_502319	PAWR_810015	POSH_810000	SETA_810030	WR_502379	ET_502306

Questions?

58

Homework – Create Four Reports

1

Create these reports in UAT

- Staff Officer Listing for your flotilla
- AUXCT for your flotilla
- Task Tracker for Coxswains
- 2024 VE Workshop w/email

2

Save each report in your Division Auxiliary All Access Folder

3

Start the name of your report with your last name, followed by the subject matter of the report.

- Be short and sweet with the report name!

59
